INDEPENDENT AUDITORS' REPORT

The Trustees
NASBA Employee 401(k) Plan
Nashville, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the NASBA Employee 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and delinquent participant contributions for the year ended December 31, 2022 are presented for the purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NASBA EMPLOYEE 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the NASBA Employee 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which was adopted on January 1, 1997 to provide retirement benefits for employees of the National Association of State Boards of Accountancy, Inc. (the "Plan Sponsor"). The Plan covers substantially all full-time employees who are age twenty-one or older and have completed three months of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code. In addition, Roth elective deferrals, which are participant elective deferrals of compensation that are includible in the participant's gross income at the time of deferral, may be made. When eligible, participants are automatically enrolled in the Plan, even if the participant does not make a contribution election. Automatically enrolled participants are deemed to have elected to defer 4% of their compensation as a pre-tax contribution. Participant contributions are permitted up to 100 percent of compensation in Plan years 2022 and 2021 subject to certain limitations.

The Plan Sponsor is obligated to contribute 5.7 percent of each participant's compensation ("safe harbor contribution") for the Plan year. In addition, the Plan Sponsor will determine an additional amount of contribution ("nonelective contribution"), if any, for each classification of participants and will allocate the additional amount based on the ratio of each participant's compensation in that classification to the total compensation of all participants in that classification for the Plan year. The total of each participant's compensation for the Plan year used in the calculation of the total contribution by the Plan Sponsor for each participant cannot exceed \$305,000 and \$290,000 for Plan years 2022 and 2021, respectively. Participants may also rollover amounts representing distributions from other qualified defined benefit and defined contribution plans.

Participant accounts

Each participant's account is credited (charged) with the participant and Plan Sponsor's contributions and an allocation of plan earnings (losses). Allocations are based on a participant's compensation or account balances as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their elective salary deferral and safe harbor contribution plus actual earnings (losses) thereon. The nonelective contribution is subject to a 3-year cliff vesting as specified in the Plan. If not already vested, participants are completely vested in the nonelective contribution upon death, permanent disability or retirement.

Notes receivable from participants

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The Plan limits notes receivable to a maximum of two per participant at any given time. The notes receivable are secured by the balance in the participant's account and bear interest at a fixed rate throughout the term of the loan ranging from 4.25% to 7.25% as of the end of Plan year 2022. The rates for new loans are prime plus 1%. Principal and interest are collected ratably through payroll deductions.

Note 1. Description of Plan (Continued)

Payment of benefits

On termination of service due to death, permanent disability, retirement or other reasons, an election may be made to receive the vested balance as either a lump-sum payment or annual installments over a specified period. If the balance in the participant's account is \$5,000 or less, a lump-sum distribution will be made.

Forfeitures

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Plan Sponsor contribution portion of their accounts. Forfeitures may be used to reduce either the Plan Sponsor contribution or the Plan's ordinary and necessary administrative expenses. During Plan year 2022, forfeitures totaling \$3,573 were used to pay administrative expenses. There were no forfeitures used during Plan year 2021. There was no forfeited nonvested account balance at December 31, 2022. Forfeited nonvested accounts totaled \$3,418 at December 31, 2021.

Hardship withdrawals

Hardship withdrawals are not permitted under the Plan.

Administrative expenses

Plan administrative expenses are generally paid by the Plan Sponsor and excluded from these financial statements except for those paid by forfeitures. Certain fees charged by third parties related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management related expenses are reflected in the net appreciation (depreciation) in fair value of investments rather than as a direct payment from the Plan.

Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their accounts.

Note 2. Significant Accounting Policies

Basis of presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investment valuation and income recognition

The Plan's investments are valued at fair value in accordance with the Financial Accounting Standards Board ("FASB") Fair Value Measurement Topic. These investments are discussed more fully in Note 4. Purchases and sales of securities are recorded on a trade-date basis. Interest on notes receivable from participants is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as, held during the Plan year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Note 3. Summary of Certified Information

The following information was certified as complete and accurate by Fidelity Management Trust Company ("FMTC") as of, and for the years ended December 31:

	2022	2021
Investments, at fair value	\$ 19,799,562	\$ 26,402,901
Notes receivable from participants	360,081	452,683
Net appreciation (depreciation) in fair value of investments	(6,336,804)	1,817,186
Interest and dividends from investments	1,014,961	1,853,652
Interest on notes receivable from participants	20,442	34,611

Notes receivable from participants in the Statements of Net Assets Available for Benefits and interest on notes receivable from participants in the Statements of Changes in Net Assets Available for Benefits for Plan year 2021 includes interest receivable in the amount of \$14 that has not been certified. The interest was received in Plan year 2022.

