Independent Auditor's Report

Board of Trustees
Collins Community Credit Union 401(k) Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Collins Community Credit Union 401(k) Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2022, and schedule of assets (held at end of year) as of December 31, 2022, are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1. Description of the Plan

The following description of Collins Community Credit Union 401(k) Plan and Trust (the Plan) is provided for general information purposes only. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: On January 1, 2022, the Plan changed custodians from Charles Schwab Trust Bank to Matrix Trust Company and adopted a new non-standardized pre-approved profit sharing plan sponsored by OneAmerica Financial Partners Inc. There were no substantial changes to the general provisions of the Plan except as noted below. On January 13, 2022, substantially all assets held by Charles Schwab Trust Bank were liquidated to facilitate this change and transferred to Matrix Trust Company.

The Plan is a defined contribution profit sharing plan covering employees of Collins Community Credit Union (the Plan Sponsor) who are age 18 or older. Effective January 1, 2022, participants became eligible for the Plan, including employer matching and profit sharing contributions, on the first day of the calendar month after completing 3 months of service with the Plan Sponsor. During the year ended December 31, 2021, participants became eligible for the Plan, including employer matching and profit sharing contributions, on a quarterly basis after the completion of 6 months of service. The Plan is subject to the provisions of ERISA. The Plan Sponsor Committee is responsible for oversight of the Plan. The Plan Sponsor Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions: Each year, participants may elect to contribute a portion of their eligible compensation, as defined in the plan agreement, to their accounts through payroll withholdings as before-tax or after-tax (Roth) contributions. Participants who have attained age 50 before the end of the year are eligible to make additional 'catch-up' contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers).

Those eligible employees who do not affirmatively elect to enroll or sign a waiver of participation will be automatically enrolled at a rate of 3%.

The Plan Sponsor made safe harbor matching contributions on behalf of eligible participants equal to 100% of those participants' salary deferrals not in excess of 3% of eligible compensation plus 50% of salary deferrals in excess of 3% of eligible compensation not to exceed 5% of eligible compensation. For the years ended December 31, 2022 and 2021, total safe harbor matching contributions to the Plan amounted to \$763,496 (net of forfeitures totaling \$86,947) and \$728,579 (net of forfeitures totaling \$16,617), respectively.

The Plan Sponsor made profit sharing contributions equal to 5% of compensation on behalf of eligible participants. For the years ended December 31, 2022 and 2021, total profit sharing contributions to the Plan amounted to \$1,121,523 (net of forfeitures totaling \$86,812) and \$1,052,205 (net of forfeitures totaling \$35,388), respectively.

Participants direct the investment of both their individual contributions plus their share of employer contributions into the various investment options offered by the Plan. The Plan Sponsor's contributions are allocated in the same manner as that of the participant's elective contributions.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Note 1. Description of the Plan (Continued)

Participant accounts: Each participant's account is credited with the respective contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled upon termination or retirement is the benefit that can be provided from the participant's vested account. Funds contributed by participants and the Plan Sponsor are invested at percentages as directed by participants in any one or more of several investment alternatives.

The income, gains or losses in each fund are allocated daily to the applicable participant's account in that fund based on the previously reported account balances, adjusted for current period contributions and withdrawals.

Payment of benefits: On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum, an annuity or partial distribution. The distributable amount is equal to the value of the participant's vested interest in his or her account. Employees who elect to have their benefit payments deferred continue to share in allocations of investment income and losses.

The Plan also allows for the distributions of a portion of a participant's balance in the event of financial hardship or upon reaching the age of 59½.

Vesting: The balance in each participant's salary deferral, safe harbor match and rollover accounts is 100% vested at all times. Employer matching contributions received prior to January 1, 2015 and employer profit sharing contributions are subject to a graded vesting schedule based on years of service. A participant is 100% vested after six years of credited service. A participant's account also becomes fully vested upon the participant's death or disability.

Forfeitures: Forfeitures attributable to employer matching contributions and employer profit sharing contributions are used to fund employer contributions. The balance in the forfeitures suspense account at December 31, 2022 and 2021 was \$0 and \$114,997, respectively. Forfeitures in the amount of \$173,759 and \$52,005 were used to fund employer contributions for the years ended December 31, 2022 and 2021, respectively.

