REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of the
UWorld, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the UWorld, LLC 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (“GAAP”).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(C).

UWORLD, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

A. Description of the Plan

General

The following brief description of the UWorld, LLC 401(k) Plan (the “Plan”) is provided for general information purposes only. The Plan is sponsored by UWorld, LLC (the “Company” or “Plan Sponsor”). Participants should refer to the Plan document for more complete information. The Company’s corporate offices are in Dallas, Texas.

The Plan was effective January 1, 2008, restated most recently effective January 11, 2022, is a defined contribution plan available to substantially all employees of the Company and its affiliates who have completed three consecutive months of service. An employee’s entry date into the Plan is the first day of the next month following the month the employee satisfies the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Company’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Effective January 7, 2022, the Themis Bar Review, LLC Retirement Trust merged into the Plan for approximately \$6,995,000. The merger is reflected as a transfer into the Plan in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

Contributions

Participants may contribute up to 86% of pre-tax annual compensation, as defined by the Plan. In addition, participants may contribute designated Roth (after tax) contributions. All contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”) as defined in the Plan document. Eligible participants may make a rollover contribution to the Plan.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to the limitations imposed by the Code.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation.

The Company did not make a discretionary matching contribution to the Plan during 2022 or 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Company's contribution and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contribution portion of accounts, plus actual earnings thereon are immediately vested.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balance. Loan terms range up to five years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of Prime at the time the loan is executed plus 2.00%. As of December 31, 2022, interest rates ranged from 5.25% to 8.00%. As of December 31, 2021, interest rates ranged from 5.25% to 7.50%. Principal and interest are paid ratably through payroll deductions.

Benefits are distributed either in a lump sum or other mode of settlement. The Plan requires all benefit payments less than or equal to \$500 to be paid in the form of a lump sum. Benefit payments greater than \$5,000 may be deferred in the form of rollovers or lump sum payments. If withdrawing participants are not entitled to their entire account balance, the amounts not received are forfeited.

NOTES TO FINANCIAL STATEMENTS *(continued)*

A. Description of the Plan – continued

Benefit Payments – continued

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of their vested account balance while employed after reaching age 59 1/2. A participant may receive a hardship distribution from salary reduction contributions if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, their spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from their principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) payments for burial or funeral expenses for the participant's parent, spouse, children or dependents; (6) expenses for the repair of damage to a participant's principal residence; or (7) expenses for disasters arising from federally declared disasters.

At December 31, 2022 and 2021, unallocated forfeitures totaled approximately \$500 and \$156, respectively. No forfeitures were allocated to reduce the Company's matching contribution for the year ended December 31, 2022 and 2021.

Investment Options

Upon enrollment in the Plan, a participant may direct their salary deferrals in 1% increments into any of the Plan's investment options.

Plan Expenses

In accordance with Plan provisions, the Company can pay substantially all costs relating to asset charges and recordkeeping. All significant administrative expenses that are paid by the Company and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

UWORLD, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

B. Summary of Significant Accounting Policies – continued

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the Plan's administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for the fully-benefit responsive investment contract, which is reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about assets and liabilities measured at fair value. See Note C for information related to the Plan's valuation methodologies.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid.

C. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value.

UWORLD, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Mutual funds are valued at the published per share net asset value of shares held by the Plan and are classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at net asset value.

There have been no changes in the methodologies used as of December 31, 2022 and 2021. The following table details the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2022 and 2021. The Plan has no assets classified within Level 2 or Level 3 of the valuation hierarchy.

2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$19,008,494	\$ -	\$ -	\$19,008,494
Total investments at fair value	<u>\$19,008,494</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$19,008,494</u>
2021				
	Level 1	Level 2	Level 3	Total

UWORLD, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

C. Fair Value Measurements – continued

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

D. Fully Benefit-Responsive Investment Contract

The Plan holds the investment, Key Guaranteed Portfolio Fund, which is a traditional group annuity contract held with Empower Annuity Insurance Company of America (formally with Great-West Life & Annuity Insurance Company). This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The average yield earned by the plan for the fully benefit-responsive investment was 1.05% for 2022 and 0.90% for 2021. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants.

E. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Retirement (formally Great-West Trust Company, LLC) and Empower Annuity Insurance Company of America (formally Great-West Life and Annuity Insurance Company), the custodians of the Plan.

UWORLD, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

F. Tax Status

Prior to January 11, 2022, the Company had adopted the Great-West Trust Company, LLC (Empower Retirement) Profit Sharing Prototype Plan, which had a favorable opinion letter from the Internal Revenue Service (“IRS”) dated March 31, 2014, stating that the written form of the prototype plan document is acceptable under Section 401(a) of the Code.

Effective January 11, 2022, the Company adopted the Great-West Trust Company, LLC (Empower Retirement) Defined Contribution Pre-Approved Plan, which has a favorable opinion letter from the IRS dated June 30, 2020. The written form of the plan document is acceptable under Section 401(a) of the Code and that any employer adopting the plan documents will be considered to have a plan qualified under Section 401(a) of the Code. Therefore, the related trust is exempt from federal income taxation.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Plan management is aware of certain operational issues surrounding eligible compensation that, if not properly corrected, could be treated by the IRS as qualification failures. Steps are being taken to correct these issues, including consulting ERISA counsel for assistance with a Voluntary Correction Program (“VCP”) filing with the IRS. Plan management and ERISA counsel believe the Plan will retain its tax-qualified status. However, these operational issues have a material effect on the Plan’s financial statements if the IRS does not approve the VCP filing. As of December 31, 2022 and 2021, the Plan has recorded an estimated other receivable on the accompanying statements of net assets available for benefits and a corresponding other contribution on the statements of changes in net assets available for benefits related to these operational failures since it is unknown if the IRS will approve the VCP filing.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, all amounts credited to participant’s accounts will become 100% vested.

UWORLD, LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

H. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

I. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in shares of a mutual fund and a group annuity contract managed Empower Retirement and Empower Annuity Insurance Company of America (formally Great-West Trust Company and Great-West Life & Annuity Insurance Company), which acts as custodians for only those investments as defined by the Plan.

Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Transactions in such investments, as well as loans made to participants, qualify as party in interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party in interest transactions under ERISA which are exempt from the prohibited transaction rules.

K. Subsequent Events

In preparing the accompanying financial statements, management of the Company has evaluated all subsequent events and transactions for potential recognition or disclosure through September 25, 2023, the date the financial statements were available for issuance.
