INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Sun Life Financial (U.S.) Services Company, Inc.
Sun Advantage Savings and Investment Plan
Wellesley Hills, Massachusetts

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sun Advantage Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2022 and of delinquent participant contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUN ADVANTAGE SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2022, AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the Sun Advantage Savings and Investment Plan (the “Plan” or “Sun Life 401(k)/RIA Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan established for the benefit of Sun Life Financial (U.S.) Services Company, Inc.’s (the “Company” or the “Plan Sponsor”) U.S. employees and the U.S. employees of its affiliate, Sun Life Investments LLC that elected to become a participating employer under the Plan. The Plan provides for a Benefits Plan Committee (the “Committee”) which is the named Plan Administrator. The purpose of the Plan is to permit eligible employees of the Company to defer pre-tax 401(k) contributions and/or after-tax Roth contributions and receive employer-matching contributions and employer Retirement Investment Account (“RIA”) contributions in order to provide funds for employees in the event of death, disability, unemployment, or retirement. Prior to January 1, 2016, any employee, 21 years or older, was eligible to become a participant in the Plan as soon as administratively feasible after his or her first day of employment. Effective January 1, 2016, employees under 21 years of age are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions - Once an employee becomes eligible to participate in the Plan, he or she is eligible for employer RIA contributions and may elect to make 401(k) and/or Roth contributions by entering into a salary reduction agreement. The agreement provides that the participant agrees to accept a reduction in compensation in an amount equal to 1% to 60% of the participant’s compensation. In addition, participants who are age 50 and greater at the end of the calendar year can make up to \$6,500 in catch-up contributions which will be contributed to the Plan. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Contributions are subject to certain Internal Revenue Code (“IRC”) limitations.

Company Matching Contributions - Participating employers contribute an amount equal to 3% of compensation that a participant contributes to the Plan, and 50% of the next 2%. For employees 50 or older that are eligible to make catch-up contributions, catch-up contributions are eligible for Company Matching Contributions. Participating employers will contribute to the RIA a percentage of participant’s eligible compensation as determined per the following chart based on the sum of the participant’s age and years of RIA credited service on January 1 of the applicable plan year.

<u>Age Plus</u>	
<u>RIA Credited Service</u>	<u>Company Contribution</u>
Less than 40	2%
At least 40 but less than 55	4%
At least 55	6%

Participant Accounts - Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions, related Company Matching Contributions, RIA contributions, and allocations of Plan earnings. Participant contributions, Company Matching Contributions, and RIA Contributions are recorded when wages are paid and amounts withheld and funded. The account is also charged with an allocation of Plan losses and investment related expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SUN ADVANTAGE SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2022, AND 2021

1. DESCRIPTION OF THE PLAN (CONTINUED)

Vesting - Participants are vested immediately in their individual contributions, plus actual earnings thereon. Participants are also vested immediately in the participating employer's Company Matching Contributions that are made subsequent to December 31, 2018. Vesting in the participating employer's Company Matching Contributions made prior to January 1, 2019, and the participating employer's RIA contributions whenever made continue to be subject to vesting rates based on years of credited service. These contributions vest at rates of 20% per year of credited service and become 100% vested after five years of credited service. A participant becomes fully vested in his or her share of the participating employer contributions upon retirement at normal retirement age or older, disability, or death, regardless of the length of service.

Investments - Participants may direct the investment of their contributions and/or account balances into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. Participant selections of one or more of the investment options must be in multiples of 1%. Participating employer contributions are invested in accordance with participant investment allocations. The Plan currently offers many registered investment companies, self-managed accounts, and a stable value fund as investment options for participants.

The Vanguard Retirement Savings Trust II (the "Trust"), is a stable value fund offered by the Plan. The Trust provides for the collective investment of assets of tax-exempt pension and profit-sharing plans. The Trust invests solely in the Vanguard Retirement Savings Trust Master Trust ("VRST Master Trust"). The underlying investments in the VRST Master Trust are primarily in a pool of synthetic and traditional investment contracts that are issued by insurance companies and commercial banks and in contracts that are backed by high-quality bonds, bond trusts, and bond mutual funds that are selected by Vanguard Fiduciary Trust Company.

Amendments to the Plan - There were no material amendments to the Plan for the year ended December 31, 2022 and December 31, 2021.

Effective May 21, 2021, the Plan's investment offerings to participants were restructured to provide for the replacement and addition of certain new investment funds.

