To the Trustees
CSWW, Inc. 401(k) Plan
Great Falls, Montana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the CSWW, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021**,** and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

INDEPENDENT AUDITORS' REPORT
(Continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT

Supplemental Schedules Required by ERISA

The supplementary schedule of assets (held at end of year) and schedule of delinquent participant contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The following description of the CSWW, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General The Plan is a defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code of 1986. It covers substantially all employees of CSWW, Inc. (the Company) except union employees, non-resident alien employees, leased employees, and reclassified employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is a single-employer plan. The original effective date of the Plan is January 1, 2002.

Eligibility Employees must attain age 21 and have one year of service (1,000 hours) to be eligible to participate in the Plan. Employees are notified 30 days prior to becoming eligible to participate and are automatically enrolled in the Plan quarterly when they become eligible. 3% of compensation is automatically deferred, unless the participant chooses to defer a different amount or opt-out of Plan participation within 90 days. Effective January 1, 2020, automatic escalation applies, with the increase based on a qualified automatic contribution arrangement (QACA) statutory schedule on the first day of the Plan year.

Contributions Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, subject to statutory annual limits. Effective January 1, 2020, Roth deferrals are also allowed. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. Annual participant elective deferral limits prescribed by the Internal Revenue Service (IRS) for 2022 and 2021 were $20,500 and $19,500 for those participants who have not attained age 50 before the end of the Plan year; and $27,000 and $26,000 for those participants who have attained age 50 before the end of the Plan year. Effective January 1, 2020, the Plan Sponsor provides a QACA basic matching contribution to participants of the Plan. This amount is calculated as 100% of the participants' elective deferral amount, not to exceed 1% of compensation, plus 50% of participants' elective deferrals in excess of 1%, but not in excess of 6% of the participants' compensation. The Plan Sponsor may also make discretionary additional matching contributions. No discretionary additional matching contributions were made for the years ended December 31, 2022 and 2021.

Participant Accounts Each participant's account is credited with the participant's contributions, Plan earnings, and the Plan Sponsor matching contribution. Participant accounts are charged with an allocation of the administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting Participants are immediately 100% vested in their elective deferrals and rollover contributions plus actual earnings thereon. Vesting in the Sponsor's matching contribution is based on years of continuous service, with 1,000 hours equaling one year of service. Sponsor matching, non-elective, and additional matching contributions vest on a six-year graded schedule, with a participant becoming 20% vested after two years and an additional 20% vested each year until their sixth year of service, at which time they become 100% vested. Sponsor QACA safe-harbor contributions vest on a two-year cliff vesting schedule.

Notes Receivable from Participants Loans are not permitted by the Plan.

Payment of Benefits On termination of service for reasons other than death, such as retirement or disability, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or partial payments as requested from time-to-time by the participant. On termination of service due to death, a participant's beneficiary(ies) will receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. Distributions will occur within an administratively reasonable time after termination of employment. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or partial payments as requested by the participant. Terminated participants with balances of less than $5,000 will be paid out in a lump-sum payment within a reasonable time after the participant terminates employment.

Forfeitures When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan agreement, represents forfeitures. The nonvested portion will be used to pay Plan expenses, reduce contributions, or restore forfeitures and/or additional contributions. Previously, forfeitures were used only to reduce future Plan Sponsor contributions. The total amount of forfeitures for the years ended December 31, 2022 and 2021, were $15,209 and $11,950, respectively. Forfeitures used to pay plan expenses and reduce sponsor contributions for the years ended December 31, 2022 and 2021, amounted to $34,053 and $19,474, respectively. There were no amounts allocated to withdrawing participants that had not been paid at December 31, 2022 and 2021.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Presentation The accompanying financial statements are presented in accordance with accounting principles generally accepted in the United States of America (GAAP), as codified by the Financial Accounting Standards Board (FASB).

Use of Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition The Plan's investments in the pooled separate accounts are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value investments. See note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Income Tax Status The nonstandardized prototype plan adopted by the Plan Sponsor for the years ended December 31, 2022 and 2021, obtained its latest determination letter (group opinion letter) dated June 30, 2020, in which the IRS stated that the prototype plan documents, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code. The plan documents have been amended since receiving the determination letters. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The determination of tax-exempt status is considered to be a tax position. The Plan's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions, and other evidence. It is the opinion of the Plan Administrator that the Plan has no uncertain tax positions.

Payment of Benefits Benefits are recorded when paid.

Receivables The Plan has not recorded an allowance for uncollectible contributions receivable because the Plan Administrator believes all amounts are fully collectible.

Plan Expenses Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Generally, those expenses include administration, audit, and record-keeping fees. Investment-related expenses are charged to the net appreciation (depreciation) of fair value of investments.

Risks and Uncertainties The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the investment balances and the amounts reported in the statements of net assets available for benefits.

As a result of economic uncertainty and volatility in financial markets, various investment securities held by the Plan have incurred significant declines in fair value since December 31, 2022. The markets continue to evolve rapidly, and Plan management is not able at this time to estimate the full impact on the Plan's financial statements.

Subsequent Events The Plan Administrator has evaluated subsequent events through September 15, 2023, the date which the financial statements were available to be issued.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, partially terminated, or if there is a complete discontinuance of contributions by the Plan Sponsor, all amounts credited to the accounts of participants shall vest and become non-forfeitable.

4. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN OF THE PLAN'S INVESTMENT ASSETS

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by John Hancock Life Insurance Company (John Hancock), the Custodian of the Plan's investment assets, except for comparing such information certified by John Hancock to information included in the Plan's financial statements and supplemental schedules.

During the years ended December 31, 2022 and 2021, the investments were self-directed by participants among a variety of investments. The following information included in the accompanying financial statements and supplemental schedule was obtained from data that had been prepared and certified as complete and accurate by John Hancock.

Total Certified Investment (Loss) Income	$	(2,343,264)	$	1,581,045

5. FAIR VALUE MEASUREMENTS OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three input levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets,
- Quoted prices for identical or similar assets or liabilities in inactive markets,
- Inputs other than quoted prices that are observable for the assets or liability,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means,

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability;

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at the fair value per unit, which includes net asset value of the underlying assets on the last day of the reporting period as determined generally by using commercial quotation services plus any realized gains or losses. The pooled separate accounts held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables are set forth by level, within the fair value hierarchy, the Plan's assets at fair value. As required by GAAP, investment assets are classified in their entirety based upon the lowest level of input that is significant to the fair value measurement.

December 31, 2022	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 10,433,993	$ -	$ -	$ 10,433,993
Investments at Fair Value				$ 10,433,993

December 31, 2021	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 11,878,151	$ -	$ -	$ 11,878,151
Investments at Fair Value				$ 11,878,151

For the years ended December 31, 2022 and 2021, there were no transfers between levels 1 and 2 and no transfers in or out of level 3.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan Trustees and the Plan Administrator are employees of the Plan Sponsor. There are no transactions between these parties other than contributions to the Plan and normal benefit payments.

The Plan paid administrative fees of $80,752 and $90,656 to John Hancock, the Custodian and record keeper of the Plan's investment assets, for the years ended December 31, 2022 and 2021, respectively. The Plan paid $13,708 and $14,304 to JCCS, PC, the Plan's third-party administrator, for the years ended December 31, 2022 and 2021, respectively. All other fees were paid by the Plan Sponsor and are not reimbursed by the Plan.
