Independent Auditor's Report

To the Plan Administrator
UBG 401(k) Plan – Ag Valley Cooperative
Edison, Nebraska

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of UBG 401(k) Plan – Ag Valley Cooperative, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the UBG 401(k) Plan – Ag Valley Cooperative's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of UBG 401(k) Plan – Ag Valley Cooperative and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about UBG 401(k) Plan – Ag Valley Cooperative's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of UBG 401(k) Plan – Ag Valley Cooperative’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about UBG 401(k) Plan – Ag Valley Cooperative’s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year), is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1: Description of Plan

The following description of the UBG 401(K) Plan – Ag Valley Cooperative (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

GENERAL

The Plan is a defined contribution plan sponsored by Ag Valley Cooperative, Non-Stock (the Company). All full-time employees of the Company are eligible to join the Plan if they are at least age 21 and have completed at least one year of eligibility service. Entry dates into the Plan are the first day of each month of the Plan year. Leased employees and non-resident aliens are not eligible to participate in the Plan. Temporary employees are eligible to join the Plan after completing 1,000 hours of service during the first twelve months from their date of hire or any Plan year thereafter. The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

The most recent amendment to the Plan became effective on December 9, 2021.

TRUST

The trustee for the Plan is Empower Trust Company, LLC. Empower Trust Company, LLC administers the Trust subject to direction from the Plan Administrator.

CONTRIBUTIONS

Participants may make pre-tax or Roth contributions of up to 80% of their gross earnings each pay period. In addition, at the discretion of the Company, a discretionary matching contribution may also be made to the Plan and allocated to participants pro-rata based on their eligible compensation.

To be considered eligible for the discretionary matching contribution a participant must be an employee of the Company on the last day of the Plan year. No discretionary matching contributions were made for 2022 and 2021.

The total annual addition to the participant’s account in any calendar year may not exceed the lesser of \$61,000 or 100% of participant’s compensation. The annual employee contribution is limited to \$20,500 for the year ended December 31, 2022. Employees age 50 or older may elect to make pretax “Catch-up Contributions” to the plan, maximum of \$6,500, after their initial contributions exceed a Plan or legal limit.

PARTICIPANT ACCOUNTS

Each participant’s account is credited with the participant’s contribution and allocations of (a) the Company’s contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Notes to Financial Statements (Continued)

Note 1: Description of Plan (Continued)

VESTING

A participant is always 100% vested in the employee contributions. A participant is vested in the employer discretionary matching contributions according to the following vested schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

A participant will become 100% vested if they are employed when they reach their normal retirement date (age 65), or if they leave employment due to permanent disability or death, even if they have not yet completed 6 years of service.

NOTES RECEIVABLES FROM PARTICIPANTS

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate equal to the prime interest rate quoted in the Wall Street Journal, plus 1%. Principal and interest is repaid ratably through monthly payroll deductions.

All loans are repaid by payroll deduction in equal amounts over the repayment term, which is generally less than 5 years for a general purpose loan or 15 years for a loan to purchase your primary residence. Participants may not have more than one outstanding loan at any time.

PAYMENT OF BENEFITS

A participant is entitled to benefits based on the occurrence of the following events:

- The participant retires, becomes disabled, dies, or otherwise leaves the employment of the employer
- In-service withdrawals at age 59 ½
- Financial hardship as defined in the Plan document
- Other limited conditions as more fully explained in the Plan document

The payment shall be in the form of the following methods as provided by the Plan:

- A single, lump-sum payment
- Direct rollover
- Recurring payments
- Deferred payment

Notes to Financial Statements (Continued)

Note 1: Description of Plan (Continued)

FORFEITED ACCOUNTS

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$15,284 and \$18,780, respectively. These accounts will be used to reduce future employer contributions or to pay plan administrative expenses. In 2022, the Plan used \$3,824.78 from forfeited non-vested accounts to pay plan administrative expenses.

PLAN TERMINATION

The Company reserves the right to amend, modify or terminate the Plan, in whole or in part, at any time at its option. While the employer has not expressed interest to discontinue the Plan, it is not prohibited from doing so subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested (100%) in their accounts. The Plan administrator will determine the timing of the disposition of assets to plan participants and their beneficiaries.

