Department of the Treasury
Internal Revenue Service

Department of Labor
Employee Benefits Security
Administration

Pension Benefit Guaranty Corporation

Annual Return/Report of Employee Benefit Plan

This form is required to be filed for employee benefit plans under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and sections 6057(b) and 6058(a) of the Internal Revenue Code (the Code).

▶ **Complete all entries in accordance with the instructions to the Form 5500.**

OMB Nos. 1210-0110
1210-0089

2022

This Form is Open to Public Inspection

Part I Annual Report Identification Information

For calendar plan year 2022 or fiscal plan year beginning 01/01/2022 and ending 12/28/2022

- A** This return/report is for:
 - a multiemployer plan
 - a single-employer plan
 - a multiple-employer plan (Filers checking this box must attach a list of participating employer information in accordance with the form instructions.)
 - a DFE (specify) _____
- B** This return/report is:
 - the first return/report
 - the final return/report
 - an amended return/report
 - a short plan year return/report (less than 12 months)
- C** If the plan is a collectively-bargained plan, check here. ▶
- D** Check box if filing under:
 - Form 5558
 - automatic extension
 - special extension (enter description)
 - the DFVC program
- E** If this is a retroactively adopted plan permitted by SECURE Act section 201, check here. ▶

Part II Basic Plan Information—enter all requested information

1a Name of plan <u>AMERICAN GAS ASSOCIATION RETIREMENT INCOME PLAN</u>	1b Three-digit plan number (PN) ▶ <u>001</u>
	1c Effective date of plan <u>03/01/1960</u>

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) Unmodified (2) Qualified (3) Disclaimer (4) Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) DOL Regulation 2520.103-8 (2) DOL Regulation 2520.103-12(d) (3) neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: RSM US LLP

(2) EIN: 42-0714325

d The opinion of an independent qualified public accountant is **not attached** because:

(1) This form is filed for a CCT, PSA, or MTIA. (2) It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a		X	

		Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.).....	4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.).....	4d		X	
e Was this plan covered by a fidelity bond?.....	4e	X		5000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?.....	4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?.....	4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.).....	4i		X	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.).....	4j	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?.....	4k	X		
l Has the plan failed to provide any benefit when due under the plan?.....	4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.).....	4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.....	4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year?..... Yes No
 If "Yes," enter the amount of any plan assets that reverted to the employer this year 3496632.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) Yes No Not determined
 If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 471216.

RSM US LLP

Independent Auditor's Report

Retirement & Investment Committee
The American Gas Association Retirement Income Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The American Gas Association Retirement Income Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits in liquidation as of December 28, 2022 and December 31, 2021, the related statement of changes in net assets available for benefits in liquidation for the period from January 1, 2022 to December 28, 2022, and year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 28, 2022 and December 31, 2021, and for the period from January 1, 2022 to December 28, 2022, and year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Termination

As discussed in Notes 1 and 7 to the financial statements, the Board of Directors of the Sponsor, adopted a resolution on October 12, 2021, to terminate the Plan effective as of January 5, 2022, and management determined liquidation was imminent as of October 12, 2021. As a result, the liquidation basis of accounting has been used in presenting the 2022 and 2021 financial statements. On December 28, 2022, the Plan's remaining investments were liquidated and all of the Plan's assets were distributed. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of reportable transactions for the period from January 1, 2022 to December 28, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The American Gas Association Retirement Income Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of The American Gas Association Retirement Income Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined benefit plan covering employees of American Gas Association (the Sponsor). The Sponsor's Retirement & Investment Committee is responsible for oversight of the Plan. The Retirement & Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective December 31, 2009, the Plan was closed to newly hired employees. Effective December 31, 2016, future benefit accruals for participants were frozen. Any participant who was on disability and was entitled to receive benefits under the Sponsor's long-term disability plan continued to accrue benefits under the Plan until the earlier of the date their disability ended or December 31, 2016. On October 12, 2021, the Board of Directors of the Sponsor passed a resolution to terminate the Plan effective January 5, 2022. As of December 28, 2022, all plan assets were used to pay benefits to participants, purchase annuity contracts or transferred back to the Plan Sponsor.

