Independent Auditor's Report

Plan Administrator
Forrester Research, Inc. 401(k) Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Forrester Research, Inc. 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

As of December 31, 2022 and 2021 and for the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN

The following brief description of the Forrester Research, Inc. 401(k) Plan & Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document and Summary Plan Description for additional information.

General

The Plan is a defined contribution plan covering all employees of Forrester Research, Inc. (the “Company”). All employees of the Company above the minimum age of 21 years are eligible to participate in the Plan, with the exception of certain employees as identified in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant Contributions

Each year, participants may contribute up to 80 percent of pre-tax and post-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in the T. Rowe Price Retirement Fund correlating to the participant’s retirement date, based on their date of birth and a retirement age of approximately 65, until changed by the participant.

Employer Contributions

The Company provides a matching contribution in an amount equal to 50% of a participant’s deferred contributions subject to a maximum of 50% of the first 6% of employee compensation, as defined.

The Company may make a discretionary matching contribution in a percentage determined by the Company each Plan year based on a percentage of the employees’ contributions of the current year.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

See independent auditor’s report.

Forrester Research, Inc. 401(k) Plan & Trust

Employer contributions become vested as follows:

<u>Years of Vesting Service</u>	<u>Percent Vested</u>
Less than 1 year	0%
1 but less than 2	25%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

In the event of death, permanent disability or retirement, a participant's employer contribution account becomes fully vested.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching and discretionary contributions and allocations of Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Benefits are paid at retirement, death or termination of employment. Further, while still employed by the Company, participants may withdraw the employee contribution portion of the account under certain hardship circumstances, as defined by the Plan. A participant may also withdraw all or a portion of his or her vested accounts after reaching the age of 59½. Upon termination of service, participants with vested account balances of \$1,000 or less will receive a lump-sum distribution. Participants with vested account balances greater than \$1,000 have various payment options such as a lump-sum distribution or installment distributions, as described in the Plan document.

Notes Receivable from Participants

A participant may borrow the lesser of 50% of his or her vested account balance or \$50,000 reduced by the highest outstanding loan balance in his or her account during the prior 12-month period, with a minimum loan amount of \$1,000. Loans are repayable through payroll deductions over a period not to exceed 60 months, except for the purchase of a primary residence which may be repaid over a period of up to ten years. The interest rate is determined by the Plan administrator based on prevailing market conditions.

Forrester Research, Inc. 401(k) Plan & Trust

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$405,086 and \$297,633 respectively. These accounts will be used to pay administrative expenses or reduce future employer contributions. During the year ended December 31, 2022, \$297,452 was used to reduce employer contributions from forfeited non-vested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan by action of its board of directors, subject to the provisions of ERISA. In the event of a partial or complete termination of the Plan, the right of each affected participant to the amounts credited to the participant's account will be nonforfeitable and the value of the participant's accounts will be paid in accordance with the provisions of the Plan.

Revenue Credit Program

The Plan provides for a revenue credit payable to the Plan by Fidelity Management Trust Company (the "Trustee") in situations where recordkeeping revenue received by the Trustee in connection with Plan services exceeds agreed-upon compensation. The Plan may direct the Trustee to use such amounts to reimburse the Company for administrative expenses associated with the Plan or to pay third-party vendors directly. Provided that the balance of the available revenue credit account exceeds \$1 per participant on average, the Plan may direct the Trustee, no more frequently than once per calendar quarter, to allocate the balances to eligible participant and beneficiary accounts; provided, however, that with respect to the last quarter of the plan year, the full remaining balance in the revenue credit account (after the payment of plan expenses and reimbursement of the Company for the payment of plan expenses) may be allocated to eligible participant and beneficiary accounts, effective as of the last day of the plan year, without regard to any minimum required balance. The amount received for this credit was \$107,263 for the year ended December 31, 2022, of which no amounts were allocated to participants. Total administrative fees paid from the revenue credit account amounted to approximately \$195,000 for the year ended December 31, 2022. As of December 31, 2022 and 2021, the revenue credit account balance was \$53,045 and \$138,824 respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. The Plan's 401(k) Advisory Panel determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and third party administrators. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

See independent auditor's report.

Forrester Research, Inc. 401(k) Plan & Trust

3. FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.130-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the Plan's Trustee, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year). The Plan Administrator has obtained certifications from the Trustee for 2022 and 2021 that such information is complete and accurate.

Information certified is as follows:

	2022	2021
Investments at fair value	\$ 267,602,417	\$ 320,629,524
Receivables:		
Notes receivable from participants	1,208,663	1,103,368
Other receivables	671	457
Investment income (loss):		
Net depreciation in fair value of investments	(70,071,381)	
Dividends and interest	11,390,944	
Interest income on notes receivable from participants	55,178	

The Trustee also certified the information included in the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Valuation is based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

See independent auditor's report.

Forrester Research, Inc. 401(k) Plan & Trust

Level 2 – Valuation is based on observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuation is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using unobservable inputs to pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

In certain cases, inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

Valuation Methodologies

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Reported at fair value using net asset value ("NAV") as a practical expedient. The stable value fund calculates NAV per share in a manner consistent with the measurement principles in FASB Accounting Standards Codification Topic 946 *Financial Services-Investment Companies*. Those measurement principles indicate that, in the determination of a stable value fund's NAV, the relevant measurement is net assets which include the fully benefit-responsive investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See independent auditor's report.

