INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the Sukut 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Sukut 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sukut 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Sukut 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sukut 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Sukut 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sukut 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment

information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 - Summary of Significant Plan Provisions

The following description of Sukut 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan referred to as a "safe harbor 401(k) plan", covering all eligible employees of Sukut Construction, Inc. (the "Plan Sponsor"). Employees must have completed 500 hours within six months of employment and attained age 18 to be eligible participants. The Plan was established by the Plan Sponsor on May 1, 2000, to provide retirement income for its employees, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (ERISA).

Contributions

The Plan is a contributory plan whereby participants may contribute up to 95% of pre-tax annual compensation or the annual statutory maximum amount to the Plan; not to exceed the dollar limit set by law of \$20,500 for 2022. Participants age 50 or older may elect to defer additional "catch up" amounts to the Plan up to \$6,500 for 2022. The Plan Sponsor makes nonelective "safe harbor" contributions and may make discretionary contributions to the Plan, determined by the Sponsor's board of directors on an annual basis. Plan Sponsor nonelective safe harbor contributions are equal to 3% of each participant's compensation. Total safe harbor contributions for the year ended December 31, 2022 were \$520,245.

Under provisions of the Plan, rollover contributions from a pension or profit sharing plan meeting the requirements of Internal Revenue Code Section 401(a) or any lump sum distribution received by a participant from a pension or profit sharing plan meeting the requirements of Internal Revenue Code Section 401(a) are allowed at the discretion of the Plan Sponsor. However, participants may not make after-tax or Roth IRA contributions.

Participant accounts

Each participant's individual account is credited with the participant's contribution, the Plan Sponsor nonelective safe harbor contributions, the Plan Sponsor discretionary contributions, and Plan investment earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their accounts.

Note 1 - Summary of Significant Plan Provisions (continued)

Investment options

Upon enrollment in the Plan, a participant may direct contributions in any of the accounts offered under the Plan. Participants may change their investment selections at any time.

Notes receivable from participants

Participants may borrow from their fund accounts the lesser of \$50,000 or 50% of their vested account balance. Minimum loan amount is \$1,000 and is treated as notes receivable from participants. Each participant is permitted up to two loans at a time. All loans must have a definite repayment period which provides for payments to be made not less frequently than quarterly, and for the loan to be amortized on a level basis over a reasonable period of time, not to exceed 5 years (longer if used to purchase the participant's primary residence). The loans are secured by participant's account balance. Loans must bear interest determined by the Plan Administrator. The prime rate was 7.50% as of December 31, 2022. Principal and interest is paid ratably through payroll deductions.

Forfeitures

Forfeiture accounts are first used to reduce Plan expenses and then to reduce future employer contributions. As of December 31, 2022 and 2021, there were \$7,770 and \$7,590 of forfeitures available, respectively.

Hardship withdrawals

A withdrawal from a participant's account may be permitted if the participant has a financial hardship for certain reasons, as defined by the Plan document. For the year ended December 31, 2022, the Plan had no hardship withdrawals.

Payment of benefits

Upon termination of service due to retirement, death, or disability, a participant will receive as benefits either a lump sum amount equal to the value of the account, or installments over a period of not more than the assumed life expectancy of the participant. Benefit payments will be distributed in accordance with the participant's election.

Termination of the Plan

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 2 - Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Plan Administrator believes that the estimates used in preparing its financial statements are reasonable and prudent. Actual results could differ from these estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value except for common collective trust funds and stable value funds, which are reported at net asset value (NAV). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Administrative expenses of maintaining the Plan may be paid by the Sponsor or the Plan.

DECEMBER 31, 2022 AND 2021

Note 3 - Information Certified by the Trustees

The Plan Sponsor has elected the method of compliance permitted by 29CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Empower Trust Company, LLC, the trustees of the Plan, and was not subjected to any audit procedures except for comparing such information with the related information included in the financial statements and supplemental schedule:

- Investments as of December 31, 2022 and 2021 and supplemental schedules.
- Custodian transactions, investment income, and investment transactions for the year ended December 31, 2022.

