INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator
of the **Nabors Industries, Inc. Retirement Savings Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Nabors Industries, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audits of the Financial Statements (Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (Continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 1 - Description of Plan

General

The Nabors Industries, Inc. Retirement Savings Plan (the Plan) is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and the Internal Revenue Code (IRC). The Plan is sponsored by Nabors Industries, Inc. (the Company) and covers all eligible employees of a participating employer, as defined in the Plan document. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Unless otherwise noted, the provisions in the following subsections are as of December 31, 2022.

Plan Administration

The Company is the Plan Administrator as defined under ERISA. The Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. Bank of America, N.A. serves as the Trustee. Merrill Lynch, Pierce, Fenner & Smith Incorporated Retirement Services provides recordkeeping services to the Plan.

Eligibility

Eligible employees must be age eighteen or older, be employed by a subsidiary of the Company that is designated to participate in the Plan, not be a leased or contract employee and not be covered by a collective bargaining agreement. Eligible employees may begin participating in the Plan on their date of hire.

Participant Contributions

Each participant may elect to defer his or her base and overtime pay, on a pre-tax basis, of at least 1% and not more than 40%, for each pay period subject to certain limitations. Employee salary deferrals are allowed in 0.5% increments. In lieu of all or a portion of employee pre-tax contributions, each participant may elect to defer his or her base and overtime pay as Roth contributions. Each participant's annual contribution shall not exceed the maximum amount allowed for deferral under the IRC. Certain participants are eligible to make a catch-up contribution in accordance with Section 414(v) of the IRC. Rollover contributions from qualified plans are allowed into the Plan. Additionally, transfer contributions by eligible employees are allowed into the Plan for non-forfeitable benefits that are in a defined contribution plan maintained by a participating employer of the Plan.

DECEMBER 31, 2022 AND 2021**

Note 1 - Description of Plan (Continued)

Employer Contributions

Participants are immediately eligible for employer matching contributions. During the year ended December 31, 2022, the Company made safe harbor matching contributions equal to 100% of an employee's pre-tax or Roth contributions, including catch-up contributions, for such pay period that are attributable to the first 5% of the employee's eligible compensation for such pay period. The amount of a participant's annual compensation which may be taken into account, for purposes of determining the amount of the employer matching contribution or for any other purpose under the Plan, shall not exceed the amount permitted annually by the IRC.

Vesting

All employer contributions and earnings thereon are fully vested.

Participant Accounts

Separate accounts are maintained for each participant. Each participant account is credited with the participant's contributions and the employer contributions, as well as allocations of the Plan earnings or losses and administrative expenses. Allocations are based on participant earnings, account balances, or specific transactions, as defined. Each participant is fully vested in his or her entire account balance. Participants may elect to have their own and employer contributions invested in one or more of the Plan's investment options. The Plan's investment options include a self-directed brokerage account. Participants with an existing account balance of \$10,001 may allocate no more than 50% of their existing asset balance into the self-directed brokerage account.

Notes Receivable from Participants

Participants may obtain loans from their vested account balances. Loans must be for a minimum of \$1,000 and may not exceed the lesser of \$50,000 or 50% of the participant's vested account balance (\$100,000 or 100% of their vested account balance under the Coronavirus Aid, Relief, and Economic Security (CARES) Act). Participants may obtain one loan per year and may have no more than two loans outstanding at any time. Loans to be used for the purchase of a participant's primary residence may be repaid over a period not to exceed ten years and loans for other purposes may be repaid over a period not to exceed five years; however, the loan terms may have been extended for one year related to suspension of loan payments as allowed under the CARES Act. The loans are collateralized by the participants' account balances and bear interest at 1% plus the prime rate of interest published in the Wall Street Journal on the last business day of the month preceding the month in which the loan is made. Principal and interest are paid to the Plan through payroll deductions and are allowed to be paid off at any time.

Note 1 - Description of Plan (Continued)

Distributions

A participant is eligible for a distribution of his or her vested account balance following termination of employment, attainment of age 59 ½, death, disability, financial hardship or retirement. The Plan values the account of a withdrawing participant at an amount equal to its value as of the latest daily valuation date preceding actual distribution and, if applicable, may include any contributions made on behalf of the participant from the date of the last valuation to the date of distribution. Distributions are made in the form of a lump sum payment or an annuity, subject to the provisions of the Plan document. Required minimum distributions are made in accordance with Internal Revenue Service (IRS) requirements. Distributions to a terminating participant with an account balance of \$1,000 or less are automatically distributed from the Plan to the terminating participant. Distributions to a terminating participant with an account balance between \$1,000 and \$5,000 are automatically rolled into an IRA for the benefit of the terminating participant.