Note 4. Fair Value Measurement

The Fair Value Measurement Topic clarifies the definition of fair value, establishes a framework for measuring fair value, and expands the disclosures for fair value measurement. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

At December 31, 2022 and 2021, the valuation method used for asset measurement within the fair value hierarchy is the last reported sales price on the last business day of the Plan year reported by the active markets in which the individual investments are traded (Level 1). The entire amount of the assets in the fair value hierarchy is invested in mutual funds. There have been no changes in the method used.

Certain investments are measured at net asset value ("NAV") as a practical expedient to estimate fair value, and therefore, have not been classified in the fair value hierarchy.

The fair value of investment securities at December 31, 2022 is as follows:

	Level 1	Total
Assets in the Fair Value Hierarchy:		
Mutual funds	\$ 19,577,946	\$ 19,577,946
Total assets in fair value hierarchy	\$ 19,577,946	19,577,946
Investment measured at NAV as a practical expedient:		
Collective investment trust		221,616
Total Investments at Fair Value		\$ 19,799,562

The fair value of investment securities at December 31, 2021 is as follows:

	Level 1	Total
Assets in the Fair Value Hierarchy:		
Mutual funds	\$ 26,063,195	\$ 26,063,195
Total assets in fair value hierarchy	\$ 26,063,195	26,063,195
Investment measured at NAV as a practical expedient:		
Collective investment trust		339,706
Total Investments at Fair Value		\$ 26,402,901

The investment measured at NAV as a practical expedient has daily liquidity.

NOTES TO FINANCIAL STATEMENTS**

Note 4. Fair Value Measurement (Continued)

The carrying amounts for contribution receivables approximate fair value due to the short-term maturity of these financial instruments.

Note 5. Income Tax Status

The Plan Sponsor adopted a pre-approved defined contribution plan, which received a favorable opinion letter from the Internal Revenue Service (the "IRS") on June 30, 2020, which stated that the pre-approved plan was designed in accordance with the applicable sections of the Internal Revenue Code (the "IRC"). The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the adopted pre-approved plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is, therefore, qualified and exempt from taxation.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2022 and 2021, there are no liabilities, interest, or penalties related to uncertain tax positions which have been recorded in the financial statements. In general, the Plan is no longer subject to examinations by tax authorities for years before Plan year 2019.

Note 6. Untimely Remittance of Participant Contributions

The Plan Sponsor is required by Department of Labor regulation to remit participant contributions and participant loan repayments as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. In Plan year 2021, participant contributions and participant loan repayments withheld from wages on December 22, 2021 totaling \$527 were remitted on January 7, 2022. There were no additional contributions due to the Plan as a result of calculated lost earnings.

Note 7. Related Party and Party-in-Interest Transactions

The Plan holds notes receivable from participants which qualify as party-in-interest transactions under ERISA. The Plan holds the Fidelity Total Bond Fund, an investment managed by Fidelity Management & Research Company which is affiliated with FMTC. As described in Note 1, the Plan paid expenses to various service providers which also qualify as parties-in-interest.

Note 8. Risk and Uncertainties

The Plan utilizes various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported.

Note 9. Reconciliation

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 20,767,397	\$ 27,447,675

Interest on notes receivable from participants	14	(14)
Change in net assets available for benefits per the Form 5500	\$ (6,695,941)	\$ 4,096,169

Note 10. Subsequent Events

The Plan Sponsor has evaluated all material events and transactions that occurred from December 31, 2022 through September 21, 2023, which is the date that the financial statements were available to be issued. There were no significant subsequent events that required adjustments to or disclosure in the financial statements.
