Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Magid Glove and Safety Manufacturing Company, LLC 401(k) and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Magid Glove and Safety Manufacturing Company, LLC 401(k) and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Magid Glove and Safety Manufacturing Company, LLC 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Magid Glove and Safety Manufacturing Company, LLC 401(k) and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Magid Glove and Safety Manufacturing Company, LLC 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Magid Glove and Safety Manufacturing Company, LLC 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) and Profit Sharing Plan
Notes to Financial Statements

Note 1: Description of Plan

The following description of the Magid Glove and Safety Manufacturing Company, LLC 401(k) and Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, as most recently amended and restated effective January 1, 2022, is a defined contribution plan covering all eligible employees of Magid Glove & Safety Manufacturing Company, LLC and Magid Manufacturing Co., Inc. (collectively the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Charles Schwab Trust Bank is the Custodian of the Plan's investments and Schwab Retirement Plan Service, Inc. is the Plan's recordkeeper and third-party administrator.

Eligibility

Employees are eligible to participate in making salary-deferral contributions to the Plan on their date of hire, provided the employee is not a union employee, is not a nonresident alien, and is not a leased employee.

Participants are eligible for Company matching and profit-sharing contributions following completion of at least 1,000 hours of service, as defined in the Plan, and upon being actively employed on the last day of the Plan year. A participant's account will share in Company matching and profit-sharing contributions in the event of the participant's death during the plan year.

Participants Contributions

Salary-deferral contributions: Each year, participants may contribute a portion of annual compensation, as defined in the Plan, as either a pretax or after tax Roth deferral, up to the maximum allowed by the Internal Revenue Code (IRC). Effective September 1, 2022, newly eligible employees who do not elect an initial deferral rate or do not opt out of Plan participation are automatically enrolled in the Plan at a 3% pretax deferral rate into the Plan's qualified default investment alternative, until changed by the participant.

Catch-up deferral contributions: Each year, participants over age 50 may elect to make catch-up contributions up to the maximum allowed by the IRC.

Rollover and transfer contributions: Participants may also contribute amounts representing distributions from other qualified plans.

Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan.

Note 1: Description of Plan (Continued)

Company Contributions

Matching contributions: The Company may make discretionary matching contributions on behalf of each participant in an amount equal to a percentage of the participant's deferral contributions during the Plan year, as determined annually by the Company's board of directors. For 2022, matching contributions equaled 25% of a participant's salary-deferral contribution, not to exceed $750 per participant. Matching contributions for the year ended December 31, 2022 totaled $188,450.

Profit-sharing contribution: The Company may also make a discretionary profit-sharing contribution, as determined by its board of directors, to be allocated to participants in proportion to a participant's compensation. The discretionary profit sharing contribution totaled $1,507,672 for the year ended December 31, 2022.

Special contribution: The Company may also make a special contribution, which is nonelective and only allocated to certain non-highly compensated participants. The amount of this contribution shall not exceed the maximum annual addition that can be allocated to a participant's account for that year, reduced by all other annual additions. The special contribution for the year ended December 31, 2022 totaled $171,950.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and the Company's matching contribution and allocations of (a) the Company's discretionary profit-sharing and special contributions; (b) reallocations of forfeitures, if any; and (c) Plan earnings (losses). Additionally, each participant's account is charged with an allocation of administrative expenses. Allocations are based on a participant's compensation, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions, Company matching and special contributions, and rollover contribution accounts, plus actual earnings (losses) thereon. Vesting in the Company's discretionary profit-sharing contribution portion of their accounts, plus actual earnings (losses) thereon, is based on years of continuous service. Participants vest at a rate of 20% per year beginning in year 2, with a participant being 100% vested after six years. Participants are immediately fully vested upon normal retirement (age 62), death, or permanent disability.