Hardship withdrawals are available to participants after the participant has met the hardship withdrawal requirements stated in the IRC. Participants may withdraw only their employee contributions. Employer matching contributions, transfer balances, and the related earnings thereon, are not eligible for hardship withdrawal.

Forfeitures

Forfeited accounts totaled \$60,521 and \$36,390 at December 31, 2022 and 2021, respectively. Forfeited accounts may be used to reduce future employer contributions or pay administrative expenses. No forfeitures were used to reduce employer contributions or pay administrative expenses during the year ended December 31, 2022.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements have been prepared on the accrual basis and present the net assets available for benefits and changes in those net assets in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 2 - Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expense and expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant notes are reclassified as distributions based upon the terms of the Plan document.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Expenses incurred in connection with the purchase or sale of securities are charged against the investment funds whose assets are involved in such transactions. Loan fees are paid by the borrowing participant. Certain administrative costs of the Plan are paid directly by the Company and are excluded from these financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through September 6, 2023, the date which the financial statements were available to be issued.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 3 - Unaudited Investment Information Certified by Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Bank of America, N.A. as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditor:

- Investments and notes receivable from participants balances reflected in the statements of net assets available for benefits as of December 31, 2022 and 2021 and notes to financial statements,
- Interest and dividend income, net depreciation in fair value of investments, and interest income on notes receivable from participants reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022, and
- Investment-related information included in the Supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022.

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 or 2021.

**NABORS INDUSTRIES, INC.
RETIREMENT SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 4 - Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds: Valued at the NAV of units of the collective trust. The NAV, as provided by the fund's trustee, is used as the practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions may occur daily; however, the Federated Hermes Capital Preservation Fund Class IP has an equity wash provision which prohibits transfers directly to a competing fund. There are no unfunded commitments for the collective trust funds.

Self-directed brokerage account: Account primarily consists of equity exchange traded funds and common stocks that are valued on the basis of readily determinable market prices and cash and cash equivalents that are valued at cost, which approximates fair value.

Money market cash account: Valued at cost, which approximates fair value.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Note 4 - Fair Value Measurements (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured on a recurring basis at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 227,089,551	\$ -	\$ -	\$ 227,089,551

Investments measured at net asset value ^(a)				<u>81,270,890</u>
Total investments at fair value				<u>\$ 319,642,368</u>

(a) In accordance with Subtopic 820-10, the collective trust funds were measured using NAV as a practical expedient and accordingly, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation to the line items presented in the statements of net assets available for benefits.

The following table sets forth additional disclosures for entities that use NAV as a practical expedient to measure fair value as of December 31, 2022 or 2021:

	<u>As of December 31,</u>		<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
	<u>2022 Fair Value</u>	<u>2021 Fair Value</u>			
Collective trust funds	\$ 70,106,913	\$ 81,270,890	None	Daily	Daily

Note 5 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants shall have a 100% vested interest in their account and the net assets will be allocated among the participants and beneficiaries of the Plan in the order provided for by ERISA.

RETIREMENT SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

Note 6 - Federal Income Tax Status

The IRS has determined and informed the Company by a letter dated September 2, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are managed by affiliates of the Trustee. These investment transactions are considered party-in-interest transactions as defined by ERISA; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations. Fees paid by the Plan for the investment management services are included in the net appreciation or depreciation in fair value of the related investment.

The Plan has entered into a revenue sharing agreement with the Trustee, with such amounts used to pay certain administrative expenses of the Plan or allocated to participant accounts. Revenue sharing accounts totaled \$131,507 and \$102,329 at December 31, 2022 and 2021, respectively. During 2022, the Plan received \$42,907 from this revenue sharing agreement and paid administrative expenses of \$16,250 from revenue sharing accounts.

During the year ended December 31, 2022, the Plan paid direct compensation to an affiliate of the Trustee of \$57,886 related to recordkeeping services. The Company provides various operational and administrative services to the Plan, for which the costs are incurred directly by the Company.

Note 8 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

Decrease in net assets available for benefits per the financial statements	\$ (46,117,391)
2022 defaulted loans deemed distributed	(754,628)
2021 defaulted loans deemed distributed	<u>788,228</u>
 Decrease in net assets available for benefits per the Form 5500	 <u>\$ (46,083,791)</u>

Note 9 - Risks and Uncertainties

The Plan provides for investment in investment securities that are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The Plan has an investment in the Bank of America, N.A. Retirement Bank Account (the RBA). At times, the RBA balance may be in excess of FDIC insurance limits. At December 31, 2022 and 2021, the Plan held RBA balances of \$9,125,448 and \$9,633,142, respectively.
