Independent Auditors' Report

To the Trustees

Pattison Sign 401(k) Retirement & Vesting Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Pattison Sign 401(k) Retirement & Vesting Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Pattison Sign Group Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pattison Sign 401(k) Retirement & Vesting Plan's ability to continue as a going concern for one year after the date these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pattison Sign 401(k) Retirement & Vesting Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pattison Sign 401(k) Retirement & Vesting Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held at the End of Year, December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by Standard Insurance Company and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of Pattison Sign Retirement and Vesting Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan covering all employees of Pattison Sign Group, Inc. (the “Company”) who have completed two months of service and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each year, participants may contribute up to 100% of pretax annual compensation to a maximum contribution amount permitted by tax regulations, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. At its discretion, the Company may match a portion of the employee’s deferral or fund a profit sharing contribution. For 2022 and 2021, the Company elected to fund a discretionary matching contribution of \$283,982, and \$197,315 respectively. Contributions are subject to certain limitations.

The Plan accepts participant rollovers from other tax-qualified plans.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution, and (b) Plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting - Participants are immediately vested in their contributions and actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of service. A participant is 100% vested after six years of credited service as follows:

Years of Vesting Service	Less than 2	2	3	4	5	6 or more
Vesting %	0%	40%	60%	80%	100%	100%

Investment Options – Participants direct the investment of their contribution into various investment options offered by the plan. The Standard Insurance Company offered pooled separate accounts issued through insurance investment accounts issued by Standard Life Insurance Company.

Administrative Expenses – Certain fees for legal, accounting and other administrative fees are paid by the Plan sponsor.

Notes Receivable from Participants – Subject to approval by the Plan administrator, participants may borrow part of the value of their before-tax contributions the Plan. The amount must be at least \$1,000 and not more than the lesser of one-half of the borrower’s vested individual account balance or \$50,000. The loan is fully secured by the participant’s account. The loans are required to bear interest and be repaid over periods not exceeding five years.

Participant notes receivable are measured at unpaid principal balance plus any accrued but unpaid interest.

Upon default of participant notes receivable, the entire outstanding principal and interest shall be immediately due and payable. If a distributable event, as defined by the IRC, has occurred, the note receivable will be foreclosed on and be offset against the participant’s account balance. If a participant’s note receivable is in default, the participant shall be treated as having a taxable deemed distribution whether or not a distribution event has occurred.

NOTE 1 - DESCRIPTION OF PLAN (continued)

Plan Termination – Although the Company intends for the Plan to continue indefinitely, the Company has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant (or a participant's beneficiary in the event of the death of a participant) may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account. Generally, withdrawals are available only from the vested portion of a participant's account. Withdrawals from the accounts are not allowed for participants who are less than 59 1/2 years of age, except under hardship withdrawal and termination provisions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Accrual Basis of Accounting – The financial statements for the Plan are prepared using the accrual basis of accounting, as are annual returns filed under applicable provisions of ERISA and the IRC.

Investments - held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. At December 31, 2022 and 2021, the Plan had fully benefit-responsive investment contracts of \$907,943 and \$905,098, respectively.

Contributions and Benefit Payments – Participant contributions are recorded in the period the Company makes payroll deductions from the Plan participants' earnings. Receivables for these contributions are unsecured. Benefit payments are recorded when paid.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3 – INCOME TAX STATUS

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax years in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 5 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

The fair value of mutual funds is based on unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 Fair Value Measurements

The fair value of the level 2 mutual fund is based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly.

Level 3 Fair Value Measurements

The investment's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for investments measured at fair value:

Mutual funds: Valued at the net asset value of shares held by the plan at year end.

Stable value fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

NOTE 5 – FAIR VALUE MEASUREMENTS (continued)

Guaranteed interest account: Valued at contract value.

Stocks: Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

Fair Value Measurements Using:				
	Fair Value	Quoted prices in active markets for identical assets (Level 1)	Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
December 31, 2022				
Mutual funds	\$ 7,379,469	\$ 7,379,469	\$ —	\$ —
Guaranteed interest funds	<u>907,943</u>	<u>—</u>	<u>907,943</u>	<u>—</u>
Total Investments at Fair Value	<u>\$ 8,287,412</u>	<u>\$ 7,379,469</u>	<u>\$ 907,943</u>	<u>\$ —</u>
December 31, 2021				
Mutual funds	\$ 7,431,402	\$ 7,431,402	\$ —	\$ —
Guaranteed interest funds	<u>905,098</u>	<u>—</u>	<u>905,098</u>	<u>—</u>
Total Investments at Fair Value	<u>\$ 8,336,500</u>	<u>\$ 7,431,402</u>	<u>\$ 905,098</u>	<u>\$ —</u>

NOTE 6 – GROUP ANNUITY CONTRACT WITH THE STANDARD INSURANCE COMPANY

In 2019, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with The Standard Insurance Company (Standard) totaling \$907,943 for 2022 and \$905,098 for 2021. Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract value is guaranteed by the full faith and credit of Standard Insurance Company. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting. For the plan years ended December 31, 2021, the crediting rates for Standard Stable Asset D were 1.47% and .33% respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transaction under the terms of the Plan. Contract value, as reported to the Plan by Standard, represents withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal of transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 6 – GROUP ANNUITY CONTRACT WITH THE STANDARD INSURANCE COMPANY

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the plan in a reasonable period of time.

NOTE 7 – TAX STATUS

The Plan is based on The Standard Insurance Prototype Non-Standardized Profit Sharing Plan with CODA plan document, which received a determination letter from the Internal Revenue Service ("IRS") dated March 31, 2014 stating the Prototype Plan was designed in accordance with the provisions of the Internal Revenue Code, including provisions to comply with recent legislation. The Plan has not filed for its own determination letter; however, the Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with its investment, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits. In addition, Plan operating results in 2022 may be impacted from the worldwide pandemic caused by the COVID-19 virus.

Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 9 – SUBSEQUENT EVENTS

Subsequent events were evaluated through October 1, 2023, which is the date the financial statements were available to be issued.

NOTE 10 – RECONCILIATION BETWEEN FINANCIAL STATEMENTS TO FORM 5500

There are no reconciling items between the financial statements and Form 5500 filed with the Department of Labor.

NOTE 11 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTION

Certain Plan investments are managed by The Standard Insurance Company. The Standard Insurance Company is a custodian for the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Net fees paid to the Standard Life Insurance Company in 2022 totaled \$64,716 and in 2021 was \$24,357.

Resource investment advisors provided investment advice to the Plan and received net fees of \$36,898 in 2021.

The above part-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 12 – CORRECTIVE DISTRIBUTIONS

During the year 2021, the plan administrator was notified by several employees that certain funds received in a tax-free rollover from a prior employer were not eligible contributions due to failure to pass various non-discriminating testing requirements of the employee's prior employer.

As a result, the identified elective deferrals, matching contributions from the employer and the additional required to be forfeited as it was unvested at the time were distributed to the employer and a 1099-R was generated for each employee affected.

The total amount of the corrective distribution in 2022 was \$1,030 and in 2021 was \$28,778.
