INDEPENDENT AUDITOR'S REPORT

December 31, 2022 and 2021

July 26, 2023

The Plan Administrator
Bettis Asphalt & Construction, Inc. 401(K) & Profit Sharing Plan
Topeka, Kansas

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bettis Asphalt & Construction, Inc. 401(K) & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of the Bettis Asphalt & Construction, Inc. 401(K) & Profit Sharing Plan (the Plan) provides only general information. Refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Bettis Asphalt and Construction, Inc. (the Company) for participants in its US company. Employees are eligible to begin deferring contributions after 3 months of consecutive service and at age 18. The Plan was established March 1, 2007 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Participating employees may elect to defer up to 100% of their annual compensation subject to limitations in the IRC, as defined in the Plan document, to the Plan on a tax-deferred basis or in a Roth 401(k). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments through Mutual of Omaha (the Custodian) to Plan participants as core investment options.

Employer Contributions

Each year the Plan Sponsor, may contribute to the Plan safe harbor match and/or a discretionary profit sharing contribution. For the Plan years December 31, 2022 and December 31, 2021, the Plan Sponsor chose to match 100% of a participant's contributions, up to a maximum of 4% of each participant's total compensation. The Plan Sponsor set a profit sharing discretionary percentage of 1.76% and 2.15% for the years ending December 31, 2022 and December 31, 2021, respectively. Discretionary match and profit sharing contributions are invested as the participant has directed.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and allocations of the employer's discretionary safe harbor match and Plan earnings. The profit-sharing contribution is allocated proportionately among all participants to those employed on the last day of the Plan year and is based on participant compensation as defined. Participants' accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, their employer match contributions, and actual earnings thereon. Participants will become vested in employer profit sharing contributions on a 6 year graduated vesting schedule.

Participant Loans

Under the terms of the Plan, loans are permitted and are subject to approval by the Plan Administrator. The minimum loan is \$1,000 and the maximum loan is the lesser of 50% of the participant's vested account balance or \$50,000, reduced by the highest outstanding receivable balance in the participant's account during the prior 12-month period. These loans are secured by the participants' account balances and bear interest at a rate determined by the Plan Administrator. Loan repayments are made ratably through payroll deductions. Generally, the loan term may not exceed five years. However, if the loan is for the purchase of a principal residence, the Administrator may permit a longer repayment term. For the years ending December 31, 2022 and 2021, interest rates on outstanding loans were 4.25% to 8.50% respectively.

At December 31, 2022 and 2021, no participant loans were in default.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 1: Description of the Plan (Continued)

Payment of Benefits

Distributions are made upon death, disability, retirement, or termination of employment. The participant may receive a lump-sum or annual installments over a period of time equal to the value of the participant's vested interest in his or her account.

Benefits are recorded when paid. As of December 31, 2022 and 2021, the Plan had no pending distributions of a participant requesting distribution but not receiving it until the subsequent year.

Forfeitures

Forfeitures represent the non-vested portion of participant account balances upon termination. Forfeited amounts are applied against employer discretionary contributions in the following Plan year. The forfeiture account balance at December 31, 2022 and 2021 was \$7837 and \$0, respectively. This is a safe harbor plan, all participants contributions and safe harbor match amounts are fully vested. Profit sharing is vested on a six year schedule. In 2022, \$0 was used to reduce employer contributions.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from the Plan Sponsor are accrued in the period in which they become an obligation of the employer by declaration of the Board of Directors. Contributions from employees are accrued when withholding is made from employees' payroll.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are presented at fair value, as determined and certified by the Custodian as of the Plan's year-end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the net asset value held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Guaranteed investment contracts (GIC) are valued at contract value by the Custodian with comparable durations considering the creditworthiness of the issuer. Contract value is the value of the fund as of the last business day of the Plan year plus any accrued interest through the last day of the Plan year. Contract value is the relevant measurement as that is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 2: Summary of Accounting Policies (Continued)**Administrative Fees**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participants account. Other expenses, including investment advisor fees and third party administrator fees, are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of investments.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy, gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See Note 3 for further documentation on fair value measurements.

Participant Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions upon a distributable event, as defined in the Plan document.

