INDEPENDENT AUDITOR'S REPORT

To the 401(k) Profit Sharing Plan Committee
Kimray, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kimray, Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Investments

As discussed in Note 5, the financial statements include an investment representing 35% and 31% of total assets as of December 31, 2022 and 2021, respectively, whose fair value has been estimated by an independent appraisal, in the absence of a readily ascertainable fair value, with the assistance of management and approved by the trustees. Because of the inherent uncertainty of the valuation, the estimated value may differ significantly from the value that would have been used had a market for the investment existed, and the difference could be material. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Information Required by ERISA

The supplemental information, schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KIMRAY, INC. 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 1 – Description of the Plan

Kimray, Inc. (the Company or Employer) sponsors the Kimray, Inc. 401(k) Profit Sharing Plan (the Plan). The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of the Company's employees, except for employees of affiliates who have not expressly adopted the Plan, leased or independent contractors, collective bargaining employees, nonresident aliens, and part-time, temporary, or seasonal employees who have not completed 1,000 hours of service during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The 401(k) Profit Sharing Plan Committee, which is a committee appointed by the Company's board of directors, is responsible for the oversight of the Plan. Charles Schwab Trust Bank (the Custodian) serves as the custodian of the Plan and holds the Plan assets, except for the Kimray, Inc. common stock. Milliman, Inc. (Milliman) processes and maintains the records of the participant data.

Eligibility

Nonexcluded employees are eligible to participate in the Plan immediately upon employment with the Company. Participants are automatically enrolled in the Plan on the first available payroll after the effective date of participation.

Contributions

Participants may contribute up to 100% of their compensation, as defined in the Plan document, as either pretax or Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Eligible employees are automatically enrolled in the Plan with a 6% deferral rate. Eligible employees who do not wish to participate in the Plan may affirmatively elect to opt out, or they may elect a different deferral percentage. Deferral rates are increased annually by 1% until 12% is reached, unless the participant elects otherwise.

The Plan provides for Employer safe-harbor matching contributions. The Company's board of directors approved Employer safe-harbor matching contributions of 100% of deferrals up to 3% of a participant's eligible compensation through January 31, 2022. Effective February 1, 2022, the Company's board of directors approved Employer safe-harbor matching contributions of 100% of deferrals up to 6% of a participant's eligible compensation.

Additional amounts may be contributed by the Employer under the Plan's qualified nonelective provisions at the discretion of the Company's board of directors. Employer qualified nonelective contributions of Kimray, Inc. common stock are generally nonparticipant directed and are held in participants' profit sharing accounts. Participants must have worked at least 1,000 hours of service during the Plan year and be actively employed, retired, or disabled as of the last day of the Plan year in order to be eligible for an

allocation of Employer qualified nonelective contributions. Allocations of Employer qualified nonelective contributions are made in the same proportion that each participant's compensation bears to the total compensation for all eligible participants. There were no Employer qualified nonelective contributions for the year ended December 31, 2022.

In addition, amounts may be contributed by the Employer under the Plan's special nonelective provisions at the discretion of the Company's board of directors or its delegates as a special nonelective contribution. Employer special nonelective contributions are allocated to each participant in the same proportion that each participant's compensation bears to the total compensation of all eligible participants on a quarterly or annual basis, as determined by the board of directors or its delegates. Employer special nonelective contributions for the year ended December 31, 2022, were \$1,000,000.

Participants direct the investment of their contributions into various investment options offered by the Plan, except for Kimray, Inc. common stock and the Vanguard Federal Money Market Fund, which are nonparticipant directed. Contributions are subject to certain limitations of the Internal Revenue Code (the Code).

Participant accounts

Each participant's account is credited with participant contributions, Employer safe-harbor matching contributions, and allocations of Employer nonelective and special nonelective contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, Employer safe-harbor matching contributions, and Employer special nonelective contributions plus actual earnings thereon. Vesting in Employer nonelective contributions is based upon years of continuous service as follows:

<u>Years of service</u>	<u>Vesting percentage</u>
Less than two years	0%
Two, but less than three	20%
Three, but less than four	40%
Four, but less than five	60%
Five, but less than six	80%
Six years or more	100%

Participants automatically become 100% vested upon normal retirement (attainment of age 65), disability, or death. Participants who terminate for any other reason are entitled to the vested amount of their accounts.

