INDEPENDENT AUDITORS' REPORT

To the Administrator of the
Baytree Landscape Contractors 401(k) Plan
Stone Mountain, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of the Baytree Landscape Contractors 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 2, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period from January 1, 2022 through December 2, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Baytree Landscape Contractors 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank of similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520-103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 2, 2022 and December 31, 2021, and for the period from January 1, 2022 through December 2, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Baytree Landscape Contractors 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Baytree Landscape Contractors 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but it is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Baytree Landscape Contractors 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Baytree Landscape Contractors 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Emphasis of Matter - Basis of Accounting and Plan Termination

As described in Notes 1 and 2 to the financial statements, the Sponsor of the Baytree Landscape Contractors 401(k) Plan ceased participant and matching contributions on June 10, 2022 and elected to terminate the Plan effective October 31, 2022, with the intention of liquidating the assets of the Plan and distributing those assets to the participants. As a result, the Plan changed its basis of accounting from the accrual basis of accounting to the liquidation basis of accounting on October 31, 2022. The Plan was fully liquidated on December 2, 2022. Our opinion is not modified with respect to that matter.

BAYTREE LANDSCAPE CONTRACTORS 401(k) PLAN

Notes to Financial Statements

December 2, 2022 and December 31, 2021

Note 1 - Description of plan:

The following description of the Baytree Landscape Contractors 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan Sponsor is Baytree Landscape Contractors, Inc. The Plan is a defined contribution plan covering substantially all employees of the Plan Sponsor (the Company, Plan Sponsor, or Plan Administrator). Effective March 1, 2021, Park Landscape Services, LLC became a participating employer in the Plan. Excluded employees include those subject to collective bargaining agreements, leased employees, and non-resident aliens.

The Plan's eligibility requirements are as follows: eligible employees must be at least 21 years of age and complete one year of service to participate in the Plan. A year of service is defined as 1,000 hours of service during a Plan year. Plan entry dates are on January 1 and July 1 of each year. Effective January 1, 2022, the Plan entry dates were changed to the first day of the month after the eligibility requirements were met. See Plan amendments below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan termination

The Board of Directors of the Plan Sponsor elected to terminate the Plan with an effective date of October 31, 2022. All participants became fully vested upon termination of the Plan. In accordance with the winding down of the Company, employees were transferred to Brightview at varying times from June 2021 through June 2022. Upon their transfer to Brightview, employees began participating in the Brightview retirement plan. Contributions to the Plan ceased in June 2022, when the last of the Company's employees were transferred to Brightview. The Plan was fully liquidated on December 2, 2022. See Plan amendments below and Notes 2 and 5.

Plan amendments

Effective March 1, 2021, the Plan Sponsor acquired Park Landscape Services, LLC. Also effective on March 1, 2021, the Plan Sponsor adopted an amended and restated adoption agreement. The amended and restated adoption agreement is essentially the same as the previous agreement with the following exception:

All eligible Park Landscape Services, LLC employees became eligible to participate in the Plan on March 1, 2021.

Plan amendments - continued

On June 1, 2021, the Plan Sponsor was acquired by Brightview Holdings, Inc. (Brightview). The Plan continues to operate under the March 1, 2021 adoption agreement.

Effective January 1, 2022, the Plan was amended to change the new participant Plan entry dates from January 1 and July 1 of each year to the first day of each calendar month.

Contributions

Participants may elect to defer amounts up to current Internal Revenue Service (IRS) limitations through payroll deductions. Participants who have attained age 50 before the end of the Plan year are permitted to make additional catch-up contributions. The Plan also provides for discretionary employer matching contributions. For the 2022 Plan year, the employer provided safe-harbor matching contributions equal to 100% of each participant's deferral contribution up to 3% of eligible compensation plus 50% of each participant's deferral contribution on the next 2% of eligible compensation up to a maximum of 5% of eligible compensation contributed, as defined. The Company also has the option to provide discretionary employer matching and employer profit-sharing contributions. To be eligible for discretionary employer matching and profit-sharing contributions a participant must be employed on the last day of the Plan year and be credited with at least 1,000 hours of service during the Plan year. There were no discretionary employer matching or profit-sharing contributions for the 2022 Plan year.

Participants may direct both employee and employer contributions into any of the Plan's available fund options. Participants may change their investment options daily. Participants may change their deferral elections each payroll period.

Participant accounts

Each participant's account is credited with the participant's contributions, the employer's safe-harbor matching contributions, an allocation of the Company's discretionary matching and profit-sharing contributions, if any, Plan expenses, and Plan earnings.

Allocations of discretionary employer matching and profit-sharing contributions are based on eligible compensation as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Notes to Financial Statements - Continued

December 2, 2022 and December 31, 2021

Note 1 - Description of plan - continued:

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are also immediately vested in employer safe-harbor matching contributions. Participants vest in discretionary employer matching and profit-sharing contributions as shown in the schedule below:

| <u>Years of Service</u> | <u>Vested Percentage</u> |
|-------------------------|--------------------------|
| 1 | 0% |
| 2 | 20% |
| 3 | 40% |
| 4 | 60% |
| 5 | 80% |
| 6 | 100% |

Participants are immediately vested upon termination of the Plan, upon reaching the normal retirement age of 65 with five years of service, or upon disability or death while an employee of the Company.

Payment of benefits

A participant is entitled to a distribution of the vested value of his or her account upon termination of service, disability, death, or attainment of the normal retirement age of 65. Participants are required to take distributions as lump-sum payments, with the exception of required minimum distributions. In-service withdrawals of a participant's vested account balance are permitted in cases of proven financial hardship. If a participant's account balance, excluding rollover contributions into the Plan, is less than \$5,000 upon termination of service, a distribution of the participant's account will be made automatically in a single lump-sum cash distribution. A participant terminating with a balance of \$5,000 or more may maintain their account balance in the Plan.

Notes receivable from participants

The Plan does not allow for participant notes.

Notes to Financial Statements - Continued

December 2, 2022 and December 31, 2021

Note 1 - Description of plan - continued:

Administrative expenses

Administrative expenses of the Plan are paid by either the Company or the Plan, as determined by the Plan Sponsor. The Company absorbs a portion of the administrative expenses of the Plan. Fees charged for processing distributions, as well as other account transaction fees, are charged directly to the accounts of applicable participants.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). Effective October 31, 2022, the Plan changed its basis of accounting to the liquidation basis in conjunction with the termination of the Plan. See Note 1.

Stable value fund

The Plan has a group annuity contract with Great-West, LLC (Great-West) that invests contributions in the Great-West Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The crediting interest rate may not be less than 0%. The interest crediting rate is reset quarterly. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because it is the amount that would be received by participants if they were to initiate permitted transactions under the terms of the Plan.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Great-West Trust Company, LLC (Great-West) may impose a hold period at the contract level in the event of a full contract discontinuance or partial contract discontinuance. Generally, a 90-day notice is required by either party to discontinue the contract. Great-West may elect to

defer payment of the contract for up to 12 months after the contract is discontinued. No contract hold was imposed by Great-West as a result of the Plan termination.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include 1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), 2) changes to the Plan's prohibition on competing investment options, 3) bankruptcy of the Plan Sponsor or other events that cause a significant withdrawal from the Plan, or 4) failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan termination did not inhibit the Plan's ability to transact at contract value.

Investment valuation and income recognition

The Plan's mutual fund investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. These investments are valued at fair value based on a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

Quoted prices for similar assets or liabilities in active markets;
Quoted prices for identical or similar assets or liabilities in inactive markets;
Inputs other than quoted prices that are observable for the asset or liability;
Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Notes to Financial Statements - Continued

December 2, 2022 and December 31, 2021

Note 2 - Summary of significant accounting policies - continued:

Investment valuation and income recognition - continued

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2021.

Mutual fund investments are valued at the Net Asset Value (NAV) of shares held by the Plan at year end. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021:

| | <u>Fair Value Measurements at December 31, 2021</u> | | | |
|--------------|---|--|--|---------------------|
| | <u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u> | <u>Significant Other Observable Inputs (Level 2)</u> | <u>Significant Unobservable Inputs (Level 3)</u> | <u>Total</u> |

Note 2 - Summary of significant accounting policies - continued:

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Payment of benefits

Note 6 - Tax status:

The underlying prototype plan has received an opinion letter from the IRS dated June 30, 2020 stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC), and therefore, the related trust is tax-exempt. The Plan Administrator has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 2, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for Plan years prior to 2019.
