**INDEPENDENT AUDITORS' REPORT**

To the Plan Administrator
Hyperform, Inc. Employee Stock Ownership Plan
Melbourne, Florida

**Opinion**

We have audited the accompanying financial statements of the Hyperform, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022 and 2021 (in liquidation), and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 (in liquidation), and the related notes to the financial statements.

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021 (in liquidation), and the changes in its net assets available for benefits for the year ended December 31, 2022 (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Emphasis of Matter—Basis of Accounting**

As discussed in Note 1 to the financial statements, the governing body of the Plan approved a plan of liquidation in April 2021, and management determined liquidation was imminent. As a result, the Plan is presenting the financial statements on the liquidation basis. Our opinion is not modified with respect to that matter.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hyperform, Inc. Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Note 1: DESCRIPTION OF THE PLAN**

The following description of the Hyperform, Inc. Employee Stock Ownership Plan (the "Plan") provides only general information. Refer to Plan documents for a more complete description of Plan Provisions.

***General***

Hyperform Inc. established the Plan effective January 1, 2015. The purpose of the Plan is to share in the growth and prosperity of the Company and to provide participants with an opportunity to accumulate capital for their future economic security. Hyperform, Inc. is the Plan Sponsor. An independent third-party is the Plan's Trustee.

The Company was sold on April 9, 2021 for approximately $61 million, and the ESOP was terminated. Plan participants became fully vested in their shares and received distributions of approximately $3 million with the remaining approximately $3 million to be paid out prior to liquidating the Plan.

This Plan is intended to qualify as an Employee Stock Ownership Plan under the provisions of section 401(a) of the Internal Revenue Code of 1986, as amended (hereinafter referred to as "ERISA"), and as a leveraged employee stock ownership Plan as that term is defined in Code section 4975(e)(7).

The Plan purchased Sponsor Company common stock using the proceeds of a loan from a shareholder and held the common stock in a Trust established under the Plan. The borrowing was being repaid over a period of ten years. As the Plan made each payment of principal, an appropriate percentage of stock was allocated to eligible employees' accounts in accordance with applicable regulations under the Code. The borrowing was collateralized by the unallocated shares of Sponsor Company common stock in 2020, and the loan was paid off in 2021 when the Sponsor Company stock was sold.

Each employee's interest hereunder and all assets acquired under the Plan as a result of income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of this Plan.

**Note 1: DESCRIPTION OF THE PLAN (Continued)**

The Plan is designed to provide a technique of corporate finance for the employer as well as intended to be for the exclusive benefit of participants in the plan and their beneficiaries. Accordingly, it may be used to accomplish the following objectives:

1) To meet general financing requirements of the employer, including capital growth and transfers in the ownership of employer stock.

2) To receive loans (or other extensions of credit) to finance the acquisition of qualifying employer securities acquired with the proceeds of the loan, by the guarantee of the employer or an owner or affiliate of the employers, or by a commitment by the employer to pay employer contributions to the Trust in amounts sufficient to enable principal and interest on such loans to be paid.

***Eligibility***

Employees of the Company are generally eligible to participate in the Plan upon completion of one year of service. Each Employee shall become eligible to participate in the Plan from and after the Entry Date coinciding with or next following the date on which the Employee has completed a Year of Service, measured during the Eligibility Computation Period, provided the Employee has attained age twenty-one.

***Contributions***

Contributions to the Plan shall be determined by the Company's Board of Directors and may be paid in cash or shares of the Company stock. The Company is obligated to make contributions in cash to the Plan which when aggregated with the Plan's dividends and interest earnings equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest on its debt. Employee contributions are not permitted.

