INDEPENDENT AUDITOR'S REPORT

To the Trustees of
Access Direct Systems, Inc. 401(K) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of Access Direct Systems, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Access Direct Systems, Inc. 401(k) Profit Sharing Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note M to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Access Direct Systems, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Access Direct Systems, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Access Direct Systems, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Access Direct Systems, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500-Schedule H, Part IV, Line 4I, Schedule of Assets held at December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ACCESS DIRECT SYSTEMS, INC. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2022 AND 2021

A. Description of Plan

The following description of the Access Direct Systems, Inc. 401(k) Plan ("The Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. *General.* The Plan is a defined contribution plan covering active employees after the first day of the month who will have completed at least 1,000 hours in the first one year of service and are age twenty-one or older. The Plan maintains two enrollment periods for employees' participation, January 1st and July 1St. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Board of Trustees is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

   The Plan Sponsor and the Administrator is Access Direct Systems, Inc. ("ADS"). Gelman Pension Consulting, Inc., the Plan's record-keeper, performs the function of preparing the accounting, reporting, and disclosure information at the Plan Administrator's direction. Some administrative expenses are paid directly by ADS and are therefore excluded from these financial statements.

2. *Contributions.* Each year, participants may contribute, subject to certain limitations, up to 15 percent of pretax annual eligible compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. At this time, the employer is not contributing discretionary amounts to the Plan but has the option to do so at amounts set forth in the plan document. Participants direct the investment of their contributions into various investment options offered by the Nationwide Financial Retirement Plan.

3. *Participant Accounts.* Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, if any, (b) Plan earnings, and (c) forfeitures of terminated participants' nonvested accounts (if any) and charged with an allocation of administrative expenses. Allocations are based on participants' earnings or account balances, as defined. Such forfeitures will not be allocated to the account of any highly compensated employee. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. *Vesting.* Participants are vested immediately in their contributions plus actual earnings thereon. Should the Company elect to contribute discretionary amounts to the Plan, vesting in the Company contributions portion of their account plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

A. Description of Plan (continued)

5. *Investment Options*. Upon enrollment in the Plan, a participant is able to direct the investment of their contributions in any of several investment options. Participants can change the investment of existing account balances and future contributions, at any time, either by telephone exchange or through an internet website.

6. *Notes receivable from participants*. Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance whichever is less. Loan terms range from 1 - 5 years or up to 25 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 8.00% which are commensurate with local prevailing rates as determined quarterly by the Plan's record keeper, Gelman Pension Consulting, Inc. Principal and interest are paid ratably through monthly payroll deductions. At December 31, 2022 and 2021 there were loans to participants in the amounts of $157,256 and $126,120 respectively.

7. *Rollovers and transfers from other plans.* Rollovers and transfers from other qualified plans are accepted by the Plan. Rollovers and transfers represent contributions of assets from other qualified plans.

8. *Payment of Benefits*. On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. For termination of service due to other reasons the participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution, roll the funds over to a qualified retirement plan or elect to defer the withdrawal until the participants normal retirement age.

9. *Forfeited Accounts.* Forfeitures of employer contributions may occur if a participant terminates employment prior to the full vesting period. Forfeitures are (a) used to reduce employer contributions or (b) used to pay reasonable Plan administrative expenses. Forfeitures are to be applied in the year after they occur. At December 31, 2022 and 2021 no forfeitures were recorded.

10. *Hardship Distribution.* Under certain circumstances, a participant may qualify for certain hardship distributions if a participant has an immediate and significant need, subject to certain usage requirement and other conditions. In such circumstances, the participant may receive a lump sum payment equal to the vested amount of the participant's account balance.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

B. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of financial statements, and the reported amount of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, shares of mutual funds are valued at the net asset value of shares held by the Plan at year end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Risk and Uncertainties

The Plan provides investments in mutual funds and fixed income. Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statement of net assets available for benefits.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to contributions. At December 31, 2022 and 2021, corrective distributions payable were $11,477 and $8,963, respectively, and the amounts were remitted back to the applicable participants prior to March 15 of the subsequent year.

Payment of Benefits

Benefits are recorded when paid.

B. Summary of Significant Accounting Policies (continued)

Expenses

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Administrative expenses of maintaining the plan and participant accounts are paid directly by the Plan.

A participant's share of administrative expenses is allocated on a pro rata basis based on the value of the account balance over the total assets of the Plan. Investment related expenses are included in the net appreciation of fair value of investments. A participant's share of individual expenses including loan processing costs, Qualified Domestic Relations Order (QDRO), distribution fees and other expenses, are incurred and paid by each account based on a participant's use of these plan features.

C. Fair Value Measurements

FASB ASC 820, Fair Value Measurements, provides the framework for measuring fair value. This framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

C. Fair Value Measurements (Continued)

Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022. There have been no changes in the methodologies used at December 31, 2022 and 2021:

		Fair Value Measurements at December 31, 2022 Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	5,212,519	$ 5,212,519	$ -	$ -	$ 5,212,519
Total	$ 5,212,519	$ 5,212,519	$ -	$ -	$ 5,212,519

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

		Fair Value Measurements at December 31, 2021 Using			
	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 6,336,550	$ 6,336,550	$ -	$ -	$ 6,336,550
Total	$ 6,336,550	$ 6,336,550	$ -	$ -	$ 6,336,550

The following valuation methodologies were used to measure the fair value of each class of financial instrument.

C. Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

D. Investment Contract

As of December 31, 2022, the investment contract maintained a zero balance. In the prior year, there was one employee who invested in the investment contract but during 2022 transferred out of the investment.

At December 31, 2021, The Plan investment is a guaranteed contract (insurance) that is fully benefit-responsive and therefore is reported at contract value totaling $7,618 at December 31, 2021. The contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract has a quarterly interest guarantee that is based on the three or five year Treasury Note Yield.

The contract maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

D. Investment Contract (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

E. Administration of Plan Assets

The Plan's assets, which consist primarily of publicly traded mutual funds, are held by the trustee of the Plan. HUB Retirement and Wealth Management of Wells Fargo Advisors are the Plan's investment advisor, Nationwide Life Insurance Company maintains custody of the mutual funds, and Gelman Pension Consulting, Inc. is responsible for record keeping and reporting.

Participant contributions are held by the Trustee, which invests cash received, interest and dividend income and proceeds from capital transactions in accordance with directives from the respective participants and makes distributions to requesting participants.

F. Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by Nationwide Financial Inc., the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants are considered to be party-in-interest transactions for which a statutory exemption from the prohibited transactions regulation exists.

Additionally, the Plan sponsor, Access Direct Systems, Inc. is a party-in-interest to the Plan; however, there were no transactions with the Plan Sponsor other than the funding of contributions to the Plan.

G. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer's contributions and their accounts. Any unallocated assets of the plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

H. Tax Status

The plan obtained its latest determination letter on October 28, 2010, in which the Internal Revenue Service stated that the Plan was designated with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax exempt.

Generally accepted accounting principles accepted in the United States of America requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken any uncertain positions that more likely than not would be sustainable upon examination by the Internal Revenue Service.

The plan is subject to routine audits by tax jurisdictions; however, there are currently no audits for any periods in progress. The plan administrator believes it is no longer subject to income tax examinations for the years prior to 2020.

I. Information Certified by the Trustee

Certain information related to investments from participants disclosed in the accompanying financial statements and supplemental schedule, including investments at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained from information supplied by the plan administrator and certified as complete and accurate by Nationwide Financial Services, Inc.

J. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

For the Years Ended:

	December 31, 2022	December 31, 2021

J. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of benefits paid and contributions to participants per the financial statements to Form 5500:

For the Year Ended:

	December 31, 2022
Benefits paid to participants per the Financial Statements	$ 289,301
Add: Excess contributions to be refunded to participants	-
Benefits paid to participants per the Form 5500	$ 289,301

Participants contributions per financial statements	257,459
Add: Excess contributions to be refunded to participants	-
Participants contributions per the Form 5500	$ 257,459

K. Risks and Uncertainties

The Plan has investments that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could affect balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for Plan benefits. The Plan, through its third-party administrator, monitors the Plan's investments and the risks associated therewith on a regular basis, which the Plan believes minimizes these risks.

L. Adoption of Accounting Pronouncements

The Plan adopted Accounting Standards Update 2018-13, Disclosure Framework – Changes to the Disclosure Requirements for Fair Value Measurement, during 2021. The adoption of this standard did not impact the financial statements or disclosures.

M. Information Certified by the Custodians

- The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Nationwide, custodian of the investments of the Plan, have certified to the completeness and accuracy of the following:

- Investments and notes receivable from participants reflected on the accompanying statement of net assets available for benefits as of December 31, 2022 and 2021.

- Net appreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants as reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

Investments reflected on the schedule of assets (held at end of year).

N. COVID-19

The COVID-19 pandemic continues to present economic slowdown and adversely impacting most business and industries worldwide. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities.

In March 2020, certain provisions under the Coronavirus Aid, Relief, and Economic Security Act ("CARES" Act) relating to participant distributions and participant loans were enacted.

The CARES Act allows for utilization of these provisions immediately, but requires formal adoption of the amendment no later than the last day of the plan year beginning on or after January 1, 2022. The Plan has been formally amended to adopt these provisions.

The CARES Act provides tax provisions and other stimulus measures to affected companies as well as allows participants to take special withdrawals and defer loan repayments as permitted. The global pandemic of COVID-19 continues to rapidly evolve and, while any effects of COVID-19 are not reflected in these Plan financial statements, the ultimate impact over time is highly uncertain and subject to change. The extent to which COVID-19 impacts the Plan to continue going forward will depend on numerous evolving factors which cannot be reliably predicted, including the duration and scope of the pandemic; governmental, business, and individuals' actions in response to the pandemic; and the impact on global economic activity including the possibility of recession or financial market instability.

O. Subsequent Events

Management has evaluated subsequent events through September 28, 2023, the date which the financial statements were available to be issued.
