Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Momentive Performance Materials Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Momentive Performance Materials Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan sponsored by Momentive Performance Materials Inc. (the “Company” or the “Plan Sponsor”) for certain eligible employees of the Company and its US subsidiaries that are participating employers. The Plan was effective January 29, 2007 and is subject to applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility: Newly hired employees are eligible to participate immediately following their date of hire.

Contributions: Non-exempt employees of the Company may participate in the Plan by contributing a portion of their eligible compensation (from 1% up to and not exceeding the lesser of 30% of eligible compensation or the statutory limit) to the Plan. Contributions from exempt employees are limited to a maximum of 30% (as of December 1, 2021), and exempt employees who are Highly Compensated Employees, as defined in the Plan, are limited to contributions of up to 15% of eligible compensation.

Participants can elect to have their contributions deducted on a tax deferred (pre-tax), after-tax, or Roth basis. Effective January 1, 2014, eligible employees who do not decline enrollment or affirmatively elect to participate within thirty days of employment will be automatically enrolled at a pre-tax deferral rate of 5% of eligible compensation. In the event participants elect to make tax deferred contributions and reaches the prescribed IRS limits for pre-tax contributions, they may elect to continue making contributions on an after-tax basis until they reach the maximum contribution level permitted by law.

Employer matching contributions made under the Plan vary depending on employee classification and date of hire. Following is a chart summarizing the employer match provisions:

Maximum employer match	Eligible Employee Class
100% of the first 5% of eligible contributions (maximum 5%)	All exempt employees
	Non-grandfathered non-bargained salaried non-exempt employees
	Non-grandfathered IUE-CWA employees
	Non-grandfathered ICWUC employees
50% of the first 7% of eligible contributions (maximum 3.5%)	Grandfathered non-bargained salaried non-exempt employees
	Grandfathered IUE-CWA employees
	Grandfathered ICWUC employees

Non-grandfathered union and non-union, non-exempt employees are eligible for the Employer Achievement Match, a discretionary matching contribution of 25% of the participant’s employer match, if the global incentive performance targets set by the Board of Directors or its delegate are attained.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Exempt and non-union, non-exempt employees are eligible for an annual Employer Retirement Contribution, which is determined as a percentage of eligible compensation based on years of service. Effective January 1, 2014, employees hired on or after this date, and who are covered by the bargaining agreement with the IUE-CWA, the Industrial Division of the Communications Workers of America, AFL-CIO, CLC, Locals 81359 and 81380, are eligible for the annual Employer Retirement Contribution based on their eligible earnings, including Non-Grandfathered IUE-CWA employees. Effective January 1, 2015, employees hired on or after this date and who are covered by the bargaining agreement with the ICWUC, International Chemical Workers Union Council of the United Food and Commercial Workers are eligible for the annual Employer Retirement Contribution based on their eligible earnings, including Non-Grandfathered, ICWUC Sistersville Union employees.

The Plan allows for catch-up contributions in accordance with Internal Revenue Code Section 414(v).

Participant Accounts: Each participant's account is credited with the participant's own contributions and an allocation of the Employer's contributions and investment earnings, net of certain administrative expenses, and is charged with his or her withdrawals. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Most participants are immediately fully (100%) vested in their employer contributions and related investment earnings. Exempt employees hired on September 1, 2012 or later vest in their employer matching contributions upon the completion of three years of service.

The Employer / Annual Retirement Contribution vests 100% upon the completion of three years of service, in accordance with the vesting schedule.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under \$5,000 are automatically distributed to participants. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum. In certain circumstances, participants may make hardship withdrawals as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Forfeitures: Following termination of employment, any unvested portion of a participant's account is forfeited at the earlier of the time of distribution of the vested portion, or the quarter following termination. Funds from forfeitures are first applied to reinstate the unvested account balance for rehired participants whose previous termination resulted in forfeiture and who are re-employed by the Employer prior to incurring five consecutive one year breaks in service. Any remaining forfeited funds may be used to fund future matching employer contributions.

