Independent Auditor's Report

Retirement Committee
Elevate Textiles, Inc.
Elevate Textiles 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Elevate Textiles 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Elevate Textiles 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Elevate Textiles 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan in accordance with Section 401(k) of the Internal Revenue Code (IRC) covering substantially all U.S.-based employees of Elevate Textiles, Inc. and Affiliated Companies (the Company) who elect to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Retirement Committee (the Plan Administrator) is responsible for oversight of the Plan. T. Rowe Price Trust Company serves as trustee of the Plan. The Company's Retirement Committee determines the appropriateness of the Plan's investment options offered by the trustee and monitors investment performance.

Plan amendments: Effective January 1, 2021, the Plan was amended and restated with no significant changes to the Plan provisions.

Effective January 1, 2021, the employer discretionary match that was suspended in 2020, was reinstated.

Contributions: Participants may make pre-tax and Roth contributions up to 100% of their eligible compensation, as defined by the Plan. New employees eligible to participate in the Plan are automatically enrolled in the Plan and can make elective deferrals at the rate of 5% of eligible compensation as of the end of a 30-day opt-out period unless the employee: (1) affirmatively elects not to participate; (2) elects to begin participating before the end of the opt-out period or (3) elects to participate at a different contribution rate by notifying T. Rowe Price. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants who have attained age 50 before the end of the plan year are eligible to make certain catch-up contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

The Plan generally provides for the Company to contribute a 100% match on the first 3% of eligible compensation contributed (pretax and Roth) by a participant to the Plan and 50% of the next 2% of eligible compensation contributed by a participant to the Plan. The Company has the right under the Plan to discontinue its contributions at any time. The Company may also make a discretionary contribution under the Plan in such amounts as determined by its Board of Directors. There were no discretionary contributions made to the Plan for the year ended December 31, 2022.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's matching contributions as well as allocations of investment income, including Plan earnings and appreciation and depreciation of invested funds, and charged with interest on participant loans if applicable and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings and/or account balances and specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the cumulative vested balance in the participant's account.

Vesting: Participants are immediately fully vested in their accounts.

Investment options: Participants may direct contributions to selected investments as made available and determined by the Company's Retirement Committee. Participants may change their investment options any time throughout the year via phone or Internet access directly with the trustee of the Plan, or by mail directly with the trustee of the Plan for certain fund exchange requests.

Elevate Textiles 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Payment of benefits: Upon termination of service due to death, disability or retirement, a participant or his or her designated beneficiary may elect to receive either a lump-sum payment equal to the value of his or her vested account balance, or may choose to receive equal monthly payments over the period elected by the participant (such period cannot exceed the participant's life expectancy as determined by the trustee). For participants who are terminated and their account is \$5,000 or less, a lump-sum payment will be made to them as soon as administratively feasible following the termination date. In-service withdrawals are also permitted without penalty for certain financial hardships as defined under the IRC, after-tax contributions or from certain accounts when a participant attains age 59½.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years unless the loan is for the purchase of a participant's primary residence in which case the term is up to 15 years. The loans are secured by the vested balance of the participant's account and bear a fixed interest rate at prime plus 1% at the date the loan is issued. These rates range from 4.25% to 8.5% on loans outstanding at December 31, 2022, and mature through 2033. Repayments of principal and interest on participant loans are made through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent liabilities. Actual results could differ from those estimates.

Valuation of investments and income recognition: Investments are reported at fair value. The Plan's Benefits Administration Committee determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for a discussion of fair value measurements.

Participant purchases, sales and exchanges of securities are recorded on a trade-date basis. Interest income is accrued when earned. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes realized gains and losses on investments sold or exchanged as well as unrealized gains and losses on investments held at the end of the plan year.

The Plan provides for participants to invest in various investment funds. Investment securities within these funds are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near-term and that such changes could materially affect participant account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make scheduled loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is repaid using funds from the participant's account and a corresponding benefit payment is recorded. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Elevate Textiles 401(k) Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants and contributions from the Company are recorded in the periods in which the participant contributions are withheld from amounts paid to employees. Investments of all participant and Company contributions are participant-directed. Participant contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction in contributions.

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the accompanying financial statements. Administrative expenses paid by the Plan to the trustee include fees related to the administration of notes receivable that are charged directly to a participant's account and certain recordkeeping fees (see Note 7). Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2022), through September 19, 2023, the date the financial statements were available to be issued.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques attempt to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

Following is the description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact participant purchases, sales and exchanges after U.S. markets close, as the NAV at the end of that day. The mutual funds offered by the Plan are deemed to be actively traded.

Common collective trust funds: Fair value is estimated using the NAV per share (or its equivalent) as a practical expedient.

The following tables set forth, by level within the fair value hierarchy, the estimated fair value of the Plan's investments as of December 31, 2022 and 2021.

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 65,238,477	\$ -	\$ -	\$ 65,238,477
Investments measured at NAV (a)				133,604,552
Investments at fair value				<u>\$ 198,843,029</u>

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 81,208,472	\$ -	\$ -	\$ 81,208,472
Investments measured at NAV (a)				159,043,428
Investments at fair value				<u>\$ 240,251,900</u>

- (a) In accordance with the Fair Values Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

	<u>\$ 133,604,552</u>	<u>\$ 159,043,428</u>			

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value hierarchy level to another. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 4. Information Certified or Provided by Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by T. Rowe Price Trust Company, the trustee of the Plan. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	December 31	
	2022	2021
Investments at fair value:		
Registered investment companies	\$ 65,238,477	\$ 81,208,472
Common collective trust funds	133,604,552	159,043,428
	198,843,029	240,251,900
Notes receivable from participants	2,315,800	2,451,100
	<u>\$ 201,158,829</u>	<u>\$ 242,703,000</u>

The trustee also certified to the completeness and accuracy of \$(40,271,781) of net depreciation in fair value of investments and \$3,816,336 of interest and dividend income related to the above plan assets for the year ended December 31, 2022.

Note 5. Income Tax Status

Effective January 1, 2021, the Plan adopted a pre-approved plan offered by T. Rowe Price Retirement Plan Services, Inc. as agent for the sponsor, Document Agility, Inc. The pre-approved plan provider has received an opinion letter from the IRS as to the pre-approved plan's qualified status. The pre-approved opinion letter has been relied upon by the Plan. The Plan has been amended since the pre-approved plan provider received the opinion letter. The Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require adjustment to the accompanying financial statements. Therefore, no provision or liability for income taxes has been included in the accompanying financial statements.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants shall continue to be fully vested in their accounts.

Notes to Financial Statements

Note 7. Related-Party and Party-in-Interest Transactions

ERISA prohibits certain types of transactions between a benefit plan and a party-in-interest. Parties-in-interest are defined under the DOL's regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company and certain others. Certain party-in-interest transactions, such as services necessary for the operation of a plan for no more than reasonable compensation, are permitted as exempt transactions. During the year ended December 31, 2022, the Plan paid \$250,969 to parties rendering services to the Plan.

Note 8. Reconciliation of the Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:
