Independent Auditor's Report

To the Board of Trustees of:
Community First Bank 401(k) Profit Sharing Plan
Boscobel, WI

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Community First Bank 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Community First Bank 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note J to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Community First Bank 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community First Bank 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Community First Bank 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Community First Bank 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held At End of Year), and Schedule H Line 4i – Schedule of Assets (Held At End of Year) – Reconciliation are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Community First Bank 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2022 and 2021

Note A – Description of Plan

The following description of the Community First Bank 401(k) Profit Sharing Plan (The Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan, which was effective January 1, 1990 and amended thereafter, is a defined contribution plan covering all eligible full and part-time employees of Community First Bank (The Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan covers all employees who meet the eligibility requirements. To become eligible for employee deferrals, an employee must be 21 years old, and not be a union or leased employee. Eligibility for matching and profit sharing contributions is based on 1 year of service. The 1 year of service requirement is fulfilled when an employee has worked 1,000 hours in the measurement period. Alternatively, if hours of service records are not available, employees are allocated 190 hours per month worked towards the 1,000 hours of service requirement. Entry into the Plan can commence after the eligibility requirements are met and can be on the first day of each month of the Plan year coinciding with or following the date on which the eligibility requirements are met.

Contributions:

Each year, participants may contribute up to the maximum amount of pre-tax compensation as defined by the Internal Revenue Service, or the maximum post-tax compensation to the Roth option inside the plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The employer may, in its sole discretion, contribute and allocate to each eligible participant's account a matching contribution. The matching contribution is not set at a defined rate, and the employer may change such rate after any payroll period. During the year, employer matching contributions were contributed at 50% of the participant's elective deferrals up to a maximum of 2.5% of employee wages. These matching contributions, if any, shall be determined each payroll period. The employer may, in its sole discretion, also contribute and allocate a profit sharing contribution to each participant's account. There were no profit sharing contributions made in the current year.

Participant Accounts:

Each participant's account is credited with the participant's contribution, and an allocation of the Plan's earnings, and charged with an allocation of administrative expenses. Discretionary employer matching contributions are also credited to the accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. A participant may only have 3 loans outstanding at any time. The notes are secured by the balance in the participant's account and bear interest at 1 percentage point over the prime interest rate. Principal and interest can be paid through monthly payroll deductions or repaid in full by check. Loan refinancing is allowed. All outstanding balances become due and payable in their entirety upon severance of employment unless directly rolled over to another employer's plan. Interest rates on outstanding loans ranged from 4.25% to 6.50% during the years ended December 31, 2022 and 2021. Principal and interest are paid in equal installments by payroll deductions.

Note A – Description of Plan (Continued)

Payment of Benefits:

On termination of service, disability, or death, a participant or their beneficiary, may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, receive partial payments, or rollover their account balance. Normal retirement benefits are payable in a lump sum or partial withdrawals. In addition, hardship distributions are permitted if certain criteria are met. Hardship distributions are distributed in a lump sum amount.

Vesting:

Participants are 100% vested in their contributions plus actual earnings thereon, in addition to employer matching contributions and employer non-elective profit sharing contributions.

Note B – Summary of Significant Accounting Policies

Basis of Accounting – GAAP:

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles.

Investment Valuation and Income Recognition:

Investments held by a defined contribution plan are required to be reported at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued at quoted market prices that represent the net asset value of shares held by the Plan at year-end. The net asset value is used as a practical expedient to determine fair value for the collective investment fund. See Note I for additional discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Net Change in Fair Value of Investments:

The Plan presents, in the statements of changes in net assets available for benefits, the net change in the fair value of its investments, which consist of the realized gains or losses and the net unrealized gains or losses on those investments.

Note B – Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Excess Contributions Payable:

As of December 31, 2022, amounts payable to participants totaling \$11,648 for contributions in excess of amounts allowed due to discrimination testing are recorded as accounts payable, with a corresponding reduction to 2022 contributions. The Plan distributed the 2022 excess contributions prior to March 14, 2023.

As of December 31, 2021, amounts payable to participants totaling \$9,551 for contributions in excess of amounts allowed due to discrimination testing are recorded as accounts payable, with a corresponding reduction to 2021 contributions. The Plan distributed the 2021 excess contributions prior to March 24, 2022.

Payment of Benefits:

Benefits are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the plan, but had not yet been paid for the years ended December 31, 2022 and 2021.

Administrative Expenses:

The Plan sponsor provides certain administrative and accounting services to the Plan at no cost. All administrative expenses incurred by the Plan are paid by the Plan. The Plan paid fees for trust, loan, and investment advisory services. Investment fees are netted against investment returns.

Date of Management's Review:

Management has evaluated subsequent events through October 3, 2023, the date on which the financial statements were available to be issued.

Note C – Plan Termination

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue at any time and to terminate the Plan subject to the provisions of ERISA.

Note D – Tax Status

The plan has on file an IRS determination letter dated June 30, 2020, as applied for by the plan provider. The Plan has been amended since receiving its last IRS determination letter. The Plan Administrator has not applied for a separate determination letter but in the opinion of the Plan Administrator and tax counsel, the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Community First Bank 401(k) Profit Sharing Plan
Notes to the Financial Statements
December 31, 2022 and 2021

Note E – Party In Interest Transactions

Plan investments are managed by the custodian of the Plan's assets. The Plan custodian is also the trustee and third party administrator for the Plan. These transactions qualify as Party in Interest transactions. Services provided by the asset custodian are recordkeeping and information management, trustee services, and investment management. Fees paid by the Plan for those services amounted to \$49,444 and \$52,085 for the years ended December 31, 2022 and 2021, respectively.

Note F – Accounting for Uncertainty in Income Taxes

The plan has evaluated for uncertain tax positions. Management has determined there are no uncertain tax positions as of December 31, 2022 and 2021. Federal tax returns remain open to examination through their respective statutes of limitations.

Note G – Concentration of Credit Risk

All of the plan assets are maintained with a single custodian, which has concentrated the Plan's credit risk.

Note H – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

Note I – Fair Value Measurements

The plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1: The fair values of mutual funds are based on the closing price reported in the active market where the individual securities are traded, when available.

Level 2: Observable inputs to the valuation methodology are other than Level 1 inputs, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. There were no level 3 assets as of December 31, 2022 and 2021.

Note I – Fair Value Measurements (Continued)

Collective Investment Fund – The Plan invests in Federated Capital Preservation, which is a fund that invests primarily in guaranteed investment contracts, money market products and other stable value products that can be carried at contract value. The practical expedient is used to estimate the fair value of the fund. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the investment trust, the issuer reserves the right to require up to 12 months notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following tables present by level, within the fair value hierarchy, the Plan's investment assets at fair value, as of December 31, 2022 and 2021. As required, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

The following table sets forth by level the Plan's investment assets at fair value as of December 31, 2022:

Description	12/31/2022	Level 1	Level 2	Level 3

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.