Retirement, Death and Disability: Participants who are not otherwise fully vested become 100% vested in their account balance upon the attainment of age 65 (normal retirement age), death or disability.

Investment Options: Upon enrollment in the Plan, participants can designate their contributions and Employer contributions to be invested in a combination of mutual funds and collective trust funds. If the participant does not designate any funds, the account is invested in a Qualified Default Investment Account ("QDIA") with a customized portfolio of investments based on the date the participant will attain age 65.

December 31, 2022 and 2021**

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Investment Income: The investment income or loss for each fund is allocated proportionately to the participant accounts, on a daily basis, net of fees and expenses.

Administrative Expenses: Administrative fees paid by the Plan primarily represent trustee and recordkeeping expenses. The Company pays other costs of administering the Plan. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees and operating expenses charged to the Plan for plan investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses of the funds are reflected as a reduction of investment return for such investments.

In 2012, the Plan's fee structure was renegotiated to include a per-participant administrative fee, which is charged by the Plan's record keeper on a quarterly basis. In conjunction with this agreement, the Plan's trustee agreed to reimburse the Plan for revenue credits it receives from certain mutual funds offered to participants. Revenue credits in excess of administrative expenses may be allocated to participant accounts at the election of the Plan Sponsor. For the year ended December 31, 2022, the Plan received \$22,418 in revenue credits, which has been recorded at gross as other income in the statement of changes in net assets available for benefits. These credits will be used to pay record keeping expenses of the Plan. The Company expects to pay any record keeping fees in excess of revenue credits available.

Notes Receivable from Participants: Active Plan participants may elect to take loans from the Plan using their account as collateral and subject to the Loan Policy established by the Company and legal limitations. The loan repayment period is any multiple of months up to 60 months or up to 180 months for purchase of a primary residence. The fixed interest rate charged is the prime rate minus 1% on the last day of the month prior to the inception of the loan.

Plan Termination: Although the Company has not expressed any intent to do so, it has the right under the Plan, to the extent permitted by law, to discontinue its contributions or to terminate the Plan in accordance with the provisions of ERISA at any time. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace the Plan for any reason. In the event of termination of the Plan, which is at the sole discretion of the Board of Directors of the Company, all contributions credited to participants' accounts will be fully vested and will be distributed to the participants in the manner provided by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, revenues are recognized when earned and expenses are recognized when incurred. Benefit payments are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

(Continued)

**MOMENTIVE PERFORMANCE MATERIALS
SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates: The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks and global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition: Plan investments are stated at fair value.

Investment purchase and sale transactions are recognized on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized on the accrual basis. The net appreciation (depreciation) in the fair value of investments consists of the realized gains or losses on the sales of investments and the unrealized appreciation (depreciation) of investments held during the year.

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. A fair value hierarchy allows the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

(Continued)

**MOMENTIVE PERFORMANCE MATERIALS
SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Collective Trust Funds: The fair values of participation units held in collective trusts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each collective trust held by the Plan provides for daily redemptions at reported net asset values per share, with no advance notice requirement. No unfunded commitments exist for any of the collective trust funds.

The methods described above may produce a fair value result that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	<u>Total</u>	Fair Value Measurements at December 31, 2022 Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 77,311,865	\$ 77,311,865	\$ -	\$ -
Collective trust funds*	<u>294,186,042</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 371,497,907</u>	<u>\$ 77,311,865</u>	<u>\$ -</u>	<u>\$ -</u>

	<u>Total</u>	Fair Value Measurements at December 31, 2021 Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 340,737,119	\$ 340,737,119	\$ -	\$ -
Collective trust funds*	<u>118,479,697</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 459,216,816</u>	<u>\$ 340,737,119</u>	<u>\$ -</u>	<u>\$ -</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit the reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 3 - CERTIFIED INFORMATION – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor (“DOL”) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan held notes receivable from participants at December 31, 2022 and 2021, which constitute party-in-interest transactions. The Plan incurred \$172,653 of expenses related to administrative and other services paid to parties-in-interest during the year ended December 31, 2022.

