Independent Auditor's Report

Investment Committee and Participants
Infinite Electronics 401(k) Plan
Irvine, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Infinite Electronics 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (“qualified institution”), provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to, or derived, from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (“GAAP”); and
- The certified investment information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued, or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule Form 5500 – Schedule H, Part IV, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Infinite Electronics 401(k) Plan, (the “Plan”) provides only general information about the Plan’s provisions. Infinite Electronics, Inc. (the “Company”) is the plan sponsor. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Plan was adopted on March 1, 1994. The plan administrator oversees the Plan’s operations, and the Investment Committee determines the appropriateness of the Plan’s investments and monitors investment performance. Newport Trust Company, Inc. served as the Plan’s trustee and record keeper as of December 31, 2021 and for the period January 1, 2022 to April 26, 2022. For the period April 27, 2022 to December 31, 2022, and as of December 31, 2022, Fidelity Management Trust Company serves as the Plan’s trustee and record keeper.

Plan Merger

Effective May 3, 2021, the Plan was amended to merge the assets of the NavePoint, LLC Profit Sharing 401(k) Plan (“NavePoint Plan”) into the Plan. The net assets of the NavePoint Plan were \$812,226 and were transferred on May 4, 2021. This transfer did not affect participant benefits.

Eligibility

The Plan covers substantially all employees after attaining 18 years of age and completing three months of service. Union employees, non-resident aliens who have no U.S. source earned income, and leased employees are not eligible to participate in the Plan. Temporary and seasonal employees are eligible after attaining 21 years of age, and have completed 1,000 hours of service.

All newly eligible employees, unless otherwise elected, will be automatically enrolled in the Plan with a 5% deferral contribution rate.

Contributions

Each year, participants may contribute to the Plan up to 50% of pretax annual compensation, as defined in the Plan, up to the maximum allowable under the provisions of the Internal Revenue Code (“IRC” or “Code”). Participants may also contribute amounts representing distributions from other qualified plans or individual retirement accounts (rollovers).

Under the provisions of the Plan, the Company may make discretionary matching and profit sharing contributions to the Plan as determined annually by management. The Company also elected a safe harbor match of 100% of a participant's contribution to the Plan up to a maximum of 3% and an additional 50% of a participant’s salary deferrals to the Plan between 3% and 5%. The amounts contributed cannot exceed the maximum amounts allowable under the provisions of the IRC. Employees are eligible for the matching contribution at the time participant contributions commence. For the years ended December 31, 2022 and 2021, safe harbor matching contributions amounted to \$1,930,546 and \$1,822,697, respectively. There were no discretionary profit sharing or matching contributions to the Plan for the years ended December 31, 2022 and 2021.

Notes to Financial Statements

Investment Elections

Each participant shall direct the investment of their account among a selection of investments made available and determined by the investment committee. Participants may change their investment options daily.

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company matching contributions and an allocation of the Company profit sharing contribution, plan earnings and administrative expenses. Allocations are based on participant earnings and account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their elective deferral contributions, rollover contributions, safe harbor matching contributions, and employer nonelective profit sharing contributions plus actual earnings thereon. Participants are vested in the Company's discretionary matching contributions plus actual earnings thereon based on years of continuous service as follows:

Years of Service	Percent Vested
Three years	100%
Two years	40%
One year	20%

A participant's balance will become immediately vested when they reach the age of 65, or upon death or disability.

Forfeited Accounts

Forfeitures represent the non-vested portion of terminated participants' account balances. These amounts may be used to reduce future administrative expenses or employer contributions or to restore participant account balances. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$21,581. During the year ended December 31, 2022 amounts totaling \$21,208, were forfeited and incurred earnings, which were used to pay Plan expenses and reduce the employer contribution.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest in the Plan. Participants may have no more than two loans outstanding at one time. The loans are secured by the balance in the participant's accounts and bear interest at rates ranging from 4.25% to 8.00%, which is calculated by adding 1% to the prime rate as of the second business day of the month the inception of the loan occurs. Principal and interest is paid ratably through payroll deductions over a one to five year period, except for loans for the purchase of a principal residence, which may be repaid over a 30 year period. If any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter that the missed payment was due, the loan is considered to be in default.

Notes to Financial Statements

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or may elect to leave such amounts invested within the Plan. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Participants with a rollover account balance are permitted to withdraw all or a portion from the amount of rollovers contributed to the Plan at any time. Following severance from employment, participants with account balances of \$5,000 or less will receive a distribution of their account balance.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The Plan has entered into a revenue credit agreement with the plan trustee to reduce participant expenses. As a result, a revenue credit of \$2,525 was allocated to eligible participants in the 2022 plan year. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Unpaid participant notes receivable are treated as a taxable distribution to the

Infinite Electronics 401(k) Plan

Notes to Financial Statements

participant. If a note receivable is deemed to be in default, then the participant's note receivable is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan has evaluated subsequent events through October 3, 2023, the date the financial statements were available to be issued.

