RETIREMENT AND SAVINGS PLAN**

**FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

PLAN NUMBER 002

INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of the
CME Manufacturing Employees Retirement and Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of CME Manufacturing Employees Retirement and Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CME Manufacturing Employees Retirement and Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CME Manufacturing Employees Retirement and Savings Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the CME Manufacturing Employees Retirement and Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CME Manufacturing Employees Retirement and Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CME MANUFACTURING EMPLOYEES RETIREMENT AND SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

(1) Plan Description

The following description of CME Manufacturing Employees Retirement and Savings Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General Information

The Plan, which was established December 1, 1991 and subsequently amended, is a defined contribution and 401(k) plan covering employees of Central Mine Equipment Company (the “Company”) who meet the eligibility provision of the Plan. The Plan is subject to provisions of ERISA.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation, as defined in the Plan, not to exceed the maximum amount allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. In accordance with the collective bargaining agreement, the Company makes matching contributions equal to 100% of the participant’s salary reductions up to a maximum of \$85 per month, increasing to \$90 per month effective November 2021. The Company makes an additional discretionary contribution of \$120 per month, increasing to \$130 per month effective November 2021, for a participant if he/she is an active participant on the last day of that month. Participants direct the investment of the contributions into various investment options offered by the Plan.

Eligible Participants

The Plan is a defined contribution plan covering all employees of the Company who are employed by a collective bargaining agreement. The Plan does not cover those employees who are not represented by a collective bargaining agreement.

Participant Accounts

Each participant’s account is credited with (a) the participant’s contributions, (b) the Company’s contributions, (c) forfeiture allocations, if any, as an additional Company contribution, and (d) Plan earnings and appreciation. Each participant’s account is charged with (a) any withdrawals or distributions, (b) Plan losses and depreciation, and (c) an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their elective deferrals and rollover and transfer contributions, plus or minus actual earnings or losses thereon.

For employer contributions to the Plan, participants will vest 100% after three years of credited service.

Participants are also fully vested in employer contributions upon the attainment of normal retirement age, retirement due to disability, death, or the termination of the Plan.

CME MANUFACTURING EMPLOYEES RETIREMENT AND SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

(1) Plan Description (Continued)

Participants are considered to have completed one year of service upon the completion of 1,000 hours of service at any time during the employment year.

Forfeited Plan Assets

If a participant forfeits any unvested balances in his/her account, the forfeited assets can be used to pay plan expenses, reduce future employer contributions, or they can be reallocated to participants as additional contributions. Forfeitures reallocated to eligible participants for the years ended December 31, 2022 and 2021 were \$0 and \$21,781, respectively. There were no forfeitures used to reduce employer contributions or pay plan expenses for the years ended December 31, 2022 and 2021. As of December 31, 2022 and 2021, the Plan held \$19,393 and \$17,960, respectively, of unallocated investments available to pay plan expenses, reduce future employer contributions, or reallocate to participants as additional contributions.

Notes Receivable from Participants

Subject to provisions under the Plan, participants may borrow from the Plan an amount which is \$1,000 or greater but does not exceed the lesser of \$50,000 or 50% of the present value of the participant's vested benefit under the Plan. Notes receivable, which are secured by the balance in the participant's account, bear interest as established by the plan administrator, and have terms which range from 12 to 60 months, unless the loan was made for the participant to acquire his/her principal residence. Principal and interest are paid ratably through payroll deductions.

Retirement and Terminations

In the case of normal retirement or retirement due to permanent disability, participants will receive the value of their vested benefits, in accordance with the provisions of the Plan, in a lump-sum distribution.

In the event that a participant dies before retirement, the beneficiary will receive the value of the participant's vested benefits in either a lump-sum distribution or in the form of an annuity.

If a participant ceases to participate in the collective bargaining agreement but continues employment with the plan sponsor, their account balance will be transferred to the Central Mine Equipment Retirement Savings Plan. Transfers of account balances for the years ended December 31, 2022 and 2021 were \$2,599 and \$409,539, respectively.

In-Service Distributions

The Plan allows for in-service distributions upon the attainment of age 59 ½ (defined in the Plan as the first day of the month on or after the date the participant reaches age 59 ½) and only from funds which the participant is 100% vested.

CME MANUFACTURING EMPLOYEES RETIREMENT AND SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

(1) Plan Description (Continued)

Hardship Withdrawals

The Plan allows for hardship withdrawals, as defined in the Plan, that are limited to the amount needed to meet the financial need. If a participant receives a hardship withdrawal, he/she is still eligible to participate in employer contributions to the Plan. These withdrawals may not be recontributed to the Plan and may be subject to income tax and penalties.

Administration

All assets of the Plan are held and managed by Principal Life Insurance Company ("Principal").

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). The fair value of the Plan's other financial instruments approximate their carrying amounts, either because the expected collection or payment period is relatively short or because the terms are similar to market trends. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment Risk

Participants in the Plan assume all adverse investment risk connected with any decrease in value of plan assets, and such assets are the sole source of payments under the Plan.

CME MANUFACTURING EMPLOYEES RETIREMENT AND SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

(2) Summary of Significant Accounting Policies (Continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

It is the policy of the Plan that certain administrative expenses pertaining to the Plan be paid by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

The Plan evaluates events and transactions occurring subsequent to the date of the financial statements for matters requiring recognition or disclosure in the financial statements. The accompanying financial statements consider events through the date of the independent auditor's report, which is the date the financial statements were available to be issued.