The following investment funds were replaced effective May 21, 2021:

- AB Discovery Value Fund was replaced with Vanguard Extended Market Index InstlPlus (VEMPX)
- American Funds New Economy Fund was replaced with TIAA-CREF Lifecycle Index Fund (Varies)
- Fidelity Low-Priced Stock Fund was replaced with TIAA-CREF Lifecycle Index Fund (Varies)
- MFS High Income Fund was replaced with MFS Global Opportunistic Bond Fund (MGBX)
- Principal Diversified Real Asset Fund was replaced with TIAA-CREF Lifecycle Index Fund (Varies)
- Vanguard Mid-Cap Index Instl Fund was replaced with Vanguard Extended Market Index InstlPlus (VEMPX)
- Vanguard Small-Cap Index Instl Fund was replaced with Vanguard Extended Market Index InstlPlus (VEMPX)

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (“CARES”) Act was passed by Congress. The CARES Act provided immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act were effective and operationalized immediately, prior to amending the Plan document. Plan management adopted the CARES Act distribution provision which allows a withdrawal of up to \$100,000 (or full account balance if less than \$100,000) from the account without the 10% penalty on withdrawals prior to reaching age 59 ½. Plan management adopted the provision allowing an increase to the maximum loan limit for qualified participants to the lesser of 100% of the participant’s vested account balance or \$100,000.

This provision was extended by Section 2202 of the CARES Act, which permitted an additional year for repayment of loans from eligible retirement plans. The law provided that any loan repayments due between March 27, 2020 and December 31, 2020 could be delayed. Thus, for example, a loan repayment that would have been due in December 2020 could be extended to December 2021. Approximately three loans totaling \$24,936 had payments delayed through the year ended December 31, 2021.

On June 1, 2022, an affiliate of the Plan Sponsor acquired DentaQuest, LLC (“DentaQuest”). As a result of the transaction, DentaQuest employees became Sun Life Employees on January 1, 2023 and were transferred to the Plan Sponsor and became eligible to participate in the Plan on January 1, 2023. On December 30, 2022, the DentaQuest Retirement Program was merged into the Plan and the assets and liabilities of the DentaQuest Retirement Program’s related trust was transferred to the Trust. The Trust did not receive the transfers until January 3, 2023; therefore, the transfers into the Plan are reflected as receivables to the Plan as of December 31, 2022. Transfers into the Plan resulting from this transaction totaled \$162,243,883 and are reflected in Asset transfers due to plan merger as reflected in the 2022 Statement of Net Assets Available for Benefits, and are reflected in Transfers in due to plan mergers in the Statement of Changes in Net Assets Available for Benefits in 2022.

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2022, AND 2021

1. DESCRIPTION OF THE PLAN (CONTINUED)

On July 1, 2021, an affiliate of the Plan Sponsor acquired Pinnacle Care International (“PinnacleCare”). As a result of the transaction, PinnacleCare employees were transferred to the Plan Sponsor and became eligible to participate in the Plan on January 1, 2022. On December 31, 2021, the Pinnacle Care International, LLC Retirement Plan was merged into the Plan and the assets and liabilities of PinnacleCare’s related trust was transferred to the Trust. The Trust did not receive the transfers until January 3, 2022; therefore, the transfers into the Plan are reflected as receivables to the Plan as of December 31, 2021. Transfers into the Plan resulting from this transaction totaled \$11,948,612 and are reflected in Transfers in due to plan mergers in the Statement of Changes in Net Assets Available for Benefits in 2021. The transfer amounts were comprised of \$11,775,831 of participant account balances, \$151,740 of notes receivables from participants, and \$21,041 of forfeited non-vested participant account balances, which are held in Asset transfers due to plan merger as reflected in the 2021 Statement of Net Assets Available for Benefits.

Self-Correction Program (“SCP”) – In February 2023, the Committee completed the correction of an operational failure in which the Plan used the wrong amount of compensation for calculating the Plan’s RIA Employer Contributions and 401(k) Match Contributions that are made by Sun Life during a pay period in November 2022. This error caused the RIA Employer Contributions and 401(k) Matching Contributions in the Qualified Plan to be understated. This correction was made under the Internal Revenue Service’s (“IRS”) Employee Plans Compliance Resolution System SCP. The Plan Sponsor made a correction consisting of an additional \$15,362 401(k) Matching Contributions and an additional \$31,561 for RIA Employer Contributions.

The detailed breakdown of this correction and number of affected plan participants is as follows:

- 36 participants required an additional match totaling \$15,362 in their 401(k) Plan.
- 61 participants required additional RIA contributions totaling \$31,561 in their Qualified RIA Plan.

The participant accounts were corrected as of December 31, 2022. These net contributions are reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

In October 2021, the Committee completed the correction of an operational failure in which 30 employees did not have their after-tax Roth contributions deducted from their compensation on the payroll date of October 1, 2021 and they did not receive the related employer-matching contributions. This correction was made under the IRS Employee Plans Compliance Resolution System SCP. The Plan Sponsor made a correction on the payroll date of October 15, 2021 by deducting the after-tax Roth contribution amounts that weren’t deducted on the earlier payroll date, which totaled \$13,307, and the Plan Sponsor on October 27, 2021 made employer-matching contributions totaling \$1,434 plus related earnings totaling \$295. These contributions are reflected in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.

