Access Intelligence, LLC 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Access Intelligence, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Access Intelligence, LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN

General

The following description of the Access Intelligence, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, which are available from the Plan administrator.

The Plan is a defined contribution plan sponsored by Access Intelligence, LLC (the "Company") for the benefit of substantially all employees who are age 21 or older, except for hourly-paid employees and independent contractor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. Principal Life Insurance Company and Delaware Charter Guarantee Trust Company d/b/a Principal Trust Company collectively "Principal") serve as custodian and trustee, respectively.

Contributions

Under terms of the Plan, participants may elect to make voluntary contributions to the Plan up to 75% of pre-tax and/or after-tax annual compensation as defined in the Plan, subject to certain Internal Revenue Services ("IRS") limitations. Eligible Participants were auto enrolled at 5% unless an election is made otherwise. Effective February 1, 2020, the Plan was amended, whereas eligible participants are auto enrolled at 6% unless an election is made otherwise. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may elect to make discretionary match contributions or discretionary profit-sharing contributions to the accounts of eligible employees. Effective January 1, 2022, the plan was amended to change matching contributions from stated match to discretionary match. The matching contribution is equal to 20% of the first 5% of eligible based compensation that a participant contributes to the Plan. If a participant elects a deferral greater than 5%, the Company will match 1% of the eligible based compensation that a participant contributes to the Plan. Discretionary match contributions made by the Company for the years then ended December 31, 2022 and 2021 were \$180,289 and \$53,096, respectively. There were no discretionary profit-sharing contributions made for 2022 nor 2021.

Investment Options

Participants direct the investment of their contributions and plan sponsor contributions into various investment options offered by the Plan and may make changes to their investment direction on a daily basis. The Plan currently offers registered investment companies, pooled separate accounts, and collective trust funds as investment options for participants. From time to time the Plan may add, remove, or change the investment options available to the participants who are notified of the changes and the investment options available to them.

The matching contribution is invested directly in the participant-directed investment options.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, Company matching contributions, if any, and allocations of (a) the Company's discretionary match contribution, if any, and (b) plan earnings or losses, and is charged with administrative expenses. Allocations are based on participant's earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Vesting

Participants' contributions plus actual earnings are 100% vested immediately. Employer contributions, including matching or discretionary match contributions, are subjected to the following vesting schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of (1) \$50,000 or (2) the greater of (a) one-half of the participant's vested account or (b) \$10,000, subject to certain reductions as defined in the Plan. A participant may be granted two loans during any one-year period, however only one loan may be outstanding at a time. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus 1%. The interest rate on current outstanding loans ranges from 4.25% to 8.00% at December 31, 2022 and 2021. The maximum loan term is five years, except for loans used to acquire the principal residence of the participant for which the maximum loan term is 10 years. Principal and interest is paid ratably through semi-monthly payroll deductions.

Payment of Benefits

Benefit payments are made in the form of participant directed lump-sum withdrawals, installments, or annuities upon separation, retirement, total and permanent disability, or death, as applicable. Benefits may be paid in cash, rolled over to another qualified retirement plan or individual retirement arrangements ("IRA"), or remain in the Plan until the participant chooses to take a distribution. For vested account balances less than \$5,000, benefits may, at the option of the participant, be paid as a cash distribution, rolled over to another qualified retirement plan or IRA, or if no election is made transferred to an individual IRA. In addition, participants may elect in-service withdrawals of their vested account balances after reaching age 59½.

Participants, under certain conditions, may make a financial hardship withdrawal of all or part of their vested elective deferral contribution accounts or discretionary matching contributions

The Plan also provides for minimum required distributions per IRS regulations by April 1 of the calendar year following the later of the calendar year in which the participant reaches age 72 or the calendar year the participant retires, in accordance with the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act").

Forfeited Accounts

At December 31, 2022 and 2021, the forfeited non-vested account amounted to \$0 and \$238 respectively. Forfeitures may be used to reduce the employer contributions or to offset plan expenses. For the year ended December 31, 2022, \$11,264 of forfeitures were used to reduce employer contributions.

