Report of Independent Auditors

The Administrative Committee of
Discovery Communications, LLC Retirement Savings Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Discovery Communications, LLC Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance the modified cash basis.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Discovery Communications, LLC Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Emphasis of Matter – Plan Merger

As further discussed in Note 1, the plan was merged into the Warner Media 401(k) Savings Plan (known as the Warner Bros. Discovery 401(k) Savings Plan beginning January 1, 2023) effective December 31, 2022. Our opinion is not modified with respect to this matter.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Discovery Communications, LLC Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Discovery Communications, LLC Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Discovery Communications, LLC Retirement Savings Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 11, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with GAAP, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. DESCRIPTION OF THE PLAN

The following is an abbreviated description of the Discovery Communications, LLC Retirement Savings Plan (the “Plan”) prior to its merger with and into the WarnerMedia 401(k) Savings Plan effective December 31, 2022. More complete descriptions of the Plan are provided in the Plan document, as amended, the summary plan description, and the prospectus. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

General

On April 8, 2022, Warner Bros. Discovery, Inc. (formerly known as Discovery, Inc.) acquired the business operations and activities that constituted the “WarnerMedia” segment of AT&T Inc. Effective December 31, 2022, the Plan merged into the WarnerMedia 401(k) Savings Plan (known as the Warner Bros. Discovery 401(k) Savings Plan beginning January 1, 2023) (the “WarnerMedia Plan”). As a result of the merger, \$977 million in plan assets, including participant loans, were transferred to the WarnerMedia Plan and eligible employees of Discovery Communications, LLC (“Company”) and certain of its affiliates became participants in the Warner Bros Discovery 401(k) Savings Plan effective January 1, 2023.

Contributions and Investment Funds

The Plan was a voluntary defined contribution retirement savings plan that featured automatic enrollment at 6%. Participants could contribute 1% to 75% of their eligible pay, as defined in the Plan document, as pre-tax or after-tax Roth 401(k) contributions. Participants who attained the age of 50 by the end of the year were also eligible to make catch-up contributions. All contributions to the Plan were subject to annual limitations established by the Internal Revenue Service (“IRS”). Participants could change their contribution percentage at any time.

Participants could also contribute amounts representing distributions from other qualified plans or conduit individual retirement accounts (“IRA”) upon specific authorization and were subject to such terms and conditions as set forth in the Plan document (“Rollover Contributions”).

The Company made safe harbor matching contributions for employees that participated in the Plan. For 2022, the Company paid matching contributions equal to 100% of the first 3% of eligible compensation that a participant contributed to the Plan and 50% of the next 3% of eligible compensation contributed to the Plan, subject to annual limitations established by the IRS. The Company could also make discretionary contributions. No discretionary contributions were made to participants in 2022.

Participants directed their contributions into various investment options offered by the Plan. For 2022, the Plan offered investments in various mutual funds, collective trust funds, and a stable value fund. The Company’s matching contributions were allocated in the same manner as that of the participant’s contributions. Participants could change their investment options at any time.

Participant Accounts

Each participant’s account was credited with the participant’s contributions, the Company’s matching contributions, earnings, or losses from the investment options elected by the participant, and charged with Plan expenses. Earnings or losses were allocated based on the participant’s share of net earnings or losses of their respective elected investment options. Allocations of certain Plan expenses were based on the participant’s account balances. Fees related to the processing of notes (participant loans) are charged directly to the individual account of the participant initiating the note. The benefit to which a participant was entitled is the benefit that could be provided from the participant’s vested account. Participant accounts were valued daily.

Vesting

Active participants vested immediately in their contributions and the Company’s matching contributions, plus actual earnings or net of losses thereon. Employer non-elective contributions, if any, fully vest upon completion of three years of service.

