INDEPENDENT AUDITOR'S REPORT

Plan Administrator and Management
Wolter Inc. Salary Savings Plan
Brookfield, Wisconsin

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of **Wolter Inc. Salary Savings Plan** (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – *Supplemental Schedule(s) Required by ERISA*

The supplemental schedule of assets held for investment purposes at the end of the year – Schedule H, Line 4i as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is/are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Wolter Inc. Salary Savings Plan Notes to the Financial Statements

1. Description of Plan

The following brief description of the Wolter Inc. Salary Savings Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was established on December 31, 1975, by the adoption of the Wolter Inc. Salary Savings Plan agreement. The agreement created a defined contribution savings plan which qualifies for exemption from income tax under Section 401 of the Internal Revenue Code (IRC). The name of the Plan was changed effective January 1, 2022, from the Wisconsin Lift Truck Corporation Salary Savings Plan to the Wolter Inc. Salary Savings Plan in conjunction with the Plan sponsor's corporate name change.

General – The Plan is a single employer plan and covers all employees who have attained the age of 18 except for employees covered by collective bargaining agreements. For purposes of salary reduction contributions, an employee becomes eligible on the first day of the payroll period following the date which is 30 days after date of employment. For purposes of the employer matching contribution, an employee becomes eligible on the first entry date (January 1, April 1, July 1, or October 1) following the date he/she is credited with one year (1,000 hours) of eligible service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Eligible employees may contribute the maximum allowed by current Internal Revenue Service (IRS) guidelines for approved plans which is \$20,500 for 2022. In addition, employees over age 50 may contribute an additional \$6,500 catch-up contribution in 2022. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollover). As of January 1, 2009, the Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent (2 percent for participants who became eligible between January 1, 2009 and December 31, 2013) of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. For participants enrolled in the automatic increase program, their deferral amount will automatically increase in future years by 1 percent of compensation up to the maximum as defined by the Plan or federal law. At its sole discretion, the employer may contribute a profit-sharing match. The Company contributed \$968,056 for the year ended December 31, 2022.

Participant Accounts – Each participant's account is credited with the participant's pre-tax and/or after-tax salary reduction contributions, rollover contributions, an allocation of the Company's contributions, and Plan earnings and charged with an allocation of administrative expenses and Plan losses. Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (cont'd)

Participant Accounts (cont'd)

Participants direct the investment of their contributions and allocations of employer contributions into various investment options offered by the Plan. The Plan currently offers several investment options.

Notes Receivable From Participants – Participants may, subject to certain conditions and limitations, borrow from the Plan an amount not exceeding 50% of the vested portion of the participant's account. The aggregate outstanding balance of all loans from this Plan is limited to the lesser of \$50,000 or 50% of the vested portion of the participant's account under the Plan. The maximum number of loans a participant may have outstanding at any specific date is one. The term of loan repayment shall not exceed 5 years or up to 30 years for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account, and bear interest at a fixed rate commensurate with the prime rate, as published in the Wall Street Journal, plus one percent. At December 31, 2022 and 2021, interest rates ranged from 4.25% to 9.25% with maturities through August 2051. Principal and interest is paid ratably through payroll deductions.

Vesting – Participants are immediately 100% vested in their salary reduction contributions and rollover contributions, including the earnings attributable to them. Participants who leave the Plan because of death, normal retirement, or disability retirement, as defined in the Plan are considered 100% vested in their account balance related to Company contributions. If a participant terminates employment for any other reason, his/her Company contribution balance vests in accordance with provisions of the Plan as follows:

<u>Vesting Year of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1	10%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Forfeited Accounts – Any amounts which become forfeitures are used to pay administrative expenses incurred by the Plan. The portion of the forfeiture account which is not used to pay administrative fees will be allocated first to restore any balance for eligible former participants who again become participants, then to reduce any employer matching contributions. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$13,284 and \$9,904, respectively. Forfeited non-vested amounts of \$9,904 were used to reduce employer contributions in 2022.

1. Description of Plan (cont'd)

Payment of Benefits – Benefits may be paid to the participant or beneficiary upon death, disability, retirement, or termination of employment, as defined in the Plan agreement. The Plan provides for normal retirement at age 65. The total vested portion of a participant's account balance is distributed in the form of a lump-sum payment, installments, or an eligible rollover distribution. Participants experiencing financial hardship may withdraw a portion or all of the vested account balance as defined in the Plan.

Termination of Plan – Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Plan Amendment – On March 27, 2020, President Trump signed into law the Coronavirus Aid, Relief, and Economic Security Act, (CARES Act). The Plan adopted an amendment to address the provisions of the CARES Act. As a result, changes were made related to Plan withdrawals and loans to participants, for impacted participants, their spouse and dependent(s) who have been diagnosed with virus SARS-CoV-2 or with COVID-19, as well as participants that have experienced adverse financial consequences. The changes applicable to the Plan are summarized below:

- Impacted participants may receive up to \$100,000 in aggregate withdrawals before December 31, 2020.
- 10% penalty tax for early withdrawal is waived.
- Mandatory 20% withholding on distributions will not apply.
- No limit to the number of withdrawals an impacted participant can make.
- Repayment of withdrawal amount is permitted if repayment occurs within three years of the distribution.
- Impact participants may borrow up to the lesser of \$100,000 or 100% of their vested balance for 180 days beginning March 27, 2020.
- Impacted participant loan payments due from March 27, 2020 through December 31, 2020, including those due following a severance from employment, may be delayed for one year.
- Required Minimum Distribution (RMD) rules for distributions required for the 2020 calendar year are temporarily waived.

