INDEPENDENT AUDITORS' REPORT

Plan Administrator
Borsheim's Jewelry Company 401(k) Savings Plan
Omaha, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Borsheim's Jewelry Company 401(k) Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after September 7, 2023.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters - Supplementary Information Required by ERISA

The supplementary information as of and for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplementary information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Borsheim's Jewelry Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Plan Description

The following brief description of the Borsheim's Jewelry Company 401(k) Savings Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to provide retirement benefits to the employees of Borsheim's Jewelry Company, Inc. (the Company).

Permanent employees are eligible to make salary reduction contributions after attaining age 21 and completing 30 days of service. Eligible employees must maintain 500 hours in a Plan year to avoid a break in service. Temporary employees are eligible to make salary reduction contributions after attaining age 21 and completing six consecutive months of service. Participants are eligible to receive safe harbor matching contributions immediately upon entry into the Plan. Effective January 1, 2022, participants with at least 1,000 hours of service during the Plan year and employed on the last day of the Plan year are also eligible to receive discretionary profit sharing contributions. Eligible employees may become participants on the first day of the month following their date of eligibility and are automatically enrolled with an initial salary deferral of 3% unless the Company is informed otherwise.

Contributions

Participants may make salary deferral contributions up to 65% of pre-tax annual compensation as defined by the Plan, up to the maximum dollar limits allowable by law. The Plan also allows participants to designate a portion or all of their elective contributions as designated after-tax Roth contributions. Participants are automatically enrolled with a 3% salary deferral contribution once an employee becomes eligible for the Plan. On January 1st of each year, the employee's deferral rate will be increased by one percentage point until it reaches a total of 6% of their eligible salary. At any time, a participant can elect not to contribute. Effective the first pay period of each month, a participant may increase or decrease the deferral rate to any rate allowed under Plan provisions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan is a "safe harbor 401(k) plan", whereby the Company will make safe harbor matching contributions. Effective January 1, 2022, the Company's safe harbor matching contributions are equal to 100% of the first 5% of each participant's elective deferrals, and the Company may also make discretionary profit sharing contributions. Prior to January 1, 2022 the Company's safe harbor matching contributions were equal to 100% of the first 1% of each participant's elective deferrals plus 50% of the participant's elective deferrals that exceed 1% up to 6% of the participant's eligible compensation. Participants who are eligible to make deferral contributions and who are projected to attain age 50 before the close of the calendar year are eligible to make catch-up contributions. Contributions are subject to certain limitations.

Notes to Financial Statements

December 31, 2022 and 2021

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the Company's safe harbor matching contributions, b) the Company's discretionary profit sharing contributions and c) Plan earnings or losses and expenses. The Company's safe harbor matching contributions are allocated among participants based upon each eligible participant's elected salary deferral. The Company's discretionary profit sharing contributions are allocated among participants based upon each participant's eligible compensation. Plan earnings or losses are allocated on the basis of actual results of the investments selected by each participant. Investments are maintained in individual member accounts managed by United of Omaha Life Insurance Company (United).

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in their Company safe harbor matching contributions, and effective January 1, 2022, their Company profit sharing contributions based on years of service. Participants are 100% vested after two years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance for hardship or financial necessity. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates. The terms of the notes are limited to five years, unless the note is for the purchase of a primary residence, in which case a longer term may be permitted. Principal and interest payments must be made in at least quarterly installments.

Payment of Benefits

Upon termination, retirement, disability, or death, the participant or beneficiary may only receive a lump sum payment equal to the value of the vested funds allocated to the participant's account. The Plan requires distribution of payments between \$1,000 and \$5,000 be directly rolled over to an individual retirement account designated by the plan administrator in the event the participant does not elect otherwise. Distributions under \$1,000 will be paid out to the participant in the event participant did not elect a payout option. Participants may receive in-service distributions, as permitted in the Plan document. Benefits are recorded when paid.

Forfeitures

Upon a participant's termination of employment before normal retirement, disability, or death, the portion of their Company contributions not then vested shall be forfeited. The forfeited portion of any participant's account may be used to pay administrative expenses or to reduce Company contributions. At December 31, 2022 and 2021, there were \$10,736 and \$5,860 of forfeited, non-vested accounts available, respectively. At December 31, 2022 and 2021, the employer contribution receivable (which was deposited subsequent to year-end), includes the effect of being reduced by forfeited amounts used subsequent to year-end of \$10,736 and \$5,860, respectively.

