Report of Independent Auditors

Equinor US Holdings Inc. Fiduciary Committee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Equinor US Holdings Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to

those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment

information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Equinor US Holdings Inc. 401(k) Retirement Plan (the Plan) provides general information about the Plan's provisions. Equinor US Holdings Inc. is the plan sponsor. Equinor US Operations LLC is an affiliated company of the Plan. Equinor US Holdings Inc. and the affiliated company are heretofore referred to as the "Company". Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan covering all eligible employees of the Company. Eligible employees have the option to enroll in the Plan once they have attained 21 years of age and have met all other eligibility requirements set forth in the Plan.

The Equinor US Holdings Inc. Fiduciary Committee (the Committee) is responsible for the general administration of the Plan. T. Rowe Price Trust Company (TRP) is the trustee of the Plan. T. Rowe Price Retirement Plan Services Inc. is the recordkeeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Participants may elect to make pretax deferral contributions of up to 75% of their eligible annual compensation as defined in the Plan. The Plan also allows employees to elect to make Roth contributions on an after-tax basis. If an eligible employee has not executed a deferral agreement or an affirmative election not to make deferral contributions within 30 days from first entry date into the Plan, the employee will be automatically enrolled at a 6% pretax contribution.

Automatic escalation of participant deferral percentages is applied on an annual basis in 1% increments capped at a maximum of 15%. Participants have the option to opt-out of the escalation.

Participants who have attained age 50 or older prior to the end of the calendar year are eligible to make catch-up contributions. Participants may also make rollover contributions representing distributions from other qualified plans. The Company makes matching contributions for eligible participants equal to 100% of his or her elective deferrals, not to exceed 6% of his or her compensation.

Notes to Financial Statements

(Dollars in thousands unless otherwise indicated)

1. Description of Plan (continued)

All contributions are subject to certain limitations of the Internal Revenue Code of 1986, as amended (IRC).

Participants direct all contributions into various investment options offered by the Plan. If a participant does not affirmatively elect an investment allocation, his or her contributions are invested in the T. Rowe Price Retirement Trust Fund with a target date that is closest to the year the employee turns 65. The allocation will remain in place until the participant changes his or her election.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and allocations of Plan earnings or losses. Plan earnings or losses are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching contributions and related earnings is based on years of credited service as defined by the Plan. A participant is immediately vested 20% upon participation in the Plan. A participant continues to vest 20% per year, becoming fully vested after four years of service.

If the participant terminates employment with the Company as a result of death, disability or early retirement, as defined by the Plan, the matching contributions credited to the participant's account will immediately become fully vested.

Participant Loans

Participants may borrow from their accounts up to the lesser of \$50 or 50% of their vested account balance, but not less than \$1. Loan terms range from one to five years or more than five years for the purchase of a primary residence. The \$50 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. A participant may not have more than two loans outstanding at any point in time. The loans bear interest at a rate commensurate with the Prime rate at date of issuance, as published by the Wall Street Journal, plus 2%. Principal and interest are paid ratably through biweekly payroll deductions. All loan originations are subject to a \$50 (in dollars) fee that will be withdrawn from the participant's account at the time the loan is initiated. Additionally, as part of the Committee's annual renegotiation of plan administrative fees, the new fee structure includes a \$25 (in dollars) annual loan maintenance fee for loans.

(Dollars in thousands unless otherwise indicated)

1. Description of Plan (continued)

Benefit Payments

Upon separation from service with the Company due to death, disability, retirement or termination, a participant whose vested account balance exceeds \$1 may elect to receive a lump-sum distribution or maintain his or her holdings within the Plan. A participant whose vested account balance is \$1 or less will automatically receive an immediate lump-sum distribution equal to his or her vested account balance.

In-service withdrawals are available in certain limited circumstances as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial burden as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Services (IRS), and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal.

Forfeitures

At December 31, 2022 and 2021, total forfeited nonvested account balances were \$31 and \$52, respectively. These amounts will generally be used to reduce employer contributions and/or pay plan expenses. In 2022, \$109 of the forfeited nonvested account balances were used to fund employer contributions.

Expenses

Certain administrative expenses of the Plan are paid by the Company. Administrative expenses paid by the Plan include recordkeeping and trustee fees. Expenses relating to purchases, sales or transfers of the Plan's investments are charged to the particular investment fund to which the expenses relate. For participants with a self-directed brokerage account, any related administrative fees will be paid directly from the participant's account.

Certain investment-related expenses are presented as a reduction of net appreciation/(depreciation) in fair value of investments.

TRP will deduct a flat administrative fee from each participant on a quarterly basis. These administrative fees are recorded as administrative expenses.

TRP will also credit back any investment-related expenses paid to TRP to participants who incurred these expenses consistent with the revenue credit program.

As part of the Committee's annual renegotiation of plan administrative fees, the fee structure includes a \$25 (in dollars) distribution fee applicable to lump sum and partial distributions. The distribution fee does not apply to installments, required minimum distributions and hardship withdrawals.

1. Description of Plan (continued)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policy

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (US GAAP). Benefit payments are recorded when paid.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of the financial statements in conformity with US GAAP requires management to make estimates that affect the reported amounts in the financial statements and accompanying notes to financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). The Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provides for investments in various securities that, in general, are exposed to various risks such as interest rate, market volatility and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Equinor US Holdings Inc. 401(k) Retirement Plan

Notes to Financial Statements

(Dollars in thousands unless otherwise indicated)

2. Summary of Significant Accounting Policy (continued)

Notes Receivable from Participants

Participant loans are recorded on the financial statements as notes receivable from participants at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Loan processing fees are paid out of participants' loan proceeds. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan is reduced and a benefit payment is recorded.

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measure in its entirety. The following is a description of the valuation techniques and inputs used for each general type of investment measured at fair value by the Plan.

Equinor US Holdings Inc. 401(k) Retirement Plan

Notes to Financial Statements

(Dollars in thousands unless otherwise indicated)

3. Fair Value Measurements (continued)

Common and preferred stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

Self-directed brokerage account: Plan participants have access to common stock, preferred stocks, limited partnerships, and cash equivalents that are valued at the closing price reported on the active market on which the individual securities are traded. The limited partnerships included in the self-directed brokerage account are publicly held and thus are Level 1 in the fair value hierarchy.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are valued at the NAV of shares held by the Plan at year-end.

Common collective trust funds: Valued at readily determinable fair value of shares held by the Plan at year-end. The CCTs publish a daily NAV which is available to the Plan and its participants.

The Plan determined that the investments in CCTs have a readily determinable fair value because the investments are equity securities in a structure similar to a mutual fund in which the fair values per unit are determined and published and are the basis for current transactions. The Plan measures the investments at the published NAV because it concludes that it represents the price at which the investments would be sold in transactions between independent market participants. Therefore, the Plan includes the CCTs in its fair value measurement disclosures, including the fair value hierarchy table.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used or transfers between levels at December 31, 2022 and 2021.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments carried at fair value:

4. Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2022, and net appreciation/(depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by TRP, the trustee of the Plan.

5. Related Party Transactions

Certain investments of the Plan are managed by TRP, the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules under ERISA.

6. Income Tax Status

The underlying pre-approved plan has received an opinion letter from the IRS dated August 19, 2020 stating that the written form of the underlying pre-approved document is qualified under Section 401 of the IRC. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the IRC, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Subsequent Events

Plan management has evaluated subsequent events through October 2, 2023, the date the financial statements were available to be issued.