NOTE 5 - TAX STATUS OF PLAN

The Internal Revenue Service (“IRS”) issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (“IRC”). Although the Plan has been amended from the original non-standardized pre-approved plan document, Plan management believes that the Plan is currently being operated in accordance with the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the DOL or IRS; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits as of December 31, 2022 and 2021 from the financial statements to the annual report filed on Form 5500, Schedule H as required by the Department of Labor:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits – financial statements	\$ 386,091,809	\$ 473,523,550
Less: Contributions receivable	<u>(7,469,972)</u>	<u>(6,940,257)</u>
Net assets available for plan benefits – Form 5500	<u>\$ 378,621,837</u>	<u>\$ 466,583,293</u>

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2022 per the financial statements to the net income reported in the 2022 Form 5500:

Decrease in net assets available for benefits per the financial statements	\$ (87,431,741)
Less: Contributions receivable at end of year	(7,469,972)
Add: Contributions receivable at beginning of year	<u>6,940,257</u>
Net decrease per Form 5500	<u>\$ (87,961,456)</u>

The difference between the financial statement balances and Form 5500 is primarily due to the fact that the financial statements are prepared using the accrual basis of accounting whereas Form 5500 balances are determined in accordance with the modified cash basis of accounting.

NOTE 7 - SUBSEQUENT EVENTS

The Company has evaluated subsequent events for recognition and disclosure through October 3, 2023, which is the date the financial statements were available to be issued.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Momentive Performance Materials Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Momentive Performance Materials Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for more complete information.

General: The Plan is a defined contribution plan sponsored by Momentive Performance Materials Inc. (the “Company” or the “Plan Sponsor”) for certain eligible employees of the Company and its US subsidiaries that are participating employers. The Plan was effective January 29, 2007 and is subject to applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Eligibility: Newly hired employees are eligible to participate immediately following their date of hire.

Contributions: Non-exempt employees of the Company may participate in the Plan by contributing a portion of their eligible compensation (from 1% up to and not exceeding the lesser of 30% of eligible compensation or the statutory limit) to the Plan. Contributions from exempt employees are limited to a maximum of 30% (as of December 1, 2021), and exempt employees who are Highly Compensated Employees, as defined in the Plan, are limited to contributions of up to 15% of eligible compensation.

Participants can elect to have their contributions deducted on a tax deferred (pre-tax), after-tax, or Roth basis. Effective January 1, 2014, eligible employees who do not decline enrollment or affirmatively elect to participate within thirty days of employment will be automatically enrolled at a pre-tax deferral rate of 5% of eligible compensation. In the event participants elect to make tax deferred contributions and reaches the prescribed IRS limits for pre-tax contributions, they may elect to continue making contributions on an after-tax basis until they reach the maximum contribution level permitted by law.

Employer matching contributions made under the Plan vary depending on employee classification and date of hire. Following is a chart summarizing the employer match provisions:

Maximum employer match	Eligible Employee Class
100% of the first 5% of eligible contributions (maximum 5%)	All exempt employees
	Non-grandfathered non-bargained salaried non-exempt employees
	Non-grandfathered IUE-CWA employees
	Non-grandfathered ICWUC employees
50% of the first 7% of eligible contributions (maximum 3.5%)	Grandfathered non-bargained salaried non-exempt employees
	Grandfathered IUE-CWA employees
	Grandfathered ICWUC employees