Participant notes receivable: Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Loan transactions are treated as participant directed investments. Loan terms range from one to five years. Loan terms may exceed five years only in the event the loan proceeds are used to purchase or construct the participant's principal residence. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with the prevailing prime rate plus 1%. Principal and interest is paid ratably through payroll deductions. These loans are not Plan assets, but are merely secured by Plan assets. It is the opinion of the Plan Administrator that such arrangements are exempt transactions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Collins Community Credit Union 401(k) Plan and Trust

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant notes receivable: Participant notes receivable are valued at their unpaid principal plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the plan agreement.

Payment of benefits: Benefits are recorded when paid.

Fees and expenses: The Plan's administrative expenses, including salaries, accounting, and legal are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the participant's accounts and are included in administrative expenses. Direct fees for recordkeeping services and custodian services are paid by the Plan and are also included in administrative expenses. Investment related expenses are included in the net appreciation in fair value of investments.

Accounting estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risks associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events: Management has evaluated subsequent events through October 4, 2023, the date on which the financial statements were available to be issued. Management has determined that there were no events or transactions that have occurred through that date that require recognition or disclosure in the financial statements.

Note 3. Information Certified by the Custodians

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2022 and 2021, included throughout the Plan's financial statements and ERISA-required supplemental schedules, that were prepared by or derived from information provided by Matrix Trust Company, the current custodian, and Charles Schwab Trust Bank N.A., the former custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	December 31	
	2022	2021
Interest bearing cash	\$ 5,867	\$ 15,948
Investments at fair value	23,164,930	27,961,749
Notes receivable from participants	52,994	45,189
	<u>\$ 23,223,791</u>	<u>\$ 28,022,886</u>

The custodians also certified to the completeness and accuracy of the investment (loss) income related to the aforementioned Plan assets as follows:

	Years Ended December 31	
	2022	2021
Investment (loss) income:		
Net (depreciation) appreciation in the fair value of investments	\$ (6,399,176)	\$ 1,982,631
Interest and dividends	1,173,374	2,045,979
	<u>\$ (5,225,802)</u>	<u>\$ 4,028,610</u>
Interest income on notes receivable from participants	<u>\$ 1,421</u>	<u>\$ 312</u>

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets

Collins Community Credit Union 401(k) Plan and Trust

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methods used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued based on quoted market prices in the active markets in which they are traded.

Common collective trusts: Common collective trusts are valued at the net asset value (NAV) of shares in each account held by the Plan at year-end. The NAV is not a public-quoted price in an active market. The NAV, as provided by the custodians, is used as a practical expedient to estimating fair value.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Investments at fair value, mutual funds	\$ 22,223,164	\$ -	\$ -	\$ 22,223,164
Common collective trust funds measured at NAV (a)				941,766
Total investments, at fair value				<u>\$ 23,164,930</u>
	December 31, 2021			
	Level 1	Level 2	Level 3	Total
Investments at fair value, mutual funds	\$ 27,062,348	\$ -	\$ -	\$ 27,062,348
Common collective trust funds measured at NAV (a)				899,401
Total investments, at fair value				<u>\$ 27,961,749</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at the NAV practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Common collective trust funds	<u>\$ 941,766</u>	<u>\$ 899,401</u>	\$ -	Daily	None

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA.

Note 6. Tax Status

The Plan has adopted a non-standardized pre-approved profit sharing plan sponsored by OneAmerica Financial Partners Inc. The pre-approved plan has received an advisory letter from the IRS as to the plan's qualified status. The plan advisory letter has been relied upon by the Plan. The Plan has been amended and restated since receiving the advisory letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7. Related-Party and Party-in-Interest Transactions

Transactions with the current and former custodians qualify as party-in-interest transactions.

Certain plan investments are managed by Matrix Trust Company and OneAmerica Financial Partners Inc, who are the Plan's custodian and recordkeeper, respectively. The Plan paid direct compensation to these parties in the amount of \$121,557 and \$141,892 as of December 31, 2022 and 2021, respectively, related to these services. Indirect compensation (that is netted against investment (loss) income on the statement of changes in net assets available for benefits) was paid to the recordkeeper from total annual operating expenses charged on the balance of fund investments at various percentages, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 8. Prohibited Transactions

During 2022, the Plan Sponsor inadvertently failed to deposit approximately \$288,000 of Plan contributions within the required time frame as stated by the DOL regulations. The Plan Sponsor corrected the failure in March 2022. The DOL considers late deposits to be prohibited transactions.
