INDEPENDENT AUDITORS' REPORT

To the Trustees and Participants of the
4M Building Solutions Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **4M Building Solutions Retirement Savings Plan (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Other Matter —Supplemental Schedule Required by ERISA (continued)

For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN

The following description of the **4M Building Solutions Retirement Savings Plan** (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan with a 401(k) provision established by **4M Building Solutions, Inc.** (the Plan Sponsor), or any affiliate who has adopted the Plan, to provide retirement income to its employees. The Plan covers all employees of the Plan Sponsor who have completed one year of service. A participant is eligible to receive the Company discretionary matching contribution and discretionary profit-sharing contribution on the first day of the Plan Year quarter after completing one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was restated effective January 1, 2022.

Contributions

Participants may contribute any amount of their annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (IRC) limitations.

The Company may make a discretionary matching contribution. The Plan provides for employer matching contributions equal to 25% of the participant's contribution up to 10% of compensation. When adding the Company contribution to each participant's account, the funds are allocated proportionately to the investment funds that each participant has selected.

In addition, each year at the discretion of the plan trustees, the Plan Sponsor may also make a discretionary profit-sharing contribution. Profit sharing contributions are allocated to eligible participants in accordance with applicable provisions of the Plan. To be eligible for an allocation of the profit-sharing contribution a participant must be employed on the last day of the Plan year and have one year of service complete. There were no discretionary profit-sharing contributions made in 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contributions and allocations of the Plan's earnings and forfeitures. The allocation of earnings is determined by the earnings of the participant's investment selection based on each participant's account balance, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Accounts

Participants who terminate their employment and are less than 100% vested in their employer's contributions forfeit their non-vested portion. Forfeitures are retained by the Plan to restore forfeitures, pay Plan expenses, or reduce employer contributions. For the years ended December 31, 2022 and 2021, forfeitures added from distribution of non-vested accounts totaled \$1,949 and \$8,857, respectively. Forfeitures of \$8,228 and \$1,938 were used to pay Plan expenses or reduce employer contributions for 2022 and 2021, respectively. At December 31, 2022 and 2021, there were \$988 and \$7,267, respectively, in cumulative forfeitures available.

Investment Options

The Plan offers a guaranteed investment contract or pooled separate accounts as investment options.

Notes to Financial Statements (Continued)

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of vesting service. A participant will vest 25% after one year of service, and 25% per year thereafter for each year of credited service. A participant is 100% vested after four years of credited service. In the event of permanent disability, death, reaching normal retirement age or termination of the Plan, Company contributions become fully vested.

Payment of Benefits

The Plan provides that a participant must begin to receive benefits the first day of April following the calendar year in which the participant attains age 70-1/2.

Upon termination of service, participants may elect to receive either a lump sum amount equal to the value of their vested account balance or monthly, quarterly, or annual installments over a fixed, reasonable period of time or a combination of a lump-sum amount and a fixed installment amount. If the vested amount of the account balance does not exceed \$5,000, a lump-sum payment is the only form of disbursement available. For mandatory distributions that are \$1,000 or less, the vested account balance will be rolled over into an individual retirement account, unless otherwise directed by the participant.

In-Service Withdrawals

As described below, certain participants may make withdrawals prior to termination of employment. Hardship withdrawals are available to Plan participants, as defined by the Plan and permitted by the IRC. Hardship withdrawals are limited to the participant's account balance which is fully vested.

Participants who have obtained the age of 65 are allowed to receive a distribution of all or any portion of their vested account balances in a single lump-sum payment.

Termination of the Plan

Although the Company has not expressed any intent to do so, it has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the Plan and under ERISA. Upon such termination of the Plan, participants will become 100% vested in their accounts.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Notes to Financial Statements (Continued)

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis.

Management fees and operating expenses charged to the Plan for investments in pooled separate accounts are deducted from income earned on a daily basis and not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants subsequent to year-end.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

According to the Plan Agreement, all administrative expenses, to the extent permitted by law, are paid by the Plan. However, the employer may elect to pay these expenses.