Note 1: Description of Plan (Continued)

Forfeitures

At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately $9,300 and $9,100, respectively. These accounts will first be used to restore prior forfeitures of a former participant if that participant resumes employment with the Company prior to incurring a "break in service," as defined. They may then be used to reduce future Company contributions, be reallocated to participants as Company contributions, or to pay administrative expenses of the Plan in accordance with the Plan document. Forfeitures of $128,826 were used to reduce the 2022 discretionary Company profit-sharing contribution that were paid in 2023.

Notes Receivable From Participants

Plan participants may borrow from their accounts a minimum of $1,000, up to a maximum equal to the lesser of $50,000, less their highest outstanding note amount during the prior 12 months, or one-half of their total vested account balance in the Plan. A participant may have only two notes outstanding at any given time. Notes are repaid, with interest, through equal payroll deductions over a term of one to five years, unless the borrowings are used to acquire a principal residence, at which time the note can be repaid over a reasonable period of time not to exceed thirty years. The notes are secured by the vested balance in the participant's accounts. The interest rate is determined by the Plan administrator based on the prime lending rate offered by a qualifying financial institution for a similar type of note. The interest rates on outstanding notes receivable from participants ranged from 3.25% to 7.00% as of December 31, 2022.

Payment of Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump sum. In addition, hardship distributions out of the participant's vested account balance are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2. At December 31, 2022 and 2021, there were no amounts owed to former participants whose employment had been terminated and who requested payout.

CARES Act

The Plan has adopted certain provisions of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") that was signed into law on March 27, 2020, which were immediately available, for Coronavirus-related distributions, suspended participant loan payments and increased loan limits, and waiver of required minimum distributions that were due during 2020. Written amendments to the Plan to reflect these operational changes were adopted by the Plan as part of the restatement on January 1, 2022.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees may be deducted from the proceeds of the loan and recorded as administrative expenses when incurred and/or charged to a participant account. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the Plan document.

Excess Contributions Payable

At December 31, 2022 and 2021, amounts payable to participants totaling $31,881 and $35,167, respectively, for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) were recorded as a liability with the corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants in April 2023 and the 2021 excess contributions to applicable participants in March 2022.

Note 2: Summary of Significant Accounting Policies (Continued)

Payment of Benefits

Benefit payments are recorded when paid.

Administrative Expenses

Plan expenses directly attributable to a participant, such as loan fees and withdrawal fees, are paid by the applicable participant. Investment advisory and certain administrative expenses are paid with forfeitures, Plan assets, or by the Company. Expenses paid by the Company are excluded from these financial statements. Investment related expenses are charged to the Plan as a reduction of investment return and included in net depreciation in fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2023, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no Plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Fair values are based on NAV of $1 per share at year-end.

Note 3: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022 and 2021. Classifications within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2022

Total investment assets at fair value	$ 55,884,835	$ -	$ -	$ 55,884,835

Note 4: Information Prepared and Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Charles Schwab Trust Bank (CSB), the Custodian of the Plan.

Note 5: Related-Party and Party-in-Interest Transactions

The Plan invests in shares of mutual funds issued by CSB, and all investments are held by CSB, the Custodian, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions. These transactions are not considered prohibited transactions under the ERISA regulations. Fees paid by the Plan for investment advisory and other administrative expenses amounted to $88,424 for 2022. In addition, certain administrative functions are performed by trustees of the Plan or employees of the Company for which no compensation is received from the Plan for their services.

Note 5: Related-Party and Party-in-Interest Transactions (Continued)

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company profit-sharing contributions. Any unallocated assets of the Plan would be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 7: Tax Status

Effective January 1, 2022, the Company adopted a restated and amended Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan ("Prototype Plan") sponsored by Schwab Retirement Plan Services, Inc (Note 1). The Prototype Plan obtained its latest determination letter on September 21, 2020, in which the (IRS) stated that the Prototype Plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has not requested its own IRS determination letter. The Plan has been amended since receiving the determination letter; however, the Plan administrator believes the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
