KENNEDY/JENKS CONSULTANTS, INC.
PROFIT SHARING RETIREMENT PLAN
San Francisco, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of **KENNEDY/JENKS CONSULTANTS, INC. PROFIT SHARING RETIREMENT PLAN (the Plan)**, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kennedy/Jenks Consultants, Inc. Profit Sharing Retirement Plan

Notes to the Financial Statements

Note 1 - Plan Description:

The following brief description of the Kennedy/Jenks Consultants, Inc. Profit Sharing Retirement Plan (the Plan) is provided for general information purposes only. Plan participants should refer to the Plan document for a complete description of the Plan's provisions.

a. General

The Plan, as established on January 1, 1970, is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended. The Plan includes a salary deferral arrangement as described in Sections 401(k) of the Internal Revenue Code (IRC) of 1986. The Plan is administered by the Plan Administrative Committee consisting of six employee members appointed by the Board of Directors of Kennedy/Jenks Consultants, Inc. (the Company).

On October 1, 2019, the Plan was amended and restated as a prototype basis plan to expand features of the automatic enrollment provision, modify matching contribution provisions to be on an annual basis subject to vesting, expand acceptance of rollovers from qualified plans, and add financial hardship distribution provisions.

Effective January 1, 2020, the Plan was amended to change the definition of benefiting participants for non-safe harbor matching contributions and non-safe harbor non-elective contributions to exclude those participants who terminate for other reasons than retirement, disability, or death. The amendment also changed the definition of eligible compensation to exclude bonuses in the calculation of non-safe harbor matching and non-safe harbor non-elective contributions.

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act (CARES Act) was enacted and signed into law. The CARES Act provided plan sponsors the ability to offer participants penalty-free distributions up to \$100,000, increased loan limits and deferment of loan payments. The CARES Act also temporarily waived required minimum distributions for terminated participants in calendar year 2020. The Plan has implemented these provisions and formally executed the required plan amendments reflecting their implementation effective on January 1, 2022.

The Plan was restated effective January 1, 2022, as a Schwab Retirement Plan Services, Inc.'s Pre-Approved Defined Contribution Plan. A favorable opinion letter from the IRS was issued on September 21, 2020 regarding the qualified status of the plan on which the terms of the restated Plan are based. There were no significant changes in Plan provisions.

Kennedy/Jenks Consultants, Inc. Profit Sharing Retirement Plan

Notes to the Financial Statements

b. Eligibility

All employees, except those employees classified as an excluded class, are eligible to make an elective deferral contribution into the Plan and to receive the employer matching and non-elective contributions. Excluded classes of employees are union employees and leased employees. The Plan does not have an eligibility age or service requirement.

An employee is eligible to share in the allocation of Company contributions for each plan year in which the employee has completed 1,000 hours of service and employed on the last day of the allocated period. Upon retirement, death or disability, an employee is eligible to share in the allocation of Company contributions regardless of the hours-of-service requirement.

c. Participant Contributions

Participants may elect to make pre-tax 401(k) contributions and Roth 401(k) contributions. Eligible employees may contribute up to 100% of pre-tax annual compensation, as defined by the Plan, not to exceed the amount allowable under current income tax regulations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Contributions withheld are invested in accordance with the participant's direction.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

The Company will automatically enroll an employee in the 401(k) Salary Deferral feature of the Plan once the employee is eligible unless the employee makes an affirmative election not to participate or makes an election to defer less than 4% of eligible compensation. In addition, each year in January an employee deferring less than 4% of eligible compensation will be automatically enrolled at 4% of eligible compensation and an employee deferring between 4% and 9% of eligible compensation will be automatically increased by 1% up to a total of 10% of the employee compensation. For any employee automatically enrolled in the Plan after the effective date, the Plan allows withdrawal of payroll deferrals within 90 days of the first deferral. The withdrawal is not subject to an early withdrawal penalty, and any employer contributions associated with the withdrawal deferrals will be forfeited.

The Plan offers a range of investment options. Unless it is directed by employee, the account will be invested in a Vanguard Target Retirement Fund based upon the employee's age and years to retirement.

