INDEPENDENT AUDITOR'S REPORT

To the Trustee, Plan Administrator, and Executive Committee of
Symphona LLP Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Symphona LLP Retirement Plan (formerly TJS Deemer Dana LLP Retirement Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Symphona LLP Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Symphona LLP Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our

audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Symphona LLP Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Symphona LLP Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Symphona LLP Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter– Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SYMPHONA LLP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1. DESCRIPTION OF THE PLAN

The following description of the Symphona LLP Retirement Plan (the Plan) (formerly TJS Deemer Dana LLP Retirement Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on January 1, 2002 and is a defined contribution plan covering all employees and partners of Symphona LLP (the Firm, the Plan Sponsor, the Plan Administrator, or Symphona) (formerly TJS Deemer Dana LLP) and various merged in affiliates who have signed participating adoption agreements, who are age twenty-one or older and who have completed three months of service. Prior to January 1, 2021, employees were required to complete one year of service prior to entering the Plan and could elect to defer salary on the first day of the first and seventh month of the Plan year after completion of one year of service. Effective January 1, 2021, the Plan's service eligibility criteria was reduced from one year of service to three months of service. Participants are also allowed to be admitted to the Plan on the month coinciding with or subsequent to meeting the service and age requirements. The Plan was also amended to allow participants to have the option to modify their contributions monthly rather than on the first day of the first and seventh month of the Plan year. Effective January 1, 2022, the Plan was amended to exclude interns from participating and to add an automatic deferral of 3% for all newly eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In March 2020, the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) was enacted. Among other provisions, the CARES Act provided temporary options for Plan participants with respect to certain Plan distributions, loans and waiver of required minimum distributions. Certain provisions of the CARES Act were automatically added to the Plan by the Plan's third-party administrator (TPA) and recordkeeper; amendments for these provisions were formally adopted during the year ended December 31, 2021.

The Plan is governed by the Firm's Executive Committee and the Plan's Trustee, who is also the Firm's Managing Partner. Certain individuals of the Firm or special committees are established occasionally to help assist with Plan matters as deemed necessary on a case-by-case situation. The Plan's service providers are monitored on an ongoing basis throughout the year. The Plan's current service providers include, but are not limited to: Charles Schwab Trust Bank (Charles Schwab), the Plan's custodian; The Retirement Plan Company (TRPC), the Plan's TPA and recordkeeper; The Fiduciary Group (TFG), the Plan's advisor and 3(38) investment manager. As described further in Note 9. Subsequent Events, in July 2023 the Firm's Executive Committee approved the replacement of certain service providers, which will take effect in early 2024.

Contributions

Each year, participants may contribute a percentage of pretax annual compensation and may contribute Roth elective deferrals on after-tax annual compensation, not to exceed statutory limitations as set by law, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers mutual funds and a money market savings account as investment options for participants. The Firm currently provides a non-elective safe harbor contribution each year. The non-elective safe harbor contribution is 3% of participant's eligible compensation. The Firm may also elect to contribute to the Plan amounts in the form of discretionary matching contributions and profit-sharing contributions. Matching and profit-sharing contributions are subject to certain limitations. The Firm elected to make profit sharing contributions for the years ended December 31, 2022 and 2021.

Participant Accounts and Allocation Provisions

Each participant's account is credited with the participant's contributions, non-elective safe harbor contributions and profit-sharing contributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options and models offered by the Plan.

SYMPHONA LLP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions and non-elective safe harbor contributions and actual earnings thereon. Vesting in the Company's profit-sharing contributions are based on years of service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

If a participant's employment is terminated due to his or her retirement, permanent disability, or death, the participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account, in a single lump-sum distribution.

Notes Receivable from Participants

Participants may borrow from their participant account a minimum of \$1,000 and up to a maximum of the lesser of \$50,000 or 50% of the participant's vested interest in the Plan. The loans are secured by the balance in the participant's account and bear reasonable interest rates, currently at 4.25% to 7.25%. Loan terms currently range from 1 to 30 years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2022 and 2021, notes receivable from participants were \$66,222 and \$87,994, respectively.

Forfeited Accounts

Forfeitures may be used to reduce employer contributions or pay administrative expenses for the Plan. At December 31, 2022 and 2021, there were \$9,781 and \$2,512 of forfeitures, respectively. During 2022, \$2,512 of the forfeitures were used to reduce employer contributions. Accumulated forfeitures of \$9,781 at December 31, 2022, were used subsequent to year end to reduce employer contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principals generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of Benefits

Payment of benefits are recorded when paid.

Investment Fees and Administrative Expenses

Investment fees are absorbed by the participants and are deducted from the participant account balances. Administrative expenses of maintaining the Plan may be absorbed from participants' accounts or may be paid by the Firm.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Subsequent Events

Subsequent events have been evaluated for potential recognition and/or disclosure through September 26, 2023. This represents the date the financial statements were available to be issued. See Note 9. Subsequent Events.

