INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Structural Steel Services, Inc.
401(k) Retirement Plan
Meridian, Mississippi

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Structural Steel Services, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of these financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Structural Steel Services, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Structural Steel Services, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting

from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Structural Steel Services, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Structural Steel Services, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and reportable transactions are presented for purposes of additional analysis and are not a required part of the financial

statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or are derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**STRUCTURAL STEEL SERVICES, INC.
401(k) RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of the Plan

The following description of the Structural Steel Services, Inc. ("Company") 401(k) Retirement Plan ("Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all full-time employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The board of trustees is responsible for oversight of the Plan. The investment committee determines the appropriateness of the Plan's investment offerings, and monitors investment performance and reports to the Plan's Board of Trustees.

Plan assets

Nationwide Trust Company is the trustee of the Plan. The values of the plan assets and information about changes in net assets available for benefits have been certified by the trustee in 2022 and 2021, to be complete and accurate.

Contributions

Upon meeting the eligibility requirements, participants may contribute on a pre-tax basis. Participants may voluntarily change their deferral amounts or elect to decline participation. The maximum deferral percentage is 100% of their eligible compensation, as defined by the Plan, not to exceed \$20,500 and \$19,500 in 2022 and 2021, respectively, subject to certain discrimination tests prescribed by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company makes a matching contribution equal to 100% of the first 3% of base compensation and 50% of the next 2% of base compensation not exceeding 5% of base compensation that a participant contributes to the Plan. The Company may make a discretionary non-elective contribution to the Plan which will be allocated to each participant's account based on their individual compensation as a percentage of total compensation, although the company is not required to do so. During the years ended December 31, 2022 and 2021, the Company did not make any non-elective contributions. Contributions are subject to certain IRS limitations.

Participants may also contribute certain rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Note 1. Description of the Plan (continued)

Eligibility

All employees of the Company are eligible to participate in the Plan after completing one year of service or meeting 1,000 hours of service and are age 18 or older.

Participant accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions, Plan earnings, and charged with an allocation of investment gains or losses, withdrawals, or administrative expenses. Allocations are based on the participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Employees vest 20% per year after completing one year of service until becoming 100% vested after five years of credited service in accordance with the Plan document, or immediately if employment is terminated due to death, disability, or retirement upon attainment of the age of 65.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant could elect to receive either a lump-sum amount equal to the value of participant's vested interest in his or her account, or various forms of annuities, as provided in the Plan document. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Notes receivable from participants

The Plan permits participants to borrow a minimum of \$1,000 up to 50% of their vested account balance not to exceed \$50,000. The notes are secured by the balance in the participant's account and bear interest at 3.25% - 8.00% which is consistent with local prevailing rates. Principal and interest are paid ratably through payroll deductions and notes must be fully repaid within five years. Participant notes receivable are valued at their outstanding principal balance plus accrued and unpaid interest. As of December 31, 2022 and 2021, the Plan had outstanding notes to participants with principal balances totaling \$556,453 and \$669,244, respectively.

Insurance

A fidelity bond insures the Plan for \$500,000.

Note 1. Description of the Plan (continued)

Forfeitures

For the years ended, December 31, 2022 and 2021, there were no forfeitures for non-vested accounts.

Investments

Upon enrollment in the Plan, participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and changes therein, disclosure of contingent assets and liabilities. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Investment valuation and income recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales-of-securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2. Summary of Significant Accounting Policies (continued)

Payment of benefits

Benefit payments to participants are recorded when paid.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded for December 31, 2022 or 2021.

Administrative expenses

Administrative expenses of the Plan are paid by the Plan, as provided in the Plan document. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of the notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Comparative financial statements

The financial statements for 2021 have been reclassified to conform to the 2022 presentation. This includes only minor adjustments.

Date of management's review

The Plan has evaluated subsequent events through October 3, 2023, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

Fair value measurements in accordance with current accounting standards, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under are described as follows:

Level 1 – inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 3. Fair Value Measurements (continued)

Level 2 – inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets,
- quoted prices for identical or similar assets or liabilities in inactive markets,
- inputs other than quoted prices that are observable for the asset or liability, and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021.

Common stocks – valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds – valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Fair Value</u>	<u>Level 1</u>
Mutual funds	\$ 12,440,732	\$ 12,440,732
Common stocks	<u>552,735</u>	<u>552,735</u>
Total assets at fair value	<u><u>\$ 12,993,467</u></u>	<u><u>\$ 12,993,467</u></u>

Note 3. Fair Value Measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	<u>Fair Value</u>	<u>Level 1</u>
Mutual funds	\$ 17,372,959	\$ 17,372,959
Common stocks	<u>810,907</u>	<u>810,907</u>
Total assets at fair value	<u>\$ 18,183,866</u>	<u>\$ 18,183,866</u>

Note 4. Guaranteed Investment Contract with Insurance Company

In 2018, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Nationwide Trust Company (Nationwide). Nationwide maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1.65%. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the full benefit-responsive investment contract criteria; therefore, it is reported at contract value. Contract value is the relevant measure for full benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Nationwide, represents contributions made under contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 4. Guaranteed Investment Contract with Insurance Company (continued)

In addition, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 5. Related Party Transactions and Party-in-interest Transactions

Certain Plan investments are managed by Nationwide Trust Company (Nationwide). Nationwide is the trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions.

Nationwide provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Nationwide. Nationwide receives revenue from mutual fund service providers for services that Nationwide provides to the funds. This revenue is used to offset certain amounts owed to Nationwide for its administrative services to the Plan.

If the revenue received by Nationwide from such mutual fund service providers exceeds the amount owed under the MSA, Nationwide remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of the participants. During 2022 and 2021, there were no excess amounts. The Plan or plan sponsor may make a payment to Nationwide for administrative expenses not covered by revenue sharing. Fees paid by the Plan for the investment management services amounted to \$61,980 and \$78,895 for the years ended December 31, 2022 and 2021, respectively. These transactions qualify as party-in-interest transactions.

Lastly, the Plan (or Plan Sponsor) pays Rea, Shaw, Giffin, & Stuart, LLP fees for the Plan's annual audit. This transaction qualifies as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Company has adopted a prototype standardized plan pre-approved by the Internal Revenue Service ("IRS"). The IRS issued an opinion letter dated June 19, 1995, that the prototype standardized plan is acceptable with the applicable section of the Internal Revenue Code. Although the Plan has been amended since receiving the opinion letter, the Company and the plan administrator believe that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9. Information Certified by Trustee

The Plan's investments are held by Nationwide. The Plan's financial information, including investment values, contributions, income, fees, and distributions is included in the financial statements based on information certified by Nationwide as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The account balances (current market value) certified by Nationwide at December 31, 2022 and 2021, totaled \$14,520,257 and \$20,759,485, respectively.

Note 10. SECURE and CARES Acts

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act (SECURE Act) of 2020 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act became effective on January 1, 2020 and required significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States caused business disruption through mandated and voluntary closings of businesses in numerous industries. On March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) that included numerous employee benefit plan provisions to assist plan sponsors and participants.

The Plan was amended in 2022 to comply with the provisions of these laws.