Kennedy/Jenks Consultants, Inc. Profit Sharing Retirement Plan

Notes to the Financial Statements

d. Employer Contributions

The Company, at the discretion of its Board of Directors, determines the amount of its annual employer matching and non-elective contribution to the Plan. All employer discretionary contributions are invested according to participant's investment elections. Unless otherwise directed by the employee, employer contributions are invested in a Vanguard Target Retirement Fund based upon the employee's age and years to retirement. The Company non-elective contributions are allocated at year end to eligible participants in proportion to their eligible compensation. The Company matching contributions are allocated at year end to eligible participants in accordance with a discretionary matching formula.

e. Payment of Benefits

Upon termination of service, disability, death or retirement, financial hardship, or deemed severance from employment while performing military service, the participants or their beneficiaries may elect to leave their account balances in the Plan or receive their total benefits either in a lump-sum distribution, in installments over a period generally not exceeding five years, or any combination of the foregoing.

Eligible distributions exceeding \$1,000, but less than \$5,000 are directly rolled over into a traditional individual retirement account (IRA) or, if specified by the participant, as a direct payment to him/her in a single lump sum payment. Eligible distributions less than \$1,000 are paid directly to the participant in a single lump sum.

Once a participant has reached age 59½, a participant is eligible once during each plan year to make a withdrawal from their elective deferrals, Qualified Matching Contributions, Qualified Non-Elective Contributions, Non-Safe Harbor Matching, and Profit Sharing Non-Safe Harbor Non-Elective accounts. Once a participant has received complete distribution of their interest in these accounts and is either credited with at least five years of service or has attained age 65, the participant is eligible once during each plan year to make a withdrawal from their accounts.

The minimum withdrawal amount must be the lessor of \$5,000 or 25% of the aggregate balances of the participant's eligible accounts and not more than 100% of the balances of the participant's accounts. Refer to the Amended and Restated Plan effective January 1, 2022 for a full description of the in-service withdrawals.

There were no participant requests to withdraw from the Plan at December 31, 2022 and 2021 that had not been paid as of those dates.

Kennedy/Jenks Consultants, Inc. Profit Sharing Retirement Plan

Notes to the Financial Statements

f. Participant Accounts

A separate account is maintained for each plan participant's contributions and for his/her share of the Company contributions. The account balance may include any of the following:

- A pro-rata share of the Company non-elective contributions and forfeitures
- Company matching contributions
- A pro-rata share of investment income or losses
- A pro-rata share of administrative expenses
- Employee contributions
- Distributions
- Funds transfers
- Employee rollovers

g. Participant Investment Options

Upon enrollment in the Plan, a participant must direct employee and the Company discretionary contributions to any of the available investment options. Participants may change their investment options any time throughout the year.

h. Vesting

Participants' elective contributions are 100% vested at all times. Company contributions vest over five years provided the employee meets the minimum 1,000 hours of service requirement per plan year. The participants' interest vests at the rate of 20% per year after completion of one year of service and becomes fully vested after five years of service. Upon death, disability, attainment of age 55 and 15 years of service or attainment of age 65, the participant's account becomes 100% vested.

Kennedy/Jenks Consultants, Inc. Profit Sharing Retirement Plan

Notes to the Financial Statements

i. Forfeited Accounts

The nonvested portion of the Company contributions will be forfeited as of the plan year in which the participant receives a complete distribution of his/her vested benefit from the Plan or upon the occurrence of a five-consecutive-year break in service. Forfeitures will be allocated to the remaining eligible participants' accounts as of the plan year in which the forfeiture occurs. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled to \$27,307 and \$23,977, respectively. For the year end December 31, 2022, \$27,307 was re-allocated to the eligible participants' accounts.

j. Notes Receivable from Participants

Participants may borrow up to the lesser of one-half of their vested benefit or \$50,000. The loan is to be collateralized by the remaining account balance. Repayment terms cannot exceed five years. Interest rates are prescribed by the Plan Administrative Committee at the date the loan is made and shall be consistent with interest rates then charged by commercial lenders for loans made under similar circumstances. A participant may only have one loan outstanding at a time. Loans currently outstanding bear annual interest at rates ranging from 4.25% to 8.50%.

k. Plan Trustee

The Company appointed Charles Schwab Trust Bank (the Trustee) as the Trustee and Charles Schwab Retirement Plan Services, Inc., as the recordkeeper of the Plan. Substantially all the Plan's assets are held by the Trustee.

Note 2 - Summary of Significant Accounting Policies:

a. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U. S. GAAP).

b. Investment Valuation and Income Recognition

Investments of the Plan are held by the Trustee and invested based solely upon instructions received from participants.

