Report of Independent Auditors

To the Plan Administrator of Nestlé USA, Inc. Hourly Retirement Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Nestlé USA, Inc. Hourly Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial

statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HOURLY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022 and 2021

(1) Description of the Plan

The following description of the Nestlé USA, Inc. Hourly Retirement Savings Plan (the Plan) is provided for general information only. Participants should refer to the plan document for more complete information.

(a) General

The Plan is a defined contribution plan sponsored by Nestlé USA, Inc. (Plan Administrator and Plan Sponsor). The Plan, which was established effective February 1, 1991, is applicable to certain hourly employees of Nestlé USA, Inc., Nestlé Purina PetCare Company, Gerber Products Company and Nestlé HealthCare Nutrition, Inc. (collectively, the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was established to assist employees in adopting a regular savings program and to provide employees with additional security upon retirement.

Affiliates of the Company may adopt the Plan by order of the board of directors of Nestlé USA, Inc. together with the ratification of the board of directors of the affiliate. Nestlé USA, Inc. may determine whether any special provisions shall be applicable to certain employees of an affiliate as specified in the applicable adoption agreement.

The Company and its affiliates who are participating in the Plan and their respective plan adoption dates are listed below. After adoption of the Plan, the participant account balances and loans outstanding (if any) of the participants' prior plan were transferred to the Plan.

(b) Eligibility

Any employee of the Company who was a participant in an existing savings plan sponsored by an affiliate on the date the Plan is adopted by that affiliate automatically becomes a participant under the Plan on the adoption date. Employees become eligible to participate in the Plan immediately upon hire.

Certain employees will be automatically enrolled in the Plan approximately 30 days after they become eligible if they do not log on to the record-keeper's website or call the record-keeper's call center to voluntarily enroll or decline enrollment. Employees who were enrolled automatically had a contribution rate of 6%, invested 100% in a Target Date Fund selected based on their date of birth. If employees are automatically enrolled in the Plan, their contribution rate will automatically increase 1% per year on or about the anniversary date of their enrollment until they reach the maximum deferral rate under the Plan. Employees may decline auto enrollment within 30 days of the date appearing on their Automatic Enrollment Notification.

(c) Contributions

The Plan provides for contributions by employees and the respective adoption agreements may provide for matching contributions by the Company based on percentages of employee contributions.

NESTLÉ USA, INC.
HOURLY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022 and 2021

The contributions from both the employees and the Company are limited to the maximum amount deductible under the Internal Revenue Code (IRC).

Each participating employee elects to enter into a telephonic or electronic agreement with the Plan Sponsor, thereby contributing to his or her account a percentage of eligible compensation. Employee contributions are made before tax and after tax, if applicable. The participants designate a percentage between 1% and 25% of their annual eligible compensation as an elective contribution rate, subject to IRC limitations of \$20,500 for the year ended December 31, 2022. Certain highly compensated employees are limited to a maximum contribution of 13% of eligible compensation.

The Company makes a retirement contribution to the Plan for certain collectively bargained eligible employees. The contribution is equal to a percentage of eligible compensation (subject to IRC limitations). The retirement contribution based on 2022 compensation was \$609,166.

The Plan allows employees age 50 and older during the calendar year to elect to make up to an additional \$6,500 catch-up contribution during the year ended December 31, 2022. Catch-up contribution amounts are not eligible for Company matching contributions.

(d) Participant Account Balances

Participant contributions are credited to accounts established for each participant and, along with related investment gains and losses, are fully vested and nonforfeitable.

Contributions by the Company (if any) are credited to a participant's match account and, along with related investment gains and losses, become vested based upon a participant's years of service with the Company or upon reaching the normal retirement date, whichever is earlier. Except as otherwise provided in the relevant adoption agreement, the normal retirement date is the date upon which the participant reaches age 65. Participants vest in their match account as specified in their applicable adoption agreement.

Forfeitures represent the nonvested portion of Company matching contributions plus earnings thereon, which are not distributable to participants who terminate employment before they are 100% vested. Forfeitures are applied either to the payment of expenses incurred by the Plan Administrator in connection with administering the Plan or to reduce future employer contributions as allowed by the Plan Document. Forfeited nonvested amounts used to pay Plan expenses or reduce employer contributions during the year ended December 31, 2022, totaled \$412,254. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$20,726 and \$93,767, respectively.