Forrester Research, Inc. 401(k) Plan & Trust

Investments at Fair Value on a Recurring Basis

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	December 31, 2022			Fair Value
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 257,931,013</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 257,931,013
Collective investment trust, which is an investment measured at net asset value (a)				<u>9,671,404</u>
Total investments at fair value				<u>\$ 267,602,417</u>

	December 31, 2021			Fair Value
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 312,108,929</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 312,108,929
Collective investment trust, which is an investment measured at net asset value (a)				<u>8,520,595</u>
Total investments at fair value				<u>\$ 320,629,524</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective investment trust	\$ 9,671,404	n/a	Daily	30 days (b)
<u>December 31, 2021</u>				
Collective investment trust	\$ 8,520,595	n/a	Daily	30 days (b)

- (b) Withdrawals for benefit payments and participant transfers to noncompeting investment options shall be made within 30 days after written notification. Withdrawals other than the above require 12 months written notice.

See independent auditor's report.

Forrester Research, Inc. 401(k) Plan & Trust

5. TAX STATUS

The Plan adopted the Fidelity non standardized prototype plan which received an opinion letter from the Internal Revenue Service (“IRS”) dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (“IRC”). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor (“DOL”). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to examinations for years prior to December 31, 2019.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by Fidelity Investments. Fidelity Investments and Fidelity Workplace Services LLC, recordkeeper, are related parties to the Trustee, Fidelity Management Trust Company. Therefore, these transactions and fees paid to the recordkeeper for administration of notes receivable from participants, which amounted to approximately \$49,000 for the year ended December 31, 2022, qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Fees paid for investment management services are included as a reduction of the return earned by each mutual fund.

Certain fees incurred by the Plan are paid through a revenue credit program (see Note 1) and amounted to approximately \$167,820 for the year ended December 31, 2022. Income received from the revenue credit program is reported as revenue credit on the Statement of Changes in Net Assets Available for Benefits.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

See independent auditor’s report.

Forrester Research, Inc. 401(k) Plan & Trust

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 2, 2023, which is the date the financial statements were available to be issued. There were no subsequent events that require adjustment to or disclosure in the financial statements.

Forrester Research, Inc. 401(k) Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Forrester Research, Inc. 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter- Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

As of December 31, 2022 and 2021 and for the Year Ended December 31, 2022

1. DESCRIPTION OF THE PLAN

The following brief description of the Forrester Research, Inc. 401(k) Plan & Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document and Summary Plan Description for additional information.

General

The Plan is a defined contribution plan covering all employees of Forrester Research, Inc. (the “Company”). All employees of the Company above the minimum age of 21 years are eligible to participate in the Plan, with the exception of certain employees as identified in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Participant Contributions

Each year, participants may contribute up to 80 percent of pre-tax and post-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in the T. Rowe Price Retirement Fund correlating to the participant’s retirement date, based on their date of birth and a retirement age of approximately 65, until changed by the participant.

Employer Contributions

The Company provides a matching contribution in an amount equal to 50% of a participant’s deferred contributions subject to a maximum of 50% of the first 6% of employee compensation, as defined.

The Company may make a discretionary matching contribution in a percentage determined by the Company each Plan year based on a percentage of the employees’ contributions of the current year.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

See independent auditor’s report.

Forrester Research, Inc. 401(k) Plan & Trust

Employer contributions become vested as follows:

<u>Years of Vesting Service</u>	<u>Percent Vested</u>
Less than 1 year	0%
1 but less than 2	25%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

In the event of death, permanent disability or retirement, a participant's employer contribution account becomes fully vested.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company matching and discretionary contributions and allocations of Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Benefits are paid at retirement, death or termination of employment. Further, while still employed by the Company, participants may withdraw the employee contribution portion of the account under certain hardship circumstances, as defined by the Plan. A participant may also withdraw all or a portion of his or her vested accounts after reaching the age of 59½. Upon termination of service, participants with vested account balances of \$1,000 or less will receive a lump-sum distribution. Participants with vested account balances greater than \$1,000 have various payment options such as a lump-sum distribution or installment distributions, as described in the Plan document.

Notes Receivable from Participants

A participant may borrow the lesser of 50% of his or her vested account balance or \$50,000 reduced by the highest outstanding loan balance in his or her account during the prior 12-month period, with a minimum loan amount of \$1,000. Loans are repayable through payroll deductions over a period not to exceed 60 months, except for the purchase of a primary residence which may be repaid over a period of up to ten years. The interest rate is determined by the Plan administrator based on prevailing market conditions.

Forrester Research, Inc. 401(k) Plan & Trust

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$405,086 and \$297,633 respectively. These accounts will be used to pay administrative expenses or reduce future employer contributions. During the year ended December 31, 2022, \$297,452 was used to reduce employer contributions from forfeited non-vested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan by action of its board of directors, subject to the provisions of ERISA. In the event of a partial or complete termination of the Plan, the right of each affected participant to the amounts credited to the participant's account will be nonforfeitable and the value of the participant's accounts will be paid in accordance with the provisions of the Plan.

