Report on the Audits of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We were engaged to perform audits of the accompanying financial statements of Grinnell College Employees Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Grinnell College Employees Retirement Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion on the Financial Statements

We do not express an opinion on the financial statements referred to above of Grinnell College Employees Retirement Savings Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion on the Financial Statements

Grinnell College Employees Retirement Savings Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Grinnell College Employees Retirement Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of Grinnell College Employees Retirement Savings Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion on the Financial Statements section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Grinnell College Employees Retirement Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of assets held (at end of year) and delinquent contributions as of and for the year ended December 31, 2022 are presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion for the Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules.

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Grinnell College Employees Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a 403(b) defined contribution and tax deferred annuity plan covering eligible employees of Grinnell College (the College or Plan Sponsor). The College originally adopted the Plan on May 7, 1920 which was restated effective January 1, 2018, and controls and manages the operation and administration of the Plan. TIAA, FSB, TIAA and CREF, Fidelity Management Trust Company, MassMutual Ascend Life Insurance Company, and Variable Annuity Life Insurance Company maintain the assets of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute a portion of their pre-tax annual compensation, as defined in the Plan document, subject to certain Internal Revenue Code (IRC) limitations. In addition, after-tax contributions (Roth) to the Plan are permitted up to the limits allowed by law. The College contributes 10% of eligible participants' compensation. Participants must complete 12 consecutive months of service (83 1/3 hours per month) with the College. Participants classified as a temporary or part-time employee also need to be credited with 1,000 hours of work during the Plan year to be eligible for the College contributions. The waiting period is waived for employees who have a fully vested employer sponsored plan prior to employment with the College. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds, a pooled separate account, and annuity contracts as investment options for participants. Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the College's contributions, and an allocation of Plan earnings, and charged with withdrawals and an allocation of losses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their contributions and the College contributions, plus actual earnings (losses) thereon.

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Plan Loans

Participants with a balance in the TIAA Traditional annuity contract may borrow directly from TIAA using a portion of their Plan account as security for the Plan loan. A Plan loan is not treated as a distribution from the Plan and is not considered a Plan asset. Therefore, Plan loans are not separately reported on the statements of net assets available for benefits.

Plan loans are limited to a maximum of $50,000 or 45% of their vested account balance in the Plan. Plan loans may be further limited by the other funding vehicles.

At December 31, 2022 and 2021, there were $56,428 and $117,434, respectively, held within participant accounts in the TIAA Traditional Fixed Account on the statements of net assets available for benefits, which served as collateral against outstanding Plan loan balances. At December 31, 2022, interest rates of Plan loans ranged from 4.29% to 4.78%.

Payment of Benefits

Upon termination of service, death, disability, or the date an employee reaches age 60 (in-service distributions), a participant may elect to receive either a lump sum distribution equal to the value of the participant's vested balance, a life annuity paid until the participant's death, a minimum distribution until the funds are exhausted, interest payments only until minimum distribution must begin, or a systematic withdrawal which pays a specific amount of income over a specified period of time. The Plan also allows hardship distributions subject to certain Plan provisions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) on an accrual basis of accounting.

The Plan has not maintained sufficient accounting records and supporting documents relating to certain contracts and custodial accounts issued to current and former employees prior to January 1, 2009. The Department of Labor (DOL) did not require audited financial statements prior to this date, and accordingly, we are unable to determine the extent to which the accompanying financial statements and supplemental schedule may have been affected by these conditions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a description of valuation methodologies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Administrative Expenses

Certain administrative expenses of the Plan are paid by the Plan Sponsor and are excluded from these financial statements.

Payment of Benefits

Benefit payments to participants are recorded when paid.

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

The qualified institutions listed below have supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

TIAA and CREF
TIAA on behalf of TIAA, FSB
Thrivent Financial
Thrivent Investment Management, Inc.
Fidelity Management Trust Company
Mass Mutual Ascend Life Insurance Company (formerly known as Great American Life Insurance Company)
Newport Trust Company
The Variable Annuity Life Insurance Company

NOTE 4 INVESTMENT CONTRACT

Each participant maintains an individual annuity contract with TIAA and/or CREF. TIAA may maintain a portion of the contributions in a "guaranteed account," which is called the TIAA Traditional Fixed Account or TIAA Stable Value Account. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA.

Certain individual annuity contracts are considered to be nonbenefit-responsive. These contracts are included in the financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. These contracts are subject to a 10-year withdrawal period. Upon termination of the contracts, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the Traditional Fixed Account accumulation and the interest rates in the rate schedules under which any premiums, additional amounts, and internal transfers were applied to the account.

Certain individual annuity contracts are considered to be benefit-responsive. These contracts are included in the financial statements at contract value, which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Upon termination of the investment contract, the lump sum liquidation value of the guaranteed account portion of the participant's accumulation value shall be equal to the product of (a) the participant's guaranteed account accumulation value on the liquidation date, reduced by the liquidation charge applicable on the liquidation date and (b) a market value adjustment percentage. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 5 FAIR VALUE MEASUREMENTS

Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan on the last trading day of the year. The mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission and are actively traded.

Variable Annuities: Valued at NAV of shares, which are valued by CREF at the accumulation unit value based on the estimated value of the underlying investments, held by the Plan at year-end. The NAV is a readily determinable fair value and is the basis for current transactions.

Pooled Separate Accounts and Registered Accounts: Valued based on the NAV of units, which are based on market prices of the underlying investments, held by the Plan at year-end. The NAV is a readily determinable fair value and is the basis for current transactions.

Fixed Annuities: Investments in the nonbenefit-responsive fixed annuities are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

NOTE 5 FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables are set forth by level, within the fair value hierarchy, as of December 31:

NOTE 6 EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds, annuity contracts, registered accounts, and pooled separate accounts managed by the qualified institutions. Therefore, transactions in these funds qualify as exempt party-in-interest transactions. Fees paid by the Plan for the investment management services were included as a reduction of the return earned on those funds.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intention to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

NOTE 8 FEDERAL INCOME TAX STATUS

The Plan is placing reliance on an opinion letter dated August 7, 2017 received from the IRS on the prototype plan indicating that the Plan is qualified under Section 401 of the IRC and is therefore not subject to tax under current income tax law. The prototype plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan utilizes various investment instruments including mutual funds, annuity contracts, registered accounts, and pooled separate accounts. Investment instruments, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment instruments, it is reasonably possible that changes in the values of investment instruments will occur in the near term and that such change could materially affect the amounts reported in the financial statements.

NOTE 10 SUBSEQUENT EVENTS

Plan management has evaluated events and transactions for potential recognition or disclosure through September 22, 2023, the date the financial statements were available to be issued.

NOTE 11 DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2021, the Employer failed to remit certain employee contributions for a certain payroll period within the timeframe prescribed by the Department of Labor, these are deemed prohibited transactions in accordance with ERISA and the IRC. The Employer corrected the prohibited transaction in 2022.