ADMINISTRATIVE EXPENSES

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan Document. Expenses that are paid by the Company are excluded from these financial statements. Certain expenses, net of revenue sharing, incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses, net of revenue sharing, are included in net depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits. For the year ended December 31, 2022, administrative fees amounting in \$6,708 were absorbed by the Plan for the services of Empower Trust Company, LLC.

Note 2: Summary of Significant Accounting Policies

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared under the accrual method of accounting.

USE OF ESTIMATES

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Notes to Financial Statements (Continued)

Note 2: Summary of Significant Accounting Policies (Continued)

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes both realized and unrealized investment gains and losses on investments bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

PAYMENT OF BENEFITS

Benefit payments to participants are recorded upon distribution. As of December 31, 2022 and 2021, net assets available for benefits included no benefits due to participants who had withdrawn from participation in the Plan but have not yet been paid.

Note 3: Related Party and Party-In-Interest Transactions

Certain plan investments are shares of mutual funds and insurance company general accounts managed by the Plan's trustee and custodian and its affiliates. The Plan's trustee and custodian is Empower Trust Company, LLC. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction in the return earned on each fund.

Note 4: Information Certified by the Plan Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reported in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net appreciation/depreciation in fair value of investments, dividends and interest income from notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investments reflected on the schedule of assets (held at end of year).

Notes to Financial Statements (Continued)

Note 5: Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in active markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements (Continued)

Note 5: Fair Value Measurements (Continued)

Common/Collective Trust Fund: Valued at the net asset value (NAV) of units of a common collective trust. The NAV is used as a practical expedient to estimated fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$4,394,192	\$0	\$0	\$4,394,192
Investments Measured at NAV				9,815
Investments at Fair Value				\$4,404,007

	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$5,099,549	\$0	\$0	\$5,099,549
Investments Measured at NAV				758,757
Investments at Fair Value				\$5,858,306

The common/collective investment trust consists of security backed investment contracts, guaranteed investment contracts and global-wrap contracts which are reported in the financial statements at fair value. There are no reserves against the contract value for credit risk of contract issuers or otherwise.

Notes to Financial Statements (Continued)

Note 5: Fair Value Measurements (Continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient:

The following table summarizes investment for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Intelliscents Aggressive CIF	\$ 1,584	N/A	Daily*	12 Months
Intelliscents Moderately Aggressive CIF	7,685	N/A	Daily*	12 Months
BlackRock Total Return Bond CL 6	546	N/A	Daily*	12 Months
December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Wells Fargo Stable Value Fund	\$ 89,620	N/A	Daily*	12 Months
BlackRock MSCI ACWI Ex-US Index R	83,405	N/A	Daily*	12 Months
BlackRock Total Return Bond CL 6	585,732	N/A	Daily*	12 Months

*Withdrawals from the fund for benefit payments and participant transfers to noncompeting options to be paid to plan participants shall be made within 30 days after written notification has been received and are considered as made immediately after the next valuation date subsequent to the trustee's approval. Withdrawals, other than for benefit payments and participant transfers to noncompeting options, require a 12-month (one year) advance written notice. The trustee may choose to disburse withdrawals in less than the required one-year period if, in the trustee's discretion, it determines that such a disbursement is in the best interest of the fund as a whole.

Transfers Between Levels – The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The significance of transfers between levels is evaluated based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no transfers between levels for the year ended December 31, 2022.

Notes to Financial Statements (Continued)

Note 6: Fully Benefit-Responsive Investment Contracts

The investment in the fixed annuity is a traditional guaranteed investment contract and is reported in the financial statements at contract value as reported to the Plan by Empower Life & Annuity Insurance Company. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the schedule maturity date. The following represents the disaggregation of contract value between types of investment contract held by the Plan.

	2022	2021
Traditional Investment Contract at Contract Value	\$74,892	\$0

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the Trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan's sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer

Notes to Financial Statements (Continued)

Note 7: Tax Status

As of December 31, 2022, the Plan uses a volume submitter plan document sponsored by Empower Trust Company, LLC, which received an advisory letter from the Internal Revenue Service (IRS), dated June 30, 2020, stating that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The Plan has been amended since receiving the advisory letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

Note 8: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9: Subsequent Events

The Plan has evaluated subsequent events through October 4, 2023 the date the financial statements were available to be issued. No subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