***Participant Accounts***

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Prior to the Company sale and ESOP termination, as of each valuation date, which was the last day of each Plan year, the account of each eligible participant was credited with an allocation of shares of the Company's common stock released by the Trustee from the unallocated shares account. Such allocations were made in proportion to the percentage which each such eligible participant's compensation bore to the compensation of all eligible participants. Any forfeitures of non-vested amounts were allocated among participant accounts or were used to satisfy employer contribution requirements or pay any administrative expenses. Plan earnings were allocated to each participant's account based on the ratio of the participant's account balance.

**Note 1: DESCRIPTION OF THE PLAN (Continued)**

Cash dividends on Company stock held by the Plan were, at the sole discretion of the Plan Administrator, either credited to participants' accounts or used to repay any exempt loans. Such repayments of exempt loans resulted in release of the suspense account unallocated shares and the allocation of such shares to participants' accounts. Investment income was allocated in proportion to participants' accounts.

Participants who did not meet requirements related to hours of service during a Plan year or were not actively employed on the last working day of a Plan year, except for separation because of retirement, total and permanent disability, or death, were generally not eligible for an allocation of Company contributions and forfeitures for that Plan year.

***Vesting***

Participants were vested in their accrued benefit derived from employer contributions based on years of service, as follows:

| Years of service completed | % Vested |
|---|---|
| Less than 2 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

Vesting continued during any year of service during which a participant's status changed from eligible to ineligible until the participant's account was forfeited or distributed according to terms of the Plan. Upon the Company sale and Plan termination, participants became fully vested in their accounts, and therefore as of December 31, 2022, all participants were fully vested.

***Benefit Payments***

Minimum required distributions were made in accordance with the Plan documents and applicable Treasury Regulations. In the event of participant termination upon death, permanent disability, or retirement on or after the normal retirement date, distributions were made in lump sum cash payments. In the event of other terminations, distributions were made in accordance with Plan documents and in substantially equal annual installments over a five-year period or over terms up to ten years if a participant's account balance exceeded certain thresholds established under the Plan documents. Participants who had not reached normal retirement age or age 62 could have elected to defer receipt of immediately available distributions.

**Note 1: DESCRIPTION OF THE PLAN (Continued)**

***Forfeitures***

After certain events or breaks in service, nonvested interest was forfeited and subject to reallocation among eligible active participants in the same proportion that each participant's compensation bore to total participants' compensation for the Plan year. As of December 31, 2022, the plan has no forfeitures to be allocated back to the employees.

***Voting Rights***

Each participant was entitled to exercise voting rights attributable to the shares allocated to his or her account and was notified by the Trustee prior to the time that such rights were to be exercised. The Trustee voted all unallocated shares of Company stock it held, and such voting was in accordance with any agreements pledging such stock as security for Plan obligations or direction of the Plan Administrator in the absence of such agreements.

***Put Option***

Under Federal income tax regulations, any employer stock that was held by the Plan and its participants was subject to a put option if such stock was not readily tradable on an established market at the time of distribution. The put option grants participants the right to sell subject shares, or any part of those shares, to the Company under terms and conditions established by the Plan Administrator. The put price was representative of the fair value of the stock. The Company could have paid for any purchases under put options over a period up to five years upon providing adequate security and paying reasonable interest on the unpaid balance. The purpose of the put option was to ensure that the participant has the ability to ultimately obtain cash.

***Diversification***

Diversification was offered to participants close to retirement so that they could have the opportunity to move part of the value of their investment in Sponsor Company common stock into investments which were more diversified. Participating employees who had completed ten years of service and Plan participation and who attained age 55 could have elected to diversify a portion of their accounts. Diversification was offered to such qualified participants over a six-year period.

Participants could have elected to diversify 25% of the total number of shares of allocated Company stock in their accounts in the first five years of the diversification period and 50% of such allocated shares in the sixth year. Participants who elected to diversify received cash distributions for the portion elected. No investments were participant-directed as of December 31, 2022.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Accounting***

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Financial Accounting Standards Board (FASB) provides authoritative guidance regarding U.S. GAAP through the Accounting Standards Codification (ASC) and related Accounting Standards Updates (ASUs).

