INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of
Robindale Energy Services 401(k) Plan
Latrobe, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Robindale Energy Services 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (collectively, the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("Qualified Institution").

Management has obtained a certification from a Qualified Institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a Qualified Institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but it is not absolute assurance; therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a Qualified Institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROBINDALE ENERGY SERVICES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

Note 1 – Description of Plan

The following description of the Robindale Energy Services 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan commenced on January 1, 2010. The Plan is sponsored and administered by Robindale Energy Services, Inc. (the “Company”). The Plan is a defined contribution group annuity plan, covering substantially all full-time employees of the consolidated entities under Robindale Energy Services, Inc. (“RBD”), as well as employees of Carbon Direct, LP (“Carbon”) and Custom Software Solutions, Inc. (“CSS”), who have met the Plan participation requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions – Participants may elect to contribute up to 100% of their compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain limitations. The aggregate contributions to each participant account may not exceed \$61,000 and \$58,000 for the years ended December 31, 2022 and 2021, respectively. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a deferred annuity contract as investment options for participants.

Participant Accounts – Each participant’s account is credited to reflect the participant and Company’s contributions, distributions, and allocation of Plan earnings and forfeitures, as outlined in the Plan document. Employer profit-sharing contributions are allocated to participant accounts using a pro-rata allocation formula, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants’ voluntary contributions and all Company contributions are immediately vested upon contribution.

Notes Receivable from Participants – Participants may borrow from their combined vested mandatory employer and 401(k) deferral account balances up to a maximum equal to the lesser of (1) \$50,000 less the greater of the highest outstanding balance of participant loans for the prior year or the loan balance on the date the loan was made, or (2) up to 50% of their account balance. Loan transactions are treated as transfers between the investment funds and the loan fund. Loan terms range from 1-5 years, except in cases where the proceeds are used to purchase a primary residence, in which case loans can be up to 15 years. The loans are secured by the balance in the participant’s account and generally bear interest at prime (7.50% and 3.25% as of December 31, 2022 and 2021, respectively). Principal and interest are paid ratably through payroll deductions. The entire balance is due immediately upon the first distributable event after the participant’s termination of employment with the Plan’s sponsor.

Payment of Benefits – Upon retirement, permanent disability, death, or other termination of employment, a participant is entitled to the fair market value of their account as soon as administratively feasible as of the participant’s employment termination date, or date the participant becomes disabled. Participants may elect a lump-sum distribution or partial payment of the entire vested portion.

Note 1 – Description of Plan – Continued

Participant 401(k) Deferral

Eligibility and Participation – Employees are deemed eligible for participation in the Plan immediately upon hire, provided they are at least 18 years of age and are full-time employees. Part-time employees are eligible after they reach 1,000 hours of service.

Participant Contributions – Participants may elect to contribute up to 100%, in whole percentage increments, of their compensation, as defined, as a pre-tax contribution up to the limits established by the Internal Revenue Service (the “IRS”) of \$20,500 and \$19,500 for the years ended December 31, 2022 and 2021, respectively, or as a post-tax Roth deferral. Participants may direct their contributions or re-allocate their account balance at any time into various investment options offered. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of \$6,500 for both years ended December 31, 2022 and 2021.

Employer Contributions

Eligibility and Participation – Employees are deemed eligible for employer contributions immediately upon hire, provided they are full-time employees. Part-time employees are eligible after they reach 1,000 hours of service.

Safe Harbor Contribution – The Company makes a mandatory 3% contribution (“Safe Harbor Contribution”) of eligible employees’ annual compensation earned while a participant is in the Plan.

Discretionary Matching Contribution – In addition to the Safe Harbor Contribution, the Plan may contribute an employer discretionary matching contribution up to 4% of eligible employee compensation. For both years ended December 31, 2022 and 2021, the Plan’s matching contribution was 3%.

Compensation is defined as the total of a participant’s wages, salary, and other amounts subject to federal income tax withholding received from the Company for services rendered. ERISA regulations limit maximum compensation to \$305,000 and \$290,000 for the years ended December 31, 2022 and 2021, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements and supplemental schedule of the Plan have been prepared using the accrual method of accounting.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Investments in mutual funds are recorded at fair value based on the fund’s reported closing net assets values as of the last business day of the year, times the number of shares held by the Plan. Shares of common stock are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. The investment in the common collective trust funds is valued at the closing net asset values determined by the trustees of such funds. See Note 4 for further discussion of fair value measurements.

DECEMBER 31, 2022 AND 2021

Note 2 – Summary of Significant Accounting Policies – Continued

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants – Participant loans are reported as a separate line item titled "Notes Receivable from Participants" on the Statements of Net Assets Available for Benefits, and they are measured at unpaid principal, plus accrued interest. The Plan is required to report interest income from notes receivable from participants separately from investment income on the Statements of Changes in Net Assets Available for Benefits. However, the Department of Labor ("DOL") still requires Notes Receivable from Participants to be reported as Participant Loans on Schedule H, Line 4i, of Form 5500. As such, this presentation is used in the supplemental schedule included with the financial statements.