3. Certified Investments

The plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity"), the trustee of the Plan as of December 31, 2022, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2022, the supplemental schedule, Form 5500 - Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reflected on the statement of changes in net assets available for benefits for the year ended December 31, 2022. Newport Trust Company, Inc. ("Newport"), the trustee of the Plan as of December 31, 2021, has certified to the completeness and accuracy of all investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2021. The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Infinite Electronics 401(k) Plan

Notes to Financial Statements

Level 3: Inputs to the valuation methodology are unobservable and significant to their fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 and 2021.

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds and Money Market Funds

Investments of mutual funds and money market funds are valued at the daily closing price as reported by the fund. Investments held by the Plan in registered investment companies are registered with the Securities and Exchange Commission. The mutual funds are required to publish their daily net asset value ("NAV") and to transact at that the price. The investments held by the Plan are deemed to be actively traded.

Stable Value Common Collective Trust Fund

The Plan's collective trust fund investment represents investment in the AST Galliard Retirement Income Fund that is valued at the NAV of units held by the Plan at year-end, as provided by the fund administrator. The NAV is based on the fair value of the underlying investments held by the fund less liabilities. The NAV is considered a readily determinable fair value as it is publicly published by the fund administrator and is the basis for current transactions. Participant transactions (purchases and sales) may occur daily with no advance notice requirements. Were the Plan to initiate a full redemption of the stable value common collective trust fund, the investment advisors reserve the right to temporarily delay withdrawal from the trust in order to ensure the securities liquidations will be carried out in an orderly business manner.

Managed portfolio

The Plan's managed portfolios are valued at NAV per unit based on quoted market prices for the underlying investments in mutual funds, which report the NAV of the shares held, adjusted for account level fees.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Infinite Electronics 401(k) Plan

Notes to Financial Statements

<i>Investments at fair value as of December 31, 2022</i>	Level 1	Total

Notes to Financial Statements

- (d) The investment strategy of the ICapital elite aggressive managed portfolio is to seek long-term capital growth by investing primarily in equity investments.
- (e) The investment strategy of the ICapital elite conservative managed portfolio is to seek capital preservation and income with a small amount of growth through investing in a mixture of equity mutual funds, fixed income mutual funds, and stable value/money market mutual fund options.
- (f) The investment strategy of the ICapital moderate conservative managed portfolio is to seek moderate conservative growth consistent with some preservation of capital through investing in a mixture of equity mutual funds, fixed income mutual funds, and stable value/money market mutual funds.

5. Related-Party Transactions and Party-in-Interest Transactions

As of December 31, 2021, and for the period from January 1, 2022 to April 26, 2022, Newport served as the trustee of the Plan. Effective April 27, 2022, and for the period April 27, 2022 to December 31, 2022, Fidelity became the trustee of the Plan. Any transactions between the trustees and the Plan qualify as party-in-interest transactions. The Plan made direct payments to Newport and Fidelity totaling \$77,165 during the year ended December 31, 2022. The Plan extends notes receivable to participants which are also considered parties-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. As described in Note 1, the Company also pays certain administrative expenses of the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions. At that time, any unallocated assets of the Plan should be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Tax Status

The Company, as the Plan's sponsor, adopted non-standardized prototype plans with both Fidelity and Newport. The Newport plan, which received an IRS letter dated June 30, 2020 stating that the prototype documents satisfy the applicable sections of the IRS, was in effect through April 26, 2022. The Fidelity plan, which was effective April 27, 2022, also received an opinion letter from the IRS dated June 30, 2020 stating that the prototype documents satisfy the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan's management and Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and was tax exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability (asset) or disclosure in the financial statements. The Plan is

Infinite Electronics 401(k) Plan

Notes to Financial Statements

subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

<i>December 31,</i>	2022	2021
Net Assets Available for Benefits Per the Financial Statements	\$ 38,031,040	\$ 41,966,258
Employer contributions receivable	(146,100)	(120,634)
Net Assets Available for Benefits Per Form 5500	\$ 37,884,940	\$ 41,845,624

The following is a reconciliation of the contributions as reported per the financial statements to the Form 5500:

<i>Year ended December 31, 2022</i>	
Total Contributions per the Financial Statements	\$ 6,742,672
Employer contributions receivable at end of year	(146,100)
Employer contributions receivable at beginning of year	120,634