Access Intelligence, LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Administration Expenses

Substantially all expenses incurred in the administration of the Plan are paid by the Plan Sponsor. Administration fees related to hardship withdrawals, loans and distributions are paid by the Plan.

Revenue Sharing Account

The Plan has a revenue sharing or expense budget account, which represents a suspense account under the Plan that shall be credited all amounts received by the Plan that do not consist of earnings on Plan investments or Plan contributions and are not specifically attributable to identified participant accounts. The revenue sharing account can be used to pay expenses incurred in connection with the operation of the Plan. Also, at the discretion of the Plan Sponsor, all amounts remaining in the account as of the last day of the Plan year may be allocated to the accounts of participants and beneficiaries who have account balances as of the allocation date.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by Principal. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan document. There was no allowance for uncollectible notes as of December 31, 2022 nor 2021.

Payment of Benefits

Benefits are recorded when paid.

Access Intelligence, LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE C - INFORMATION CERTIFIED BY PRINCIPAL

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal has certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net investment income, as shown on the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. Notes receivable from participants and interest income on notes receivable from participants are not certified by Principal.

NOTE D - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are pooled separate accounts and collective trust funds managed by Principal. The Plan permits notes receivable from participants. Fees paid during the year for legal, accounting and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTE E - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

NOTE F - TAX STATUS

The underlying non-standardized prototype plan has received an opinion letter from the IRS dated March 31, 2014 stating that the form of the Plan is qualified under Section 401 of the Internal Revenue Code (the "Code") and, therefore, the related trust is tax exempt. The Company has determined that it is eligible to and has chosen to rely on the current IRS prototype plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving its determination letter. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Access Intelligence, LLC 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE G - FAIR VALUE MEASUREMENT

Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its assets and liabilities into Level 1 (securities valued using quoted prices from active markets for identical assets), Level 2 (securities not traded on an active market for which observable market inputs are readily available), and Level 3 (securities valued based on significant unobservable inputs). Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies and inputs used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered investment companies: Valued based on quoted prices of the fund in active markets and are classified within Level 1 of the fair value hierarchy.

Pooled separate accounts: Valued at net asset value ("NAV") per unit, as a practical expedient to estimate fair value, based on the quoted market price of the respective funds' underlying investments.

Collective trust funds: Valued at the NAV per unit, as a practical expedient to estimate fair value, which is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of units outstanding. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. To assess the reasonableness of the fair value methodology used for the trust, the Plan's Investment Committee, with the assistance of an investment advisor, evaluates a variety of factors including economic conditions, industry and market developments, and overall credit ratings.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	Level 1	Total
Registered investment companies	\$ 2,738,811	\$ 2,738,812
Investments measured at NAV ^(a)	-	25,524,805
Total investments, at fair value	\$ -	\$ 28,263,617

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2021:

	Level 1	Total
Registered investment companies	\$ 7,079,279	\$ 7,079,279
Investments measured at NAV (a)	-	26,530,589
Total investments, at fair value	\$ -	\$ 33,609,868

(a) In accordance with ASC 820-10, certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no transfers in or out of Level 1, 2 or 3.

In accordance with the fair value measurements and disclosures guidance, the following table presents the category, fair value, redemption frequency, and redemption notice period for plan investments, the fair values of which are estimated using the NAV per share as of December 31, 2022 and 2021:

	2022	2021	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
*Pooled separate accounts	\$ 7,285,577	\$ 9,456,802	None	Daily	None
*Collective trust funds	18,239,228	17,073,787	None	Daily	None
Total	\$ 25,524,805	\$ 26,530,589			

* All funds included in this category file as direct filing entities and as such, investment strategy disclosures are not required.

NOTE H - RISKS AND UNCERTAINTIES

The Plan invests in registered investment companies, pooled separate accounts, and collective trust funds. Such investments are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with such investments, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