Deposits with Insurance Company

The Guaranteed Investment Account, which is part of the investment contract with United, credits interest daily. The crediting interest rates at December 31, 2022 and 2021 for the contract range from 0.52% to 4.76%.

2. Summary of Significant Accounting Policies

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements is set forth below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis and in conformity with accounting principles generally accepted in the United States of America.

Presentation of Participant-Directed Funds

The Plan's presentation of participant-directed investments is in accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 962, Plan Accounting – Defined Contribution Pension Plans.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an investment in an orderly transaction between market participants at the measurement date. See Note 4 for further discussion of fair value measurements.

Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Company invests in investment contracts through the Guaranteed Investment Account.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Borsheim's Jewelry Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Other

Fees related to administration of notes receivable from participants and other account activity are charged directly to the participant's account and are included in administrative expenses. During 2022 and 2021, audit fees were paid by the Plan and were also included in administrative expenses. Investment management expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued and may require potential recognition or disclosure in the financial statements. Management has considered such events or transactions through September 7, 2023, noting no items requiring disclosure.

3. Information Certified by United

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by United, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplementary information.

Borsheim's Jewelry Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

The following table presents the fair value of the participant-directed Plan assets that were certified by United at December 31:

	<u>2022</u>	<u>2021</u>
Investments at Fair Value	\$ 15,653,261	\$ 20,885,154
Investments at Contract Value	1,279,947	1,454,200
	<u>\$ 16,933,208</u>	<u>\$ 22,339,354</u>

United also certified the completeness and accuracy of the following related to the aforementioned Plan assets for the years ended December 31:

	<u>2022</u>	<u>2021</u>
Net Appreciation (Depreciation) in Fair Value of Investments	\$ (3,742,531)	\$ 3,024,452
Interest from Investments	37,027	44,713
Net Investment Income (Loss)	<u>\$ (3,705,504)</u>	<u>\$ 3,069,165</u>
Interest Income on Notes Receivable from Participants	<u>\$ 580</u>	<u>\$ 926</u>

4. Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.
-

Borsheim's Jewelry Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Pooled Separate Accounts: Valued at Net Asset Value (NAV) of its underlying investments. The pooled separate accounts include underlying investments in mutual funds which have observable level 1 or level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets. FASB ASC 820, Fair Value Measurement, allows NAV per share to estimate the fair value as long as certain requirements are met. It is the Plan's assessment that these accounts meet those requirements. Since the participants have the ability to redeem the accounts at NAV as of the measurement dates on a daily basis, the accounts are properly categorized as a Level 2 fair value measurement.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2022.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ -	\$ 15,653,261	\$ -	\$ 15,653,261

The following table presents by level, within the fair value hierarchy, the Plan's investments at fair value at December 31, 2021.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled Separate Accounts	\$ -	\$ 20,885,154	\$ -	\$ 20,885,154

Borsheim's Jewelry Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

The following table summarizes Level 2 investments measured at fair value based on the NAV per share at December 31, 2022 and 2021, respectively:

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	\$ 15,653,261	None	Daily	1 Day

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	\$ 20,885,154	None	Daily	1 Day

5. Investment Contracts with United

The Plan has entered into an investment contract with United. United maintains the contributions in pooled separate accounts and a guaranteed investment account. The accounts are credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by United.

The pooled separate accounts, as reported to the Plan by United, are included in the financial statements at fair value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses.

As the guaranteed investment account is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment account. Contract value, as reported to the Plan by United, represents contributions made under the account, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic developments. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

6. Tax Status

The Plan is qualified as a profit sharing plan under Section 401(a) of the Internal Revenue Code and is exempt from federal income taxation under Section 501(a) of the Internal Revenue Code.

Borsheim's Jewelry Company 401(k) Savings Plan

Notes to Financial Statements

December 31, 2022 and 2021

The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested. Distribution to participants of the account balances would be made as soon as practicable after the termination date.

8. Related-Party Transactions

Certain Plan investments, including pooled separate accounts and a guaranteed investment account, are managed by United. United is the custodian of the Plan and therefore, these transactions qualify as party-in-interest transactions.