(e) Funds

The Plan provides for the establishment of a line-up of investment funds, which are administered within the Nestlé in the USA Savings Trust (Master Trust) (see note 5). The Master Trust was established by the Company for the pooled investment of assets. The Master Trust investments, investment returns, and plan expenses are allocated to participating plans, based on the underlying equity in each plan. The Company has the sole discretion to determine or change the number and nature of investment funds in the line-up.

NESTLÉ USA, INC.
HOURLY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Participants specify the desired allocation of their contributions (including the related Company matching contributions, if any) to the Funds (excluding the Self-Directed Brokerage Account which requires a transfer from the Core Funds or Target Date Funds). The allocation percentages are limited to increments of 1% and may be changed daily. To the extent participants fail to direct the investment of amounts credited to their accounts, such amounts are invested in a Target Date Fund selected based on their date of birth on record in the Company's system.

(f) Distributions and Withdrawals

Distributions are made due to a participant's retirement, death, total and permanent disability, or termination of employment, subject to conditions stated in the Plan. A terminated participant may elect to receive his or her distribution as a single lump-sum payment or as a partial distribution.

If a terminated participant's vested account balance is \$5,000 or less but greater than \$1,000 and he or she did not timely elect to receive his or her distribution in cash or directly roll over his or her distribution to an IRA or eligible retirement plan, the account balance will be transferred from the Plan to a Voya Employer's Rollover IRA. If a participant's vested account balance is \$1,000 or less and he or she does not timely elect to roll over his or her distribution to an IRA or eligible retirement plan, he or she will automatically receive his or her total vested account balance as a single lump-sum payment.

The Plan also provides for nonhardship withdrawals, grandfathered withdrawals (if a participant was in a predecessor plan that contained the right to make certain nonhardship withdrawals under that plan), and hardship withdrawals, which are subject to conditions stated in the Plan.

(g) Loans

Loans of up to the lesser of 50% of a participant's vested account value or \$50,000 (less the highest outstanding loan balance in the past 12 months) may be obtained from the Plan. All loans are subject to the terms and conditions prescribed by the Plan Administrator in accordance with the agreements for each participating company. Principal and interest amounts repaid are invested based upon the participants' current investment elections. Loans to participants are recorded as an asset in the Loan Fund upon transfer from the appropriate investment funds. Interest rates on the loans vary between 4.25% and 8.00% with various maturity dates between 2023 and 2037.

(h) Administrative Costs

All costs of administering the Plan are paid by the Company or the Plan, as determined by the Company, subject to limitations under ERISA. Expenses are allocated to the Plan based on its underlying interest in the Master Trust at the time the expense is paid.

(i) Plan-to-Plan Transfers

Participant accounts may be transferred between plans within the Master Trust. The plan for which the participant's account will be transferred to or from is based on the participating company to which the participant is relocating.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(b) Participant Loans

Participants may borrow from their accounts with a minimum loan amount of \$1,000 up to a maximum equal to the lesser of \$50,000, less their highest outstanding loan balance during the past 12 months, or 50% of their vested account balance, reduced by their current outstanding loan balance (if any). Loan terms range from 6 months to 5 years or up to 15 years for the purchase of a principal residence. A participant may not have more than two loans outstanding at any time. Participant loans are valued at amortized cost. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates at the date requested as determined monthly by the plan administrator. Principal and interest are paid ratably through payroll deductions over not more than five years, except for loans to purchase a principal residence. If a participant terminates employment with the Company, they may continue to make loan payments through automated loan repayments. If the loan is not repaid, it will be treated as a distribution to the participant after 60 days.

(c) Fully Benefit-Responsive Investment Contracts

Plan assets include fully benefit-responsive investment contracts (see note 3). Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits are prepared on a contract value basis for the fully benefit-responsive investment contracts.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and to disclose contingent assets and liabilities. Actual results could differ from these estimates.

