Independent Auditors' Report

Plan Administrator
Cyber Risk Management, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Cyber Risk Management, LLC 401(k) Plan (“the Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 (in liquidation) and 2021 (in liquidation) and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 (in liquidation), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Board of Managers of Cyber Risk Management, LLC, the Plan’s sponsor, voted on July 20, 2021 to terminate the Plan. In accordance with accounting principles generally accepted in the United States of America, the Plan has used the liquidation basis of accounting in presenting the 2022 and 2021 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

CYBER RISK MANAGEMENT, LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2022 (In Liquidation) and 2021 (In Liquidation)

(1) Description of the Plan

The following description of the Cyber Risk Management, LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

(a) General

The Plan is a single-employer defined contribution plan covering all employees of Cyber Risk Management, LLC (“Company” or “Plan Sponsor”), and its wholly owned subsidiaries Focal Point Data Risk, LLC (formerly Sunera, LLC, ANRC, LLC and APTEC, LLC) and Focal Point Federal, LLC, with the exception of employees based in Canada, who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective December 1, 2018, the Plan was amended and restated with the adoption of the PNC Defined Contribution Volume Submitter Plan and Trust Basic Plan Document. PNC Bank, NA (“PNC”) serves as the Plan’s trustee, and Newport Group, Inc. serves as the Plan’s recordkeeper.

On July 13, 2021, the Company entered into an Equity Purchase Agreement with another entity, whereby the Company would be acquired by the other entity (the “Transaction”). Effective July 20, 2021, the Board of Managers of the Company elected to terminate the Plan immediately preceding the closing date of the Transaction. Accordingly, effective August 2, 2021, the closing date of the Transaction, the Plan was terminated. Upon termination of the Plan, the Plan was frozen and contributions into the Plan ceased. Additionally, no new employees were permitted to enter the Plan. All participant balances became 100% vested. Distribution of account balances to participants began as soon as was administratively feasible following the termination of the Plan. The Plan was fully liquidated as of December 31, 2022.

(b) Contributions

Prior to the termination of the Plan, participants could contribute amounts to their accounts up to the maximum allowed under Internal Revenue Code section 402(g). The Plan also provided for “catch-up” contributions subject to Internal Revenue Service limitations. Participants could also contribute Roth deferrals and amounts representing distributions from other qualified defined benefit or contribution plans.

Newly eligible participants of the Plan were automatically enrolled with a default deferral percentage equal to 3% of eligible compensation. In conjunction with the auto-enrollment provisions, the Plan also provided for automatic increases of deferrals by 1% on the first day of every plan year until the participant reached 5%.

No contributions were made to the Plan for the year ended December 31, 2022 as a result of the termination of the Plan effective August 2, 2021, at which point contributions into the Plan ceased.

(c) Participant Accounts

Each participant's account was credited with the participant's contributions, rollover contributions from other qualified retirement plans, allocations of the Company's discretionary matching and non-elective contributions and plan earnings. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

(d) Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Prior to the termination of the Plan, vesting in the Company's discretionary matching and non-elective contributions were based on a five-year graded vesting schedule. Participants became vested in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

As a result of the termination of the Plan on August 2, 2021, all participants became 100% vested in their account balances.

(e) Investment Options

Upon enrollment in the Plan, a participant could direct their contributions and the employer contributions in any of the available funds as offered by the trustee. During 2022 and 2021, the Plan offered registered investment companies and a collective investment fund.

(f) Administrative Expenses

The administrative expenses of the Plan were shared by the Plan and the Company. Certain expenses of the Plan were paid by the Company and are not included in the statement of changes in net assets available for benefits.

(g) Payment of Benefits

In the event of termination of employment with the Company, attainment of normal retirement age, death, disability or financial hardship, a participant was entitled to benefits equal in value to the participant's account. Benefit payments were recorded when paid.

(h) Participant Loans

Participants could borrow from their vested account balance, subject to limitations. Loan amounts were required to be at least \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at the prime rate plus 1%. Principal and interest were paid ratably through payroll deductions. All loans were required to be repaid within five years, unless the loan qualified as a home loan in which case the loan term could not exceed fifteen years for the purchase of a primary residence.