Pension benefits: The Plan provides for early retirement with reduced benefits at age 55 given the participant completes 10 years of eligible service. Participants are also eligible for benefits at age 65 with five years of eligible service. Participants may opt for a deferred retirement at the later of age 70½ or the date of retirement. Participants may elect to receive their pension benefits in various forms including a joint and survivor annuity, life only annuity, five- or 10-year certain and life annuity or level income annuity. If eligible, lump-sum distributions may be taken.

If an active participant dies prior to attaining age 55 but has completed five years of service, their spouse will receive a benefit equal to 50% of the accrued benefit, actuarially reduced if their spouse is more than five years younger than the participant, commencing on the date the deceased participant would have reached the earliest retirement age.

If an active participant dies after attaining age 55 and has completed 10 years of service, their spouse will receive a benefit equal to the greater of 40% of the accrued benefit, actuarially reduced if their spouse is more than five years younger than the participant, or the benefit payable assuming retirement had occurred on the day of death and election of a 50% joint and survivor option had been made, commencing immediately.

If a vested nonactive participant dies, their spouse will receive a 50% joint and survivor option commencing immediately if the participant has attained age 55, or on the date the participant would have attained age 55 if death occurs before age 55.

If a participant dies after distributions have commenced, the remaining portion of the benefit, if any, will continue to be distributed under the method of distribution in effect prior to the participant's death.

Upon the decision to terminate the Plan effective January 5, 2022, participants were provided the opportunity to elect a lump-sum distribution or an annuity purchased from an insurance company.

Vesting: As a result of the decision to terminate the Plan during 2021, all participants became fully vested in their accrued benefits.

The American Gas Association Retirement Income Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: Due to the decision to terminate the Plan during 2021, management determined that liquidation of the Plan is imminent and the financial statements for 2022 and 2021 have been prepared using the liquidation basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the actuarial present value of accumulated plan benefits as of the date of the financial statements. Actual results could differ from those estimates. The Plan uses an actuary to determine the actuarial present value of accumulated plan benefits. A change in the actuarial assumptions used could significantly change the amount of the actuarial present value of accumulated plan benefits reported in the accompanying financial statements.

Investment valuation and income recognition: The Plan has no investments as of December 28, 2022. The Plan's investment as of December 31, 2021 are reported at liquidated value due to the Plan termination discussed in Note 7. Fair value approximates the amount the Plan expects to collect at liquidation. The Sponsor's Retirement & Investment Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis and interest income and dividends are recorded on the liquidation basis, including amounts expected to be earned through the final distribution of Plan assets. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Funding: The Sponsor's funding policy is to fund the actuarially computed minimum funding requirements of ERISA each year.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Expenses paid by the Plan are generally limited to those paid to Vanguard Fiduciary Trust Company. Investment-related expenses are included in net depreciation in fair value of investments.

The American Gas Association Retirement Income Plan

Notes to Financial Statements

Note 3. Information Certified or Provided by Vanguard Fiduciary Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 28, 2022 and December 31, 2021, and for the period from January 1, 2022 to December 28, 2022, and the year ended December 31, 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Vanguard Fiduciary Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 28, 2022	December 31, 2021
Money market funds	\$ -	\$ 15,220,963
Registered investment companies (mutual funds)	-	50,461,195
	<u>\$ -</u>	<u>\$ 65,682,158</u>

Vanguard Fiduciary Trust Company also certified to the completeness and accuracy of \$7,848,283 and \$3,215,915 of net depreciation in fair value of investments and \$740,230 and \$2,550,303 of interest and dividends related to the aforementioned plan assets for the period from January 1, 2022 to December 28, 2022, and the year ended December 31, 2021, respectively.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The American Gas Association Retirement Income Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 28, 2022 and December 31, 2021:

Money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021. There were no assets held as of December 28, 2022.

