REPORT OF INDEPENDENT AUDITORS

To the Participants and Trustees of
Heat and Frost Insulators
Local 34 Pension Plan

Opinion

We have audited the financial statements of Heat and Frost Insulators Local 34 Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Heat and Frost Insulators Local 34 Pension Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

LOCAL 34 PENSION PLAN**

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

NOTE 1. DESCRIPTION OF THE PLAN

Heat and Frost Insulators Local 34 Pension Plan (the Plan) was established in 1965, as a result of collective bargaining agreements between the local union and various employers to provide benefits for eligible participants and their beneficiaries upon termination or retirement. The Plan is a multiemployer defined contribution retirement plan and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan is administered by a joint board of trustees consisting of an equal number of union and employer representatives. Plan benefits are not insured by the Pension Benefit Guaranty Corporation.

The Plan covers all participants working for an employer under the provisions of a collective bargaining agreement and entitles participants to be eligible upon meeting certain requirements, as defined by the Plan.

An individual account is established for each participant. Employer contributions are credited to the individual account and are adjusted for Plan earnings or losses thereon, less administrative and related expenses. Administrative expenses are allocated to participants' accounts. Allocations are based on participant earnings or account balances, as defined. A participant's account is fully vested immediately upon the participant's entry into the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participants may also contribute amounts representing distributions from other qualified retirement contribution plans (rollovers).

Participants direct the investment of contributions into various investment options offered by the Plan. In the absence of participant direction, contributions are invested in a qualified default investment alternative until changed by the participant. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve those goals and objectives. Poor investment performance by funds selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan on their behalf.

Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the vested account balance. Note terms are up to 60 months, unless the loan is used to buy or build the participant's principal residence, in which case the maximum term is determined at the time of the loan. Loans are secured by the balance in the participant's account and bear interest at a rate of prime rate plus 1.5%. The interest rate on loan balances as of December 31, 2022 and 2021 ranged from 4.25% to 8.50%. Principal and interest are repaid ratably by the participants through payroll deductions.

NOTE 1. DESCRIPTION OF THE PLAN (CONTINUED)

Benefits are generally payable at early retirement (age 52), normal retirement (age 62), death or separation from service. The Plan also allows for distributions to active employees upon reaching age 62. Benefits may be paid in the form of a lump-sum, partial distribution or monthly installments.

Participants should refer to the summary plan description for more complete information.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements have been prepared using the accrual basis of accounting.

Investments - Investments of the Plan are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. For all other investments, the fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Purchases and sales of investments are reflected on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Related fees are recorded as administrative expenses when incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan document.

Contributions Receivable - Employer contributions due and not paid at year end are recorded as contributions receivable. Contributions owed as a result of payroll compliance audits are recorded net of amounts deemed uncollectible. An allowance for uncollectible accounts is considered unnecessary and is not provided.

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked in covered employment and the contribution rates currently in effect, as set forth in the collective bargaining agreements. Employers are required to remit contributions monthly. The Plan carries out its purpose described in Note 1 within the mechanical insulator industry primarily located in Minnesota and western Wisconsin.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reciprocal Contributions - The Plan is signatory to reciprocity agreements with various affiliated retirement plans for its participants who perform work outside the geographical jurisdiction of the local union. Participants who are normally employed within the territory of one local union (home local union) may be temporarily employed within the territory of another local union (reciprocating local union). When a participant works in the territory of a reciprocating local union, the latter is to make contributions to the former's benefit plans on the participant's behalf. Monies received by the Plan on behalf of persons from outside participating local unions are forwarded to their home local union benefit plans. The Plan uses the same recognition and measurement criteria for contributions received on behalf of its participants under the terms of reciprocity agreements as for all other employer contribution revenue. Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan recognizes a liability upon receiving reciprocal contributions on behalf of non-participants working within the jurisdiction of the local union, and recognizes a decrease in that liability upon remitting those contributions to the appropriate plan. Employer contributions included reciprocal contributions of \$80,085 and \$79,187 for the years ended December 31, 2022 and 2021, respectively, from various other retirement plans under the terms of reciprocity agreements. The Plan remitted a total of \$53,706 and \$268,938 in reciprocal contributions to various other retirement plans under the terms of reciprocity agreements for the years ended December 31, 2022 and 2021, respectively. Amounts owed to other plans for reciprocal contributions were not considered to be material as of both December 31, 2022 and 2021.

