INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Apex Imaging Services 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Apex Imaging Services 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Apex Imaging Services 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and for the year ending December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Apex Imaging Services 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Apex Imaging Services 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Apex Imaging Services 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Apex Imaging Services 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The Apex Imaging Services 401(k) Plan (the Plan) is a defined contribution plan providing retirement income, disability, termination and death benefits to eligible employees. The Plan was adopted effective January 1, 2022. The Plan is administered by Hughes-Nelson Painting, Inc. DBA Apex Imaging Services (the Company). The Plan is a 401(k) profit sharing plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

A summary of the Plan's major provisions follows. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Eligibility

Employees are eligible to participate in the Plan when they have completed two months of service. There is no age requirement for participation. Participation begins on the first day of the calendar month immediately following the completion of the eligibility requirements.

Contributions

A participant may elect to defer any eligible wages, subject to Internal Revenue Service limitations, up to 100% of gross compensation. Participants age 50 or over may defer additional amounts as catch up contributions. Participant contributions are always 100% vested. The Plan allows 401(k) contributions to be made as Roth contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants of the Plan are eligible to begin receiving an employer matching contribution of up to 2% of the participants eligible compensation on the first day of the calendar month coincident with or next following the date of completion of one year of eligibility service of at least 1,000 hours of service.

The Company may also make a discretionary profit sharing contribution. The Company did not make a profit sharing contribution to the plan for the 2022 plan year.

Subsequent to year end, effective January 1, 2023, the plan has elected for a safe harbor employer matching contribution of up to 100% of the employees contribution not in excess of 4% of the participants eligible compensation. Safe harbor employer matching contributions are 100% vested.

Payment of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability or termination of employment. Participants terminating their employment with the Company or attaining age 65 are entitled to withdraw all of their vested account balance. Hardship distributions are allowed under plan provisions. Upon termination, automatic distributions are required for balances less than $5,000. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum cash distribution or in periodic installments. Benefits under the Plan shall be distributed solely from the assets of the Trust.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's match contribution, (b) plan earnings, and (c) charged with an allocation of administrative expenses and plan investment losses. Allocations are based on participant earnings or account balances, as defined by the plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest previous loan balance. Loan terms will not exceed a repayment period of 5 years. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Notes receivable are available with terms greater than five years only for the purpose to purchase a primary residence.

Vesting

Participants are fully (100%) vested in salary deferrals, rollover contributions, and qualified non-elective contributions. A participants interest in their Employer Matching Contributions will vest based on years of vesting service defined below.

Years of Vesting Service	Vesting Percentage
Less than one year	0%
Less than two years	0%
Two years but less than three years	33%
Three years but less than four years	66%
Four years but less than five years	100%

A participant will become fully (100%) vested upon attainment of normal retirement age, death, or becoming disabled while an employee.

Forfeitures
As of December 31, 2022, there was a balance of $167 in uninvested cash as a result of forfeitures in the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles in the United States (U.S. GAP) requires management to make estimates and assumptions that may affect the reporting amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from such estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Interest income is shown on an accrual basis from notes receivable from participants and investment contracts. Income from the various pooled separate investment accounts is reflected in the change of unit value.

Notes Receivable from Participants
Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Cash and Cash Equivalents
The Plan considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
Plan fees and administrative expenses (exclusive of investment related expenses) are generally paid by the Company. Account maintenance fees and some administrative costs are paid by the Plan.

NOTE 3 - INFORMATION CERTIFIED BY THE CUSTODIAN

For the year ended December 31, 2022, management has elected to have the audit of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements or information related to the certified investment information. Accordingly, John Hancock Life Insurance Company (the asset custodian of the Plan), has certified that the following investment information is complete and accurate:

	December 31, 2022
Pooled separate accounts	$ 259,663
Notes receivable from participants	654
	$ 260,317

	For the year ended December 31, 2022
Interest from notes receivable from participants	$ 24
Net depreciation in fair value of investments	(8,129)
	$ (8,105)

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1:
Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2:
Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from the corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022:

Pooled Separate Accounts: Valued at net asset value (NAV) of shares held by the Plan at year end. The NAV of pooled separate accounts is based upon the market value of the underlying investments and observable inputs. The NAV of pooled separate accounts is classified within Level 2 of the valuation hierarchy because the NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, with the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 259,663	$ -	$ 259,663
Total investments, at fair value	$ -	$ 259,663	$ -	$ 259,663

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain investments are shares of mutual funds managed by John Hancock Life Insurance Company in pooled separate accounts. The Plan issues notes to participants which are secured by the balances in participants' accounts. The Company paid certain administrative expenses of the Plan; including recordkeeping and audit fees. These transactions qualify as party in interest transactions for which a statutory exception exemption exists.

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 7 - TAX STATUS

The Company adopted a Prototype Non-standardized Profits Sharing Plan with CODA (the Prototype Plan) sponsored by Third Party Administrators. The Internal Revenue Service has determined and informed the Trustee by a favorable opinion letter dated June 30, 2020, that the Prototype Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Prototype Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, and therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financials statements.

Accounting principals generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service (IRS). The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

NOTE 9 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 25, 2023, the date the financial statements were available to be issued, and concluded that there were no events that require recording or disclosure in the financial statements as of December 31, 2022.