Notes Receivable from Participants - A participant may borrow up to 50% from their vested account balance (excluding the balance attributable to RIA non-elective contributions) with a minimum loan balance of \$1,000 and a maximum loan balance of \$50,000. Repayment is affected through payroll deductions over a period of up to five years for non-mortgage loans and of up to fifteen years for mortgage loans. Only one non-mortgage loan and one mortgage loan are permitted to be outstanding at any time. Loan repayments are credited against investments as allocated in the participant's account. The loans are secured by an assignment of a participant's vested interest in the Plan and bear an interest rate equal to the prime rate plus 1% at the time funds are borrowed as determined by the Plan Administrator. As of December 31, 2022, participant loans have maturities through 2037 and interest rates ranging from 3.25% to 8.08%.

SUN ADVANTAGE SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2022, AND 2021

1. DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits - The Plan provides for normal retirement benefits to be paid to participants who have reached the age of 65. A participant who has reached the age of 59 1/2 may withdraw all or a portion of their non-RIA accounts by submitting a specific request to the Plan. If the participant's service with the participating employer terminates, other than by reason of retirement, the participant may elect to receive his or her distribution following his or her termination of employment. Distributions will be made in installments or in a lump sum, except if the participant's account balance is \$5,000 or less, in which case payment will only be made in a lump sum.

Participants are eligible to make hardship withdrawals from their account in the event of certain financial hardships.

Forfeited Accounts - When certain terminations occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. The Plan document permits the use of forfeitures to reduce future employer contributions or plan administrative expenses. However, if a participant is re-employed and fulfills certain requirements, as defined in the Plan document, the forfeited amount will be reinstated. As of December 31, 2022 and 2021, forfeited amounts not yet allocated totaled \$29,441 and \$17,464, respectively. Employer contributions were reduced by \$389,445 and \$493,283 from forfeited non-vested amounts for the years ended December 31, 2022, and 2021, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates - The preparation of the financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's realized gains and losses on investments sold during the year as well as unrealized gains and losses on investments held as of year-end.

Notes Receivable from Participants - Participant notes receivable represents the unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. There were no participants who elected to withdraw from the Plan but had not yet been paid as of December 31, 2022 and 2021.

The accompanying notes are an integral part of these financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses - Administrative expenses of the Plan are paid by the Plan Sponsor except for certain fees which are paid by the participants. Fees incurred by participants and reflected in administrative expenses within the Statements of Changes in Net Assets Available for Benefits, include loan fees, advisory fees, fund redemption fees, self-managed account fees, and a two dollar monthly administrative fee. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments are deducted from income earned and are not separately reflected. Consequently, these management fees and operating expenses are reflected as a reduction of investment return for such investments.

3. INFORMATION CERTIFIED BY THE TRUSTEE

Voya Institutional Trust Company (“Voya”) is the named Trustee and Custodian of the Plan. The following is a summary of the information regarding the Plan as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, included in the Plan’s financial statements and supplemental schedule, that was prepared by or derived from information prepared by Voya and furnished to the Plan Administrator. Such information relates to all assets of the Plan, except for the assets held in self-managed accounts. Net investment (loss) income of \$(6,325,950) and \$813,688 for the years ended December 31, 2022 and 2021, respectively, from the assets held in self-managed accounts are not certified by Voya. The Plan Administrator has obtained certifications from the Trustee that such information is complete and accurate.

4. FEDERAL INCOME TAX STATUS

The Plan obtained a determination letter dated March 6, 2015, in which the IRS stated that the Plan and related trust as designed, including the May 12, 2014 discretionary amendment to the Plan, were in compliance with the applicable regulations of the IRC. The Plan has been amended since May 12, 2014. The Committee believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and the Plan, and the related trust continue to be tax-exempt. Therefore, no provision for income taxes or provision for uncertain tax provisions have been included in the Plan's financial statements.

In December 2016, the IRS began publishing a Required Amendments List for individually designed qualified retirement plans which specifies changes in qualification requirements. The list is published annually and requires a plan to be amended for each item on the list, as applicable, to retain its tax-exempt status.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

6. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan has categorized its financial instruments that are carried at fair value into a three-level hierarchy based on the priority of the inputs to the valuation technique. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure fair value fall within different levels of the hierarchy, the category level is based on the lowest priority level input that is significant to the fair value measurement of the instrument.

