REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Sponsor and Participants of the
alliantgroup LP 401(k) Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of alliantgroup LP 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures

responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter - supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

alliantgroup LP 401(k) Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 - PLAN DESCRIPTION

The alliantgroup LP 401(k) Plan (the “Plan”) provides retirement savings benefits to eligible employees of alliantgroup, LP (the “Company” or “Employer”). The Plan, which commenced effective January 1, 2005, was amended and restated effective September 1, 2022. The amendment modified the requirements for hardship distributions, which removed the suspension of elective deferrals when hardship disbursements are taken from the Plan. The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a prototype defined contribution 401(k) plan that provides retirement savings benefits to eligible employees of the Company through pre-tax and after-tax voluntary contributions by employees, and contributions by the Company. Employees are eligible to participate in the Plan after 30 days of service and having attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended, and the Internal Revenue Code (“IRC”). The Company is the designated administrator of the Plan, which is governed by three executives of the Company.

Plan Trustee and Custodian

The Plan's assets are held by Great-West Trust Company, LLC (the “Trustee”) and Great-West Life & Annuity Insurance Company (the “Custodian”). Among other duties, the Trustee and Custodian receives the contributions, hold and invest the fund assets in accordance with the directions of participants, and make disbursements as directed by the Company.

Participant Contributions

The Plan permits eligible employees, through salary deferral election, to make annual contributions of up to 90% of their eligible compensation up to the IRC annual limit, which is \$20,500 for 2022. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$6,500 for 2022.

Employer Contributions

The Company may make discretionary matching and profit-sharing contributions each plan year. If the Company elects to make a discretionary matching contribution, the contribution will be equal to 50% of each participant’s contribution during the year or period, not to exceed 3% of the participant’s eligible compensation for the year or period. During the year ended December 31, 2022, the Company did not make any discretionary profit-sharing contributions.

Rollover Contributions

Rollover contributions represent funds transferred to the Plan from other qualified plans. Participants may rollover balances from certain individual retirement accounts and qualified plans of former employers.

Participant Accounts

Each participant account is credited with the participant’s and the Company’s allocations of (a) the Company’s matching contributions, (b) the Company’s profit-sharing contributions, and (c) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

alliantgroup LP 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment funds. During the year, the Plan sponsor made changes in the investments offered by the Plan, which eliminated pooled separate accounts and instead offered investments in mutual funds.

Vesting

Participants are immediately vested in employee contributions and rollover contributions, plus actual earnings thereon. Vesting in the Company's matching or profit-sharing portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service. Participants are subject to the following vesting schedule, if hired after October 1, 2016.

<u>Number of Years of Completed Services</u>	<u>Percentage of Vested Interest</u>
Less than 3	0%
3	100%

Notes Receivable from Participants

Participants may borrow from the Plan an amount no less than \$1,000 and up to a maximum equal to the lesser of \$50,000 less the highest outstanding balance of all loans in the previous 12 months, or 50% of the current value of the participant's vested accrued benefit. Any amount borrowed is deducted pro rata from the funds in which the participant's account is invested. Loans are secured by the balance in the participant's account. Interest on loans is based on the Prime rate at the time of issuance plus 1%, and is fixed for the term of the loans. Loans are repayable over a period not to exceed five years, except for principal residence loans, which are repayable over a period not to exceed 15 years. Repayments of principal and interest are credited to the funds in which the participant's deferrals and company contributions are invested. The maximum number of loans that a participant may have outstanding at any one time is two. Principal and interest are paid ratably through payroll deductions.

In response to the Coronavirus Aid, Relief, and Economic Security ("CARES Act"), the Plan allowed COVID-19 related loan requests up to \$100,000. Furthermore, loan deferrals up to one year were allowed under the Plan. If a loan was outstanding on or after March 27, 2020, and any repayment on the loan was due from March 27, 2020 to December 31, 2020, that due date was delayed under the Plan for up to one year. Any payments after the suspension period will be adjusted to reflect the delay and any interest accruing during the delay.

Payment of Benefits

The Plan provides benefits for eligible participants upon retirement, death, termination, or permanent disability, according to the form of payment elected by the participant within the limitations defined in the Plan. Distributions shall be made in the form of a lump sum or equal periodic installments. On termination of service, any balance under \$1,000 is automatically distributed from the Plan as soon as administratively possible. A participant may withdraw all or a portion of his or her account in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59½.

In response to the CARES Act, the Plan provided for expanded distribution options and favorable tax treatment, from January 1, 2020 to December 31, 2020, for up to \$100,000 of coronavirus-related distributions. The distributions generally are included in income ratably over a three-year period, starting with the year in which the participant receives the distribution. However, the participant does have the option

alliantgroup LP 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

of including the entire distribution in income for the year of the distribution. The distribution may be paid back to the Plan, in part or in whole, over a three-year period after the date the distribution was received. If the distribution is repaid, the distribution will not be considered income for tax purposes.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$1,542 and \$4,794, respectively. These accounts will be used to reduce future Employer contributions. Also, in 2022, Employer contributions were reduced by \$241,539 from forfeited non-vested accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of plan additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income (loss) is recorded on the accrual basis. The net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are recorded as a reduction to notes receivable from participants and increase in benefits paid to participants.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

Administrative Expenses

The Company may pay, at its discretion, all reasonable costs, charges, and expenses incurred in the administration of the Plan. Expenses that are paid by the Company are excluded from these financial statements. Additionally, the Company provides various other operational and administrative services to the Plan for which the costs are incurred directly by the Company. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

The Company performed an evaluation of events that have occurred subsequent to the end of the Plan year through the date that the financial statements were available to be issued. As of October 5, 2023, there have been no subsequent events that occurred during such period that would require recognition in the financial statements or would require disclosure in the financial statements.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, defines fair value, establishes a consistent framework for measuring fair value and expands disclosure requirements for fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date. Valuation of these instruments does not require a significant degree of judgment since valuations are based on quoted prices that are readily available in an active market;
- Level 2 - Significant observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the financial instrument; and
- Level 3 - Significant unobservable inputs that reflect modifications to observable related market data or the Company's assumptions about pricing by market participants.

The following is a description of the valuation methodology used for assets measured at fair value. The Plan sponsor made changes to the investments offered to participants during the year.

Mutual Funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end based on published quoted market prices.

alliantgroup LP 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 23,096,030	\$ -	\$ -	\$ 23,096,030

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 24,983,404	\$ -	\$ -	\$ 24,983,404

NOTE 4 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a group annuity contract with Great-West that invests contributions in the Key Guaranteed Portfolio Fund. The Plan held \$1,072,034 and \$859,618 in the fund for the years ended December 31, 2022 and 2021, respectively. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The contract is measured at contract value, which is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract since the contract was determined to be fully benefit responsive. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan document (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the Plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 5 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed and/or held with Great-West. The Plan also has notes receivable from participants at December 31, 2022 and 2021. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA.

Additionally, the Plan pays fees to Great-West for recordkeeping and trustee services.

alliantgroup LP 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2022 and 2021

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Employer contributions.

NOTE 7 - TAX STATUS

The Company adopted a standardized prototype plan (the "Prototype Plan") sponsored by Great-West Trust Company, LLC. The Internal Revenue Service ("IRS") has determined and informed the prototype sponsor by letter dated March 31, 2014 that the Prototype Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been made in the Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS or other applicable taxing authorities. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Record-Keeper Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West, the Trustee of the Plan, has certified that the following data included in the financial statements and supplemental schedules of assets (held at end of year) are complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Total investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022, including notes receivable.

The Plan's independent certified public accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.