Note 3: Fair Value Measurements

The following table presents the fair value hierarchy for the balances of the assets of the Plan measured at fair value on a recurring basis as of December 31, 2022 and 2021.

December 31, 2022	Level 1	Level 2	Level 3	Total
Mutual funds - Participant directed	\$ -	\$ 9,688,017	\$ -	\$ 9,688,017
December 31, 2021	Level 1	Level 2	Level 3	Total

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 3: Fair Value Measurements (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Fund

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Money market funds are a type of mutual fund and share the same valuation process.

Note 4: Guaranteed Investment Contracts

Guaranteed investment contracts (GIC) are reported at fair value which approximates the contract value for December 31, 2022 and 2021. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because fair value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the Custodian. The Guaranteed Account valuation is a level 3 input as there is no observable market price for these types of contracts. There has been no change in methodologies used at December 31, 2022 and 2021.

December 31, 2022	Market Value	Principle Value Technique	Unobservable Inputs	Weighted Average
Guaranteed Investment Contracts	\$ 373,933	Discounted Cash Flow	Discount Rate	5.1719%
December 31, 2021				
Guaranteed Investment Contracts	\$ 287,835	Discounted Cash Flow	Discount Rate	1.3310%

The Plan distributed \$14,740 and \$14,756 of the Plan's level 3 assets for the years ending December 31, 2022 and 2021. Transfers into the fund were \$7,833 and \$224,749 for the years ending December 31, 2022 and 2021. Transfers into the fund for 2022 were from forfeitures and for 2021 were from changes in platform investments.

Note 5: Related Party and Party-in-Interest Transactions

The Plan Sponsor absorbs some administrative expenses of the Plan and the cost of fidelity bonds. The Plan Sponsor provides administrative services on behalf of the Plan. As the Plan does not reimburse the Company for the cost of such services, they are not included in these financial statements.

Certain Plan investments are shares of proprietary funds managed by the Custodian, for which they are paid a minimal fee. Investment related expenses paid to Mutual of Omaha are included with administration fees. These transactions qualify as exempt party-in-interest transactions.

Additional party-in-interest transactions include audit fees paid to Varney & Associates, CPAs, LLC, Harvest Financial for investment advisors, and fees paid to Mutual of Omaha for third party administration.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Topeka, Kansas

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 7: Tax Status

The Plan Sponsor has adopted a prototype Plan document. The Internal Revenue Service issued an opinion letter, dated September 21, 2020, on the prototype Plan document, indicating the basic Plan document is acceptable under Code Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of worldwide incidents, there has been heightened market risk and volatility that could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty of the market during this time, Plan management is unable to estimate the total impact these events may have.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Schedule H of Form 5500:

	December 31, 2022	December 31, 2021
Net assets available for benefits per the financial statements	\$ 10,390,738	\$ 11,560,858
Accounts receivable	(190,320)	(160,000)
Net assets available for benefits per Schedule H to Form 5500	\$ 10,200,418	\$ 11,400,858
Change in net assets available for benefits per the financial statements	\$ (1,167,511)	\$ 2,070,295
Plus: Prior year accounts receivable	160,000	136,377
Less: Current year accounts receivable	(190,320)	(160,000)

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 10: Information Prepared and Certified by Custodian (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodian. The fair market value of the guaranteed investment contract was certified by the Custodian. Mutual of Omaha provided a signed letter certifying the investments for 2022 and 2021.

Note 11: Investment Contracts

Guaranteed investment contracts (GIC) as of December 31, 2022 and 2021 were valued at fair market value which approximates contract value. The investment option is considered fully benefit responsive according to ASC 946, Financial Services - Investment Companies. The fund is considered fully benefit responsive because it invests in various guaranteed investment contracts.

Because the fund is fully benefit responsive, contract value or fair value was the relevant measurement attribute for that portion of net assets available for benefits attributable to the fund. These funds guarantee both principal and interest to the participants invested in the product. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract value. There are no reserves against contract values for credit risk of the contract issuer. The underlying investment contract utilizes various credit rating formulas based on a spread to an index.

