INDEPENDENT AUDITOR'S REPORT

To the Trustee and Plan Administrator of
the Omnitex Corporation Profit Sharing 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed audits of the financial statements of Omnitex Corporation Profit Sharing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Great-West Life & Annuity Insurance Company ("GWLA") as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- the information in the financial statements referred to a above related to assets held by and certified by GWLA agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Omnitex Corporation Profit Sharing 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Omnitex Corporation Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Omnitex Corporation Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Omnitex Corporation Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, was presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT, Continued

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Omnitex Corporation Profit Sharing 401(k) Plan
Notes to Financial Statements
December 31, 2022

1. Significant Accounting Policies

The following is a description of significant accounting policies followed by the Omnitex Corporation Profit Sharing 401(k) Plan ("the Plan") in the preparation of its financial statements.

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting and include all adjustments necessary to present fairly the financial statements of the Plan in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying disclosures. Accordingly, actual results may differ from those estimates.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded when earned. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

Most expenses incurred by the Plan are paid by the Company. The Plan incurred $44,491 in administrative fees for the year ended December 31, 2022.

1. Significant Accounting Policies, continued

Subsequent Events

Plan management has evaluated subsequent events through October 5, 2023, which is the date the financial statements were available to be issued, and has concluded that there are no significant events to be reported.

2. Description of the Plan

The following brief description of the Omnitex Corporation Profit Sharing 401(k) Plan ("the Plan") is provided for general information purposes only. The Plan is sponsored by Omnitex Corporation (the "Plan Sponsor" or "Company"). Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which provides for profit-sharing and other incidental benefits for eligible employees of Omnitex Corporation, A.H.I. Supply, LLC and Ameristeel Constructors, LLC who have completed one (1) year of service and attained the age of twenty-one (21) years. An employee's entry date is the first day of the quarter coinciding with or next following date eligibility requirements are met. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC") and subsequent related amendments and revisions. The Company is the designated administrator of the Plan and Great-West Life & Annuity Insurance Company ("GWLA") is the trustee of the Plan responsible for the management and control of the Plan's assets which are held in individual participant investment accounts.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) employer Safe Harbor and non-elective profit sharing contributions and (b) Plan earnings (losses) and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

2. Description of the Plan, continued

Contributions

Participants may elect to defer a percentage or dollar amount of their salary at each pay period up to the maximum amount allowed for deferral under the IRC. The amount deferred is not subject to federal taxation to the participants until distributions are made from the Plan. Participants who have attained age fifty (50) or older before the end of the tax year are eligible to make catch-up contributions up to the maximum amount allowed for deferral under the IRC. Participants may also designate all or a portion of their elective deferrals as Roth elective deferrals. Participants may discontinue their election to contribute at any time. Participants may also contribute eligible rollovers from other qualified defined benefit or defined contribution plans and individual retirement accounts. Additional after-tax voluntary contributions are not permitted.

The Plan also provides for a separate deferral election that applies only to bonuses and does not affect the existing elections for all other Plan compensation. Participants may defer up to 100% of any bonuses paid during the year.

The Company may make non-elective profit sharing contributions in amounts determined by the Company. Profit sharing contributions are allocated to eligible participants based upon the percentage of the participant's compensation to the total compensation of all eligible participants. Eligible participants who are employed on the last day of the Plan year share in any discretionary profit sharing contributions. No non-elective profit sharing contributions were made for 2022.

The Employer may make a discretionary pretax matching contribution to each participant's account. For 2022, the Employer contributed 100% of participants salary deferrals that do not exceed 3% of participants compensation plus 50% of participants salary deferrals between 3% and 5% of participants compensation that a participant contributed to the Plan. For 2022, employer contributions were $169,740.

Rollovers

Rollovers represent funds transferred to the Plan from other qualified plans. Participants may roll over certain qualifying funds into the Plan in accordance with the Plan document.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. Investment options primarily consist of mutual funds, common/collective trusts, and a group annuity contract. Participants may elect to allocate their total contributions to the various investment options in increments of 1% and may change their investment options daily, subject to certain restrictions on such changes imposed by the Plan’s investment funds.

2. Description of the Plan, continued

Vesting
Participants are fully vested in their voluntary contributions and safe harbor contributions plus actual earnings (losses) thereon. Vesting in the Company's non-elective profit sharing contributions and earnings thereon is based on years of continuous service. A year of service is defined as 1,000 hours of service during any plan year. Additionally, a participant will become fully vested in the Company's contributions account upon reaching normal retirement age or in the event of death or total and permanent disability.

The vesting schedule for Company non-elective profit sharing contributions and earnings is determined as follows:

Years of Service for Vesting	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable From Participants
Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to $50,000 or 50% of their account balance, whichever is less. The maximum of $50,000 is reduced by the highest outstanding loan balance the participant had under the Plan during the previous twelve-month period. No more than three (3) loans can be outstanding at any one time. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25% to 8% which was consistent with local prevailing rates at the time the loans were initiated as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. All loans must be repaid within five (5) years, unless the loan is used to purchase a primary residence, for which loan terms may range up to fifteen (15) years.

