Independent Auditors' Report

To the Trustees and Plan Administrator
Diamondback E & P, LLC 401(k) Plan
Midland, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Diamondback E & P, LLC 401k Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from a qualified institution as of December 31, 2022 and 2021, and for year ended December 31, 2022, stating that the certified investment information, described in Note F to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

DIAMONDBACK E & P, LLC 401(K) PLAN

December 31, 2022

NOTE A--PLAN DESCRIPTION

The following description of the Diamondback E & P, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined contribution plan covering substantially all employees of Diamondback E & P, LLC (the “Company”) who are age 18 or older. Employees may enroll in the Plan on the first day of the month following meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company enacted the Plan effective November 15, 2007 and restated the Plan effective January 1, 2022.

The Plan provides an employer Safe Harbor matching contribution. Under the Safe Harbor provision, participants are immediately vested in the Company’s Safe Harbor matching contributions that are made into their accounts. The Safe Harbor provision also eliminates the Internal Revenue Service (IRS) requirement for certain annual nondiscrimination testing.

Contributions: Participants may make elective deferrals to the Plan up to the annual limitations imposed by the IRS of \$20,500 for 2022. Plan participants age 50 and older were eligible to make a catch-up contribution of an additional \$6,500 to the Plan for 2022. Rollover contributions are permitted under the Plan agreement.

During the year ended December 31, 2022, the Company made safe harbor matching contributions of 200% of a participant’s contributions up to 5% of the participant’s eligible compensation. Additionally, the Company, at its discretion, may elect to make profit-sharing or other matching contributions to the Plan. The Company did not make any elective profit-sharing or other matching contributions to the Plan during the year ended December 31, 2022.

Vesting: Participant contributions, Company safe harbor and other matching contributions, as well as earnings thereon are fully vested at all times.

Payment of Benefits: Participants who terminate employment due to death, permanent disability or normal retirement may receive all benefits in a lump-sum payment equal to the value of the participant’s vested account balance. For termination of service due to other reasons, a participant may receive the value of their vested interest as a lump-sum distribution. At December 31, 2022, net assets available for benefits included approximately \$71,459,000 relating to former participants who have elected, for the present time, to leave their balances intact with the Plan.

Investment Options: Participant accounts are 100% participant directed. Upon enrollment, participants may direct their contributions, in any increments, to any of the investment options provided by the custodian. The investments are allocated to a selection of common collective trust funds and mutual funds which are registered under the Investment Company Act of 1940, Company stock, a stable value fund, and one money market fund.

NOTE A--PLAN DESCRIPTION--Continued

Participant Accounts: Each participant's account is credited with the participant's contributions, the Company's Safe Harbor and other matching contributions and the allocation of Plan earnings. Allocations are based on the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Administration: A Company employee serves as the Plan Administrator having overall responsibility for the Plan. This includes the power to interpret the provisions of the Plan, determine questions concerning eligibility, participation and benefits, and such other powers and duties as are necessary to the operation of the Plan. The Company pays a portion of the costs of the Plan.

Income Tax Status: The IRS has ruled that the Plan qualifies under Section 401(a) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the latest approved determination letter from the IRS, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America ("GAAP") require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions. However, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations prior to 2019.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Transactions are treated as a transfer to (from) the investment fund from (to) the participant's note receivable fund. Terms of notes receivable generally range from one to five years with longer maturities allowed for use related to participants' principal residence. A participant is only allowed up to one loan at any given time. The notes receivable are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE B--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES--Continued

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant's loan balance is reduced, and a benefit payment is recorded.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Plan Termination: Although it has not expressed any intent to do so, the Company has the right under the Plan document to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants will be 100% vested in their accounts.

Subsequent Events: Subsequent events have been evaluated through September 25, 2023, which is the date the financial statements were available to be issued. There were no subsequent events requiring recognition or disclosure.

NOTE C--STABLE VALUE FUND

The Plan invests in a common collective trust fund (the Galliard Stable Value Fund) whose underlying assets are fully benefit-responsive investment contracts. This stable value fund is designed to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit responsive plan or participant payments. The stable value fund primarily consists of investment contracts issued by life insurance companies, banks and other financial institutions, the performance of which may be predicated on underlying fixed income investments. Typical examples of these contracts include guaranteed investment contracts, bank investment contracts, synthetic investment contracts, and separate account contracts. The rate of return credited to the book value of the fund, expressed as an annual percentage rate and is calculated based on a book value dollar weighted basis gross of the fund's custodian/adviser and service provider offset and other expenses but net of wrap fees, sub-adviser fees, and acquired fund fees. A crediting rate is determined per investment contract which may remain fixed for the term of the contract or may be reset at predetermined intervals based upon portfolio characteristics including yields, market value, book value and duration.

NOTE D--INVESTMENT CONCENTRATION, RISKS AND UNCERTAINTIES

As of December 31, 2022, approximately 12% of Plan assets consists of one mutual fund investment.

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE E--FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820-10-35-39 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTES TO FINANCIAL STATEMENTS--Continued

DIAMONDBACK E & P, LLC 401(K) PLAN

December 31, 2022

NOTE E--FAIR VALUE MEASUREMENTS—Continued

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used at December 31, 2022. The following is a description of the valuation methodologies used for assets measured at fair value:

Stable value fund: A stable value fund is a form of common collective trust fund which is composed primarily of fully benefit-responsive investment contracts and is valued at the net asset value of units of the bank collective trust. The net asset value, or contract value, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner (See Note C).

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE F--INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab, which was the custodian of the Plan's assets during the years ended December 31, 2022 and 2021, certified that the following data included in the accompanying financial statements and supplemental schedule of assets held at end of year is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, Line 4i--schedule of assets held at end of year as of December 31, 2022.

The Plan's independent auditors did not perform audit procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets held at end of year.

NOTE G--TRANSACTIONS WITH EXEMPT PARTIES-IN-INTEREST

Certain Plan investments are managed by the Plan's custodian and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investments, as they are paid through revenue sharing rather than a direct payment. The Company pays directly any other fees related to the Plan's operations.

Certain assets of the Plan consist of notes receivable from participants which are considered exempt party-in-interest transactions under ERISA.