Note 12: Subsequent Events

Management has evaluated subsequent events through July 26, 2023, the date on which the financial statements were available to be issued.

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Bettis Asphalt & Construction, Inc. 401(K) & Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of the Bettis Asphalt & Construction, Inc. 401(K) & Profit Sharing Plan (the Plan) provides only general information. Refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Bettis Asphalt and Construction, Inc. (the Company) for participants in its US company. Employees are eligible to begin deferring contributions after 3 months of consecutive service and at age 18. The Plan was established March 1, 2007 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Employee Contributions

Participating employees may elect to defer up to 100% of their annual compensation subject to limitations in the IRC, as defined in the Plan document, to the Plan on a tax-deferred basis or in a Roth 401(k). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers investments through Mutual of Omaha (the Custodian) to Plan participants as core investment options.

Employer Contributions

Each year the Plan Sponsor, may contribute to the Plan safe harbor match and/or a discretionary profit sharing contribution. For the Plan years December 31, 2022 and December 31, 2021, the Plan Sponsor chose to match 100% of a participant's contributions, up to a maximum of 4% of each participant's total compensation. The Plan Sponsor set a profit sharing discretionary percentage of 1.76% and 2.15% for the years ending December 31, 2022 and December 31, 2021, respectively. Discretionary match and profit sharing contributions are invested as the participant has directed.

Participant Accounts

Each participant's account is credited with the participant's voluntary contribution and allocations of the employer's discretionary safe harbor match and Plan earnings. The profit-sharing contribution is allocated proportionately among all participants to those employed on the last day of the Plan year and is based on participant compensation as defined. Participants' accounts are charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, their employer match contributions, and actual earnings thereon. Participants will become vested in employer profit sharing contributions on a 6 year graduated vesting schedule.

Participant Loans

Under the terms of the Plan, loans are permitted and are subject to approval by the Plan Administrator. The minimum loan is \$1,000 and the maximum loan is the lesser of 50% of the participant's vested account balance or \$50,000, reduced by the highest outstanding receivable balance in the participant's account during the prior 12-month period. These loans are secured by the participants' account balances and bear interest at a rate determined by the Plan Administrator. Loan repayments are made ratably through payroll deductions. Generally, the loan term may not exceed five years. However, if the loan is for the purchase of a principal residence, the Administrator may permit a longer repayment term. For the years ending December 31, 2022 and 2021, interest rates on outstanding loans were 4.25% to 8.50% respectively.

At December 31, 2022 and 2021, no participant loans were in default.

Note 1: Description of the Plan (Continued)

Payment of Benefits

Distributions are made upon death, disability, retirement, or termination of employment. The participant may receive a lump-sum or annual installments over a period of time equal to the value of the participant's vested interest in his or her account.

Benefits are recorded when paid. As of December 31, 2022 and 2021, the Plan had no pending distributions of a participant requesting distribution but not receiving it until the subsequent year.

Forfeitures

Forfeitures represent the non-vested portion of participant account balances upon termination. Forfeited amounts are applied against employer discretionary contributions in the following Plan year. The forfeiture account balance at December 31, 2022 and 2021 was \$7837 and \$0, respectively. This is a safe harbor plan, all participants contributions and safe harbor match amounts are fully vested. Profit sharing is vested on a six year schedule. In 2022, \$0 was used to reduce employer contributions.

Note 2: Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America. Contributions from the Plan Sponsor are accrued in the period in which they become an obligation of the employer by declaration of the Board of Directors. Contributions from employees are accrued when withholding is made from employees' payroll.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are presented at fair value, as determined and certified by the Custodian as of the Plan's year-end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of mutual funds are valued at the net asset value held by the Plan at year-end. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Guaranteed investment contracts (GIC) are valued at contract value by the Custodian with comparable durations considering the creditworthiness of the issuer. Contract value is the value of the fund as of the last business day of the Plan year plus any accrued interest through the last day of the Plan year. Contract value is the relevant measurement as that is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 2: Summary of Accounting Policies (Continued)**Administrative Fees**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of distributions are charged directly to the participants account. Other expenses, including investment advisor fees and third party administrator fees, are included in administrative expenses. Investment related expenses are included in the net appreciation of the fair value of investments.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy, gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

See Note 3 for further documentation on fair value measurements.