NOTE 3. CERTIFICATION OF ASSETS AND INCOME

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the following information certified by Charles Schwab Trust Bank (Charles Schwab), the custodian of the Plan, as complete and accurate to the best of their knowledge, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplementary schedule.

a) Assets held and certified by Charles Schwab at December 31:

	2022	2021
Mutual funds	\$ 15,522,716	\$ 18,387,166
Money market savings account	861,070	855,260
Non-interest bearing cash	259	7
	<u>\$ 16,384,045</u>	<u>\$ 19,242,433</u>

b) Income certified by Charles Schwab for the year ended December 31, 2022:

	Net (Depreciation) in Fair Value	Dividend, Interest, and Other Income*
Mutual funds, money market savings account, loan interest, and other income*	<u>\$ (3,448,284)</u>	<u>\$ 513,957</u>

*Note - loan interest of \$3,418 is presented for reconciling purposes only and is not certified.

During the year ended December 31, 2022, the Plan's investments in participant-directed funds (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$3,448,284.

NOTE 4. FAIR VALUE MEASUREMENTS

The FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered investment companies. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market savings account: Valued at the carrying amount and amortized costs as presented on the statements of net assets available for benefits, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,522,716	\$ -	\$ -	\$ 15,522,716
Money market savings account	861,070	-	-	861,070
Total investments at fair value	<u>\$ 16,383,786</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 16,383,786</u>

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,387,166	\$ -	\$ -	\$ 18,387,166
Money market savings account	855,260	-	-	855,260
Total investments at fair value	<u>\$ 19,242,426</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 19,242,426</u>

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment size and the transfer of the relative assets to total net assets available for benefits.

NOTE 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Charles Schwab is the custodian of the Plan, any Charles Schwab investments that the Plan holds are considered exempt party-in-interest transactions.

Notes receivable from participants, totaled \$66,222 and \$87,994 at December 31, 2022 and 2021, respectively, and qualify as exempt party-in-interest transactions.

Administrative expenses paid from Plan assets totaled \$78,160 for the year ended December 31, 2022. Service providers that received direct compensation included the Plan's investment advisor, TFG, in the amount of \$42,819 and the Plan's recordkeeper and TPA, TRPC, in the amount of \$35,341, these transactions qualify as exempt party-in-interest transactions. Charles Schwab, the Plan's custodian, may have received indirect compensation during the year per service arrangements between the Plan and Charles Schwab, these qualify as exempt party-in-interest transactions.

A partner of the Firm who is also a participant of the Plan, occasionally provides accounting, consulting and advisory services to the Plan, the Plan's Executive Committee, and the Trustee of the Plan on an as needed basis. These services qualify as exempt party-in-interest transactions. The Plan paid no compensation or fees to the partner or the Firm during the year ended December 31, 2022 related to these services.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 6. PLAN TERMINATION

The Company anticipates and believes that the Plan will continue without interruption but has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances.

NOTE 7. TAX STATUS

The Plan has adopted a non-standardized pre-approved plan, which received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

FASB requires the Plan Administrator to annually evaluate the Plan's tax positions, including accounting and measurement of uncertain tax positions. For the years ending December 31, 2022 and 2021, the Plan Administrator concluded that no uncertain tax positions had been taken that would require adjustment to or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by federal, state, or local tax authorities for years before 2019.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the statement of net assets available for benefits. The net assets of the Plan approximated \$18,000,000 as of the date of issuance of these audited financial statements.

NOTE 9. SUBSEQUENT EVENTS

Subsequent to year end, Symphona (in its normal course of due diligence and plan governance) took the Plan's service providers out to bid with five different providers. During the RFP process, Symphona appointed a one-time Special Ad-Hoc Committee (The Special Committee) to review proposals and interview potential providers. The Special Committee suggested that the Plan Sponsor change the Plan's service providers effective February 16, 2024. This recommendation was approved by the Firm's Executive Committee in July 2023. The changes will be as follows:

<u>Service</u>	<u>Current</u>	<u>Future</u>
Custody	Charles Schwab	Fidelity
Recordkeeping	TRPC	Fidelity
TPA	TRPC	Fidelity
Participant Education	TFG	Fidelity
3(38) Investment Advisory	TFG	TFG
Actively Managed Account Feature	N/A	Fidelity

The changes in service providers will provide substantial savings to the Plan and its participants and also provide upgraded technology and security features. When the Plan adopts Fidelity's Basic Plan Document, it will allow for a self-directed brokerage (SDB) feature at February 16, 2024. The SDB feature will be provided through Fidelity's Brokeragelink platform, and the SDB investments will still be certified by Fidelity.