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ 15,220,963	\$ -	\$ -	\$ 15,220,963
Registered investment companies (mutual funds)	50,461,195	-	-	50,461,195
	<u>\$ 65,682,158</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 65,682,158</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service participants have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated participants or their beneficiaries, beneficiaries of participants who have died and present participants or their beneficiaries. Benefits payable under all circumstances—retirement, death, disability and termination of employment are included, to the extent they are deemed attributable to participant service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The American Gas Association Retirement Income Plan

Notes to Financial Statements

Note 5. Actuarial Present Value of Accumulated Plan Benefits (Continued)

Management determined liquidation to be imminent during 2021. As a result, the consulting actuary calculated the actuarial present value of accumulated plan benefits as of December 31, 2021, using liquidation assumption prepared as of January 1, 2022.

The significant actuarial assumptions used in the valuation as of December 31, 2021, are summarized as follows:

- Discount rate: 2.57%
- Mortality table: Pri-2012 Total Mortality Table with Scale MP-2021
- Retirement age: age 55—10%, age 60—11%, age 62—25%, age 65—83%, and age 67—100%
- Participant marriage rate: 90%

The Sponsor has elected to disclose accumulated plan benefits as of the end of the year where January 1, 2022, is deemed equivalent to December 31, 2021. Had the valuation been performed as of December 31, there would be no material differences.

The present value of accumulated plan benefits as of December 28, 2022 and December 31, 2021, are summarized as follows:

	2022	2021
Vested benefits:		
Active participants	\$ -	\$ 15,814,775
Retired participants	-	41,297,977
Terminated participants	-	5,372,404
Total vested benefits	-	62,485,156
Nonvested benefits	-	-
	<u>\$ -</u>	<u>\$ 62,485,156</u>

The changes in actuarial present value of accumulated plan benefits for the period January 1, 2022 to December 28, 2022, are as follows:

	2022
Actuarial present value of accumulated plan benefits, beginning of year	\$ 62,485,156
Increase (decrease) during the year attributable to:	
Benefits accumulated	-
Benefits paid	(13,161,871)
Purchases of annuity contracts	(41,740,959)
Interest	1,556,861
Changes in actuarial assumptions	(9,139,187)
Actuarial present value of accumulated plan benefits, end of period	<u>\$ -</u>

The American Gas Association Retirement Income Plan

Notes to Financial Statements

Note 5. Actuarial Present Value of Accumulated Plan Benefits (Continued)

The decrease attributable to changes in actuarial assumptions is the result of the difference between the actuarially estimated present value of accumulated plan benefits and the annuity contracts purchased and benefits paid through plan termination.

Note 6. Related Party and Party-in-Interest Transactions

Vanguard Fiduciary Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as party-in-interest transactions. Fees paid by the Plan to service providers totaled \$174,643 and \$49,067 for the period from January 1, 2022 to December 28, 2022, and year ended December 31, 2021, respectively. The Sponsor also paid certain administrative expenses of the Plan.

Note 7. Plan Termination

On October 12, 2021, the Board of Directors of the Sponsor adopted a resolution to terminate the Plan effective January 5, 2022. As a result, management determined liquidation was imminent. The Plan received a favorable determination letter regarding the Plan's termination from the Internal Revenue Service (IRS) on January 11, 2023.

Total single cash payments made in conjunction with the Plan termination during the period from January 1, 2022 to December 28, 2022, were \$13,161,871. These amounts are included in benefits paid directly to participants in the statement of changes in net assets available for benefits.

In July 2022, a single premium paid-up group annuity contract (Contract) was purchased from Plan assets from Midland National Life Insurance Company (Midland) in the amount of \$41,740,959. Benefit payments by Midland began as of October 1, 2022. The Contract provides that Midland has the obligation to pay all benefits under the Contract without change and in accordance with the elections that were made at the time benefit payments began.

The Plan's remaining reversionary assets of \$3,496,632 were transferred to the Sponsor on December 28, 2022.

Note 8. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and participant demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

The American Gas Association Retirement Income Plan

Notes to Financial Statements

Note 9. Tax Status

The Plan has received a determination letter from the IRS dated September 19, 2016, stating that the Plan is qualified under applicable sections of the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes the Plan was designed and operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions.
