Independent Auditor's Report

To the Trustee Committee of the
First State Bank & Trust of Tonganoxie 401(k) Profit Sharing Plan & Trust
Tonganoxie, KS 66086

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the First State Bank & Trust of Tonganoxie 401(k) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for Plan benefits for the years then ended and the related summary of significant accounting policies and notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the First State Bank & Trust of Tonganoxie 401(k) Profit Sharing Plan & Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the First State Bank & Trust of Tonganoxie 401(k) Profit Sharing Plan & Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the First State Bank & Trust of Tonganoxie 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Independent Auditor's Report

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First State Bank & Trust of Tonganoxie 401(k) Profit Sharing Plan & Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the First State Bank & Trust of Tonganoxie 401(k) Profit Sharing Plan & Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions as of and for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or was derived from the certified investment information, we compared such information to the related certified investment information.

Independent Auditor's Report

Supplemental Schedules Required by ERISA (continued)

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**FIRST STATE BANK & TRUST OF TONGANOXIE
401(K) PROFIT SHARING PLAN & TRUST**

Summary of Significant Accounting Policies
December 31, 2022 and 2021

Basis of Accounting

The First State Bank & Trust of Tonganoxie 401(k) Profit Sharing Plan & Trust (Plan) presents its financial statements on the accrual basis of accounting.

Use of Estimates

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of net assets available for Plan benefits and changes therein, and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's custodian. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are deducted when paid.

Expenses

Certain expenses of administering and maintaining the Plan are paid directly by First State Bank & Trust of Tonganoxie (the Company) and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and payment of benefits are charged directly to the participants' accounts and are included in administrative expenses. Investment related expenses are included in net (depreciation) appreciation in fair value of investments.

FIRST STATE BANK & TRUST OF TONGANOXIE
401(K) PROFIT SHARING PLAN & TRUST

Notes to the Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering all employees of the Company who have met the Plan's eligibility requirements. The Plan and the Trust of which it is a part are intended to satisfy the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee committee is responsible for oversight of the Plan, including monitoring investment performance.

Employees of the Company are eligible to enter the Plan after attaining 18 years of age. The Plan entry date for a newly eligible participant was the day the eligibility requirement was met. Effective June 1, 2021, eligible employees are automatically enrolled in the Plan on the first day of each month coincident with or immediately following the date eligibility requirements are met, unless they elect to not participate. Eligible participants are automatically enrolled in the Plan at a 3% deferral rate unless they elect a different deferral rate.

Each year participants may contribute any percentage (subject to the maximum allowed by the IRC) of their eligible compensation to the Plan (deferral contributions). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute eligible amounts representing distributions from other qualified plans (rollover contributions). Participants may elect to designate their deferral contributions as a pre-tax deferral or as a Roth deferral.

The Company makes fixed matching contributions on behalf of participants. The Company applies a fixed matching formula of 50% of the first 5% of each participant's deferral contributions, up to a maximum matching contribution of 2.50% of a participant's compensation.

The Company may also make a discretionary profit sharing contribution, which is determined each year by the Company's Board of Directors. Participants must have at least 1,000 hours of service during a plan year and be employed on the last day of the Plan year to be eligible to receive an allocation of the Company profit sharing contribution unless employment is terminated due to retirement, disability, or death. The profit sharing contribution is allocated to each participant based on the participant's pro-rata percentage of total eligible compensation. The profit sharing contribution was \$0 for the Plan years ended December 31, 2022 and 2021.

Participants direct the investment of their contributions and their portion of employer contributions to one or more of the available investment options offered by the Plan. Participants can change contribution allocations and transfer investment balances as often as desired using the telephone or internet.

Each participant's account is credited/(charged) with the participant's contributions, employer contributions, and allocations of Plan earnings/(losses). Allocations of the employer's contributions and Plan earnings/(losses) are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

FIRST STATE BANK & TRUST OF TONGANOXIE
401(K) PROFIT SHARING PLAN & TRUST

Notes to the Financial Statements
December 31, 2022 and 2021

1. Description of Plan (continued)

Participants are vested immediately in their deferral and rollover contributions as well as Company contributions upon death, disability, attainment of normal retirement age, as defined, or Plan termination. Otherwise, participants vest in Company matching and profit sharing contributions as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 2	0%
2	20
3	40
4	60
5	80
6	100

Upon termination of service, a participant whose vested balance exceeds \$5,000 may elect to receive either a lump-sum amount equal to the vested amount or installment payments of the vested amount. Participants whose vested balance does not exceed \$1,000 will receive the vested amount. Participants whose vested balance exceeds \$1,000, but is less than \$5,000, will receive their distribution in a direct rollover to an individual retirement plan, unless they elect to have the distribution paid directly to a specified eligible retirement plan or receive the distribution directly.

