INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Carroll Enterprises, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Carroll Enterprises, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Carroll Enterprises, Inc. 401(k) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Carroll Enterprises, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Carroll Enterprises, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Carroll Enterprises, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Carroll Enterprises, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Carroll Enterprises, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of Carroll Enterprises, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Carroll Enterprises, Inc. (the "Company"), and their beneficiaries, funds for retirement. The Plan Administrator is responsible for the oversight of the Plan. Plan management determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

Employees of the Company, other than leased employees, who have completed one month of service and are aged twenty-one or older are eligible to participate in the Plan. Effective July 1, 2022, participating employees who have completed one month of service and are aged twenty-one or older are eligible to receive employer discretionary matching contributions. Prior to July 1, 2022, participating employees who have completed one year of service and were aged twenty-one or older were eligible to receive employer discretionary matching contributions.

Contributions

Participants may elect to contribute up to 90% of pretax annual compensation up to the maximum contribution per employee allowable by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined plans. The Plan is subject to an automatic enrollment provision with initial contributions established as 3% of eligible compensation, unless the eligible employee opts out of participation in the Plan or chooses a different deferral rate.

The Company contributes a discretionary match determined annually by the Board of Directors. Effective July 1, 2022, the Company contributed a match equal to 34% of the participant deferrals up to 6% of each contributing participant's eligible compensation. Prior to July 1, 2022, the Company contributed a match equal to 25% of the participant deferrals up to 6% of each contributing participant's eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, (b) Plan earnings or losses, and (c) administrative expenses. Allocations are based on participant account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers many mutual funds, a collective investment trust, and self-directed brokerage accounts as investment options for participants.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contribution, plus earnings thereon, is based on years of credited service accordance with the following schedule. A participant is required to provide 1,000 hours of service during the Plan year to be credited with the year of vesting.

Carroll Enterprises, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The participants vest in the Company's discretionary matching contribution as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
At least 1 year, but less than 2	20%
At least 2 years, but less than 3	40%
At least 3 years, but less than 4	60%
At least 4 years, but less than 5	80%
5 years or more	100%

Notes Receivable from Participants

Participants may borrow from their accounts amounts up to the lesser of 50% of their vested account balances or \$50,000, reduced by the highest outstanding loan balance in the participant's account during the previous 12-month period, subject to a minimum of \$1,000. Notes must be repaid over a period not to extend beyond five years unless the loan proceeds are used for the purchase of a primary residence. Participants may have one loan outstanding at any time. The notes are secured by the balances in the participant accounts and bear interest commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is repaid ratably through bi-weekly payroll deductions. Notes receivable from participants are recorded at their unpaid principal balance plus accrued interest.

Payment of Benefits

Upon retirement, termination, death, disability or attainment of age 59 1/2, vested plan benefits may be distributed to a participant in a lump-sum. Upon qualification for financial hardship, a participant is entitled to the value of their deferral and the vest portion of the Company's contributions, determined as of the valuation date, which is payable immediately in a lump-sum distribution.

If at the time of termination, a participant's vested account balance is \$5,000 or less, the plan administrator may distribute the vested account balance to the participant without their consent. The vested account balance will be rolled over to an Individual Retirement Account established by the Plan administrator.

Forfeitures

Forfeitures are created if the participants are terminated or retire prior to becoming fully vested in the employer discretionary matching contributions. Forfeitures of employer discretionary matching contributions can be used to reduce future employer discretionary matching contributions or to pay for Plan expenses. During 2022, the Plan used \$6,508 of forfeitures to pay Plan expenses and \$52,519 to reduce employer discretionary matching contributions. At December 31, 2022 and 2021, forfeited non-vested accounts were \$3,785 and \$54,946, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Investment Valuation and Income Recognition

The Plan's investments in mutual funds and self-directed brokerage accounts are stated at fair value based on closing market quoted prices at year-end. The Plan's investment in the collective investment trust is based on the net asset value ("NAV") of the trust's underlying investments as recorded in the audited financial statements of the trust at year-end.

Carroll Enterprises, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments represents both realized and unrealized gains and losses.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make note repayments and the Plan administrator considers the participant note to be in default, the note balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Administrative Expenses

Certain administrative expenses incurred in the operation of the Plan are paid by the Company and are not reflected in the accompanying financial statements. Fees related to the administration of notes receivable from participants and fees related to processing of distributions are charged directly to the participant accounts and are included in administrative expenses. Administrative expenses also include certain investment management and plan audit fees. Other investment related expenses are included in net depreciation of fair value of investments and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated the activity of the Plan through September 19, 2023, the date the financial statements were available to be issued. Based on that evaluation, management has determined that no subsequent events have occurred which require adjustment to or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value that utilizes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Carroll Enterprises, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted market prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. The Plan had no assets or liabilities valued using Level 2 inputs as of December 31, 2022 and 2021.