The levels of the fair value hierarchy are as follows:

Level 1

Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market that the Plan has the ability to access. Active markets are defined as markets in which many transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

The types of assets utilizing Level 1 valuations include investments in publicly traded mutual funds with quoted market prices, publicly traded equity investments, and mutual funds held in self-managed accounts.

Level 2

Observable inputs other than Level 1 prices, such as quoted prices in active markets for similar assets or liabilities; quoted prices in markets that are not active for identical or similar assets or liabilities, or other model driven inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Valuations are generally obtained from third-party pricing services for identical or comparable assets or liabilities or through the use of valuation methodologies using observable market inputs.

The Plan did not hold investments that are utilizing Level 2 valuations during the years ended December 31, 2022 and 2021.

The accompanying notes are an integral part of these financial statements.

SUN ADVANTAGE SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

AS OF AND FOR THE YEARS ENDED DECEMBER 31, 2022, AND 2021

6. FAIR VALUE MEASUREMENT (CONTINUED)

Level 3

Instruments whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect management's own assumptions in pricing the asset or liability. Pricing may also be based upon broker quotes that do not represent an offer to transact. Prices are determined using valuation methodologies such as option pricing models, discounted cash flow models and other similar techniques. Non-binding broker quotes, which are utilized when pricing service information is not available, are reviewed for reasonableness based on the Plan's understanding of the market and are generally considered Level 3. To the extent the internally developed valuations use significant unobservable inputs, they are classified as Level 3.

The Plan did not hold investments that are utilizing Level 3 valuations during the years ended December 31, 2022 and 2021.

There have been no significant changes made in valuation techniques during 2022 or 2021.

The following table presents by fair value hierarchy the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments measured at net asset value ^(a)	-	-	-	96,602,113
Total investments at fair value	\$ 1,222,900,394	\$ -	\$ -	\$ 1,319,502,507

(a) In accordance with FASB ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent), as a practical expedient for fair value, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The Plan transfers assets into or out of levels at the fair value as of the beginning of the reporting period. Transfers made are the result of changes in the level of observability of inputs used to price assets. The Plan did not transfer assets or liabilities in or out of Level 2 or Level 3 during the years ended December 31, 2022 and 2021.

The methods and assumptions that the Plan uses in determining the estimated fair value of its financial instruments that are measured at fair value on a recurring basis are summarized below:

Registered investment companies - The Plan's investment in shares of registered investment companies are valued at the daily closing price as reported by the fund. Registered investment companies' shares held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan have been determined to be actively traded.

Assets held in self-managed accounts - Assets held in self-managed accounts include registered investment companies and exchange traded stocks. These assets are stated at fair value based on quoted market prices in active markets of the assets held in the accounts.

Vanguard Retirement Savings Trust II - The Plan's investment in the Vanguard Retirement Savings Trust II collective trust fund is valued at net asset value per unit and is composed solely of investments in the VRST Master Trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investments for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily at net asset value per unit. If the Plan initiates a full redemption of the collective trust at full accumulated book value, the issuer reserves the right to require twelve months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan may elect to receive less than full accumulated book value, subject to limitations on surrender imposed by the underlying investments of the collective trust, after providing thirty business days' notice. There are no participant redemption restrictions for the collective trust; the redemption notice period is applicable only to the Plan. There are no unfunded commitments relating to the collective trust as of December 31, 2022 and 2021.

6. FAIR VALUE MEASUREMENT (CONTINUED)

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

7. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

DentaQuest remitted the December 2022 participant contributions of \$144,103 to the trustee on February 16, 2023, which was later than required by Department of Labor (DOL) Regulation 2510.3-102. As a result of the DentaQuest plan merger described in Note 1, the Company filed Form 5330 with the IRS and paid the required excise tax on the transaction.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan has several transactions that qualify as permitted party-in-interest transactions as follows:

The Plan issues loans to participants, which are secured by the vested balances in the participants' accounts. These Notes Receivable from Plan participants qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules.

Massachusetts Financial Services Company ("MFS"), an affiliate of the Company, manages two mutual fund investment options within the Plan. These options are the MFS Institutional International Equity Fund and the MFS Global Opportunistic Bond Fund, which replaced the MFS High Income Fund on May 21, 2021. See Note 1. Each of these funds are investment companies registered under the Investment Company Act of 1940. Investment advisory fees are paid from the funds to the affiliate. Fees paid by the Plan for investment management services were included as a reduction of the return on each fund.

The following table presents the mutual fund investment values and the net investment income for the years ended:

	December 31, 2022		December 31, 2021	
	Investments	Net Investment Loss	Investments	Net Investment Income
MFS High Income Fund	\$ -	\$ -	\$ -	\$ 112,340