Related fees were recorded as administrative expenses and were expensed when they were incurred.

(i) Forfeitures

Forfeitures from the Plan could be used to pay plan expenses, reduce future employer matching contributions or reduce any other employer non-elective contributions. Additionally, the Plan had an Expense Budget Account ("EBA") which could also be used to pay plan expenses. Forfeitures and EBA funds available were \$0 and approximately \$16,000 at December 31, 2022 and 2021, respectively. For the year ended December 31, 2022, approximately \$16,000 of forfeited non-vested account balances were reallocated to participants' accounts. No balances were used during 2022 to pay plan expenses.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

In accordance with accounting principles generally accepted in the United States of America, the Plan has used the liquidation basis of accounting since August 2, 2021, the date on which liquidation of the Plan was considered imminent. There are no differences in the Plan's financial statements using the liquidation basis of accounting compared to the accrual basis of accounting.

(b) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

(c) Investment Valuation and Income Recognition - Continued

The Federated Capital Preservation Fund (“Fund”) is a collective investment fund which seeks stability of principal and high current income. The Fund invests primarily in stable value products, including guaranteed investment contracts (“GICs”) and synthetic GICs issued by major insurance companies and money market instruments and is valued by Federated Investors Trust Company (“FITC”). Participants may purchase units of the Fund daily based on the established unit value of \$10.00. Participants have a proportionate undivided interest in all assets of the Fund and hold units of the Fund. Net investment income is distributed to participants monthly and is reinvested to purchase additional units. The principal value per unit of the Fund is determined at the end of each day by dividing net assets of the Fund by the number of outstanding units. The investment does not qualify as a fully benefit-responsive investment.

Generally, contributions to and withdrawals from the Fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants’ accounts are charged or credited with the number of units properly attributable to each participant.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

(d) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

(3) Information Certified by PNC

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, PNC, the Plan’s trustee, has certified that the following data included in the accompanying financial statements are complete and accurate:

- Total investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Interest and dividends, interest on notes receivable from participants and related investment activity, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022;

The Plan’s independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in these financial statements.

(4) Fair Value Measurements

Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- (a) Quoted prices for similar assets or liabilities in active markets;
- (b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- (c) Inputs other than quoted prices that is observable for the asset or liability;
- (d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: shares of registered investment companies held by the Plan are valued based on quoted market prices in active markets, which represent the net asset value of the units or shares held by the Plan at year-end and are classified as Level 1 investments.

Collective Investment Fund: valued at the net asset value of shares held by the Plan at year-end as determined by FITC.

The above methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values.

(4) Fair Value Measurements - Continued

As of December 31, 2022 and 2021, the Plan’s investments measured at fair value on a recurring basis were as follows:

<u>Description</u>	Assets Measured at Fair Value at December 31, 2022	Fair Value Measurements at December 31, 2022 Using		
		Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ -	-	-	-
Collective investment fund at NAV	- (a)			
Investments at fair value	\$ -			

<u>Description</u>	Assets Measured at Fair Value at December 31, 2021	Fair Value Measurements at December 31, 2021 Using		
		Observable Inputs (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Registered investment companies	\$ 16,534,742	16,534,742	-	-
Collective investment fund at NAV	245,011 (a)			
Investments at fair value	\$ 16,779,753			

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value (“NAV”) per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(5) Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. As described in Note 1, the Plan was terminated effective August 2, 2021. Accordingly, participants became fully vested in their account balances.

(6) Transactions with Parties-in-Interest

During the year ended December 31, 2022, the Plan paid approximately \$10,100 to Newport Group, Inc. for recordkeeping services provided to the Plan. Notes receivable from participants are managed by Newport Group, Inc. as of December 31, 2022 and 2021. These transactions qualify as party-in-interest transactions, as defined in Section 3(14) of ERISA, however they are expressly exempted from the prohibited transaction rules.

(7) **Risks and Uncertainties**

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) **Income Tax Status**

The Plan has adopted a volume submitter plan ("VSP"), which received its latest opinion letter from the Internal Revenue Service dated September 21, 2017, stating that the VSP, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has since been amended; however, the plan administrator believes that the adopted plan document is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) **Subsequent Events**

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 4, 2023, the date the financial statements were available to be issued.