Level 3 - Inputs to the valuation methodology are unobservable supported by little or no market activity and significant to the fair value measurement. Level 3 inputs include management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. The Plan had no assets or liabilities valued using Level 3 inputs as of December 31, 2022 and 2021.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Shares of mutual funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Contract value of the collective investment trust represents contributions made under the contract, plus earnings, less Plan withdrawals and administration expenses. Investments in wrapper contracts are reported at fair value as determined using a discounted cash flow model, which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities. The NAV of the underlying funds is reported by the investment advisor using the audited financial statements of the collective trust at year-end. The investment in the collective investment trust is valued as a practical expedient utilizing the net asset valuation. The use of NAV is deemed appropriate as the collective investment trust does not have a finite life, unfunded commitments relating to the types of investment or significant restrictions on redemptions. The practical expedient is used for valuation, unless it is probable that the Plan will set a portion of the investment at an amount different from the NAV.

Self-directed brokerage accounts: Includes investments in interest-bearing cash equivalents, corporate stocks and mutual funds. These investments are valued at the daily closing prices reported on the active markets on which the individual securities are traded.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

* In accordance with Subtopic 820-10 certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for plan benefits.

4. COLLECTIVE INVESTMENT TRUST

During the years ended December 31, 2022 and 2021, the Plan invested in an investment contract through a collective investment trust fund, Reliance Trust Company Stable Value Fund Collective Investment Trust, Series 25157, which is measured using the net asset value. There are no participant redemption restrictions for this investment.

The following table sets forth the Plan's investments whose fair value was estimated using NAV per share or its equivalent as of December 31:

	Fair Value at December 31,		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Collective investment trust	<u>\$ 2,912,871</u>	<u>\$ 1,575,526</u>	None	Daily	30 Days

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer matching contributions.

6. TAX STATUS

The Company adopted non-standardized pre-approved profit-sharing plan, which received a letter from the IRS dated June 30, 2020, stating that the form of non-standardized pre-approved plan was acceptable under the applicable sections of the IRC. Although the Plan has been amended since the date of the IRS letter, the Plan administrator believes that the Plan is currently being operated in compliance with the qualified prototype plan. Therefore, the Plan administrator believes that the Plan is qualified, and the related trust is tax-exempt as of the date of the independent auditor's report and no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

7. INFORMATION CERTIFIED BY THE PLAN TRUSTEE (UNAUDITED)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator had obtained certifications from, John Hancock Trust Company LLC, the trustee of the Plan, that all the information provided by them is complete and accurate. Information included in the accompanying financial statements as to investments administered by the trustee, net investment loss (excluding the self-directed brokerage funds), interest income on notes receivable, and all information in the supplemental schedule is presented in reliance solely upon such certifications. No auditing procedures were performed by the independent public accountants with respect to information certified to as complete and accurate by the trustee, except for comparing such information with the related information included in the financial statements.

8. TRANSACTIONS WITH PARTIES-IN-INTEREST

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan, or an employer whose employees are covered by the Plan. For the year ended December 31, 2022, the Plan's transactions with parties-in-interest were as follows:

Investments

The Plan invests in shares of a mutual fund managed by the Plan's trustee, John Hancock Trust Company LLC. A portion of the income or loss of the Plan is derived from this investment. Fees paid by the Plan to John Hancock Trust Company LLC for certain investment management fees were deducted from the net asset values of the funds held by the Plan.

Expenses

All administrative expenses are to be paid by the Plan unless paid by the plan sponsor. Also, certain employees of the Company, who are also plan participants, perform administrative services on behalf of the Plan at no cost to the Plan. Fees related to the administration of notes receivable from participants or to processing of distributions are charged directly to the participant accounts and are included in administrative expenses.

Revenue Credit Account

In accordance with an agreement between John Hancock Retirement Plan Services ("JHRPS") and the Plan, JHRPS will make deposits to this account in an amount consistent with the revenue sharing terms as defined in the agreement. Any amounts attributable to the account shall be reflected in the Plan records, held in the Plan trust and invested as directed by the Plan sponsor. Amounts in this account are used to offset Plan administrative expenses and any amounts unused for expenses may be allocated to participant accounts. For the year ended December 31, 2022, revenue recognized in revenue credit account amounted to \$551 and is included in other income on the accompanying statement of changes in net assets available for benefits.

Plan Expense Reimbursement Account (PERA)

In accordance with an agreement between John Hancock Retirement Plan Services ("JHRPS") and the Plan, JHRPS will make deposits to this account of asset-based fees determined as 0.07% of the plan assets that are withheld from the participant accounts. Amounts in this account are used to offset Plan administrative expenses. During the year ended December 31, 2022, asset-based fees of \$12,813 were deposited to PERA account and are recognized as other income in the statement of changes in net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are also party-in-interest transactions.

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

9. RISKS AND UNCERTAINTIES

The Plan invests in various underlying investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
