INDEPENDENT AUDITOR'S REPORT

To the Plan Participants and Plan Administrator of
WEX Inc. Employee Savings Plan
Portland, Maine

Opinion

We have audited the financial statements of WEX Inc. Employee Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 and supplemental schedule of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial

statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of the WEX Inc. Employee Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more information.

General

The Plan was established on February 23, 2005, under the provisions of Section 401(a) of the Internal Revenue Code (the "Code"). The Plan was amended and restated by WEX Inc. (the "Company") effective January 1, 2020, and has been further amended by the Company on various occasions.

The Plan is a defined contribution profit sharing plan including a qualified, tax exempt trust under Code Sections 401(a) and 501(a) and a qualified cash or deferred arrangement under Code Section 401(k)(2). The portion of the Plan benefiting employees who have completed one year of service is intended to satisfy the safe harbor requirements of Sections 401(k)(12) and 401(m)(11) of the Code. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan Administrator is the 401(k) Committee (the "Committee") as designated by the Company's Board of Directors. Bank of America Merrill Lynch is the recordkeeper of the Plan and Bank of America N.A. is the trustee of the Plan (the "Trustee").

Eligibility

Each employee of the Company and its eligible subsidiaries who has attained the age of eighteen (18) is eligible to participate in the Plan.

Contributions

Each year, participants may contribute up to 75 percent of their compensation, as defined in the Plan, on a pre-tax basis, a Roth after-tax basis, or a combination of both, subject to limitations stipulated by the Code. After one year of service, participants' contributions to the Plan are matched 100 percent by the Company up to 6 percent of the participant's eligible compensation subject to any legal restrictions. Participants who are at least 50 years of age before the close of the Plan year may make an additional contribution, subject to limitations stipulated by the Code. Participants may also contribute amounts representing eligible rollover distributions from other types of eligible retirement plans.

Participant Accounts

An individual account is maintained for each Plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution and allocations of Plan earnings, and charged with participant withdrawals, allocations of Plan losses, and administrative fees, if applicable. Allocations of Plan earnings and losses are based on account balances. The benefit to which a participant is entitled is equal to the participant's vested account.

Investments

Participants direct the investment of their contributions and the Company matching contributions made on their behalf into various investment options offered by the Plan. As of December 31, 2022, the Plan offers several common collective trust funds, several open-end mutual funds and WEX Inc. Common Stock as investment options for participants.

Investments in WEX Inc. Common Stock are subject to the restrictions set forth in the Plan document, including that no more than 25 percent of any contribution made by or on behalf of a Participant may be invested in WEX Inc. Common Stock.

Concentrations

As of December 31, 2022, approximately 46 percent of total assets is comprised of net assets held within the following five investment funds: Fidelity 500 Index Fund, Metropolitan West Total Return Bond Fund Plan Class, MFS Mid Cap Value Fund, American Funds Europacific Growth Fund and the Winslow Large Cap Growth Fund.

Vesting and Forfeitures

Participants have full and immediate vesting rights in their contributions, Company matching contributions, investment earnings and other amounts allocated to their accounts. Any matching contributions attributable to an excess deferral or excess contribution, as defined under the Plan, shall be forfeited. Forfeitures shall be used first to pay administrative expenses of the Plan and then shall be used to reduce employer matching contributions. The balance of forfeited amounts as of December 31, 2022 and 2021, were immaterial and included within participant-directed investments on the statements of net assets available for benefits.

Notes Receivable from Participants

Participants may borrow against their Plan accounts, excluding amounts attributable to Company matching contributions, up to a maximum of $50,000 (reduced by the highest outstanding loan balance for the preceding 12-month period) or 50 percent of their account balances, whichever is less. The term of the loan may not exceed five years, unless for the purchase of a principal residence, in which case the term of the loan may not exceed fifteen years. The interest rate for a loan requested in any month will be equal to the prime rate as listed on the last business day of the preceding month in the Wall Street Journal plus 1 percent. Principal and interest are paid ratably through payroll deductions. If a participant's employment terminates, he or she may continue to make the scheduled loan payments directly to Bank of America Merrill Lynch.

Benefit Payments

Under the Plan, a participant may elect to receive a distribution of the vested portion of his or her account balance as of any valuation date which occurs after his or her retirement or termination of employment. If, however, as of any monthly processing date following the date of retirement or termination of employment the participant's account balance does not exceed $5,000, and the participant does not elect to roll over or receive distribution of his or her account, such account balance shall be mandatorily distributed in a lump sum as soon as practicable after such processing date. In the event of a mandatory distribution greater than $1,000, if the participant does not elect to roll over or receive distribution of his or her account then the Committee shall direct the Trustee to pay the distribution in a direct rollover to an individual retirement plan designated by the Committee.

Unless a participant otherwise elects, distribution to a participant shall be made or commence being made no later than the sixtieth day after the close of the Plan year in which the latest of the following occurs: (i) the participant's attainment of age 65, (ii) the member's severance from employment, or (iii) the tenth anniversary of the year which the member commenced participation in the Plan. Notwithstanding the foregoing to the contrary, distribution of the account balance to a member who is not a five percent owner shall be made or commence not later than April 1 of the calendar year following the later of the calendar year in which such participant attains age 72 or the calendar year in which the participant retires. Distribution of the account balance of a five percent owner shall be made or commence not later than April 1 of the calendar year following the calendar year in which the participant attains age 72.