Non-grandfathered union and non-union, non-exempt employees are eligible for the Employer Achievement Match, a discretionary matching contribution of 25% of the participant’s employer match, if the global incentive performance targets set by the Board of Directors or its delegate are attained.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Exempt and non-union, non-exempt employees are eligible for an annual Employer Retirement Contribution, which is determined as a percentage of eligible compensation based on years of service. Effective January 1, 2014, employees hired on or after this date, and who are covered by the bargaining agreement with the IUE-CWA, the Industrial Division of the Communications Workers of America, AFL-CIO, CLC, Locals 81359 and 81380, are eligible for the annual Employer Retirement Contribution based on their eligible earnings, including Non-Grandfathered IUE-CWA employees. Effective January 1, 2015, employees hired on or after this date and who are covered by the bargaining agreement with the ICWUC, International Chemical Workers Union Council of the United Food and Commercial Workers are eligible for the annual Employer Retirement Contribution based on their eligible earnings, including Non-Grandfathered, ICWUC Sistersville Union employees.

The Plan allows for catch-up contributions in accordance with Internal Revenue Code Section 414(v).

Participant Accounts: Each participant's account is credited with the participant's own contributions and an allocation of the Employer's contributions and investment earnings, net of certain administrative expenses, and is charged with his or her withdrawals. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Most participants are immediately fully (100%) vested in their employer contributions and related investment earnings. Exempt employees hired on September 1, 2012 or later vest in their employer matching contributions upon the completion of three years of service.

The Employer / Annual Retirement Contribution vests 100% upon the completion of three years of service, in accordance with the vesting schedule.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Benefit amounts under \$5,000 are automatically distributed to participants. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balances as a single lump sum. In certain circumstances, participants may make hardship withdrawals as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Forfeitures: Following termination of employment, any unvested portion of a participant's account is forfeited at the earlier of the time of distribution of the vested portion, or the quarter following termination. Funds from forfeitures are first applied to reinstate the unvested account balance for rehired participants whose previous termination resulted in forfeiture and who are re-employed by the Employer prior to incurring five consecutive one year breaks in service. Any remaining forfeited funds may be used to fund future matching employer contributions.

Retirement, Death and Disability: Participants who are not otherwise fully vested become 100% vested in their account balance upon the attainment of age 65 (normal retirement age), death or disability.

Investment Options: Upon enrollment in the Plan, participants can designate their contributions and Employer contributions to be invested in a combination of mutual funds and collective trust funds. If the participant does not designate any funds, the account is invested in a Qualified Default Investment Account ("QDIA") with a customized portfolio of investments based on the date the participant will attain age 65.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Investment Income: The investment income or loss for each fund is allocated proportionately to the participant accounts, on a daily basis, net of fees and expenses.

Administrative Expenses: Administrative fees paid by the Plan primarily represent trustee and recordkeeping expenses. The Company pays other costs of administering the Plan. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees and operating expenses charged to the Plan for plan investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses of the funds are reflected as a reduction of investment return for such investments.

In 2012, the Plan's fee structure was renegotiated to include a per-participant administrative fee, which is charged by the Plan's record keeper on a quarterly basis. In conjunction with this agreement, the Plan's trustee agreed to reimburse the Plan for revenue credits it receives from certain mutual funds offered to participants. Revenue credits in excess of administrative expenses may be allocated to participant accounts at the election of the Plan Sponsor. For the year ended December 31, 2022, the Plan received \$22,418 in revenue credits, which has been recorded at gross as other income in the statement of changes in net assets available for benefits. These credits will be used to pay record keeping expenses of the Plan. The Company expects to pay any record keeping fees in excess of revenue credits available.

Notes Receivable from Participants: Active Plan participants may elect to take loans from the Plan using their account as collateral and subject to the Loan Policy established by the Company and legal limitations. The loan repayment period is any multiple of months up to 60 months or up to 180 months for purchase of a primary residence. The fixed interest rate charged is the prime rate minus 1% on the last day of the month prior to the inception of the loan.