Participant Loans

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions upon a distributable event, as defined in the Plan document.

Note 3: Fair Value Measurements

The following table presents the fair value hierarchy for the balances of the assets of the Plan measured at fair value on a recurring basis as of December 31, 2022 and 2021.

December 31, 2022	Level 1	Level 2	Level 3	Total
Mutual funds - Participant directed	\$ -	\$ 9,688,017	\$ -	\$ 9,688,017

Note 3: Fair Value Measurements (Continued)

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The valuation methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2022 and 2021. Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Fund

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. Money market funds are a type of mutual fund and share the same valuation process.

Note 4: Guaranteed Investment Contracts

Guaranteed investment contracts (GIC) are reported at fair value which approximates the contract value for December 31, 2022 and 2021. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because fair value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through the Custodian. The Guaranteed Account valuation is a level 3 input as there is no observable market price for these types of contracts. There has been no change in methodologies used at December 31, 2022 and 2021.

December 31, 2022	Market Value	Principle Value Technique	Unobservable Inputs	Weighted Average
Guaranteed Investment Contracts	\$ 373,933	Discounted Cash Flow	Discount Rate	5.1719%
December 31, 2021				
Guaranteed Investment Contracts	\$ 287,835	Discounted Cash Flow	Discount Rate	1.3310%

The Plan distributed \$14,740 and \$14,756 of the Plan's level 3 assets for the years ending December 31, 2022 and 2021. Transfers into the fund were \$7,833 and \$224,749 for the years ending December 31, 2022 and 2021. Transfers into the fund for 2022 were from forfeitures and for 2021 were from changes in platform investments.

Note 5: Related Party and Party-in-Interest Transactions

The Plan Sponsor absorbs some administrative expenses of the Plan and the cost of fidelity bonds. The Plan Sponsor provides administrative services on behalf of the Plan. As the Plan does not reimburse the Company for the cost of such services, they are not included in these financial statements.

Certain Plan investments are shares of proprietary funds managed by the Custodian, for which they are paid a minimal fee. Investment related expenses paid to Mutual of Omaha are included with administration fees. These transactions qualify as exempt party-in-interest transactions.

Additional party-in-interest transactions include audit fees paid to Varney & Associates, CPAs, LLC, Harvest Financial for investment advisors, and fees paid to Mutual of Omaha for third party administration.

Note 6: Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 7: Tax Status

The Plan Sponsor has adopted a prototype Plan document. The Internal Revenue Service issued an opinion letter, dated September 21, 2020, on the prototype Plan document, indicating the basic Plan document is acceptable under Code Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes have been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

As a result of worldwide incidents, there has been heightened market risk and volatility that could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Because of the uncertainty of the market during this time, Plan management is unable to estimate the total impact these events may have.

Note 9: Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2022 and 2021 to Schedule H of Form 5500:

	December 31, 2022	December 31, 2021
Net assets available for benefits per the financial statements	\$ 10,390,738	\$ 11,560,858
Accounts receivable	(190,320)	(160,000)

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2022 and 2021

Note 10: Information Prepared and Certified by Custodian (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodian. The fair market value of the guaranteed investment contract was certified by the Custodian. Mutual of Omaha provided a signed letter certifying the investments for 2022 and 2021.

Note 11: Investment Contracts

Guaranteed investment contracts (GIC) as of December 31, 2022 and 2021 were valued at fair market value which approximates contract value. The investment option is considered fully benefit responsive according to ASC 946, Financial Services - Investment Companies. The fund is considered fully benefit responsive because it invests in various guaranteed investment contracts.

Because the fund is fully benefit responsive, contract value or fair value was the relevant measurement attribute for that portion of net assets available for benefits attributable to the fund. These funds guarantee both principal and interest to the participants invested in the product. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment contract value. There are no reserves against contract values for credit risk of the contract issuer. The underlying investment contract utilizes various credit rating formulas based on a spread to an index.

Note 12: Subsequent Events

Management has evaluated subsequent events through July 26, 2023, the date on which the financial statements were available to be issued.
