To Management
Alwin Manufacturing 401(k) Profit Sharing Plan
Green Bay, Wisconsin

We have audited the financial statements of Alwin Manufacturing 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022, and have issued our report thereon dated September 28, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Great-West Life & Annuity Insurance Company, an affiliate of Empower Retirement, the custodian, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplementary schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles (GAAP). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated May 25, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated May 25, 2023, our responsibility, as described by professional standards, was to conduct our audit in accordance with auditing standards generally accepted in the United States of America except that, as permitted by Regulation 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and as elected by plan management, we did not perform any auditing procedures with respect to information prepared and certified to by Great-West Life & Annuity Insurance Company, an affiliate of Empower Retirement, the custodian, in accordance with DOL Regulation 2520.103-5, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplementary schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your responsibilities related to the preparation and fair presentation of the financial statements.

Our responsibility for the ERISA-required supplementary schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplementary schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Our audit included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit involved judgment about the number of transactions to be examined and the areas to be tested.

Our responsibility was to plan and perform the audit to obtain reasonable, but not absolute, assurance that the financial statements are free of material misstatement.

As part of our ERISA Section 103(a)(3)(C) audit and except that we did not include a consideration of internal control relating to the information prepared and certified by Great-West Life & Annuity Insurance Company, an affiliate of Empower Retirement, we considered the internal control of Alwin Manufacturing 401(k) Profit Sharing Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Our audit included obtaining an understanding of the Plan and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. However, we did not consider internal control relating to the information prepared and certified to by Great-West Life & Annuity Insurance Company, an affiliate of Empower Retirement. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations, including prohibited transactions with parties in interest or other violations of ERISA rules and regulations, that are attributable to the Plan or to acts by management or employees acting on behalf of the Plan.

We identified the following significant risks of material misstatement as part of our audit planning and designed audit procedures to respond to the risks:

- Management override of controls
- Fraudulent disbursements
- Contributions received and receivable not recorded accurately and timely
- Employee contributions not recorded accurately and timely

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for selection and use of appropriate accounting policies. The significant accounting policies used by Alwin Manufacturing 401(k) Profit Sharing Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of the significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There are no sensitive estimates affecting the financial statements.

The disclosures in the financial statements are neutral, consistent, and clear. There are no financial statement disclosures that are particularly sensitive because of their significance to financial statement users.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. There were no such misstatements noted during our audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

Documentation of Plan Oversight

There were no formal minutes maintained for actions taken by the administrative committee during the year. With the complexity of investment alternatives and the tax laws covering the qualifications of the Plan and fiduciary responsibilities of the administrative committee, it is important that the plan sponsor adequately document the due diligence exercised over the operations of the Plan.

We recommend the administrative committee establish procedures for carrying out the above and document the establishment of those procedures in formal minutes. Periodic plan-administrative meetings should include consideration of items such as:

- Review of Plan's investment performance
- Selection of investment options
- Creation and monitoring of investment policy
- Evaluation of service providers
- Report from plan administrator
- Employee complaints or concerns, if known
- Report from investment advisor, if applicable
- Consideration and approval of plan amendments (or recommendation of amendments for the Board of Directors)
- Compliance with ERISA regulations

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

Our responsibility for the ERISA-required supplementary schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplementary schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplementary schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Internal Control Over Financial Reporting

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as of and for the year ended December 31, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered Alwin Manufacturing 401(k) Profit Sharing Plan's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

We were engaged to perform an ERISA Section 103(a)(3)(C) audit of those financial statements as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Great-West Life & Annuity Insurance Company, an affiliate of Empower Retirement, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified a certain deficiency in internal control that we consider to be a significant deficiency.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis. We did not identify any deficiencies in internal control that we consider to be a material weakness. A *significant deficiency* is a deficiency or a combination of deficiencies in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in the Plan's internal controls to be a significant deficiency.

Financial Accounting and Reporting

One of the components of internal control over financial reporting is that employees of a company be sufficiently knowledgeable to prepare the Plan's financial statements in accordance with generally accepted accounting principles (GAAP). The Company's accounting department does not have the training in GAAP to prepare the financial statements of the Plan including the related notes in accordance with GAAP. Consequently, during our audit, we assisted in the preparation of the Plan's financial statements, and management reviewed and approved the Plan's financial statements. This is not unusual in plans such as yours.

Other Matters

In addition, we felt the other matters described in the following paragraphs were important to the operation of Alwin Manufacturing 401(k) Profit Sharing Plan. These matters may involve internal controls, general operations, recommendations for the adoption of policies or other such items that we feel will enhance the plan.

Impacts of the Secure Act of 2019 on Your Plan

The passage of the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 included various changes that may impact your Plan as summarized in the following paragraphs.

Long-Term Part-Time Employees

One of the provisions impacts long-term part-time employees, those who work at least 500 hours for three consecutive years starting January 1, 2021 will be able to make deferrals into a retirement plan starting in 2024, unless a plan age requirement is not met. The SECURE Act does not require an employer match on these deferrals if the plan document has service requirements that exclude part-time employees from the match. However, there is another complicating factor relating to vesting. All years of service with hours of 500 or more must be used for determining their vested interest if the employee subsequently exceeds 1,000 hours and becomes eligible for employer contributions. We recommend the Company ensures its system is properly tracking hours and years of service for these long-term part-time employees starting January 1, 2021 to be easily able to determine eligibility for 2024 and vesting.

Impacts of the Secure Act 2.0 on Your Plan

The passage of SECURE 2.0 of 2022 included multiple required plan updates as well as optional plan changes that are effective at various dates from now through 2025. We would recommend the Plan work closely with your third-party administrator and others to ensure compliance with the mandatory plan changes and those optional items which may benefit the plan and plan participants.

Closing

We thank you for allowing us to be of service to Alwin Manufacturing 401(k) Profit Sharing Plan. We received complete cooperation and appreciate your consideration of our comments and your implementation of suggestions.
