Independent Auditor's Report

To the Plan Administrator and Participants
AppDirect 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of AppDirect 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the 2022 financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of AppDirect 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free

from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AppDirect 401(k) Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AppDirect 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AppDirect 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

AppDirect 401(k) Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of the AppDirect 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing Plan covering all of the employees of AppDirect and its related entities (collectively, the "Plan Sponsor"). Employees are eligible to participate in the Plan once they have attained age 21 and completed 1 month of service. Employees may begin making deferrals into the Plan on the first day of each month following eligibility. Collectively bargained employees, nonresident aliens, leased employees, interns, part-time employees, and temporary employees, except with regard to any such employee who is credited with 1,000 hours of service in the 12 consecutive month period are not eligible to participate in the Plan.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and section 401(a) of the Internal Revenue Code. The Administrative Committee is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plans' Administrative Committee.

Contributions to the Plan

Participants may contribute their compensation into the Plan subject to certain non-discrimination restrictions and to an annual limitation of \$20,500 for 2022 (\$27,000 for participants who are age 50 or over). Roth contributions are also permitted under the Plan.

The Plan includes an auto-enrollment provision whereby all newly eligible employees and current participants who have not entered into a salary deferral election are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation and their contributions invested in an appropriate target retirement fund until changed by the participant.

The Plan permits the Plan sponsor to make a discretionary matching contribution. Effective February 28, 2022, the Plan sponsor matched 100% of participant deferrals up to 3% of eligible compensation, per pay period.

Participants Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds. A participant's account balance is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, Plan sponsor matching contributions, and related investment earnings and losses pursuant to the participant's investment allocations. Allocations of income are based strictly on the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are immediately fully vested in their contributions, employer matching contributions and related earnings thereon at all times.

Payment of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, death, disability, termination of employment, or financial hardship (as outlined in the Plan). In-service distributions are also available, providing the participant is at least age 59½. Participants who qualify for retirement benefits and withdrawals may receive their benefits in the form of lump sum payment or partial lump sum. Benefits under the Plan shall be distributed solely from the assets of the trust. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants who separate from service and have a vested account balance of \$5,000 or

AppDirect 401(k) Plan

Notes to the Financial Statements

less and do not process their own distribution, will have their account balance automatically converted to an individual retirement account. Retired participants must begin receiving a distribution from their account balance no later than April 1 following the calendar year they turn age 72.

Notes Receivable from Participants

The Plan permits participants to obtain a loan from their vested account balance. Loans are limited to the lesser of \$50,000 or 50% of the participant's vested account balance. The minimum loan amount is \$1,000. Participant may only have one loan outstanding at any given time. Loans bear an interest rate of 1 percent above prime rate determined on the date of the advance by the Plan administrator. All loans must be repaid at termination of employment. Loans must generally be repaid within five years (longer for qualified residential loans) and are payable through regular payroll deductions. Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other Plan investments. The interest participants pay on their loans will be directly credited to their account. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments

Effective January 1, 2022, the Plan was restated to:

- Adopt a Pre-Approved Plan and comply with recent legislative and regulatory changes.
- Change vesting schedule for matching contributions from 6 year graded vesting schedule to immediately fully vested.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan sponsor contributions are recorded when approved by the Plan sponsor. Benefit payments are recorded when paid.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value as determined by the Plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022.

AppDirect 401(k) Plan

Notes to the Financial Statements

Expenses

Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation/depreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through September 19, 2023, the date the financial statements were available to be issued.

3. Certification of Assets

Mid Atlantic Trust Company ("MATC") serves as the custodian of the Plan's assets. In that capacity, MATC holds the Plan's assets and executes investment transactions. The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the Plan administrator has obtained certifications from MATC as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that all investment information supplied to the Plan is complete and accurate. Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and interest, dividends and net appreciation/depreciation in fair value of investments for the year ended December 31, 2022, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2022:

	<u>Level 1</u>
Mutual Funds	\$ 12,519,270

Assets at Fair Value as of December 31, 2021:

	<u>Level 1</u>
Mutual Funds	\$ 13,548,100

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by

AppDirect 401(k) Plan

Notes to the Financial Statements

observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net assets value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The Plan sponsor has adopted the Riversedge Non-Standardized Pre-Approved Profit Sharing plan. The Pre-Approved plan received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020, stating that the Pre-Approved plan is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all non-vested account balances would become 100% vested.

7. Related Party Transactions

Mid Atlantic Trust Company ("MATC") currently serves as the custodian to the Plan. Accordingly, all investments managed by MATC and related entities qualify as party-in-interest transactions.

AppDirect 401(k) Plan

Notes to the Financial Statements

Fees incurred by the Plan for investment management services are included in net appreciation/depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments totaling \$59,218 to the third party administrator, custodian and advisor, which were not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

9. Prohibited Transactions

During the year ended December 31, 2022, the Plan sponsor did not remit certain participant contributions to the Plan in a timely manner as defined by ERISA. See the Schedule of Delinquent Participant Contributions. The Plan sponsor will compensate participants for any lost earnings resulting from the delay in contributions. These contributions are considered nonexempt party-in-interest transaction subject to an excise tax that the company intends to pay.

10. Subsequent Events

Effective January 1, 2023, the Plan was amended to remove AppSmart, Inc. as a participating employer.

Effective Jan. 13, 2023 the Plan was amended to comply with recent legislative and regulatory changes.