Notes receivable from participants

Participants may borrow from their vested accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance on the date of the loan or at any time during the preceding 12-month period, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.50%, which is based on prime rate plus 2% on the date of origination. Participants may have only one loan outstanding at any given time. Terms range from one to five years or up to ten years for the purchase of a primary residence. Principal and interest is paid ratably through payroll deductions.

Payment of benefits

Upon retirement, termination, disability, or death, a participant, or his or her beneficiary in the event of death, may elect to receive a partial payment or a lump-sum amount equal to the value of the participant's vested interest in his or her account. Distributions are made in cash. The amount to be distributed from the participant's profit sharing account, which primarily holds Kimray, Inc. common stock, is based upon the valuation preceding the distribution. Additionally, participants may take in-service distributions upon reaching age 59½. Upon termination, automatic distributions are required for balances of less than \$1,000. The Plan allows hardship withdrawals, subject to account balance limits and applicable laws.

Participants who were automatically enrolled in the Plan have the option to withdraw their deferrals without penalty within 90 days of their automatic enrollment date.

Voting rights

The Plan holds 7,310 shares of Kimray, Inc. common stock, of which 23 shares are voting stock and 7,287 shares are nonvoting stock. The Plan's trustees exercises the voting rights attributable to those voting shares owned by the Plan on behalf of the collective best interest of Plan participants and their beneficiaries.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Kimray, Inc. common stock into investments which are more diversified. Participants who are at least age 60 may elect to diversify up to 50%, and participants who have reached aged 65 or older may diversify up to 100% of their investment in Kimray, Inc. common stock into other investment options offered by the Plan.

Forfeitures

Forfeitures are first used to restore participant balances previously forfeited, and any remaining forfeitures may be used to pay Plan administrative expenses, to reduce Employer contributions, or may be allocated as an additional discretionary contribution. The Plan had \$115,642 and \$17,842 in unallocated forfeitures as of December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, forfeitures in the amount of \$20,084 were used to pay Plan administrative expenses.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan assets. Investment expenses netted against investment income represent amounts associated with the net expense ratios of the investments in the Plan's fund lineup. The Plan participates in an agreement with Milliman, where excess revenue may be returned and deposited into an unallocated spending account. The amounts in the unallocated spending account are used to pay reasonable and necessary Plan expenses. As of December 31, 2022, there were no funds in the unallocated spending account. During the year ended December 31, 2022, the Plan used approximately \$9,900 from the unallocated spending account to pay certain Plan administrative expenses.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates

The preparation of the financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The 401(k) Profit Sharing Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, the Custodian, and an independent appraiser. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan document.

Payment of benefits

Benefit payments are recorded when paid. There were no benefits requested before year-end that were not paid.

Subsequent events

The Plan administrator has evaluated subsequent events through September 28, 2023, the date the financial statements were available to be issued.

Note 3 – Information Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate:

- Investments, except for Kimray, Inc. common stock, and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net investment activity, except for the activity of Kimray, Inc. common stock, and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022;
- Investment information, except for Kimray, Inc. common stock, included in the footnotes and on the supplemental schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental information.

Note 5 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used as of December 31, 2022 and 2021. During the year ended December 31, 2022, there were no transfers of financial instruments into or out of Level 3. Following is a description of the valuation methodologies used for assets measured at fair value:

Kimray, Inc. common stock – The fair value of Company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a 90% weighted income approach and 10% weighted market approach. The appraiser took into account historical and projected cash flows and net income, return on assets, return on equity, market comparables, and fair value of Company assets and liabilities. The investment in Company stock represents 35% and 31% of total assets as of December 31, 2022 and 2021, respectively.

The valuation process involves Plan management's selection of an independent appraiser. Plan and Company management accumulate the data for the appraiser from the audited financial statements of the Company, as well as completing interviews with the appraisal team. The appraiser prepares a preliminary report which Company management reviews in detail, discusses, and approves.

Collective investment trusts – Valued at the net asset value (NAV) of units of the collective investment trust. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. There are no unfunded commitments relating to the collective investment trust as of December 31, 2022.

