INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
D'Addario & Company, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of D'Addario & Company, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of D'Addario & Company, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from the qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of D'Addario & Company, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about D'Addario & Company, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of D'Addario & Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about D'Addario & Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

D'Addario & Company, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the D'Addario & Company, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering the employees of D'Addario & Company, Inc., Rico Corporation, G4 2010, LLC, and Renaissance Wire, LLC (collectively, the "Company" or the "Sponsor") who are age eighteen or older and having completed two months of service, as defined in the Plan document. Union employees whose benefits are the subject of good faith bargaining, as well as nonresident alien employees, are not eligible to participate. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Participants may contribute the lesser of 100% of annual eligible compensation or the annual limit set forth by the Secretary of Treasury, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions.

Each year, the Company makes safe harbor contributions to participants with one year of service equal to 3% of each active participant's annual compensation. In 2022, safe harbor contributions were \$1,600,360 which were partially funded by forfeitures. The Plan also allows for discretionary contributions to be given to selected employees in an amount determined by the Company. In 2022, the Company made a discretionary contribution to certain employees of 7% of each active eligible employee's annual compensation, plus 5.7% of each selected employee's annual compensation in excess of the social security taxable wage base, subject to Internal Revenue Service ("IRS") limitations. Discretionary contributions amounted to \$3,765,724 for the Plan year 2022. Total contributions for the 2022 Plan year were \$5,220,842.

The Plan also allows the Company to make discretionary matching contributions of employee deferrals of up to 6% of compensation, not to exceed 4% of the employee's total compensation. There were no discretionary matching contributions made for the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution and (b) Plan earnings charged with an allocation of administrative expenses. Participant accounts are reduced by withdrawals, losses on investments, and any forfeitures. Contributions are subject to certain limitations. The IRS maximum allowance was \$20,500 for pretax contributions and \$6,500 for catch-up contributions in 2022. Allocations of forfeitures reduce employer contributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Contributions are participant directed into various investment options offered by the Plan.

Vesting

Participants' vesting in the Company's discretionary contribution portion of their accounts is based on years of continuous service. Participants are immediately vested in their contributions and the 3% safe harbor contributions plus actual earnings thereon. Participants vest in the Company's discretionary contributions according to the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	25%

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount prior to retirement age or may elect monthly, quarterly, or annual installments. Should the termination amount be less than \$5,000, the participant must receive a lump-sum amount.

Forfeited Accounts

Forfeitures of the employer contribution may be used first to pay necessary administrative expenses. Any forfeitures that have not been used to pay administrative expenses will be used to reduce the employer's contribution. During the year ended December 31, 2022, total forfeitures used to offset employer contributions were \$234,432. During the year ended December 31, 2021, total forfeitures used to offset administrative expenses were \$1,065. At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately \$20,449 and \$106,505, respectively.

Administrative Expenses

Administrative fees paid by the Plan consist of account maintenance fees, transaction fees, investment fund management fees, and professional assistance from an attorney, an accountant, an actuary, or an investment advisor. All other administrative expenses related to the Plan may be paid by either the Sponsor or the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities, disclosures of contingent assets and liabilities, and additions to and deductions from net assets available for benefits at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date - see Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Certain investment related expenses have been offset against net investment income and are not readily determinable.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. FAIR VALUE MEASUREMENTS

In determining fair value, various valuation techniques are utilized, and observable inputs are prioritized. The availability of observable inputs varies from instrument to instrument and depends on a variety of factors including the type of instrument, whether the instrument is actively traded, and other characteristics particular to the transaction. For many financial instruments, pricing inputs are readily observable in the market, the valuation methodology used is widely accepted by market participants, and the valuation does not require significant management discretion. For other financial instruments, pricing inputs are less observable in the marketplace and may require management's judgment.

The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Level 1 inputs include quoted prices in active markets for identical instruments and are the most observable. Level 2 inputs include quoted prices for similar assets and inputs such as interest rates and yield curves that are observable at commonly quoted intervals. Level 3 inputs are not observable in the market and include management's judgment about the assumptions market participants would use in pricing the asset. In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Mutual Funds: Units held in mutual funds for which a quoted market price is available on an active market.

Pooled Separate Accounts: Units held in pooled separate accounts are valued based on the net asset value ("NAV") of the shares held by the Plan at year end, which is based on the unit prices quoted by the fund, representing the fair value of the underlying investment.

Common/Collective Trust: Valued at net asset value as determined by the issuer of the fund based on the fair value of the underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

*In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES (UNAUDITED)

The Plan has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The investments of the Plan are held by Fidelity Management Trust Company ("Fidelity") and Principal Trust Company ("Principal"). Accordingly, Fidelity and Principal have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments as presented in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income or loss (which is net of certain investment and administrative expenses as well as adjustments to reflect timing differences in dividend income), as presented in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

D'Addario & Company, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. INVESTMENT IN GUARANTEED INVESTMENT CONTRACT

The Plan holds an investment contract that comprises a traditional investment contract and a portfolio of synthetic investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The contract value of the separate account annuity contract (the "Contract") was \$8,347,029 and \$8,328,586 as of December 31, 2022 and 2021, respectively. There are no reserves against contract value for credit risk of the contract issuer.

The contract does not specify any events which would limit the ability of the Plan to transact at contract value with the issuer or any events which would allow the issuer to terminate the contract and settle for an amount different from contract value. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer.

A rate of interest contractually guaranteed by Principal is credited to participant account balances. This net crediting rate is after the deduction of 0.25% for fees for administrative and recordkeeping services provided to the Plan. This net crediting rate is a 1.35% effective annual rate, until November 30, 2022. The rate will be reset December 1, 2022 and semiannually thereafter.

6. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 for the years ended December 31:

	<u>2022</u>	<u>2021</u>

Net assets available for benefits per Schedule H of Form 5500	<u>\$ 99,451,413</u>	<u>\$ 117,765,158</u>

The following is a reconciliation of change in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31:

Change in net assets available for benefits per these financial statements	\$ (13,021,236)
Employee contributions receivable	(71,231)
Employer contributions receivable	(5,221,278)
Change in net assets available for benefits per Form 5500	<u>\$ (18,313,745)</u>

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

D'Addario & Company, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

8. TAX STATUS

The Plan adopted a Non-Standardized Pre-Approved Profit-Sharing Plan which obtained its latest determination letter on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there is no tax related interest or penalties for the periods presented in the accompanying financial statements.

9. PARTY-IN-INTEREST TRANSACTIONS

Certain of the Plan's investments in mutual funds and its guaranteed interest contract are managed by Fidelity and Principal and, therefore, these transactions qualify as exempt party-in-interest transactions. Additionally, certain fees and expenses of the Plan are paid by the Company. Fees paid by the Plan to Fidelity and Principal amounted to approximately \$36,192. In addition, there are transaction fees charged by the trustee that are absorbed in investment income that are not readily determinable.

10. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan is exposed to credit loss in the event of nonperformance by the companies with whom investment contracts are placed. However, the Plan does not anticipate nonperformance by these companies and believes that the risk to Plan assets from credit loss is not material due to the diversified nature of the assets held.

11. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 18, 2023, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that, no subsequent events have occurred which require adjustment to or disclosure in the financial statements.