Notes Receivable from Participants

Under the Plan, subject to certain restrictions and penalties, participants were able to take loans from their accounts. The minimum loan amount was \$1,000 and the maximum loan amount was \$50,000. The \$50,000 limit was reduced by the participant's highest outstanding notes receivable balance during the preceding 12-month period. The notes receivable were secured by the vested balance in the participant's account. The term of the notes could not exceed five years unless the amount borrowed was used for the purchase of a primary residence. The notes accrued interest at a rate equal to the prime lending rate at the date of issuance plus 1%. Outstanding notes receivable as of December 31, 2021 had interest rates ranging from 4.25% to 7.50%. Principal and interest were paid ratably through payroll deductions. If a participant terminated employment with the Company, the participant could continue to repay the entire outstanding principal and accrued interest pursuant to the terms of the promissory note and repayment documents. Additionally, within 60 days of termination, a participant could also elect to roll over the outstanding principal and accrued interest to an eligible retirement plan, subject to certain other restrictions as defined by the Plan. If the amount borrowed was not repaid or rolled over to another eligible retirement plan, it would automatically be treated as a distribution to the participant and subject to regular income taxes and an additional 10% IRS tax penalty if the participant was under the age of 59 ½.

Payment of Benefits

Upon separation from service with the Company due to death, disability, retirement, or termination, a participant or beneficiary whose vested account balance exceeded \$5,000 could elect to either maintain the account or receive the account balance in a single lump-sum cash payment. If the value of the account balance was greater than \$1,000 but less than \$5,000, the participant could elect to roll over the vested account balance either into an IRA or other retirement plan eligible to receive Rollover Contributions, or receive the value of the account balance in a single lump-sum cash payment. A participant whose account balance was \$1,000 or less would automatically receive an immediate lump-sum distribution equal to his or her account balance unless an advance request was made to roll over the balance into another account or retirement plan eligible to receive Rollover Contributions.

In-service withdrawals were available in certain limited circumstances, as defined by the Plan. Hardship withdrawals were allowed for participants incurring an immediate and heavy financial need, as defined by the Plan.

Plan Expenses

Plan expenses, which primarily included fees related to recordkeeping, legal, and accounting could be paid by the Plan using the revenue share account allocations or could be paid by the Company. Expenses related to investment management fees, as well as costs for purchases, sales or transfers, were charged to the particular investment fund to which the expenses relate and were included in net depreciation in fair value of investments on the accompanying Statement of Changes in Net Assets Available for Benefits (Modified Cash Basis). Fees related to the processing of notes were charged directly to the individual account of the participant initiating the note. Expenses paid by the Plan were recorded when paid. Certain expenses paid directly by the Company were excluded from the modified cash basis financial statements.

Plan Termination

The Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Effective December 31, 2022, the Plan was merged into the WarnerMedia Plan.

Forfeited Accounts

The plan document permits the use of forfeitures to either reduce future employer contributions or pay plan administrative expenses. During 2022, forfeitures were used to pay Plan administrative expenses of approximately \$33,000, Company contributions were reduced by \$52,000, and \$13,000 was transferred out of the Plan as a result of the merger. As of December 31, 2021, forfeited non-vested accounts totaled approximately \$16,000.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared using the modified cash basis of accounting as permitted under the Department of Labor's Rules and Regulations. Accordingly, certain additions to and deductions from net assets available for benefits were recognized when received or paid rather than when earned or incurred, except that investments include adjustments to fair value at the end of the Plan year and participant loans were reflected as notes receivables from participants.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan were stated at fair value. Units in commingled trust funds were valued at the net asset value ("NAV") of the units of the collective trust. The NAV, as provided by the trustee, was used as a practical expedient to estimate fair value and was based on the fair value of the underlying investments held by the commingled trust fund less its liabilities. (See Note 4.)

Purchases and sales of securities were recorded on a trade-date basis. Interest and dividend income were recorded when received. Net appreciation or depreciation in the fair value of investments included realized gains and losses on investments sold during the year and the unrealized appreciation and depreciation on investments held at the end of the year. Gains or losses on sales of securities were calculated using the average cost of the securities sold.

Notes Receivable from Participant

Notes receivable from participants were measured at their unpaid principal balance. Interest income was recorded when received. Related fees were recorded as Plan expenses and were expensed when paid. Delinquent participant loans were reclassified as deemed distributions based upon the terms of the Plan document.

Contributions

Employee and Company contributions were recorded when received.

Payment of Benefits

Benefit payments were recorded when paid.