(e) Payment of Benefits

Payments to participants are recorded upon distribution of assets from the Plan.

(f) Valuation of Investments

Plan assets are held in the Master Trust, which, effective January 1, 2022, is maintained by the Northern Trust Company (NT), as trustee. Prior to 2022, State Street Bank and Trust Company (SSB) was trustee. The Master Trust investments are stated at fair value, except for fully benefit-responsive investment contracts which are at contract value. The Master Trust investments, investment returns, and plan expenses are allocated to participating plans based on the underlying equity of each plan in each investment fund administered through the Master Trust. All allocations are participant-directed.

NESTLÉ USA, INC.
HOURLY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments represents both realized and unrealized gains and losses.

(g) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

(3) Guaranteed Investment Contracts (GICs)

The Master Trust holds fully benefit-responsive investment contracts, specifically synthetic investment contracts (GICs), through the Conservative Income Fund with various third parties (i.e., insurance companies and banks). A synthetic GIC provides for a fixed return on principal over a specified period of time through wrapper contracts issued by a third party, which are backed by underlying assets owned by the Plan or where the Plan owns commingled funds as underlying assets, held in trust for benefit of the Plan. All investment contracts are reset either monthly or quarterly. The benefit-responsive investment contracts purchased by the fund are designed to pay all participant-initiated transactions at contract value subject to the terms of the contracts. Contract value represents contributions made to the investment contracts, plus earnings (losses), less participant withdrawals and administrative expenses.

The value of the GICs held by the Master Trust as of December 31, 2022 and 2021 was as follows:

	December 31, 2022		December 31, 2021	
	Ratings	Investments at Contract Value	Ratings	Investments at Contract Value

HOURLY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Certain events, such as layoffs or early retirement incentives, may limit the ability of participants to access their investments at contract value. There are certain scenarios in which the contract issuers may terminate the GICs and settle at an amount different from the contract value. The Plan may experience losses if the issuer becomes insolvent and cannot pay their liabilities. If the Plan is unable to find a replacement contract, and the market value of the Plan's asset pool is below contract value, there could be losses. The Plan has multiple issuers in place in order to minimize the exposure to this risk. Also, the issuer can terminate the contract if the Master Trust fails to meet the terms of the contract. The Company believes that no events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to alter, suspend, or terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all amounts credited to participants' accounts would become fully vested and nonforfeitable. In addition, a complete distribution of the Plan's assets would be made to participants after payment of administrative and termination expenses.

(5) Investment in Master Trust

The Plan's investments consist of a divided interest in investments held by the Master Trust. The following is financial information with respect to the Master Trust (excluding participant loans) that has been certified by the trustee as complete and accurate (refer to note 6). The net assets of the Master Trust and the Plan's interest in Master Trust balances as of December 31, 2022 and 2021 are as follows:

Notes to Financial Statements

December 31, 2022 and 2021

During 2022, the investment loss incurred by the Master Trust (including investments bought, sold, as well as held during the year) was as follows:

	<u>2022</u>
Net depreciation of investments	\$ (1,075,245,327)
Interest	6,094,124
Other income	<u>12,851,963</u>
Investment loss	<u>\$ (1,056,299,240)</u>
Investment loss of the Master Trust attributable to the Plan	\$ (46,948,178)

(6) Trustee Certifications

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, certain information related to investments and participant loans disclosed in the accompanying financial statements and supplemental schedule, including investments held and participant loans at December 31, 2022 and 2021, and loss from investment in Master Trust and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Northern Trust or State Street, the trustees of the Plan on December 31, 2022 and December 31, 2021, respectively.

(7) Parties in Interest

During the years ended December 31, 2022 and 2021, Nestlé in the USA Savings Trust had parties in interest that included the Plan Sponsor, trustee, record-keeper, and investment advisory, legal, and administrative service providers. The fees paid by the Plan to these parties in interest were \$364,565 during the year ended December 31, 2022.