Benefits Paid to Participants – Benefits are recorded when paid, unless a situation arises where benefits are to be paid, but actual disbursement does not occur until the following Plan year, in which case accrued benefits are recorded. No accrued benefits were recorded as of December 31, 2022 or 2021.

Administrative Expenses – Certain administrative expenses of the Plan totaling \$47,193 and \$42,201 for the years ended December 31, 2022 and 2021, respectively, are paid by the Company, are not reflected in the accompanying financial statements, and are not considered an employer contribution.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 3 – Information Prepared and Certified by Custodians

The following is a summary of the unaudited information regarding the Plan, included in the Plan's financial statements and the supplemental schedule that was prepared by, or derived from, information prepared by Charles Schwab Bank and The Standard, custodians of the Plan's assets, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodians that such information is complete and accurate.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

Note 3 – Information Prepared and Certified by Custodians – Continued

All investment and investment income information is included in Note 4.

All information is included in the supplemental schedule.

Note 4 – Fair Value Measurements

The Plan reports investments at fair value. Market price observability is impacted by several factors, including the type of investment, the characteristics specific to the investment, and the state of the marketplace (including the existence and transparency of transactions between market participants). Investments with readily-available, actively-quoted prices, or for which fair value can be measured from actively-quoted prices in an orderly market, will generally have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories based on inputs:

Level I – Quoted prices are available in active markets for identical investments as of the reporting date. The type of investments which would generally be included in Level I include listed equity securities and listed derivatives. The Plan, to the extent that it holds such investments, does not adjust the quoted price for these investments, even in situations where the Plan holds a large position, and a sale could reasonably impact the quoted price.

Level II – Pricing inputs are observable for the investments, either directly or indirectly, as of the reporting date, but are not the same as those used in Level I. Fair value is determined using models or other valuation methodologies. The types of investments which would generally be included in this category include publicly-traded securities with restrictions on disposition, debt securities and partnerships that hold Level I assets, and real estate held for investment, if measured by a current appraisal.

Level III – Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant judgment or estimation by the Plan. The types of investments which would generally be included in this category include debt and equity securities issued by private entities, as well as real estate held for investment, if measured using management estimates.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the determination of which category within the fair value hierarchy is appropriate for any given investment is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

The Plan's investments are primarily in mutual funds, which are considered Level I investments. Mutual funds are valued at the common fund's net asset value, as determined by quoted prices in active markets, times the number of shares held by the Plan at year-end. There has been no change in the valuation methodology used by the Plan. The Plan also had a stable value common collective trust fund that was comprised of synthetic and non-synthetic guaranteed investment certificates ("GICs") and was valued at the net asset value of units of the bank collective trust. The net asset value was used as a practical expedient to estimate fair value.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

Note 4 – Fair Value Measurements – Continued

The following table sets forth the Plan's assets by level within the fair value hierarchy:

	As of December 31,	
	2022	2021
Level 1 Assets:		
Mutual funds	\$ 36,678,888	\$ 42,287,313
Deferred fixed annuity*	6,972,388	5,476,244
Investments, at fair value	<u>\$ 43,651,276</u>	<u>\$ 47,763,557</u>

* The Plan has a deferred annuity contract with Standard Insurance Company that invests contributions in The Standard Stable Asset A Fund. The Standard Stable Asset A Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium / long-term new portfolio, compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

The average yield earned by the Plan for the benefit-responsive fund can be derived by averaging the quarterly gross interest rates for the fund over the year. The average was 2.23% and 2.21% for the years ended December 31, 2022 and 2021, respectively.

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the deferred annuity contract since the contract was determined to be fully benefit-responsive. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following:

- (a) amendments to the Plan document (including complete or partial Plan termination or merger with another plan);
- (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions;
- (c) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan; or
- (d) the failure of the trust to qualify for exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

ROBINDALE ENERGY SERVICES 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021

Note 5 – Party-In-Interest Transactions

Certain Plan investments are units of a fixed annuity contract managed by Charles Schwab Bank and The Standard, the custodians, as defined by the Plan document; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are netted against net appreciation or depreciation in fair value of investments for the years ended December 31, 2022 and 2021.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would be 100% vested in their accounts. Any un-allocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 7 – Tax Status

The IRS has determined and informed the Company by letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the “IRC”). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan’s tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position, based on management’s judgment of the risk of loss for items that have been, or may be, challenged by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 9 – Subsequent Events

Management has evaluated subsequent events through September 28, 2023, the date the financial statements were available to be issued, and has determined that no subsequent events have occurred that would require disclosure in the financial statements.