(3) Transactions with Parties-In-Interest

The Plan is administered by the Company. Certain employees of the Company serve as trustees and administrators of the Plan. The Company pays for a portion of the administrative expenses related to the Plan. All investment funds are managed by Principal.

(4) Fair Value Measurements

Under the Fair Value Measurements and Disclosures topic of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC"), a guideline is provided for measuring fair value under generally accepted accounting principles. The topic establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs include quoted prices in active markets for similar assets, quoted prices in inactive markets for similar assets, or inputs that are observable or can be corroborated by observable market data or other means for substantially the full term of the asset; and Level 3 inputs have the lowest priority and are based on prices or valuation techniques that are unobservable and not corroborated by market data. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan uses Level 2 inputs when an active market comparable is not available and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

CME MANUFACTURING EMPLOYEES RETIREMENT AND SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

(4) Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Level 1 Fair Value Measurements

The fair values of the registered investment companies are based on quoted market prices.

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits as follows:

	Fair Value	Fair Value Measurements Using:		
		Quoted Prices In Active Markets for Identical Assets Level 1	Significant Other Observable Inputs Level 2	Significant Unobservable Inputs Level 3
<i>December 31, 2022</i>				
Registered investment companies	\$ 1,339,981	\$ 1,339,981	\$ -	\$ -
<i>December 31, 2021</i>				
Registered investment companies	\$ 1,792,300	\$ 1,792,300	\$ -	\$ -

Investments Measured Utilizing Net Asset Value per Share

The Plan enters into pooled separate accounts and common/collective trusts with Principal, which are valued at net asset value, which serves as a practical expedient to estimate the fair value of a pooled separate account and common/collective trusts. The net asset value, which is not publicly quoted, is based upon quoted market prices in active markets for similar assets, quoted prices in inactive markets for similar assets, or inputs that are observable or can be corroborated by observable market data or other means.

The Plan's investments measured at fair value utilizing net asset value per share in the accompanying statements of net assets available for benefits are as follows:

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
<i>December 31, 2022</i>				
Common/collective trusts	\$ 1,211,828	N/A	Daily	N/A
Pooled separate accounts	4,649,548	N/A	Daily	N/A
	<u>\$ 5,861,376</u>			
<i>December 31, 2021</i>				
Common/collective trusts	\$ 759,304	N/A	Daily	N/A
Pooled separate accounts	6,312,309	N/A	Daily	N/A
	<u>\$ 7,071,613</u>			

CME MANUFACTURING EMPLOYEES RETIREMENT AND SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

(5) Guaranteed Interest Accounts

The Plan enters into fully benefit-responsive guaranteed interest contracts with Principal. Principal maintains the contributions in the general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by Principal, which was \$815,965 and \$809,592 at December 31, 2022 and 2021, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the guaranteed interest account at December 31, 2022 and 2021 was \$758,985 and \$796,476, respectively. The crediting interest is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting. The guaranteed interest account does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

(6) Certification

The Plan administrator has elected the method of compliance permitted by ERISA Section 103(a)(3)(C). As permitted under such election, the Plan administrator has obtained certification from Principal that the investment and note receivable balances and their related income as reported in the accompanying financial statements are complete and accurate.

(7) Plan Termination Policies

Although it has not expressed intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions set forth in ERISA. In the event of termination of the Plan, the right of all participants to benefits would become 100% vested and nonforfeitable. The amount of the account balance due each participant would be distributed in accordance with the payment provisions of the Plan.

NOTES TO THE FINANCIAL STATEMENTS

(8) Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 8,242,162	\$ 9,894,058
Adjustment from contract value to fair value for fully benefit-responsive investment contract	<u>(56,980)</u>	<u>(13,116)</u>
Net assets available for benefits per Schedule H of Form 5500	<u>\$ 8,185,182</u>	<u>\$ 9,880,942</u>

The following is a reconciliation of net (decrease) increase in net assets per the financial statements to Schedule H of Form 5500 as of December 31:

	<u>2022</u>	<u>2021</u>
Net (decrease) increase in net assets per the financial statements	\$ (1,651,896)	\$ 613,074
Transfer from this plan (see Note 1)	2,599	409,539
Change in contract value to fair value for fully benefit-responsive investment contracts	<u>(43,864)</u>	<u>(12,702)</u>
Net (decrease) increase in net assets per Schedule H of Form 5500	<u>\$ (1,693,161)</u>	<u>\$ 1,009,911</u>

(9) Internal Revenue Service Status

The Internal Revenue Service has determined and informed the plan administrator by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). The Plan was amended subsequent to this date; however, the plan administrator and management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

The Plan accounts for any uncertain tax positions in accordance with the Income Taxes topic of the FASB ASC. The topic prescribes a recognition threshold and measurement process for financial statement recognition of uncertain tax positions taken or expected to be taken in an annual return/report of an employee benefit plan. In evaluating the Plan’s tax position, interpretations and tax planning strategies are considered. The Plan believes its tax exempt status is appropriate based on current facts and circumstances.

CME MANUFACTURING EMPLOYEES RETIREMENT AND SAVINGS PLAN

NOTES TO THE FINANCIAL STATEMENTS

(10) Risks and Uncertainties

The Plan invests in various securities, including investment contracts with an insurance company. The underlying investments may include corporate debt instruments and corporate stocks. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
