Trustees and Participants
Future Technologies, Inc. 401(k) Retirement Savings Plan
Fairfax, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the financial statements of Future Technologies, Inc. 401(k) Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits – modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Future Technologies, Inc. 401(k) Retirement Savings Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Future Technologies, Inc. 401(k) Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Future Technologies, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Future Technologies, Inc. 401(k) Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Future Technologies, Inc. 401(k) Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4i - schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FUTURE TECHNOLOGIES, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 1. Description of Plan

The following description of the Future Technologies, Inc. 401(k) Retirement Savings Plan, (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering substantially all employees of the Future Technologies, Inc. (the Company), who are age twenty-one and older. The Board of Directors of the Company controls and manages the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 75 percent of compensation, as defined in the Plan document, subject to Internal Revenue Code (IRC) limitations. Participants who have attained the age of 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts (rollover). The Company may make matching contributions equal to a discretionary percentage, to be determined by the Company, of the participant's elective deferral. In 2022, the Company contributed an amount equal to 50% of each participant's contribution up to 3% of compensation. Contributions are subject to certain limitations.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's elective contributions and allocations of the Company's contributions and Plan earnings, and charged with benefit payments and transaction fees related to notes receivable from participants and distributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service, as defined. The Plan has adopted the following vesting schedule:

<u>Years of Service for Vesting</u>	<u>Percentage</u>
0 - 1	33
2	66
3	100

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$ 1,000 up to a maximum equal to the lesser of \$ 50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. At December 31, 2022, outstanding loans bear interest rates ranging from 5.25% - 7.50%. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Upon death, disability, retirement, termination of service, or financial hardship, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or may transfer the balance to an individual retirement account or another employer's tax qualified plan. Hardship withdrawals are available from the participant's deferral account upon demonstration of financial hardship with limitations as defined in the Plan. In-service distributions are available from fully vested sources after the participant reaches age 59 ½.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce expenses related to the administration of the Plan and to reduce any Company contributions. During 2022, the Company used \$ 13,078 to reduce employer contributions. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$ 25,360 and \$ 0, respectively.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 1. Description of Plan (continued)

CARES Act Provisions

The Plan implemented the distribution provision and the temporary loan repayment deferral and loan request provision of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act that was signed into law on March 27, 2020. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$ 100,000 from the Plan beginning on or after January 1, 2020 and before December 31, 2020. It also allows for suspension of required minimum distributions and delays the commencement date for required minimum distributions. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments until December 31, 2020. The loan provision adopted by the Plan allows loans made to a qualified individual from March 27, 2020 to September 22, 2020, where the limit may be increased up to the lesser of: (1) \$ 100,000 (minus outstanding plan loans of the individual), or (2) the individual's vested benefit under the plan. The optional features within these acts have been implemented by the plan as of August 10, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis; investment income and contributions are recognized when received and disbursements are recognized when made. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements on the modified cash basis requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

FUTURE TECHNOLOGIES, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 2. Summary of Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants and other interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the plan's gain and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan documents. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Company and are excluded from these financial statements. Expenses relating to specific participant transactions (notes receivable from participants and distributions) are charged directly to the participant's account. Investment related expenses are included in net appreciation of fair value of investments.

Unallocated Plan Assets

Amounts received by the Plan that would not transfer to a participant's account are transferred to an unallocated plan asset account within the Plan until the record-keeper determines where the funds should be transferred. The unallocated plan asset account is an interest bearing cash account. As of December 31, 2022 and 2021, the Plan's unallocated Plan asset account balance was \$ 2,056 and \$ 2,038 respectively.

Subsequent Events

Management has evaluated subsequent events through September 28, 2023, the date the financial statements were available to be issued.

FUTURE TECHNOLOGIES, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds:

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended and are registered with the SEC. The funds are required to publish their daily net asset value and to transact at that price. The mutual funds of the Plan are considered actively traded.

FUTURE TECHNOLOGIES, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 3. Fair Value Measurements (continued)

Collective Trust Fund:

The collective trust funds are valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 3,676,604	\$ -	\$ -	\$ 3,676,604

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

FUTURE TECHNOLOGIES, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 3. Fair Value Measurements (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective trust funds	\$ 19,782	N/A	Daily	None
Collective trust funds	4,265,245	N/A	Daily	5 Days

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective trust funds	\$ 5,682,693	N/A	Daily	5 Days
Collective trust funds	<u>4,764,405</u>	N/A	Daily	60 Days
	<u>\$ 10,447,098</u>			

Note 4. Fully Benefit- Responsive Group Annuity Investment Contract

The Plan has a traditionally fully benefit-responsive guaranteed investment contract (GIC) with Empower Annuity Insurance Company of America formerly Great-West Life and Annuity Insurance Company in the amount of \$ 1,320,482 and \$ 1,275,248 as of December 31, 2022 and 2021, respectively. Empower Annuity Insurance Company of America maintains the contributions in a general account. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than three percent. Such interest rates are reviewed on a quarterly basis for resetting. yields on a trailing basis. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

FUTURE TECHNOLOGIES, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 4. Fully Benefit- Responsive Group Annuity Investment Contract (continued)

The crediting rate of the contract will track current market. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code (2) premature termination of the contracts (3) plan termination or merger (4) changes to the Plan's prohibition on competing investment options (5) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines (2) a breach of material obligation under the contract (3) a material misrepresentation (4) a material amendment to the agreements without the consent of the issuer. Either the Plan or Empower Annuity Insurance Company of America may terminate the agreement with 60-days' notice. If the contract is terminated prior to Empower Annuity Insurance Company of America's recovery of start-up costs, such amounts will be recouped as a contract termination charge.

Note 5. Information Prepared and Certified by Custodians

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC formerly known as Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

	<u>2022</u>	<u>2021</u>
Investments	\$ 13,416,690	\$ 16,336,239
Investment loss	(2,810,639)	-

FUTURE TECHNOLOGIES, INC. 401(k) RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 6. Related-Party Transactions and Party In Interest Transactions

The Plan's assets are invested in funds managed by Empower formerly known as Great-West. Empower and certain affiliates are the custodians and record keeper for the Plan. During the year ended December 31, 2022, the plan paid Empower and certain affiliates \$ 54,340 for recordkeeping fees. The Plan has contracted Ascensus Holdings, Inc. to perform administrative services on behalf of the Plan. Fees paid to Ascensus Holdings, Inc. are paid by Empower. In addition, the Plan paid investment advisory fees of \$ 7,124 to LeafHouse Financial Advisor, LLC. These transactions are party in interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Note 8. Tax Status

The Plan has adopted the non-standardized pre-approved profit sharing plan document of Ascensus, LLC. The IRS has determined and informed Ascensus, LLC by a letter dated June 30, 2020, that the Plan document and related trust are designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax-exempt.

The modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal tax return is subject to examination by Internal Revenue Service and tax authorities, generally for a period of three years after the returns are filed.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits – modified cash basis.
