Independent Auditor's Report

The Plan Administrator
Schlesinger Global, LLC 401(k) Profit Sharing Plan
Iselin, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Schlesinger Global, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP)
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H (Form 5500), Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H (Form 5500) Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or are derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Schlesinger Global, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

1. Description of Plan

The following description of the Schlesinger Global, LLC 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. In connection with an amendment to the Plan on April 1, 2021, the Plan name was changed from Schlesinger Associates 401(k) Profit Sharing Plan to Schlesinger Global, LLC 401(k) Profit Sharing Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan to provide all eligible employees of Schlesinger Central Processing Services, LLC. (the Company or Employer). The Plan was effective March 1, 1988 and was restated effective April 1, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Delaware Charter Guarantee and Trust Company D/B/A Principal Trust Company (Principal) serves as record keeper of the Plan. Steve Schlesinger, Howard Schlesinger and Jaime Klein together serve as the Trustees of the Plan.

Eligibility

Employees of the Company who have completed 90 days of service and are age 21 or older are eligible to participate in elective deferral contributions. An eligible participant will become eligible for employer matching contributions when they complete one year of eligibility service (1,000 hours of services) and are employed on the last day of the year. Employees subject to a collective bargaining agreement, leased employees, non-resident aliens, and independent contractors are not eligible to participate in the Plan.

Contributions

Participants may make pre-tax elective deferrals, as defined by the plan, provided their contributions do not exceed maximum allowable amounts under the Internal Revenue Code (the Code). Under the Code, individual contributions for which taxes may be deferred were limited to \$20,500 and \$19,500 in 2022 and 2021, respectively. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. After-tax contributions and rollovers from other qualified plans are allowed. The Company may make discretionary matching contributions and or discretionary qualified non elective contributions (QNEC) to the Plan. For the years ended December 31, 2022 and 2021, the Employer made a discretionary matching contribution equal to 50% of salary deferrals up to 6% of \$666,992 and \$480,379, respectively. No discretionary QNEC was made for the years ended December 31, 2022 and 2021.

Transfers in From Other Plans

Effective April 1, 2021, Market Cube, LLC, MarketLab Research Inc. and 20/20 Research, Inc. became adopting employers of the Plan via amendments signed during the Plan year. In connection with this transaction, \$9,959,557 was transferred into the Plan in 2021. In May 2022, the remaining balance of \$127,465 was transferred into the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, Plan earnings or losses, and charged with an allocation of administrative expenses.

Schlesinger Global, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own deferrals plus actual earnings thereon. Vesting in the Company's discretionary matching contribution portion of their accounts, plus actual earnings thereon, is as follows:

Years of Vesting Service	Vesting (%)
Less than 1	-
1	20
2	40
3	60
4	80
5 or more	100

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No more than two notes are allowed at any time and repayment of the entire balance is permitted at any time. The interest rates on notes outstanding as of December 31, 2022 and 2021 were between 4.25% and 8.50%.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a ten-year period. If the participant was employed by the Company at time of death, disability, or retirement, the account balance of the participant will automatically become 100% vested. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Other withdrawals from participants' accounts may be made under certain circumstances, as defined in the Plan document.

Forfeitures

At December 31, 2022 and 2021, the forfeited non-vested amount balance were \$529 and \$594 respectively. These accounts may be used to pay administrative expenses and reduce future Employer contributions. The forfeited funds used to pay administrative expenses and fund employer contributions were \$7,091 and \$56,585 in 2022 and 2021, respectively.

Notes to Financial Statements

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value (except for fully benefit-responsive investment contracts (Guaranteed Investment Contracts), which are recorded at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's policies utilizing information provided by the investment advisor and trustee. See Note 4 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of the investments within the Plan are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Benefit Payments

Benefit payments are recorded when paid.

Plan Expenses

Administrative expenses of the Plan are paid by the Company, except for certain expenses that are charged to participant accounts, including loan, withdrawal fees, plan administrative fees, and investment management fees. Certain investment expenses which are charged within investments are presented net of the appreciation in fair value of investments. All other expenses of the Plan for the years ended December 31, 2022 and 2021 were paid by the Company and are excluded from these financial statements.

Direct compensation paid by the Plan as administrative expenses totaled \$113,513 and \$121,371 for the years ended December 31, 2022 and 2021, respectively, which consisted of third-party administrative fees.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make certain estimates and assumptions that affect reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Schlesinger Global, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. Excess contributions from the Plan relating to 2022 and 2021 were distributed to the applicable participants prior to March 15, 2023 and March 15, 2022, respectively. Excess contributions payable for the years ended December 31, 2022 and 2021 were \$181,649 and \$109,129, respectively.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Trust Company, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments, at fair value and contract value, and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net (depreciation) appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investments reflected on the supplemental Schedule H (Form 5500), Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedules, including assessing whether the supplemental schedules are in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurement, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Schlesinger Global, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value. Classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

December 31, 2022

	Level 1		Level 2		Level 3		Total
Mutual funds	\$	18,067,778	\$	-	\$	-	\$ 18,067,778

December 31, 2021

	Level 1		Level 2		Level 3		Total
Mutual funds	\$	20,910,942	\$	-	\$	-	\$ 20,910,942

The following is a description of the valuation methodologies for the Plan assets measured at fair value. There have been no changes to the methodologies used at December 31, 2022 and 2021, nor were there any transfers between levels 1 and 2 during the years ended December 31, 2022 and 2021.

Mutual Funds - These assets are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Schlesinger Global, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

5. Fully Benefit-Responsive Investment Contracts

The Plan entered into fully benefit-responsive investment contracts with Principal, the Morley Stable Value Fund, which maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contracts. Contract value, as reported to Principal, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. All contributions allocated to the investment contracts shall be credited with interest at the current rate of interest. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There is no minimum days' notice required to discontinue this investment option with Principal.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

6. Tax Status

The Plan obtained the latest opinion letter for the prototype plan it has adopted on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the pre-approved profit-sharing plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-in-Interest Transactions

The Company, and Principal, the record-keeper, are parties-in-interest with respect to the Plan under the provisions of ERISA. The Plan also issues loans to participants which are secured by the vested balance of the participants' account. Fees incurred by the Plan for the investment management services are included as a reduction in the net appreciation in fair value of investments.

These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

Schlesinger Global, LLC 401(k) Profit Sharing Plan

Notes to Financial Statements

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the statement of changes in net assets available for benefits per the financial statements to Form 5500:

<i>December 31,</i>	2022	2021
Change in Net Assets Available for Benefits , per financial statements	\$ (2,758,711)	\$ 939,486
Excess contributions paid to participants	(11)	(85,557)
Change in Net Assets Available for Benefits , per Form 5500	\$ (2,758,722)	\$ 853,929

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2022 and 2021 may not necessarily be indicative of amounts that could be realized in a current market exchange.

10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

11. Delinquent Participant Contribution

During the Plan year ended December 31, 2022, a participant contribution totaling \$609 was not remitted to the Plan in a timely matter as prescribed by DOL regulations. This transaction constitutes a prohibited transaction as defined by ERISA. The Plan Sponsor intends to self-correct the late remittance in the subsequent period with a contribution of lost earnings, the Plan Sponsor does not expect the correction to be material. The lost earnings include the amount the participant should have earned from the date the contribution should have been made through the date of correction.

12. Subsequent Events

The Plan evaluated subsequent events for the Plan through October 3, 2023, the date the financial statements were available to be issued. There were no subsequent events requiring adjustments or disclosures to the financial statements.