Kennedy/Jenks Consultants, Inc. Profit Sharing Retirement Plan

Notes to the Financial Statements

The Plan's investments in noninterest-bearing cash, money market accounts, and mutual funds are valued and reported at fair value as of the last day of the plan year. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of mutual funds are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is accrued on the ex-dividend date.

The net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits includes both the unrealized appreciation in the aggregate current value of investments and realized gains and losses on sale of investments purchased and sold as well as held during the year.

The market volatility of equity-based investments may substantially impact the value of such investments at any given time. It is likely that the value of the Plan's investments, both in total and in individual participant accounts, has fluctuated since December 31, 2022.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

c. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

d. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest is recorded as interest receivable on notes receivable from participants. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Kennedy/Jenks Consultants, Inc. Profit Sharing Retirement Plan

Notes to the Financial Statements

e. Benefits to Participants

Benefits to participants are recorded when paid.

f. Subsequent Events

The Plan Administrator has evaluated subsequent events from December 31, 2022 through September 29, 2023, the date the financial statements were available to be issued, and there were no material subsequent events that required recognition or additional disclosure in these financial statements.

Note 3 - Certified Information:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the Trustee of the Plan.

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Kennedy/Jenks Consultants, Inc. Profit Sharing Retirement Plan

Notes to the Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying Statement of Net Assets Available for Benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Noninterest-bearing cash: valued at their outstanding balance, which represent fair value.

Money Market Accounts: valued at their outstanding balance, which represent fair value.

Registered investment companies - mutual funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U. S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

As of December 31, 2022	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Money market accounts	\$ 4,784,558	\$ 4,784,558

Noninterest-bearing cash	1,734	1,734		
Registered investment companies - mutual funds	125,513,932	125,513,932		
Investments, at fair value	\$ 130,653,411	\$ 130,653,411	\$ -	\$ -

Note 5 - Administrative Expenses:

Brokerage commission, professional, administrative fees, and other expenses are paid by the Plan. The Company, at its discretion, pays certain expenses of the Plan. Personnel and facilities of the Company are used by the Plan for administration, accounting and other activities at no charge to the Plan.

Effective June 9, 2014, Schwab Retirement Plan Services, Inc. (Schwab) provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the Company and Schwab. Schwab receives revenue from mutual fund service providers for services Schwab provides to the funds. Effective January 1, 2020, this revenue is credited on a quarterly basis back to the accounts of participants that held investments in the funds that generated the revenue.

In accordance with the Plan Service Agreement, \$21,622 in revenue credits were generated and credited back to participants during the year ended December 31, 2022.

Note 6 - Plan Termination:

Although the Company has not expressed any intent to do so, the Company has the right under the Plan Agreement to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all plan participants become 100% vested in their accounts.

Note 7 - Plan Investment Options:

Plan investments are held in trust by Charles Schwab Trust Bank. Assets may be held temporarily in cash or other investments subject to the terms of the trust agreement.

Vanguard FTSE Social Index Fund seeks to match the performance of a benchmark index that measures the investment return of large- and mid-capitalization stocks. The benchmark index is composed primarily of stocks that have been screened for certain social and environmental criteria by the Index sponsor, which is independent of Vanguard.

Note 8 - Income Tax Status:

The Plan has adopted a volume submitter plan sponsored by Schwab Retirement Plan Services, Inc., an affiliate of the Trustee. Schwab Retirement Plan Services, Inc. has received a favorable opinion letter dated September 21, 2020 from the IRS as to the acceptability of the form of the plan under Section 401 of the IRC. This opinion on the acceptability of the form of the plan is not a ruling or determination as to whether the Plan qualified under Code section 401(a). The Plan has been amended and restated since receiving the opinion letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Notes to the Financial Statements

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 9 - Risks and Uncertainties:

The Plan provides for various investment options in any combination of the registered investment companies and other investments offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in risks in the near term would materially affect participant account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

The Vanguard 500 Index Fund represents approximately 14% and 15% of the Plan's investments at December 31, 2022 and 2021, respectively. This is considered to be a concentration of credit risk.

Note 10 - Party-in-Interest Transactions:

Certain Plan investments in mutual funds are managed by Charles Schwab Trust Bank, who is also the Trustee of the Plan. Any purchase and sales of these funds are open market transactions at fair market value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.