On August 3, 2022, the IRS issued Notice 2022-33, which extends the deadlines for qualified retirement plans to adopt amendments reflecting certain optional and required changes under the SECURE, CARES, and Miners Acts. Plan sponsors of defined contribution plans generally have until December 31, 2025, to amend their plans if they took advantage of benefit changes permitted by these laws, including changes allowed by the CARES as part of COVID-19 relief. The Plan will formally adopt an amendment to address these changes at a later date in accordance with applicable law and IRS guidance.

2. Summary of Accounting Policies

Basis of Accounting – The financial statements of the Plan have been prepared under the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Certain administrative functions are performed by officers and employees of the Plan sponsor. No such officer or employee receives compensation from the Plan.

Subsequent Events – The Plan has evaluated subsequent events through October 2, 2023, the date the financial statements were available to be issued.

3. Information Prepared and Certified by Custodian

The Company, acting in its capacity as the Plan administrator, has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of the unaudited information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Matrix Trust Company, the custodian of the Plan, and furnished to the Company.

The Company has obtained a certification from the Custodian as of December 31, 2022 and December 31, 2021, and for the year ended December 31, 2022, that such information is complete and accurate.

	<u>2022</u>	<u>2021</u>
Investments, at fair value	\$ 35,023,607	\$ 42,452,527
Dividends	305,405	
Net depreciation in fair value of investments	(6,646,130)	

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Valuations are based on unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 – Valuations are based on quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, and model-derived valuations whose significant inputs are observable.

Level 3 – Valuations are based on unobservable inputs for the asset or liability that reflect the reporting entity's own data and assumptions that market participants would use in pricing the asset or liability. These unobservable inputs are significant to the fair value measurement.

Wolter Inc. Salary Savings Plan
Notes to the Financial Statements (cont'd)

4. Fair Value Measurements (cont'd)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Shares of registered investment companies are reported at fair value based on the quoted market price of the fund which represents the net asset value of the shares held by the Plan at year end. Collective investment funds are valued based on information reported by the investment advisor using the price quoted from the fund representing the fair value of the underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The collective investment funds consist of Retirement Advocate Funds, Lifestyle Funds and a stable value fund.

Retirement Advocate Funds are diversified asset allocation funds that maintain specific levels of risk and return. Moving from Conservative to Aggressive, each fund will increase the level of risk and the allocation to equities and alternative assets, increasing generally in 20 percent increments to a maximum of 100 percent allocation in the Aggressive Fund. As financial markets and holdings fluctuate in value, each fund is rebalanced to maintain its target asset allocation mix. The balance of these funds at December 31, 2022 and 2021, was \$18,883,747 and \$23,293,656, respectively. Funds can be redeemed daily.

Lifestyle Funds are designed as a single investment portfolio that adjusts asset allocation over time to better match the assumed changing risk tolerances and return objectives of investors over their expected investment horizon. The Funds may diversify holdings by investing in assets across a variety of asset classes, including, but not limited to, domestic equity, international equity, emerging markets equity, global real estate, commodities, intermediate-term bond, cash and inflation-protected bonds. With the goal of becoming more conservative over time, the Funds are rebalanced annually, to reduce equity and increase fixed income and cash equivalents allocations until the Funds reach a policy allocation, defined as 25 percent equity and 75 percent fixed income and cash equivalents. At that time, the allocation is intended to remain static. The balance of these funds at December 31, 2022 and 2021, was \$5,072,216 and \$5,353,268, respectively. Funds can be redeemed daily.

Wolter Inc. Salary Savings Plan
Notes to the Financial Statements (cont'd)

4. Fair Value Measurements (cont'd)

The stable value fund is designed for a moderate level of stable income without principal volatility. The fund invests in investment contracts and security-backed contracts. An investment contract is a contract issued by a financial institution to provide a stated rate of return to the buyer of the contract for a specified period of time. A security-backed contract has similar characteristics to a traditional investment contract and is comprised of two parts: the first part is a fixed-income security or portfolio of fixed-income securities; the second part is a contract value guarantee provided by a third party. The balance of this fund at December 31, 2022 and 2021, was \$3,249,778 and \$2,440,998, respectively. Funds can be redeemed daily.

Investments measured at fair value on a recurring basis consisted of the following as of December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total Balance
Registered investment companies	\$ 7,605,707	\$ -	\$ -	\$ 7,605,707
103-12 investment entities	212,159	-	-	212,159
	<u>\$ 7,817,866</u>	<u>\$ -</u>	<u>\$ -</u>	<u>7,817,866</u>
Collective investment funds *				<u>27,205,741</u>
Total				<u>\$ 35,023,607</u>

	2021			
	Level 1	Level 2	Level 3	Total Balance
Registered investment companies	\$ 11,106,346	\$ -	\$ -	\$ 11,106,346
103-12 investment entities	258,259	-	-	258,259
	<u>\$ 11,364,605</u>	<u>\$ -</u>	<u>\$ -</u>	<u>11,364,605</u>
Collective investment funds *				<u>31,087,922</u>
Total				<u>\$ 42,452,527</u>

* Collective investment funds that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for plan benefits.

5. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 23, 2011, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC; therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

7. Related Party and Party-In-Interest Transactions

The trustees are not precluded, under contract provisions or by ERISA, from executing investment transactions involving assets under the trustees' control. Fees incurred by the Plan for the investment management services are included in the fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to third parties of \$106,806 which were not covered by revenue sharing. These services included investment advisory, recordkeeping and auditing. Participant loans are considered related party transactions. There were no reportable related party transactions in 2022.