3. INFORMATION CERTIFIED BY TRUSTEE

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, all investment information in the modified cash basis financial statements and accompanying notes and supplemental schedules, including investments held and notes receivable from participants at December 31, 2022 and 2021, and net depreciation in fair values of investments, dividends, and interest for the year ended December 31, 2022, was obtained or derived from information provided to the Plan Administrator and certified as complete and accurate by Fidelity Management Trust Company, trustee of the Plan.

4. FAIR VALUE MEASUREMENTS

Fair value is defined as the amount that would be received for selling an asset or paid to transfer a liability in an orderly transaction between market participants. Investments held by the Plan are stated at fair value. Fair value measurements are classified according to the fair value hierarchy in the following three categories.

- Level 1 – Unadjusted quoted prices for identical instruments in active markets that the Plan has the ability to access.
- Level 2 – Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means
- Level 3 – Valuations derived from valuation techniques in which one or more significant inputs are unobservable. The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table presents the Plan's financial assets carried at fair value on a recurring basis, by level, within the fair value hierarchy. Due to the Plan merger, there were no investments held as of December 31, 2022 (in thousands).

	As of December 31, 2021			
	Total	Level 1	Level 2	Level 3
Investments at fair value - Mutual funds	\$ 564,014	\$ 564,014	\$ —	\$ —
Investments measured at net asset value ¹	624,413			
Total fair value of investments	\$ 1,188,427	\$ 564,014	\$ —	\$ —

¹ In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits (Modified Cash Basis).

Investments in mutual funds are valued using quoted market prices in active markets.

The Plan invested in a stable value common collective trust investment contract. This fund invests primarily in synthetic investment contracts backed for high-credit-quality fixed income investments and traditional investments issued by insurance companies and banks. The collective trust fund is valued at the NAV of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Accordingly, this fair value measurement is excluded from the fair value hierarchy.

The Plan also invested in collective investment trusts. The trusts invest in commingled T. Rowe Price Trusts emphasizing different market sectors. The collective trust funds seek total return consisting of long-term growth of capital and current income, consistent with the investment strategy of an investor with a specific target retirement date. The collective investment trusts are valued at the NAV of units of the collective investment trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Accordingly, this fair value measurement is excluded from the fair value hierarchy.

Discovery Communications, LLC Retirement Savings Plan
Notes to Financial Statements
December 31, 2022 and 2021

The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2021 (in thousands). Due to the Plan merger, there were no investments for which fair value is measured using NAV outstanding as of December 31, 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Fair value as of December 31, 2021

	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value fund	\$ 26,869	N/A	Immediate	None
Collective investment trusts	\$ 597,543	N/A	Immediate	None

5. RISKS AND UNCERTAINTIES

The Plan invested in various securities. Investment securities are exposed to various risks including, but not limited to, interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits (Modified Cash Basis). As of December 31, 2022 the Plan was merged into the WarnerMedia Plan and held no assets. (See Note 1.) In 2021, two investments within the Plan represented 10% or more of the Plan's net assets available for benefits and represented 23% of net assets available for benefits.

6. PARTY-IN-INTEREST

Certain Plan investments were shares of funds managed by an affiliate of Fidelity Management Trust Company, trustee of the Plan, as of December 31, 2022 and 2021 and for the year ended December 31, 2022, and, therefore, qualified as party-in-interest transactions. The fair value of investments managed by an affiliate of Fidelity Management Trust Company was \$0 and \$3,422,887 as of December 31, 2022 and 2021, respectively. Notes receivable from participants were also considered party-in-interest transactions, and totaled \$0 and \$5,544,080 at December 31, 2022 and 2021, respectively. All of these transactions were exempt from the prohibited transaction rules under ERISA.

7. TAX STATUS

The prototype upon which the Plan is based received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, which states that the prototype plan is qualified under Section 401(a) of the IRC and, therefore, the related trust is intended to be exempt from federal income taxes under the applicable sections of the IRC. The Plan has been amended since the date of this opinion letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's modified cash basis financial statements.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events for recognition or disclosure through October 3, 2023, the date these financial statements were available to be issued.