Payment of Benefits
On termination of employment, disability, death, or normal retirement, a participant or designated beneficiary may elect to receive a single lump-sum distribution equal to the value of the participant's vested account balance, a direct rollover distribution to another plan which qualifies under section 401(a) of the IRC, installment payments or and ad-hoc distribution of some or all of the participant's account balance. Participants may defer receipt of distribution until a later date unless their account balance is $5,000 or less. If the vested account balance is $5,000 or less, the Company will direct the Trustee that any amount exceeding $1,000 be distributed to the participant, without consent, into an individual retirement account for their benefit.

2. Description of the Plan, continued

If an active participant has attained age fifty-nine and one-half (59½), they may elect to withdraw all or a portion of their account while still employed by the Company. Hardship distributions are available to participants who demonstrate an immediate and heavy financial need. In accordance with Internal Revenue Service ("IRS") regulations, participants must exhaust all other assets reasonably available to them prior to obtaining a hardship withdrawal. Participant's deferral contributions to the Plan will be suspended for six (6) months after the receipt of the hardship distribution.

Forfeited Accounts
Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeited amounts are used to pay administrative expenses or reduce employer contributions to the Plan. Forfeited non-vested accounts amounted to $287 and $8,230 at December 31, 2022 and 2021, respectively.

3. Income Tax Status

The underlying volume submitter plan has received an opinion letter from the IRS dated March 31, 2014, stating that the form of the Plan is qualified under Section 401(a) of the Code, and therefore, the related trust is tax-exempt. In accordance with Revenue Procedures 2012-6 and 2011-49, the Plan Sponsor has determined that it is eligible to and has chosen to rely on the current IRS volume submitter plan opinion letter. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

U.S.GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

4. Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, GWLA, the Plan's trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate:

December 31,	**2022**	2021
Common/collective trusts	**$ 3,303,272**	$ 3,821,446
Mutual funds	**423,727**	452,915
Investments at contract value	**526,255**	559,445

Year Ended December 31,	**2022**
Net depreciation in fair value of investments	**$ (690,073)**
Interest income on group annuity contract	**$ 5,202**
Dividends from mutual funds	**$ 9,730**

In addition, the information contained in the Schedule of Assets (Held at End of Year), December 31, 2022 has also been certified as complete and accurate by GWLA.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

5. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds, common/collective trusts, and a group annuity issued and managed by GWLA. GWLA has been designated as the trustee as well as provides administration and recordkeeping services to the Plan. These specific investments issued or managed by GWLA qualifies as party-in-interest transactions. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest. The Plan has notes receivables from certain of its participants. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to provisions of ERISA. In the event of Plan termination, participants will become 100% vested in the employer contributions allocated to their accounts.

7. Risks and Uncertainties

The Plan provides for various investment options in mutual funds, common/collective trusts, and a group annuity contract. Investments, in general, are exposed to various risks, such as interest rate, credit and overall volatility risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

8. Fair Value Measurements

The Plan's investments are reported at fair value, except for the insurance company general account, which is reported at contract value, in the accompanying financial statements. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity can access at the measurement date; Level 2 inputs consist of inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and Level 3 inputs consist of unobservable inputs for the asset or liability. Level 1 is given the highest priority while Level 3 is given the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure fair value of its investments.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

8. Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Common/collective trusts: Fair value is estimated using the net asset value per share of the underlying investments. The investment objective is providing current income in excess of money market investments and reducing the risk of principal loss over time. The fund provides daily liquidity for participant-related withdrawals. Exchanges to another investment option within the plan are allowed on any business day. Direct exchanges into a competing fixed-income option are not allowed.

Mutual funds: Valued at the quoted net asset values of the shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 423,727**	**$ -**	**$ -**	**$ 423,727**
Investments measured at net asset value (1)				**3,303,272**
Investments at fair value				**$ 3,726,999**

	Investments at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 452,915	$ -	$ -	$ 452,915
Investments measured at net asset value (1)				3,821,446
Investments at fair value				$ 4,274,361

(1) Investments in common/collective trusts that are measured at net asset value per share equivalent are not classified in the fair value hierarchy. The fair value amounts presented are intended to reconcile the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

9. Investments in Group Annuity Contract

The Plan has a group annuity contract with GWLA that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly.

9. Investments in Group Annuity Contract, continued

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit-responsive. The contract is included in the financial statements at contract value. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021 was $526,255 and $559,445, respectively. The crediting interest is based on a formula agreed upon with the issuer but may not be less than zero percent. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. The insurance company may not terminate the contract at any amount less than the contract value.

The group annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Average yields		
Based on actual earnings	1.05%	0.90%
Based on interest rate credited to participants	1.05%	0.90%

10. Reconciliation of Plan Financial Statements to Schedule H of the Form 5500

The following is a reconciliation of net assets available for benefits as reported in the financial statements to the assets reported on Schedule H of the Form 5500 as of December 31, 2022 and 2021:

	2022	2021