Participants may borrow from their accounts a minimum of \$1,000 up to 50% of their vested account balance not to exceed \$50,000. A participant is allowed only one outstanding note at a time. The loans are secured by the balance of the participant's account and bear interest at rates ranging from 4.25% to 4.50% at December 31, 2022 and 4.25% to 6.00% at December 31, 2021, respectively. The rate of interest is based on the prime rate plus 1%. Note terms range from one to five years, or up to 15 years for the purchase of a primary residence. Principal and interest are paid through payroll deductions.

Forfeitures of nonvested account balances may be used by the Company to reduce profit sharing or matching employer contributions or to pay plan expenses. Forfeited nonvested accounts were \$6,734 and \$1,093 at December 31, 2022 and 2021, respectively. Forfeitures of \$8,300 and \$0 were used to reduce employer contributions during the years ended December 31, 2022 and 2021, respectively. No forfeitures were used to pay plan expenses during either of the years ended December 31, 2022 and 2021.

2. Information Certified by the Plan's Custodian

Certain information related to the investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year) was obtained or derived from information supplied to Plan management and certified as complete and accurate by Matrix Trust Company (Matrix), custodian of the Plan.

The following table includes the values of the Plan's cash and investments at December 31, 2022 and 2021, as certified by Matrix:

	<u>2022</u>	<u>2021</u>
Cash	<u>\$ 375</u>	<u>\$ 2,855</u>
Investments (participant directed):		
Mutual funds at fair value	<u>\$ 7,503,054</u>	<u>\$ 8,707,795</u>
Total investments at fair value	<u>\$ 7,503,054</u>	<u>\$ 8,707,795</u>

2. Information Certified by the Plan's Custodian (continued)

Matrix also certified the completeness and accuracy of the following investment income for the years ended December 31:

	<u>2022</u>	<u>2021</u>
Investment income:		
Net (depreciation) appreciation in fair value of investments	\$(1,926,551)	\$ 770,640
Interest and dividend income	<u>381,095</u>	<u>423,132</u>
Total investment (loss) income	<u>\$(1,545,456)</u>	<u>\$ 1,193,772</u>

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used to determine the fair value of investments at December 31, 2022 and 2021. There have been no changes in the methodology used at December 31, 2022 and 2021.

- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

3. Fair Value Measurements (continued)

The preceding valuation method may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. For the years ended December 31, 2022 and 2021, there were no transfers.

The following table presents the fair value of investments by level within the fair value hierarchy at December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 7,503,054	\$ -	\$ -	\$ 7,503,054
Total assets in the fair value hierarchy	\$ 7,503,054	\$ -	\$ -	\$ 7,503,054
	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 8,707,795	\$ -	\$ -	\$ 8,707,795
Total assets in the fair value hierarchy	\$ 8,707,795	\$ -	\$ -	\$ 8,707,795

4. Party-in-Interest Transactions

TPP Retirement Plan Specialists is the third-party administrator (TPA) for the Plan. Fees paid to the TPA and the custodian, Matrix, are included in administrative expenses and are party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA.

In addition, notes receivable from participants and related transactions are party-in-interest transactions exempt from the prohibited transaction rules of ERISA.

5. Tax Status

The Plan has adopted a prototype plan which has received an opinion letter dated June 30, 2020 from the Internal Revenue Service (IRS) indicating that the Plan, as then designed, was qualified for tax-exempt status under the appropriate sections of the IRC. The Plan administrator believes the Plan is currently designed and operating in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan is qualified and tax-exempt as of the financial statement date and no provision for income taxes has been recorded in the financial statements.

5. Tax Status (continued)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

6. Risks and Uncertainties

The Plan allows participants to invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the financial statements and supplemental schedule of assets (held at end of year).

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Transfer Agreement

The Plan has a Transfer Agreement, as permitted by the Plan document, whereby, upon election by Plan participants, certain qualified assets can be transferred between the Plan and the First State Bank & Trust Employee Stock Ownership Plan and Trust (ESOP). There were no transfers in 2021 and no transfers to the ESOP in 2022; however a participant made a rollover contribution of \$26,238 to the Plan from the ESOP in 2022.

9. Subsequent Events

Management of the Plan has evaluated subsequent events through October 4, 2023, the date the financial statements were available to be issued.