***Liquidation Basis of Accounting***

Due to the Company's stock sale on April 9, 2021 that caused the Plan to be terminated (see Note 1), the financial statements as of and for the years-ended December 31, 2022 and December 31, 2021 have been prepared on the liquidation basis of accounting.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process. Liabilities, if any, are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process.

***Use of Estimates***

The preparation of U.S GAAP financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

***Investment Valuation and Income Recognition***

The common shares of the Company, until their sale, were valued at fair value. See Note 3 for a discussion of the fair value measurements. Fair value was determined by annual independent appraisals using recognized valuation techniques, such as income approach, market comparisons, and net asset values. Such valuations were based on financial information provided by the Company, third party appraisals of assets as appropriate, and market data for similar entities where available. Dividend income, when applicable, was accrued on the ex-dividend date. Purchases and sales of securities were recorded on a trade-date basis. Realized gains and losses from security transactions were reported on the average cost method. Net appreciation included the Plan's gains and losses on any investments bought and sold as well as held during the year.

**Note 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

***Payment of Benefits***

Distributions of benefits are recorded when paid.

***Operating Expenses***

Generally, all expenses of maintaining the Plan are paid by the Trust. However, such expenses of administration may be paid out of the Plan pursuant to the Plan documents.

***Subsequent Events***

Management has evaluated subsequent events through the date that the financial statements were available to be issued, September 26, 2023. See Note 9 for relevant disclosure. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.

**Note 3: INVESTMENT IN STOCK**

Effective December 28, 2015, the Plan purchased stock of Hyperform, Inc., which consisted of 50,000 shares of common stock. In April of 2021, the Plan Sponsor Hyperform, Inc. was sold and the Plan is in the process of being terminated, leaving no shares of stock at December 31, 2022 and 2021.

**Note 4: TAX STATUS**

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 21, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan was amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Tax positions are recognized only if it is "more likely than not" that the tax position be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax position is recorded. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**Note 5: RELATED PARTIES AND PARTIES-IN-INTEREST**

The Plan has a number of service providers in both 2021 and 2022, which are parties-in-interest under ERISA.

All administrative expenses of maintaining the Plan are paid by the Trust. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

**Note 6: ADMINISTRATION OF PLAN ASSETS**

The Trustee of the Plan holds the Plan's assets. The Plan's assets consist principally of cash at December 31, 2022 and December 31, 2021 to be distributed in the following years due to the plan being terminated.

Company contributions are held and managed by the Trustee, which, when applicable, invests cash received from interest and dividend income, and makes distributions to participants. The Trustee also administers, when applicable, the payment of interest and principal on any loan, which is reimbursed to the Trust through contributions as determined by the Company. The Trustee maintains appropriate records and furnishes annual written reports to the Company and Plan Administrator.

No full-time officer or employee of the Company receives compensation from the Plan for any services related to the Plan.

**Note 7: PLAN TERMINATION**

In April of 2021 the Plan Sponsor Hyperform, Inc. sold and the Plan terminated. All unallocated amounts were allocated to participants. Distributions will be made in accordance with Plan documents and as permitted by Regulations.

**Note 8: RISK AND UNCERTAINTIES**

Cash in deposit accounts at banks is insured up to limits covered by the Federal Deposit Insurance Corporation (FDIC), currently $250,000 per depositor at each insured institution.

Financial institution balances in accounts exceeded FDIC coverage limits by $3,013,944 and $3,140,070 as of December 31, 2022 and 2021, respectively. The Company has not experienced any losses on its deposits in financial institutions, and management believes the Company is not exposed to any significant credit risk on these deposits.

**Note 9: SUBSEQUENT EVENTS**

Management of the Plan evaluated all events or transactions that occurred after December 31, 2022 through September 26, 2023, the date the Plan's financial statements were available to be issued. The following occurred:

Distributions totaling $2,306,167 were processed in July and August 2023.