Note 4 - Party-in-Interest Transactions

Fees paid by the Plan for contract administrator and investment advisory and management services are included in the accompanying statement of changes in net assets available for benefits. The Plan Sponsor paid costs of Plan administration of \$77,791 on behalf of the Plan for the year ended December 31, 2022.

The Plan is also invested in notes receivables from participants. As a result, these investments and all transactions relating to these investments were with parties-in-interest. These transactions are exempt from being prohibited transactions under ERISA.

Note 5 - Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 2 Inputs to the valuation methodology include
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

SUKUT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 7 - Fair Value Measurements (continued)

There have been no changes in the methodologies used at December 31, 2022 and 2021:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the net asset value (NAV) of units generally obtained directly from the fund house or other investment provider. If available, an attempt is made to receive share prices from more than one source, and before the share price is entered into the recordkeeping system, a systematic comparison is performed and any difference in quoted share prices for the same fund is resolved by contacting the investment provider directly to ensure the correct share price is recorded. Variance reports are also reviewed showing percentage of share price changes from the prior day. The custodian will review the overall movement of market indices and will apply judgement in determining whether any further research with investment providers will be pursued for share price variances from the prior day. Daily, after all research and validation has been performed, and variances have been resolved, share prices are closed and loaded to the recordkeeping system.

Stable value fund: Valued at the net asset value (NAV) of units generally obtained directly from the fund house or other investment provider. If available, an attempt is made to receive share prices from more than one source, and before the share price is entered into the recordkeeping system, a systematic comparison is performed and any difference in quoted share prices for the same fund is resolved by contacting the investment provider directly to ensure the correct share price is recorded. Variance reports are also reviewed showing percentage of share price changes from the prior day. The custodian will review the overall movement of market indices and will apply judgement in determining whether any further research with investment providers will be pursued for share price variances from the prior day. Daily, after all research and validation has been performed, and variances have been resolved, share prices are closed and loaded to the recordkeeping system.

Putnam stable value fund

The Putnam stable value fund purchases contracts that are benefit responsive and invests in high-quality guaranteed investment contracts ("GICs") and similar contracts issued by insurance companies, banks and other financial institutions. The Fund also invests up to 75% of its assets in security-backed investment contracts ("SBICs"), including separate account products of insurance companies. The foregoing instruments are collectively referred to herein as "Investment Contracts." The Fund strives to maintain at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and stable value funds with investment policies and other provisions similar to those of the Fund, and may invest without limit in these investments.

SUKUT 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 7 - Fair Value Measurements (continued)

The fund negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and plan terminations. Due to the size of the Fund and the specific percentage allowances negotiated by the Fund, it is highly unlikely (not probable) that any event would occur that would limit the Fund's ability to transact at contract value with each issuer under these events. The only event or circumstance that would allow issuers to immediately terminate a fully benefit-responsive wrap contract with the Fund at an amount different from contract value would be if they were provided with willingly fraudulent information about the Fund by the Trustee. This would constitute a breach of contract and would allow for termination at a value that could be different from contract value. Additionally, most wrap contracts have provisions that allow the issuer to terminate at book value over a specified period, normally the duration of the portfolio being wrapped. At no point may an issuer of a wrap contract immediately terminate at market value (other than as specified above) if the market value of the underlying portfolio is less than the book value.

There is no unfunded commitment related to the investments in the class. The Fund is valued on a daily basis by the Trustee. All income and expenses shall be deemed to be accrued, received or paid at an equal rate from day to day. Daily unit values are determined by dividing the Fund's net assets by the number of participating units outstanding on the valuation date. Contributions and redemptions to the Fund may be made daily at the current net asset value and are considered as made immediately after the daily valuation. The Fund declares and records dividends daily and pays them monthly. Dividends are reinvested in the Fund and the units issued are adjusted accordingly. Subject to certain restrictions, withdrawals from the Fund are generally permitted daily at contract value. The Fund strives to maintain at least 5% of its assets in high-quality money market instruments, cash, cash equivalents and, pursuant to liquidity and deposit agreements, stable value funds with investment policies and other provisions similar to those of the Fund. There is no other significant restriction on the ability to sell investments in the class at December 31, 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. Redemption for all investments, if currently eligible, is daily.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