Plan Termination: Although the Company has not expressed any intent to do so, it has the right under the Plan, to the extent permitted by law, to discontinue its contributions or to terminate the Plan in accordance with the provisions of ERISA at any time. The Company also has the right under the Plan, to the extent permitted by law, to amend or replace the Plan for any reason. In the event of termination of the Plan, which is at the sole discretion of the Board of Directors of the Company, all contributions credited to participants' accounts will be fully vested and will be distributed to the participants in the manner provided by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Accordingly, revenues are recognized when earned and expenses are recognized when incurred. Benefit payments are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

(Continued)

**MOMENTIVE PERFORMANCE MATERIALS
SAVINGS PLAN**

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates: The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of Plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity and credit risks and global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition: Plan investments are stated at fair value.

Investment purchase and sale transactions are recognized on a trade-date basis. Dividends are recorded on the ex-dividend date and interest income is recognized on the accrual basis. The net appreciation (depreciation) in the fair value of investments consists of the realized gains or losses on the sales of investments and the unrealized appreciation (depreciation) of investments held during the year.

Fair value is defined as the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. A fair value hierarchy allows the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements).

The three levels of inputs within the fair value hierarchy are defined as follows:

- Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.
- Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

(Continued)

SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (level 1 inputs).

Collective Trust Funds: The fair values of participation units held in collective trusts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each collective trust held by the Plan provides for daily redemptions at reported net asset values per share, with no advance notice requirement. No unfunded commitments exist for any of the collective trust funds.

The methods described above may produce a fair value result that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	<u>Total</u>	Fair Value Measurements at December 31, 2022 Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 77,311,865	\$ 77,311,865	\$ -	\$ -
Collective trust funds*	<u>294,186,042</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 371,497,907</u>	<u>\$ 77,311,865</u>	<u>\$ -</u>	<u>\$ -</u>
	<u>Total</u>	Fair Value Measurements at December 31, 2021 Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	\$ 340,737,119	\$ 340,737,119	\$ -	\$ -
Collective trust funds*	<u>118,479,697</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total	<u>\$ 459,216,816</u>	<u>\$ 340,737,119</u>	<u>\$ -</u>	<u>\$ -</u>

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit the reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

**NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021**

NOTE 3 - CERTIFIED INFORMATION – INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

NOTE 4 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor (“DOL”) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain others. The Plan held notes receivable from participants at December 31, 2022 and 2021, which constitute party-in-interest transactions. The Plan incurred \$172,653 of expenses related to administrative and other services paid to parties-in-interest during the year ended December 31, 2022.

NOTE 5 - TAX STATUS OF PLAN

The Internal Revenue Service (“IRS”) issued an opinion letter dated June 30, 2020 indicating that the non-standardized pre-approved plan adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code (“IRC”). Although the Plan has been amended from the original non-standardized pre-approved plan document, Plan management believes that the Plan is currently being operated in accordance with the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the DOL or IRS; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Less: Contributions receivable	<u>(7,469,972)</u>	<u>(6,940,257)</u>
Net assets available for plan benefits – Form 5500	<u>\$ 378,621,837</u>	<u>\$ 466,583,293</u>

The following is a reconciliation of the change in net assets available for benefits for the year ended December 31, 2022 per the financial statements to the net income reported in the 2022 Form 5500:

Decrease in net assets available for benefits per the financial statements	\$ (87,431,741)
Less: Contributions receivable at end of year	(7,469,972)
Add: Contributions receivable at beginning of year	<u>6,940,257</u>
Net decrease per Form 5500	<u>\$ (87,961,456)</u>

The difference between the financial statement balances and Form 5500 is primarily due to the fact that the financial statements are prepared using the accrual basis of accounting whereas Form 5500 balances are determined in accordance with the modified cash basis of accounting.

NOTE 7 - SUBSEQUENT EVENTS

The Company has evaluated subsequent events for recognition and disclosure through October 3, 2023, which is the date the financial statements were available to be issued.
