INDEPENDENT AUDITORS' REPORT

The Administrative Committee and Plan Participants
SCI ENGINEERING, INC. 401(K) RETIREMENT PLAN
St. Charles, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of SCI Engineering, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (collectively, the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SCI Engineering, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SCI Engineering, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SCI Engineering, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SCI Engineering, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SCI ENGINEERING, INC 401(K) RETIREMENT PLAN

Notes to Financial Statements

Years Ended December 31, 2022 and 2021

Note A - Description of Plan

The following description of SCI Engineering, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, which is a prototype defined contribution plan, covers employees of SCI Engineering, Inc. (the Plan sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). In December 2021, the Plan adopted a revised and restated prototype defined contribution plan, which became effective January 1, 2022. The revised and restated plan made no significant changes to the then existing plan.

Covered employees are eligible for pre-tax, Roth and matching contributions upon attaining age 18 and completing three consecutive months of service.

Each year, participants may contribute up to 75% of pre-tax or after-tax annual compensation, as defined in the Plan, subject to limitations prescribed by the Internal Revenue Code (IRC). Participants may also contribute amounts representing rollover distributions from other qualified defined contribution plans. Additionally, the Plan permits participants who have attained age 50 to make "catch-up" contributions in accordance with, and subject to, the limitations present in the IRC. Participants direct the investment of their contributions and those of the Plan sponsor into various investment options offered by the Plan. For any eligible employee hired after February 1, 2008, if the eligible employee does not make an elective deferral election after receiving notice from the Plan sponsor, they will be deemed to have made an automatic deferral election of 3% of compensation. Additionally, automatic deferral elections will increase by 1% on each anniversary date until they reach 10%.

The Plan includes a safe-harbor employer match contribution. The employer will match participant contributed amounts equal to 100% of the first 3% of participants' eligible compensation, and 50% of the next 2% of participants eligible compensation contributed to the Plan. As defined by the Plan, the employer may also make discretionary contributions.

Appreciation or depreciation in the value of the assets of the Plan is allocated to the participants on the basis of the daily value of each participant's account.

Participants are immediately vested in their contributions and the safe-harbor employer matching contributions plus actual earnings or losses thereon. Vesting in the employer's discretionary contributions and the related earnings or losses thereon, occurs 20% after the completion of two years of continuous service and 20% per year of completed continuous service thereafter. Participants are automatically fully vested at their normal retirement date or upon death or becoming disabled, regardless of the number of years of participation.

Loans are available to all participants in the Plan who are currently employed by the Plan sponsor. Loans are made to all participants on a reasonably equivalent and nondiscriminatory basis under the Plan's loan policy. Certain limits and rules apply to all participant loans. Principal and interest are paid ratably through payroll deductions.

On termination of service for any reason, including due to death, disability, retirement, or other reasons, a participant will receive the value of the participant's vested interest in his or her account in a lump-sum amount. A participant may elect to receive an amount prior to termination if they have attained age 59½ or have experienced financial hardship and satisfy certain conditions established by the Plan document. A participant who has attained a defined age and is no longer employed by the Plan sponsor but has a remaining account balance and has not elected to receive payment of benefits must receive a required minimum distribution (RMD) as defined by the Internal Revenue Service.

The Plan stipulates that forfeited amounts are to be used to reduce future employer contributions or to pay Plan expenses. At December 31, 2022 and 2021, the Plan did not have a balance in forfeited nonvested accounts. The forfeitures utilized in 2022 and 2021 were not significant.

The Plan sponsor has the right to terminate the Plan at any time. In the event of termination, the value of the respective participant accounts, including employer contributions and earnings/losses thereon, would become fully vested at the date of termination.

Note B - Summary of Significant Accounting Policies

Basis of accounting The financial statements of the Plan are presented on the accrual basis of accounting.

Use of estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions to and deductions from net assets available during the reporting periods. Actual results could differ from those estimates.

Investment valuation Investments of the Plan were held by the Plan's investment custodians. The investments of the Plan in both 2022 and 2021 are primarily in mutual funds and are stated at fair value as determined and reported to the Plan sponsor by the investment custodians (see Note C).

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan would measure fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are utilized when there are observable inputs other than quoted market prices for the asset, either directly or indirectly observable, that reflect assumptions market participants would use to price the asset based on market data obtained from sources independent of the Plan. Level 3 inputs would only be used when Level 1 or Level 2 inputs are not available.

Payment of benefits Benefits are recorded when paid.

Notes receivable from participants Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Loans are considered delinquent in the event payments are not made when due or within the cure period stipulated in the Plan. Loan balances are secured by participant accounts.

Expenses Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan sponsor. Expenses that are paid by the Plan sponsor are excluded from these financial statements.

Subsequent events The Plan sponsor has determined that no subsequent events have occurred since December 31, 2022, that would require recognition or disclosure in the financial statements. The Plan sponsor has evaluated all subsequent events as of September 26, 2023, which is the date these financial statements were available to be issued, but have not evaluated any events after that date.

Note C - Certified Investments and Related Fair Value Measurements

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net investment gain/loss (comprised of net appreciation (depreciation) in fair value of investments and realized gains and losses) as well as investment income (consisting of capital gains, interest and dividends) for the years then ended, was obtained or derived from information supplied to the Plan sponsor and certified as complete and accurate by the investment custodians for the Plan, Empower Life &

Annuity Insurance Company (“ELA”) and Empower Trust Company (formerly known as Great-West Life & Annuity Insurance Company and Great-West Trust Company, respectively).

The fair value of the Plan’s investments at December 31, 2022 and 2021, and their respective categories within the fair value hierarchy are as follows:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Observable Inputs Other Than Quoted Priced (Level 2)
December 31, 2022			
Mutual funds	\$ 11,300,786	\$ 11,300,786	\$ -
Other	3,318	-	3,318
Total investments	<u>\$ 11,304,104</u>	<u>\$ 11,300,786</u>	<u>\$ 3,318</u>
December 31, 2021			
Mutual funds	\$ 14,074,955	\$ 14,074,955	\$ -
Other	1,896	-	1,896
Total investments	<u>\$ 14,076,851</u>	<u>\$ 14,074,955</u>	<u>\$ 1,896</u>

As indicated in the foregoing table, mutual funds are valued at the daily closing price at the Plan’s year end as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Gains and losses (realized and unrealized) represent the Plan’s allocable portion of the market appreciation (depreciation) and actual gain (loss) experience on the various investments and are reported as net investment gain (loss) in the accompanying statements of changes in net assets available for benefits.

Note D - Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the restated prototype plan effective January 1, 2022, and related trust are designed in accordance with applicable sections of the IRC. The IRS had determined and informed the Plan sponsor by a letter dated March 31, 2014, that the prototype plan and related trust in effect through December 31, 2021, were also designed in accordance with applicable sections of the IRC.

Note E - Related-Party and Party-in-Interest Transactions

The Plan’s investments in securities that are not mutual funds are managed by ELA. As ELA is an investment custodian, transactions in this account and underlying investment securities qualify as party-in-interest transactions. The balance and activity of the Plan’s investments managed by ELA were insignificant as of December 31, 2022 and 2021, and for the years then ended.

Note F - Risks and Uncertainties

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of those securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.