A participant who is first required to receive or commence receiving distribution of his or her account on or after April 1, 2021, shall receive annual installments of the required minimum amount, as defined in the Plan, unless such participant elects to have his or her entire account balance distributed in a lump sum.

Distributions from all investment options are made in cash; provided that participants may elect that distribution of the portion of their account which is invested in WEX Inc. Common Stock be made, in whole or in part, in whole shares of common stock of the Company.

If a participant dies before receiving distribution of his or her account, his or her surviving spouse (or designated beneficiary, if the participant's surviving spouse has provided consent in accordance with the terms of the Plan or if the participant is not married) may elect to receive either (i) a lump sum distribution of the participant's account balance; or (ii) payment of the participant's account balance in installments over a period not exceeding 5 years. If, however, the participant's account balance does not exceed $5,000 as of the first monthly processing date following the participant's death, distribution will be made in a lump sum as soon as practicable after such processing date.

In addition, the Plan permits in-service withdrawals under the circumstances specified in the Plan document, including hardship withdrawals.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan holds various investment securities, including mutual funds, common stock and common collective trusts. Investment securities, in general, are exposed to various risks such as, among other things, interest rate risk, credit risk and overall market volatility risk, including market risks resulting from unpredictable events that could impact the value of investment securities, like a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Investments reported at fair value are classified in their entirety within the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement. The three levels of the hierarchy are as follows:

- Level 1, which refers to securities valued using quoted prices from active markets for identical assets;
- Level 2, which refers to securities not traded on an active market but for which other observable market inputs are readily available;
- Level 3, which refers to securities valued based on significant unobservable inputs.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales of investments are recorded on a trade-date basis. Any material pending settlements from sales and purchases of investments as of calendar year-end are reflected as assets and liabilities, respectively, on the statements of net assets available for benefits. Interest income is recorded on an accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses related to investments in the mutual funds and common collective trust funds are charged directly to the mutual funds and common collective trusts. Such fees and expenses are deducted from income earned by the investments on a daily basis and are not separately reported in the accompanying financial statements.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. A participant's loan is secured by a portion of his or her vested account balance. Any unpaid loans outstanding at the time when a participant receives distribution of his or her account are recorded as distributions.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. Amounts due to participants who have elected to withdraw from the Plan, but have not yet been paid at December 31, 2022, and 2021 were immaterial.

3. FAIR VALUE

The following tables set forth a summary of the Plan's investments measured at fair value on a recurring basis as of December 31, 2022 and 2021, by level within the fair value hierarchy. The Plan had no Level 2 or Level 3 investments as of December 31, 2022 and 2021.

Total investments at fair value		$ 384,615,671

[1] Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2022 and 2021.

Common stock — Valued at the closing price reported on the active market on which the individual securities are traded.

Money market funds / mutual funds — Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Total	$ 12,886,693	$ —			

[1] Composed primarily of fully benefit-responsive investment contracts. Redemption notice period is for the complete withdrawal by an eligible plan.

[2] The NAV as provided by the trustee is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. Should the Plan initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

[3] The NAV as provided by the trustee is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchases and sales) may occur daily. Should the Plan initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The Plan also holds other assets and liabilities not measured at fair value on a recurring basis, including accrued investment income. The fair value of these assets and liabilities approximate the carrying amounts in the accompanying financial statements due to their short maturity.

4. INCOME TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 27, 2021, that the Plan and related trust were designed in accordance with the applicable requirements of the Code. The Plan has since been amended; however, the Company and Plan management believe that the Plan is currently designed and operated in compliance with the applicable requirements of the Code, and the Plan and related trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS AND RELATED-PARTY TRANSACTIONS

Management fees paid for investment management services are charged directly to the investment funds, and are reflected as a reduction of the return earned on each fund.

Transactions in WEX Inc. Common Stock are related-party transactions and qualify as party-in-interest transactions under the provisions of ERISA as the Company is the sponsoring employer of the Plan. The Plan held 43,108 shares of WEX Inc. Common Stock with an original cost basis of $5,767,177 as of December 31, 2022, and held 38,455 shares of WEX Inc. Common Stock with an original cost basis of $4,961,659 as of December 31, 2021. During the year ended December 31, 2022, no dividends were earned by the Plan related to WEX Inc. Common Stock.

Participant loans, which are considered exempt party-in-interest transactions, were granted throughout the year as part of normal Plan operations.

Certain participant contributions identified during 2021 as being untimely remitted to the Plan, as listed on the accompanying Supplemental Schedule of Delinquent Participant Contributions, were corrected during 2022.

6. ADMINISTRATIVE EXPENSES

The quarterly recordkeeping and other administrative fees of the Plan are paid on a per capita basis by all Plan participants. The expenses paid for directly by the Plan in 2022 totaled $256,261.

7. PLAN TERMINATION

Although the Company has not expressed any intent to terminate the Plan, it has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of termination of the Plan, the net assets of the Plan are set aside, first, for payment of all Plan expenses and second, for distribution to the participants based upon the balances in their individual accounts.

8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:
