Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mark of Excellence Pizza Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for the Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

Certified Public Accountants • Consultants • hrkcpa.com

p: 202-558-5162 • f: 601-605-0733

Opinion (continued)

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's elections of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Item 4(a) - schedule of delinquent participant contributions for the year ended December 31, 2022, and Schedule H, 4(i) - schedule of assets (held at end of year), as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Mark of Excellence Pizza Company 401(k) Plan (continued)

Other Matter - Supplemental Schedules Required by ERISA (continued)

- the information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MARK OF EXCELLENCE PIZZA COMPANY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS Years Ended December 31, 2022 and 2021

NOTE 1 • DESCRIPTION OF THE PLAN

The following description of the Mark of Excellence Pizza Company (hereafter referred to as the "Company") 401(k) Plan (hereafter referred to as the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company as defined by Internal Revenue Code ("IRC") Section 414(q) and key employees as defined by IRC Section 416 who have one year of service as defined as 1,000 hours of service and are age twenty-one or older. The Sponsor's Board of Directors and the Plan Administrator control and manage the operation and administration of the Plan. Capital Bank and Trust Company serves as the Trustee of the Plan. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA").

The Company is a mid-size organization within the restaurant industry. Its primary business activity is to provide management of pizza companies and is located in Hurst, Texas.

Contributions

Participants may contribute a percentage of pre-tax annual compensation, as defined in the Plan. There are no limitations on the percentage the participant can defer; however, the maximum amount of compensation that may be deferred by law was limited to \$20,500 and \$19,500 in 2022 and 2021, respectively. This amount is adjusted by the Secretary of the Treasury for the percentage increase in the Consumer Price Index each year. Additionally, participants age 50 and older can elect to make additional catch-up deferrals, limited to \$6,500 in 2022 and 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may match 100 percent of elective deferrals up to two percent contributed by the participant. Each year, the employer may make a discretionary profit-sharing contribution and qualified non-elective contributions. During 2022 and 2021, the Company's discretionary contributions amounted to \$58,356 and \$47,277, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution along with an allocation of the Company's contribution and Plan earnings and is charged with an allocation of administrative expenses.

Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MARK OF EXCELLENCE PIZZA COMPANY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2022 and 2021

NOTE 1 • DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in employee contributions, plus actual earnings thereon. Participants' interests in any Company contributions and allocated earnings or losses thereon, are vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any investment option offered by the Plan. Participants may change their investment options daily.

Notes Receivable from Participants

Participants may borrow from their funds a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of the fair value of the participant's vested account balance. The loans are collateralized by the balance in the participant's account and bear interest, at 7.25 percent for 2022, and 4.25 percent for 2021, which are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount or roll over into a qualified plan. For termination of service due to other reasons, a participant may receive the value of his or her account as a lump-sum distribution. Hardship distributions are also available from a participant's elective deferral and vested Company match accounts, including earnings thereon, subject to regulatory requirements.

MARK OF EXCELLENCE PIZZA COMPANY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS Years Ended December 31, 2022 and 2021

NOTE 1 • DESCRIPTION OF THE PLAN (continued)

Forfeitures

Forfeitures result from employees withdrawing from the Plan prior to fully vesting. Forfeitures not applied to Plan expenses are generally used to offset future matching contributions. Unallocated forfeitures, as of December 31, 2022 and 2021, totaled \$48,603 and \$25,023, respectively. Forfeited amounts applied to Plan expenses and reduction of employer contributions during 2022 and 2021, were \$5,432 and \$-0-, respectively.

Administrative Expenses

In 2022 and 2021, certain investment expenses were paid for by the Plan. All other administrative expenses were absorbed by the Company.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

NOTE 2 • SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates. Significant estimates include the fair value measurement of investments. It is at least reasonably possible that the significant estimates used will change within the next year.

Employee and Employer Contributions

Employee deferrals and respective employer matching contributions are recognized as additions to net assets on the date on which such employee deferrals would otherwise have been payable to the participant. Employee rollover contributions are recognized as additions to net assets on the date transferred from other qualified plans. Employer discretionary contributions are recognized as additions to net assets upon formal approval by the Plan Sponsor.

MARK OF EXCELLENCE PIZZA COMPANY 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS Years Ended December 31, 2022 and 2021

NOTE 2 • SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Valuation of Investments and Income Recognition

Investments are reported at fair value and any unrealized appreciation or depreciation for the year is reflected in the statements of changes in net assets available for benefits. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan Document.

Concentration of Market Risk

The Plan assets include a significant amount of registered investment companies, which invest primarily in marketable equity securities and fixed income securities. Accordingly, the performance of the investments is dependent on the equity and debt securities markets which involve price volatility. Additionally, the registered investment companies may invest in securities with contractual cash flows, such as asset backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

Subsequent events were evaluated by the Plan through September 27, 2023, which is the date the financial statements were available to be issued.

NOTE 3 • INVESTMENTS CERTIFIED BY THE PLAN'S TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Capital Bank and Trust (the Trustee of the Plan).

NOTE 4 • FAIR VALUE MEASUREMENTS

Fair value measurements define fair value as the price that would be received for an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. Fair value measurements establish a fair value hierarchy that prioritizes the observable and unobservable inputs used to measure fair value into three broad levels:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 • FAIR VALUE MEASUREMENTS (continued)

Money market funds: Valued at the closing price as reported on the active market on which the individual securities are traded.

The preceding method may produce a fair value calculation that may not be indicative of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022

NOTE 5 • PARTY-IN-INTEREST TRANSACTIONS

Party-in-interest transactions for fiscal years 2022 and 2021, were investment administrative fees payable to Capital Bank and Trust of \$50 and \$63, respectively. These fees were based on customary and reasonable rates for such services.

NOTE 6 • INCOME TAX STATUS

The Plan adopted a standardized form of a prototype plan Sponsored by American Funds Distributors, Inc. The prototype plan has received an opinion letter dated March 31, 2014, from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by the Plan. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable provisions of the Code.

There were no uncertain tax positions identified related to the current year and the Plan has no unrecognized tax benefits at December 31, 2022 and 2021, for which liabilities have been established. The Plan recognizes interest and penalties, if any, related to unrecognized tax benefits as a component of income tax expense.

NOTE 7 • RECONCILIATION TO FORM 5500

NOTE 8 • NON-EXEMPT TRANSACTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld by the employer. While the Plan remitted all employee contributions to the Plan, contributions of \$4,443 were not remitted within the required time period for the year ended December 31, 2022. The Plan has started the process to correct the matters through the Voluntary Fiduciary Correction Program and make the participant accounts whole.

NOTE 9 • UNALLOCATED FORFEITURES

The Plan's forfeiture account balance has accumulated without being timely used to decrease administrative fees or used by the Plan Sponsor to reduce the amount of employer contributions. Corrective action is required to allocate the current forfeiture balance to participants who would have been entitled to the contribution had the Plan used the forfeitures in a timely fashion. This treatment will ensure participant benefits are definitely determinable and available as net assets available for benefits as intended by the Internal Revenue Code. Failure to reduce the forfeiture balance may cause the Department of Labor to determine the Plan has lost qualified status under the Internal Revenue Code.

NOTE 10 • SECURE 2.0 ACT

On December 29, 2022, the Securing a Strong Retirement Act of 2022 ("SECURE 2.0") was signed into law. Some of the retirement plan changes in SECURE 2.0 that may affect the Plan include:

- changes to required minimum distribution age and penalties;
- higher catch up contributions;
- emergency withdrawal flexibility; and
- matching of student loan payments.

Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.