Subsequent Events

The Plan Sponsor has evaluated subsequent events through September 29, 2023, the date which the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

NOTE 3 TAX STATUS

The Plan adopted a Volume Submitter 401(k) Profit Sharing Plan with a deferral arrangement which received a favorable opinion letter from the Internal Revenue Service on March 31, 2014, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements. Financial accounting standards for uncertain tax positions prohibit financial statement recognition of the impact of a tax position if the position is not "more likely than not" to be sustained on audit, based on the technical merits of the position.

Notes to Financial Statements (Continued)

NOTE 3 TAX STATUS (CONTINUED)

The Plan's Annual Return/Report of Employee Benefit Plan remains subject to examination by taxing authorities, generally for three years after they have been filed. As of September 29, 2023, no returns have been selected for examination.

NOTE 4 INVESTMENTS

Investments

During 2022, the Plan's investments depreciated in value by \$(593,306).

The following represents significant concentrations held within the investment assets:

	December 31,	
	2022	2021
T. Rowe Price Balanced I	\$ 602,465	\$ 610,858
JPMorgan US Equity L	384,708	428,461
Voya Intermediate Bond I	358,968	360,952
Stable Asset Fund II	N/A	400,092
T. Rowe Price Growth Stock I	N/A	339,185

*N/A – The investment was not in excess of 10 percent of the Plan's net assets available for benefits.

Investment Contract with Insurance Company

The Plan has a traditional fully benefit-responsive guaranteed investment contract with the Standard Insurance Company totaling \$492,100 and \$400,092 for the years ended December 31, 2022 and 2021, respectively. The Standard Insurance Co. maintains contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer. The crediting rate is reviewed on a monthly basis for resetting. The guaranteed investment contract does permit the insurance company to terminate the agreement with 30 days advance written notice to the contract owner for reasonable cause.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the Standard Insurance Co., represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Notes to Financial Statements (Continued)

NOTE 4 INVESTMENTS (CONTINUED)

Investment Contract with Insurance Company (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

NOTE 5 FAIR VALUE MEASUREMENTS

Financial accounting standards establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the standards are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4M BUILDING SOLUTIONS RETIREMENT SAVINGS PLAN

Notes to Financial Statements (Continued)

NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a summary of the inputs used, as of December 31, 2022 and 2021, respectively, involving the fund's assets carried at fair value.

- Pooled Separate Accounts - valued at the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, less its liabilities, and then divided by the number of shares outstanding. The underlying assets of the pooled separate accounts are principally comprised of shares of publicly available mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, the Plan believes its valuation methods are appropriate and consistent with other market participants. The use of different methodologies or assumptions could result in a different fair value measurement at the reporting date.

The entirety of the Plan's investments reported at fair value in 2022 and 2021 were measured at net asset value per share (or its equivalent) and were not classified in the fair value hierarchy.

Fair Value of Investments in Entities that Use Net Asset Value

The following table summarizes investments measured at fair value based on net asset value (NAV) per share.

NOTE 6 SUMMARY OF FINANCIAL DATA CERTIFIED BY THE STANDARD INSURANCE

As permitted by Section 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to have The Standard Insurance Company ("Standard"), the Custodian of the Plan, certify as to the accuracy and completeness of the information at December 31, 2022 and 2021 and for the periods then ended included in the accompanying statements, and instructed the Plan's independent accountants not to perform any auditing procedures with respect to such information.

Accordingly, the following information was certified by Standard and was not subjected to any auditing procedures except for comparing such information with the related information contained in the accompanying statements.

- A. Investments held by Standard at fair value as of December 31, 2022 and 2021 included in the accompanying statements of net assets available for benefits.
- B. Investment income included in the statement of changes in net assets available for benefits for the period ended December 31, 2022.
- C. Investments held by Standard as of December 31, 2022, which are included in the accompanying schedule of assets held for investment purposes at end of year.

NOTE 7 EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by The Standard Insurance Company. The Standard is the custodian and record keeper of the Plan, and therefore, these transactions qualify as party-in-interest transactions.

Accounting and other professional services are provided by parties-in-interest at reasonable and customary rates.