(8) Fair Value Measurements

The Plan has adopted the guidance in Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The fair value framework requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3 generally requires significant judgment. The three levels are defined as follows:

NESTLÉ USA, INC.
HOURLY RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022 and 2021

- Level 1 – Assets or liabilities that are valued based on quoted prices in active markets that are accessible at measurement date
- Level 2 – Assets and liabilities that are valued based upon inputs, other than those included in level 1; based on quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets and liabilities in inactive markets, or financial instruments for which all significant inputs are observable, either directly or indirectly
- Level 3 – Assets or liabilities that are based on unobservable inputs, including the reporting entity's own analysis of the underlying economic data that market participants would factor into the pricing of the asset or liability

Investments in the Master Trust measured at fair value are categorized as follows:

Notes to Financial Statements

December 31, 2022 and 2021

The valuation methodologies utilized by the Master Trust for the above investments as of December 31, 2022 and 2021 are as follows:

- (a) The self-directed brokerage account consists of exchange traded mutual funds at quoted market prices.
- (b) These common/collective trusts and short term investment funds are calculated daily based on the NAV of the fund as determined by the investment manager. The NAV is the fair market value of all of the securities owned by a fund, minus its total liabilities divided by the number of shares issued. These funds held in the trust can be redeemed on a daily basis with no redemption restrictions.
- (c) Fixed Income securities are valued based on investment manager or industry pricing services. Certain fixed income pricing is on a bid-evaluation basis. Institutional bid evaluations are estimated prices. Pricing vendors use models, which are generally proprietary, to arrive at the estimated prices. These prices represent the price a dealer would pay for a security. Model inputs vary depending on the type of security, but typically include trade data, institutional bids, comparable trades, dealer quotes, and news media. Market data is provided by multiple independent sources, including primary and secondary dealers, portfolio managers and research analysts.
- (d) Payables and receivables represent pending cash activity, including pending trade purchases and sales, and are valued based on quoted market prices.

(9) Tax Status

The Plan has received a letter from the Internal Revenue Service (IRS) dated September 2, 2015, stating that the Plan is qualified under Section 401(a) of the IRC, and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain tax positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

(10) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for plan benefits according to the financial statements as of December 31, 2022 and 2021 to the Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for plan benefits per the financial statements	\$ 293,264,870	354,257,524
Certain deemed distributions of participant loans	(195,500)	(138,674)
Benefits payable to participants	(1,022)	(66,919)
Adjustment for fair value of fully benefit-responsive investment contracts on Form 5500	<u>(3,929,711)</u>	<u>920,686</u>
Net assets available for plan benefits per Form 5500	<u>\$ 289,138,637</u>	<u>354,972,617</u>

The following is a reconciliation of the net increase per the financial statements and the net income per the Form 5500 for the year ended December 31, 2022:

Net decrease per the financial statements	\$ (60,992,654)
Change in certain deemed distributions of participant loans	(56,826)
Change in benefits payable to participants	65,898
Transfers	1,867,281
Adjustment for fair value of fully benefit-responsive investment contracts on Form 5500	<u>(4,850,398)</u>
Net income per the Form 5500	<u>\$ (63,966,699)</u>

Certain deemed distributions represent active participants' loan balances that were in default and have been taxed to the participant (deemed loans). Benefits payable to participants represent distributions that have been removed from the participants' accounts but have yet to be paid from plan assets. Amounts associated with certain deemed loans and benefits payable are included in the net asset balance reported in the financial statements at December 31, 2022 and 2021, but are removed from the net assets reported on the Form 5500. Plan transfer activity has been removed as the same assets remain within the Master Trust.

(11) Subsequent Events

Effective January 1, 2023, the Infant Formula business was sold to Perrigo and the union hourly employees working at the Gateway facility in Eau Claire, WI were no longer Nestlé employees and eligible to participate in the Savings Plan. All active employees at this facility were immediately vested due to business closure.

In June 2023, the decision was made to close the Freehold, NJ facility. All employees who will be terminated as a result of the closure will become immediately vested due to business closure.

Effective September 1, 2023, the plan document for the Plan was restated, and participants were able to elect to make Roth contributions under the Plan.

The Plan Administrator has evaluated subsequent events through September 25, 2023, the date these financial statements were available for issuance, and other than the matters disclosed above have concluded that no events occurred that would require an adjustment or additional disclosure to the financial statements.