Mutual funds – Valued at quoted market prices, which represent the NAV of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31:

	Fair value measurements as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Kimray, Inc. common stock	\$ -	\$ -	\$ 26,264,830	\$ 26,264,830
Mutual funds	32,270,976	-	-	32,270,976
Total assets in the fair value hierarchy	<u>\$ 32,270,976</u>	<u>\$ -</u>	<u>\$ 26,264,830</u>	58,535,806
Investments measured at NAV*				<u>14,160,138</u>
Total investments at fair value				<u>\$ 72,695,944</u>

	Fair value measurements as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Kimray, Inc. common stock	\$ -	\$ -	\$ 22,690,240	\$ 22,690,240
Mutual funds	30,130,030	-	-	30,130,030
Total assets in the fair value hierarchy	\$ 30,130,030	\$ -	\$ 22,690,240	52,820,270
Investments measured at NAV*				18,130,629
Total investments at fair value				\$ 70,950,899

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

The following table sets forth a summary of change in the fair value of the Plan's Level 3 assets for the year ended December 31, 2022:

	Kimray, Inc. common stock
Balance, beginning of year	\$ 22,690,240
Unrealized gain relating to instruments still held at the reporting date	3,574,590
Balance, end of year	\$ 26,264,830
The amount of total gain for the period attributable to the changes in unrealized gains (losses) relating to assets still held at the reporting date	\$ 3,574,590

Realized and unrealized gains (losses) included in changes in net assets available for benefits for the period above are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits.

Note 6 – Dividends on Company Common Stock

The Company declared and paid dividends of \$39.67 per share in June 2022, and \$45.57 per share in September 2022, for a total of \$623,104 for the year ended December 31, 2022. The Company declared a dividend of \$158.63 per share in December 2022, totaling \$1,159,585, which was paid in January 2023. Dividends are allocated among participants based on the value of their investment in Kimray, Inc. common stock.

Note 7 – Related Party and Party-in-Interest Transactions

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services. Certain administrative expenses, totaling approximately \$27,000, were paid by the Company on behalf of the Plan for the year ended December 31, 2022. The Company does not expect reimbursement from the Plan for these expenses.

The Plan holds Kimray, Inc. common stock. Certain investments are managed by the Custodian. The Plan also holds notes receivable from participants. These transactions qualify as party-in-interest transactions.

Certain fees incurred by the Plan are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Employer contribution portion of their accounts.

Note 9 – Tax Status

The Company adopted a Preapproved Defined Contribution Plan (the Preapproved Plan) sponsored by FIS Business Systems LLC. The Internal Revenue Service has determined and informed the Preapproved Plan sponsor by a favorable opinion letter dated June 30, 2020, that the Preapproved Plan is designed in accordance with the applicable sections of the Code. The Preapproved Plan's opinion letter is being relied on by the Plan. Although the Plan has been amended since receiving the opinion letter, Plan management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Unrelated business income tax is paid on Kimray, Inc. common stock held by the Plan.

Note 10 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported on the statements of net assets available for benefits.

The Plan is exposed to concentration risk in that Kimray, Inc. common stock represents 35% and 31% of the Plan's net assets available for benefits as of December 31, 2022 and 2021, respectively. Further, Kimray, Inc. common stock is exposed to various risks such as interest rate, market, and credit risks, as well as valuation assumptions based on earnings, cash flows and/or other such techniques. The primary liquidity of the Kimray, Inc. common stock comes from the Plan's share of dividends on the Kimray, Inc. common stock or additional Employer cash contributions to the Plan. The value of the Kimray, Inc. common stock has been estimated by an independent appraiser, in the absence of readily ascertainable market values. Because of the inherent uncertainty of the valuation, those estimated values may differ significantly from the values that would have been used had a ready market for those securities existed, and the differences could materially affect the amounts reported on the statements of net assets available for benefits.

Note 11 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 74,629,652	\$ 72,473,576
2021 Unrelated business income tax receivable	-	(319,762)
Net assets available for benefits per Form 5500	<u>\$ 74,629,652</u>	<u>\$ 72,153,814</u>

The following is a reconciliation of the change in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2022:

Net increase in net assets available for benefits per financial statements	\$ 2,156,076
Unrelated business income tax for 2021	<u>319,762</u>
Net income per Form 5500	<u>\$ 2,475,838</u>