Revenue Credit Program

The Plan provides for a revenue credit payable to the Plan by Fidelity Management Trust Company (the "Trustee") in situations where recordkeeping revenue received by the Trustee in connection with Plan services exceeds agreed-upon compensation. The Plan may direct the Trustee to use such amounts to reimburse the Company for administrative expenses associated with the Plan or to pay third-party vendors directly. Provided that the balance of the available revenue credit account exceeds \$1 per participant on average, the Plan may direct the Trustee, no more frequently than once per calendar quarter, to allocate the balances to eligible participant and beneficiary accounts; provided, however, that with respect to the last quarter of the plan year, the full remaining balance in the revenue credit account (after the payment of plan expenses and reimbursement of the Company for the payment of plan expenses) may be allocated to eligible participant and beneficiary accounts, effective as of the last day of the plan year, without regard to any minimum required balance. The amount received for this credit was \$107,263 for the year ended December 31, 2022, of which no amounts were allocated to participants. Total administrative fees paid from the revenue credit account amounted to approximately \$195,000 for the year ended December 31, 2022. As of December 31, 2022 and 2021, the revenue credit account balance was \$53,045 and \$138,824 respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. The Plan's 401(k) Advisory Panel determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and third party administrators. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

See independent auditor's report.

Forrester Research, Inc. 401(k) Plan & Trust

3. FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.130-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust Company, the Plan's Trustee, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule of assets (held at end of year). The Plan Administrator has obtained certifications from the Trustee for 2022 and 2021 that such information is complete and accurate.

Information certified is as follows:

	2022	2021
Investments at fair value	\$ 267,602,417	\$ 320,629,524
Receivables:		
Notes receivable from participants	1,208,663	1,103,368
Other receivables	671	457
Investment income (loss):		
Net depreciation in fair value of investments	(70,071,381)	
Dividends and interest	11,390,944	
Interest income on notes receivable from participants	55,178	

The Trustee also certified the information included in the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Valuation is based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

See independent auditor's report.

Forrester Research, Inc. 401(k) Plan & Trust

Level 2 – Valuation is based on observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 – Valuation is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using unobservable inputs to pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

In certain cases, inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

Valuation Methodologies

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Reported at fair value using net asset value ("NAV") as a practical expedient. The stable value fund calculates NAV per share in a manner consistent with the measurement principles in FASB Accounting Standards Codification Topic 946 *Financial Services-Investment Companies*. Those measurement principles indicate that, in the determination of a stable value fund's NAV, the relevant measurement is net assets which include the fully benefit-responsive investment contracts held by the fund at contract value. This NAV represents the Plan's fair value since this is the NAV at which the Plan transacts with the fund. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See independent auditor's report.

Forrester Research, Inc. 401(k) Plan & Trust

Investments at Fair Value on a Recurring Basis

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	December 31, 2022			Fair Value
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 257,931,013</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 257,931,013
Collective investment trust, which is an investment measured at net asset value (a)				<u>9,671,404</u>
Total investments at fair value				<u>\$ 267,602,417</u>

	December 31, 2021			Fair Value
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 312,108,929</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 312,108,929
Collective investment trust, which is an investment measured at net asset value (a)				<u>8,520,595</u>
Total investments at fair value				<u>\$ 320,629,524</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments measured at fair value based on the NAV per share as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective investment trust	\$ 9,671,404	n/a	Daily	30 days (b)
<u>December 31, 2021</u>				
Collective investment trust	\$ 8,520,595	n/a	Daily	30 days (b)

- (b) Withdrawals for benefit payments and participant transfers to noncompeting investment options shall be made within 30 days after written notification. Withdrawals other than the above require 12 months written notice.

See independent auditor's report.

Forrester Research, Inc. 401(k) Plan & Trust

5. TAX STATUS

The Plan adopted the Fidelity non standardized prototype plan which received an opinion letter from the Internal Revenue Service (“IRS”) dated March 31, 2014, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (“IRC”). Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the Department of Labor (“DOL”). The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to examinations for years prior to December 31, 2019.

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of funds managed by Fidelity Investments. Fidelity Investments and Fidelity Workplace Services LLC, recordkeeper, are related parties to the Trustee, Fidelity Management Trust Company. Therefore, these transactions and fees paid to the recordkeeper for administration of notes receivable from participants, which amounted to approximately \$49,000 for the year ended December 31, 2022, qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions. Fees paid for investment management services are included as a reduction of the return earned by each mutual fund.

Certain fees incurred by the Plan are paid through a revenue credit program (see Note 1) and amounted to approximately \$167,820 for the year ended December 31, 2022. Income received from the revenue credit program is reported as revenue credit on the Statement of Changes in Net Assets Available for Benefits.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

See independent auditor’s report.

Forrester Research, Inc. 401(k) Plan & Trust

8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 2, 2023, which is the date the financial statements were available to be issued. There were no subsequent events that require adjustment to or disclosure in the financial statements.