Service Credit Income - The Plan has an agreement with John Hancock Trust Company (John Hancock) for recordkeeping services and administration. The agreement calls for an annual fee of \$79 per participant paid to the Plan quarterly. In addition, John Hancock receives revenue from certain share classes of mutual funds that pay fees such as 12b-1 or sub transfer agency fees, and John Hancock transfers this revenue to the Plan. During the years ended December 31, 2022 and 2021, the Plan received \$327,877 and \$412,237 respectively, in service credit income, which was allocated to those participants' accounts that generated the income.

Payment of Benefits - Benefits paid to participants are recorded upon distribution. There were no benefits to participants who elected to withdraw from the Plan who were not paid at either December 31, 2022 or 2021.

Expense Offsetting Arrangement - Certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Estimates - The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through September 26, 2023, which is the date the financial statements were available to be issued.

NOTE 3. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, the right to discontinue the Plan is reserved to the Trustees. Termination shall not permit any part of the Plan assets to be used for or diverted to purposes other than the exclusive benefit of the participants and their beneficiaries, except that provision may be made for payment of necessary expenses resulting from termination of the Plan.

In the event of termination, the net assets of the Plan will be allocated to pay benefits in priorities as prescribed by ERISA and its related regulations. Whether or not a particular participant will receive the full benefits should the Plan terminate at some future time will depend on the sufficiency of the Plan's net assets at that time and the priority of those benefits.

NOTE 4. TAX STATUS

The Plan's latest determination letter is dated August 10, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. The Plan's administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken and recognize a tax liability if the Plan has taken uncertain tax positions that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the Financial Accounting Standards Board Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

The Plan's investments in mutual funds are classified within Level 1 of the fair value measurements hierarchy. The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and amounts reported in the statements of net assets available for benefits.

The Plan had a significant portion of its assets invested in one mutual fund, T. Rowe Price Blue Chip Growth Fund, which represented approximately 22% of the Plan's net assets available for benefits as of December 31, 2021. The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant directed fund elections. Additionally, the investments within each participant directed fund election are further diversified into varied financial investments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participant who made such decision. There were no significant concentrations as of December 31, 2022.

NOTE 6. GROUP ANNUITY CONTRACT

The Plan has a traditional fully benefit-responsive group annuity contract with New York Life Insurance Company that invests in a pooled separate account. The pooled separate account is invested primarily in fixed income securities, which are owned by New York Life Insurance Company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

New York Life Insurance Company, the group annuity contract issuer, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is subject to change daily. The minimum interest crediting rate cannot be less than zero. The crediting rate was 3.58% and 2.12% at December 31, 2022 and 2021, respectively.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by New York Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 6. GROUP ANNUITY CONTRACT (CONTINUED)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The Plan is generally entitled to the full contract value of the investment contract if the Plan provides sufficient advance notice of termination to the investment manager. Twelve months' notice is considered sufficient advance notice of termination according to the investment contract. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE 7. FUNDING POLICY

Participating employers contribute such amounts as specified in their collective bargaining agreements. Hourly contribution rates for journeymen and apprentices were \$15.50 and \$10.82 respectively from January 1, 2021 through May 31, 2021, and \$16.00 and \$11.32 respectively, thereafter.

NOTE 8. MAJOR EMPLOYERS

Contributions from three employers accounted for approximately 41% and 38% of total employer contributions during the years ended December 31, 2022 and 2021, respectively. In the event these employers were to suspend contributions, the Plan would retain the risk of meeting current fixed administrative expenses until the appropriate adjustments were made.

NOTE 9. RELATED ORGANIZATIONS

The Plan is related to a welfare plan and a local union, both of which are tax-exempt.

Contributions for the Plan and related organizations are received into the related welfare plan's operating account. Amounts owed are routinely transferred from the welfare plan account to the respective organizations' accounts. No amounts were due from the related welfare plan for contributions received at either December 31, 2022 or 2021. A total of \$8,000 due from the related welfare plan at December 31, 2021, for administrative expenses paid in error by the Plan, was reimbursed in 2022.

NOTE 10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

SUPPLEMENTAL SCHEDULE

REPORT OF INDEPENDENT AUDITORS ON SUPPLEMENTAL SCHEDULE REQUIRED BY ERISA

To the Participants and Trustees of
Heat and Frost Insulators
Local 34 Pension Plan

We have audited the financial statements of Heat and Frost Insulators Local 34 Pension Plan (the Plan) as of and for the years ended December 31, 2022 and 2021, and our report thereon dated September 26, 2023, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
